TMHA MESSAGE FROM LOUISE BONNETTE PRESIDENT

Hot weather has arrived and it is quiet with the snowbirds gone. Hopefully it will be a year like last year and the storms will stay away!

In July we will have Officer Joel and Summer coming to speak at coffee about the hurricane season ...it is always great to have them. Check the media or Facebook to see what is going on as sometimes things are not able to make it into the media on time.

Please continue to abide by the water restriction rules. Hopefully we will get some rain soon! Also please inform the office if you have a water leak. They will check it out and help find a solution.

Another thing we discussed under the rules and regulations in the Prospectus is the section about improvements to homes and lots. "All exterior additions, alterations, and renovations must be approved by management in writing." Please read the Prospectus and talk to the office before you do anything.

We have a new way to reach out to the board. You may still put your suggestions into the boxes at the clubhouses or send to our new email address. Please put your full name and phone number with it so we can respond. Suggestion.issues.box@gmail.com. Although the board does not meet in the summer we will be available for any concerns you have.

FROM THE MAIN OFFICE

Submitted by Lori Figler

The
Office

It's June, story time this month. To start, we will not use any names, we are just going to tell you a true story:

A resident, while looking for their water shut off, discovered big water bubbles in the vapor barrier and smelled mold. This is bad. Upon inspection they discovered that rodents had chewed through the PVC and PEX pipes under the home. Note: Rats when searching for water or to sharpen their teeth chew thru the pipes. This rodent activity had the fresh water running continuously without the homeowner's knowledge as it just soaked into the ground under the home. This cost approximately \$5000 to repair.

Now we shift to what you should do to try and avoid these costs. At least once a year, check under your home making sure there are no water leaks and that your vapor barrier is intact. If you have difficulty doing this ask for help. Teakwood Village is able to do the visual inspection for you if you need us to, just call, email or text the main office and we will get it scheduled. This is easier and less expensive, than having to replace a vapor barrier and water pipes.

Raise a glass (it's Nat'l Iced Tea Month) to the Father's and remember summer begins this month, regardless of what the weather has been.

* 2026-27 Dial Directories are here. Please pick your copy up from one of the Teakwood offices.

NOTES FROM THE SOCIAL CLUB PRESIDENT

Janice Ross

Oh my, Teakwood East, time for the June media and it's only 10 days into May. So, on that note, it's really gotten quiet here as the majority of our snowbirds flew north. I pray you all arrived home safely; you are already missed. I don't think I missed mentioning any events at the end of April, but if I did, please forgive me.

We now have a new secretary, Ann Cortez, until the end of December. Thank you Ann for helping out. Scratch the item (May newsletter) about no plates for donuts or carry out boxes, the Board rethought this for “many” reasons.

We all want to thank Roland and his crew as they wrapped up the last of the pancake breakfasts till fall. Ruby Torino and volunteers had the food pantry in May and it will continue through the summer on the first Tuesday of each month. Thank you, Ruby. Maryemma Holben and helpers are putting on an ol'e fashion simple "Fun Bingo" on Sunday evenings from May thru June at 5 p.m. with all the monies taken in going back to all the "Bingo" winners. Dianna Martin and a BIG crew put on a Cinco de Mayo fiesta with great tacos, all the trimmings and special Mexican desserts. She also had some fun games and a lotto board. Thank you Dianna and crew for a great celebration. On Sunday, June 28, I will be hosting another great fun "Sundae" with all the trimmings.

Even though the calendar is not packed full, we still have many fun things planned for the summer months. So Teakwood, enjoy the summer and hopefully not too much humidity. So for now, Toot-a-loo.

NOTE: If you have any questions or suggestions about Social Club activities you may e-mail tvesocialclub@gmail.com and your email will be passed on to the appropriate person on the Social Club Board or Committee Chair

VOLUNTEER(S) NEEDED

Submitted by Peggy Farrell

Hi everyone! We STILL need someone to host for the 4th of July! MoMo and Shelly will do Labor Day. On that note, they do SO much for us all, and it is so very kind of them to host Labor Day. I so appreciate all their hard work for our park. It would be nice to see some of our newer residents get involved in hosting events. It may seem daunting but there are people to help along the way.

The 4th of July could be such an easy event. It could be a potluck dinner at the Tiki Clubhouse with a poolside party. Largo Central Park will even provide the fireworks for you! There are so many people still in Teakwood for this holiday, we really do need people to step up if you want to have events to go to. I would be glad to provide assistance so you are never alone in hosting events. Please give me a call or email me if you are interested, my number is 319-231-6172 and email is pegfar@aol.com

Thank you everyone, have a fun, safe summer!

SUMMER & SENIORS

EXCERPT FROM VARIOUS INTERNET ARTICLES

Summer weather poses significant health risks for seniors because aging bodies are less efficient at regulating temperature, sweating, and recognizing thirst. To safely enjoy the season, older adults must take strict precautions, including staying hydrated, dressing in light, breathable layers, and remaining in air-conditioned environments during the hottest parts of the day.

There are 3 main reasons why seniors are more vulnerable to Florida summers:

- Slower Circulation & Thirst: Older adults may not feel thirsty as quickly as younger individuals.
- Medication Side Effects: Diuretics, blood pressure medications, and sedatives can impair the body's ability to sweat and retain fluids.
- Heat-Related Illnesses: High humidity and temperatures can rapidly lead to heat exhaustion, heat cramps, and life-threatening heat stroke.

Here are strategies to combat these issues & how to beat the heat at home:

- Drink plenty of water or electrolyte drinks. Avoid/limit alcohol and caffeine, as they promote dehydration.
- Wear light-colored, loose-fitting clothing made of natural, breathable fabrics like cotton or linen.

...continued on page 18

- Stay indoors between 10:00 AM and 4:00 PM when UV rays are strongest. If going out, use broad-spectrum SPF 30+ sunscreen, a wide-brimmed hat, and UV-protective sunglasses.
- Keep window blinds drawn during the hottest parts of the day.
- If your home lacks adequate air conditioning, seek refuge in air-conditioned public spaces like our library, or Largo Community Center.

If you or a loved one needs emergency assistance or help with cooling costs, reach out to local services through the Area Agency on Aging of Pasco-Pinellas.

MESSAGES FOR OUR TEAKWOOD WEST RESIDENTS

It's that time of year when it seems like things quiet down in the park.... However, there are still many weekly/monthly activities available for everyone. We hope all our northern friends made it home safely and know that you will be missed until your return in the fall!

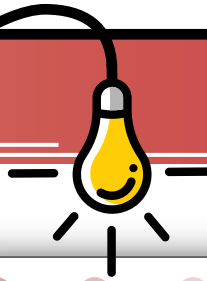

Kentucky Derby Night was a great time and it is clear that we like to open our wallets and fill our cups! Originally the plan was to have 3 pools, and we ended up with 6! Lots of yelling and screaming as the last horse in the lineup came in first! Thank you to Nancy Vig and Natalie Green for putting together a fun time, Kelly Follweiler for making the Rose harness, Joan Boyle for her donations, Mike Smith for preparing the Trivia games with prizes and everyone for bringing yummy food! There were lots of Derby hats, dresses, and shirts and Joan Boyle took the People's Choice for Best Dressed. Looking forward to another Run for the Roses next year!

LAUGHTER SOOTHES THE SOUL

When a couple's lawnmower died, the wife kept hassling her husband to get it fixed. But somehow, he always seemed to have something else to take care of. Finally, she came up with a clever way to make her point.

He walked outside and found her kneeling in the tall grass, busily snipping away with a tiny pair of scissors. He watched silently for a minute, then went back into the house.

He was gone about a minute.

When he came back out, he handed her a toothbrush and said, "When you finish cutting the grass, you might as well sweep the driveway."

The doctors say he will walk again... but will always have a limp.

FOOD FOR THOUGHT

The first Father's Day celebration was held on June 19th, 1910 in Spokane, Washington.... but it wasn't until 1972 that President Richard Nixon made Father's Day an official holiday. That was 58 years AFTER Mother's Day became official!

RECIPES

Warm German-Red Potato Salad -Kelly Follweiler
(enjoyed at Special Olympics event)

- 3 lbs. small red potatoes (1.5-inch diameter) gently scrubbed
- 1 bunch green onions, washed and cut crosswise using some of the green part too
- ¼ lb. bacon cut in small pcs
- 1 c flour
- 1 c white vinegar
- 1 c white sugar
- 1 c water
- 1 tsp salt 1 tsp pepper

Boil potatoes with the peel on until just tender (about 10 minutes)-pierce with a fork to test doneness. Don't overcook. Try to retain the red color of the peels. When cold, slice into bowl leaving peel on. Add chopped green onions, salt and pepper. Combine vinegar, sugar and water, mixing well. In fry pan, sauté chopped bacon until crisp. Add flour to bacon pcs and bacon fat. Sir well and add vinegar, water and sugar mixture. Stir constantly until mixture is thick and glossy. The sauce should be thin enough to pour, if it is too thick, mix equal parts of sugar, vinegar and water and add to dilute the sauce. Pour hot sauce over potatoes and blend gently. Serve warm.

Flying in the face of disaster

In the 1980s and early '90s, Continental Airlines was a disaster. The organization had gone bankrupt twice and was on its way to a third (and final) catastrophe. It had gone through 10 presidents in 10 years, and employees mistrusted management.

Then in 1994 Gordon Bethune stepped in. Instead of running around willy-nilly trying to stamp out the various raging fires, Bethune took a step back to return to the basics. He identified Continental's key goals so that employees' efforts would be concentrated on them rather than diffused by the disaster of the moment. One of his areas of focus was creating a corporate culture. Without the commitment of the employees, the other goals would be impossible.

Drawing on the organization's history of excellence in service, he rallied the workforce. Bethune discovered that the employees weren't bad—they just worked in a dysfunctional organization. So they were quick to get behind his new leadership.

Senior management was a different story. Bethune knew he had to make wholesale changes, and that meant getting rid of the bureaucracy. In a couple of months, Bethune and his top executives replaced 50 of the company's 61 officers with 20 top-notch people.

The changes were dramatic. In one year's time, Continental went from being ranked the worst in customer satisfaction among major airlines to first.

The birth of 'excellence'

Tom Peters didn't exactly give birth to excellence, but he did establish the idea that companies can achieve excellence under the inspiration of a management guru—like himself.

It all began in the spring of 1978. John Larson of McKinsey's San Francisco office was set to give a presentation to a client. But his computer crashed and took with it his notes. He turned to another consultant, Tom Peters, to throw together a presentation that would satisfy the client.

Peters had just returned from traveling the world to compile research on best practices in business. Up until then, his research had been collecting dust after he had presented it to the McKinsey powers that be. With an opportunity to present his findings again, Peters gathered his data. In search of a sexy title to give his presentation, Peters came up with "Excellence." It was a hit.

Eventually, Peters edited the material into a manuscript. Continuing with the idea of excellence, he titled the book *The Secrets of Excellence*. But the title didn't fly with the McKinsey folks, who feared that clients would think the company was selling the secrets of client operations. In 1982, Peters and co-author Robert Waterman renamed it the more politically astute *In Search of Excellence*. And thus was excellence born.
