THEATER CLUB

Hello Golden Gaters! Happy Spring! Happy Easter! If you haven't already left the park to travel to your northern homes, you're probably thinking about it. For those who will be traveling, Theatre Club wishes you journey mercies.

If you have already arrived home, we're glad you made it safely. Have a great Summer and we look forward to seeing you next season.

What are your desires for your time spent up north? Vacation? Travel? Camping? Visiting family and friends? We hope you find joy and adventure in whatever it is you plan to do and are safe.

All of us in Theatre Club truly enjoyed your involvement with us this year. It's amazing how much we've accomplished. We have activities planned for the 2026/27 winter season starting with the annual Halloween Dance on October 24 at 7:00PM. Just a warning though, be prepared to be frightened! Next, as our gift to you, we scheduled our FREE Christmas Program on December 6. And finally, our Spring Program is set for March 7, so, mark your calendars! It is our hope that you all will join us for tons of fun and laughter.

In closing, we in Theatre Club would love to have you become active in any or all of our future activities. You don't need to be a professional, you just need a will and desire to have fun. So, why not think about it and maybe join us! You can contact any of our club members or Linda Davis, President for more information.

Until next time, God Bless and stay safe.

Linda Davis

SHUFFLEBOARD CLUB

With our winning season completed for our Nova, Seminole and Blue Sky teams special thanks again to the team captains Dawn Moase, Bill Fournier and Frank Poirier. Commendable commitment and leadership with gratifying results. Congratulations to all the participants!

The FUN continues every Tuesday and Saturday with HORSECOLLAR at 10 am. Thursdays will also revert to 10 am with either Horsecollar OR regular or doubles play.

After two busy years, our thanks to Randy Purcell who stepped down as club President and Denise Poirier who stepped down as club Secretary. Their commitment and effort was always appreciated.

Good luck to Paul Hamel who takes over as President and Dawn Williams as Secretary. Charleen Socha continues as Vice President along with Bill Fournier as our Treasurer.

Again, our thanks and appreciation to the Golden Gate Board of Directors for their ongoing support and obvious improvements to our fine Shuffleboard courts facility. Visiting clubs are always impressed.

Remember that our primary club goal is to promote FUN & Friendship. No better way to give it a try than weekly Horsecollar. Simply arrive with closed toe shoes and 50 cents. There's always someone around that's eager to offer some tips and guidance.

TIP of the Month - call out the score before clearing the discs!

Come out and join in the FUN for yourself!

RULES OF THE MONTH

Unfortunately, several issues have been brought to the attention of the Board of Directors.

Just as a reminder, the Golden Gate Rules and Regulations are made by a committee of Golden Gate Shareholders and voted on and approved by a majority vote and registered with Pinellas County Clerk of the Circuit Court.

All new residents are interviewed and the Rules and Regulations are reviewed. Every Shareholder in Golden Gate is in possession of the Rules and Regulations.

The Golden Gate Mobile Home Community is a community for older persons and with that in mind the rules and regulations are set out for your comfort, safety, and wellbeing, and to protect your investment and insure your enjoyment of your retirement years in as a resident of the Golden Gate Community.

XII. Pets/Animals:

8. It is mandatory that a resident pick up after dogs, cleanup bags must be carried at all times.

9. No animal/pet will roam the community at large.

10. At large shall be deemed to be “at large” when it is off the property of its owner and not under control of a competent person.

*All pet owners are required to promptly pick up after their pets in all areas and dispose of waste in their own receptacles. This helps maintain a clean and pleasant environment for all residents.

V. Home Sites:

5. All homes/units must have their house numbers visible on the front of the home. This is essential to help emergency services.

*Proper display aids not only help emergency services, but also, deliveries, and visitors in locating residents efficiently.

**COMMON FACILITY ACCESS: Only residents and their authorized guests may use community facilities. Allowing entry to individuals who are not recognized as residents or do not have prior approval is strictly prohibited to ensure the safety and security of the neighborhood.

Try this uncommon career advice

Read enough self-help books, and you'll run across a lot of the same repetitive career advice: Work hard, be helpful, go the extra mile. If you're already doing this, and want to add oomph into your career, consider this advice from the Fast Track Promotion website:

- **Develop your emotional maturity.** Focus on staying calm no matter what happens at work. Treat everyone with respect. Learn to choose your words carefully—and more important, recognize when it's best not to speak at all.
- **Negotiate in good faith.** Find out what the other person wants, and work toward a mutually satisfying agreement instead of one with winners and losers. In other words, seek solutions, not victories. Negotiate as if you're both on the same side.
- **Shift your point of view.** Support your organization's goals, not your own. When you make a decision, ask yourself whether it's one your manager or CEO would make. If not, reconsider your priorities.
- **Provide real value.** Instead of just doing your job, find out how your work supports your organization's objectives, and then give a little extra to help your it thrive. Talk to your manager about what you've done and what you can do to add to the organization's success.
- **Listen to feedback.** Praise is fun to receive, but often we learn most from criticism. Make a point of listening to and considering other people's points of view, and incorporating their feedback into your performance. You'll show that you're a team player committed to improvement.

Don't be afraid to ask for help

Many people avoid asking for advice from fear of being seen as ignorant or incompetent. But soliciting guidance from others can show that you're open to new ideas and focused on success. Here's how to ask for help and look good doing it:

- **Be sure you really need help it.** Don't interrupt a colleague for something you can figure out on your own with a little more time and effort. Save requests for problems that are truly difficult to solve.
- **Ask the right person.** Identify the person who can really help you. You'll irritate your co-workers by asking for help on something that's outside their area of expertise.
- **Be direct.** Don't beat around the bush when you need assistance. If you don't know the person, introduce yourself and explain why you think he or she is best person to help you out. Most people are happy to lend a hand, and they'll feel flattered that you think highly of their skills.

Monthly

Financial Literacy Month. With taxes due, this may be a good time to learn more about good financial practices. Are you ready to accept responsibility for changing your financial situation? Do you believe that you can and will change the way you make financial decisions? If so, it's time to start.

Month of the Military Child. More than 2 million children in grades K-12 have parents who are serving in our military. Make a difference in the life of a military child by seeking out opportunities to acknowledge their sacrifice, volunteering for organizations that support them, and recognizing their contribution to the nation.

National Autism Awareness Month. A nationwide effort to promote autism awareness, inclusion, and self-determination for all and to ensure that each person on the autism spectrum is provided the opportunity to achieve the highest possible quality of life.

National Garden Month. Gardening grows fun for the whole family. Whether you're digging in the dirt, enjoying the magic of a small seed transforming into a beautiful flower, or observing the bugs, birds, and butterflies, gardening is a delightful way to celebrate the coming of spring.

Weekly

National Robotics Week, Apr. 4-12. The purpose of National Robotics Week is to celebrate the United States as a leader in robotics technology development, educate the public about how robotics technology impacts society, and advocate for increased funding for robotics technology research and development.

Animal Control Officer Appreciation Week, Apr. 12-18. This week recognizes the hard-working men and women who risk their lives and devote huge amounts of personal time and resources while serving the public and helping animals when no one else can.

National Environmental Education Week, Apr. 19-23. The nation's largest celebration of environmental education, EE Week reaches hundreds of thousands of students and educators across the United States with non-biased, high-quality, environmental education materials grounded in accurate, timely scientific information and tied to local, state, and national learning standards.

National Pet ID Week, Apr. 17-23. Collars and tags are a reliable way to identify your pets should they become lost. Make sure your dog, cat, or other animal friend always wears a current identification tag. Pet supply catalogs, stores, veterinary offices, and animal shelters often have forms to order ID tags.

Lead your team on the path to innovation

When you’re leading a team focused on innovation, you want to spark creative thinking in every member. Try these strategies used by successful leaders in every industry:

- **Build a community.** Look inside and outside your organization for enthusiastic, imaginative thinkers. Use your network to recruit people to your team, brainstorm ideas, test prototypes, and critique results.
- **Experiment.** Don’t put all your eggs into one basket. When you come up with an interesting idea, test it on a small scale first. Encourage lots of experiments to find one or two that produce excellent results.
- **Tell stories.** Charts and data aren’t very inspiring. To get creative juices flowing, share stories about people and problems. Find out what your customers want and what solutions would make them smile. Recount flashes of genius from the past. You’ll get people thinking about the possibilities instead of the obstacles.

Get out of the paralyzing ‘I’m not creative’ rut

Some people seem to be naturally creative. If you’re not one of them, don’t fall into the trap of thinking you’ll never have an original idea or find an ingenious solution. Try these tips for overcoming a negative mindset:

- **Question your attitude.** The first step in getting unstuck is believing you can do it. Start by asking yourself, “Why do I feel uncreative?” You may discover that your belief is based on mistaken assumptions about your capabilities.
- **Ask “What if?”** Let go of the need to craft a perfect solution right away. Examine the problem from different angles and look for new possibilities without regard to what’s easy or practical. Asking, “What if I did this?” can unlock a stream of fresh ideas.
- **Hold onto your momentum.** Don’t stop generating ideas too quickly. Once you’re on a roll, keep going until you have plenty of options to choose from. First ideas don’t always work, and you may be able to combine aspects of different solutions to come up with something new that will dazzle everyone.

Quotes:

Creative confidence is about believing in your ability to create change in the world around you.
—Tom and David Kelley

Google answers your health questions

People turn to Google for all kinds of information. Health is always a concern, so naturally the search engine fields a lot of questions about diseases and symptoms of illness. Take a look at some of the top health-related inquiries people typed into the Google search bar in 2015 (as reported on the CNN website):

- **“Is bronchitis contagious?”** Answer: Maybe, if it’s the result of a bacterial infection.
- **“Is pneumonia contagious?”** Answer: It can be, because most cases of pneumonia are caused by bacteria.
- **“How much water should I drink per day?”** Answer: About half as many fluid ounces as your weight in pounds. For example, if you weigh 140 pounds, you should be drinking about 70 fluid ounces per day (nine cups), although factors like heat, exercise, pregnancy, and other considerations should be taken into account.
- **“How many calories should I consume?”** Answer: Check with a dietician to get advice tailored to your physical needs.
- **“What is Lupus?”** Answer: Lupus is a chronic autoimmune disease. Symptoms include headaches, fatigue, joint pain, fever, and rashes.

Watch for signs of mold allergy

Mold can grow anywhere, and if you’re allergic, it can lead to major health issues. Stay alert to these signs of a potential mold allergy:

- Runny or stuffy nose
- Excessive sneezing
- Frequent coughing or wheezing
- Itchy throat, ears, or eyes
- Trouble breathing

Quotes:

Healing is a biological process, not an art. It is as much a function of the living organism as respiration, digestion, circulation, excretion, cell proliferation, or nerve activity.
