**APRIL FOOL'S DAY!!
HAPPY EASTER!**

FROM THE DESK OF THE SOCIAL CLUB PRESIDENT

Happy Spring Everyone!! Welcome New Residents!!

I know we had a very busy March. Thanks again to everyone for their hard work. Thanks to Sylvia and Arlene for being our Coffee and Donuts hostesses.

Congratulations to our new board members. I am looking forward to working with you.

Our maintenance man, John is providing the entertainment in the form of a Juke Box full of new and old records for our upcoming Spring Sock Hop. The cost is \$10 with snacks being provided by the Club. Sounds like a really good time!

It's time to get those hats ready for our Annual Kentucky Derby / Cinco de Mayo Event coming May 2nd.

ENJOY!!

Betty Hindman, HLSC President

HARBOR LIGHTS ASSOCIATION, INC (HOA)

We would like to remind everyone there will be an HOA meeting scheduled for April 1, 2026, at 10:00am.

HOA meetings are held the first Wednesday of the month, during the season, November to April.

These meetings are open to all residents of our park who own a mobile.

Please plan to attend. See you there.

COMMUNITY GARAGE/YARD SALE

A heartfelt **thank you** to everyone who took part in our recent community garage sale! Your time, energy, and enthusiasm were the driving force behind making this event such a wonderful success. From all the feedback, it was a fantastic day—great turnout, great results, and a great time had by all!

Special recognition goes out to **Dave Seils** for designing, donating, and handcrafting all of the event signage; **John**, our maintenance man, for ensuring the gates were opened right on time; **Luke Hashim** for coordinating with his church to collect end-of-day donations; and **Debbie Boso** for also offering to gather donations for her church.

THANK YOU ALL for your incredible support!

APRIL FOOL'S DAY

The story goes back to the 1500's in France when the Julian calendar (established by Julius Caesar) was replaced with the Gregorian calendar (introduced by Pope Gregory XIII and still used in most parts of the world). In the old Julian calendar, the new year began on April 1, but with the new Gregorian calendar, the new year was set to begin on January 1.

News did not always travel fast in those days so not everyone got the word that the start of the New Year changed to January 1. They kept celebrating it on April 1, and they were widely mocked as April Fools.

The practice of telling April Fools' jokes spread rapidly, and it has continued over the last 500 years or so. These jokes work best on people who have not been paying attention to the calendar. Playing a joke on someone, you want to get to them early in the morning before they realize what day it is.

EASTER

Easter originated the resurrection from a blend of early Christian celebrations of Jesus Christ’s resurrection and pre-Christian, pagan spring festivals honoring renewal, fertility, and the vernal equinox. The Christian holiday was set by the Council of Nicaea to occur on the Sunday after the first full moon following the spring equinox.

Easter marks the resurrection of Jesus Christ, which occurred during the Jewish Passover, according to the Gospels. Early Christians in the 2nd century celebrated this as a central, annual event.

The name “Easter” is believed to derive from Eostre or Eastre,, and Anglo-Saxon goddess of spring and fertility. Her festivals, held at the equinox, symbolized the return of life after winter.

Mant traditions, including eggs (representing new life/the sun) and bunnies (representing fertility), were adapted from pagan spring rituals and merged with the Christian celebration.

Early Puritans in America dismissed Easter as pagan, and its widespread, secular, and religious, observation in the US did not begin until after the Civil War. The celebration blends the theological, resurrection story of Jesus with ancient, secular customs of spring fertility, particularly in the Northern Hemisphere.

ELDER HUMOR

When I'm behind a slow car, I steer my car a little to the right so the people behind me can see it isn't my fault.

My teacher told me not to worry about spelling because in the future there will be autocorrect. And for that I am eternally grapefruit.

Old age is a thing .. last night I was in bed for 20 minutes when I heard the pizza guy cough. Then I remembered I came to my room to get my wallet.

I used to be able to do cartwheels. Now I trip over putting on my underwear.

Remember when we were little and had underwear with the days of the week on them? Yah. Those would be helpful right now.

HERE'S WHAT'S COOKIN

Easter Bird Nest Cookies

Ingredients:

- 1 cup chocolate chips
- 2/3 cups Reese's peanut butter cups
- 1 5-ounce can chow mein noodles
- 1 cup Cadbury speckled eggs.

Directions:

1. Line a large sheet pan with parchment paper.
2. Pour the chocolate chips and peanut butter cups in a microwave safe bowl, microwave the chocolate for 1 minute, then stir. Keep microwaving in 10 -second intervals, stirring in between, until all of the chocolate is melted.
3. Mix the chow mein noodles with the melted chocolate and combine.
4. Use a spoon to drop the mixture onto the sheet pan to form cookies. Use the spoon to press down to form a nest shape.
5. Press 2 to 3 candy eggs into each nest. Let stand until firm or refrigerate for about 10 minutes. J Store in a tightly covered container.

FELLOWSHIP

Happy Birthday to all those celebrating April Birthdays.
Happy Anniversary to all those couples celebrating April Wedding dates.

Did You Know?

It is thought that the word "April" comes from the verb "aperire," which means "to open", due to April being the season of trees and flowers beginning to bloom.

Monthly Media ads come with three icons that let you know the people behind it:
Get to know our advertisers with our rating system!

- 49 Circle with a Number:** This shows how many years the advertiser has been a certified business.

Monthly

Financial Literacy Month. With taxes due, this may be a good time to learn more about good financial practices. Are you ready to accept responsibility for changing your financial situation? Do you believe that you can and will change the way you make financial decisions? If so, it's time to start.

Month of the Military Child. More than 2 million children in grades K-12 have parents who are serving in our military. Make a difference in the life of a military child by seeking out opportunities to acknowledge their sacrifice, volunteering for organizations that support them, and recognizing their contribution to the nation.

National Autism Awareness Month. A nationwide effort to promote autism awareness, inclusion, and self-determination for all and to ensure that each person on the autism spectrum is provided the opportunity to achieve the highest possible quality of life.

National Garden Month. Gardening grows fun for the whole family. Whether you're digging in the dirt, enjoying the magic of a small seed transforming into a beautiful flower, or observing the bugs, birds, and butterflies, gardening is a delightful way to celebrate the coming of spring.

Weekly

National Robotics Week, Apr. 4-12. The purpose of National Robotics Week is to celebrate the United States as a leader in robotics technology development, educate the public about how robotics technology impacts society, and advocate for increased funding for robotics technology research and development.

Animal Control Officer Appreciation Week, Apr. 12-18. This week recognizes the hard-working men and women who risk their lives and devote huge amounts of personal time and resources while serving the public and helping animals when no one else can.

National Environmental Education Week, Apr. 19-23. The nation's largest celebration of environmental education, EE Week reaches hundreds of thousands of students and educators across the United States with non-biased, high-quality, environmental education materials grounded in accurate, timely scientific information and tied to local, state, and national learning standards.

National Pet ID Week, Apr. 17-23. Collars and tags are a reliable way to identify your pets should they become lost. Make sure your dog, cat, or other animal friend always wears a current identification tag. Pet supply catalogs, stores, veterinary offices, and animal shelters often have forms to order ID tags.

Lead your team on the path to innovation

When you're leading a team focused on innovation, you want to spark creative thinking in every member. Try these strategies used by successful leaders in every industry:

- **Build a community.** Look inside and outside your organization for enthusiastic, imaginative thinkers. Use your network to recruit people to your team, brainstorm ideas, test prototypes, and critique results.
- **Experiment.** Don't put all your eggs into one basket. When you come up with an interesting idea, test it on a small scale first. Encourage lots of experiments to find one or two that produce excellent results.
- **Tell stories.** Charts and data aren't very inspiring. To get creative juices flowing, share stories about people and problems. Find out what your customers want and what solutions would make them smile. Recount flashes of genius from the past. You'll get people thinking about the possibilities instead of the obstacles.

Get out of the paralyzing 'I'm not creative' rut

Some people seem to be naturally creative. If you're not one of them, don't fall into the trap of thinking you'll never have an original idea or find an ingenious solution. Try these tips for overcoming a negative mindset:

- **Question your attitude.** The first step in getting unstuck is believing you can do it. Start by asking yourself, "Why do I feel uncreative?" You may discover that your belief is based on mistaken assumptions about your capabilities.
- **Ask "What if?"** Let go of the need to craft a perfect solution right away. Examine the problem from different angles and look for new possibilities without regard to what's easy or practical. Asking, "What if I did this?" can unlock a stream of fresh ideas.
- **Hold onto your momentum.** Don't stop generating ideas too quickly. Once you're on a roll, keep going until you have plenty of options to choose from. First ideas don't always work, and you may be able to combine aspects of different solutions to come up with something new that will dazzle everyone.

Quotes:

Creative confidence is about believing in your ability to create change in the world around you.
—Tom and David Kelley

Google answers your health questions

People turn to Google for all kinds of information. Health is always a concern, so naturally the search engine fields a lot of questions about diseases and symptoms of illness. Take a look at some of the top health-related inquiries people typed into the Google search bar in 2015 (as reported on the CNN website):

- **“Is bronchitis contagious?”** Answer: Maybe, if it’s the result of a bacterial infection.
- **“Is pneumonia contagious?”** Answer: It can be, because most cases of pneumonia are caused by bacteria.
- **“How much water should I drink per day?”** Answer: About half as many fluid ounces as your weight in pounds. For example, if you weigh 140 pounds, you should be drinking about 70 fluid ounces per day (nine cups), although factors like heat, exercise, pregnancy, and other considerations should be taken into account.
- **“How many calories should I consume?”** Answer: Check with a dietician to get advice tailored to your physical needs.
- **“What is Lupus?”** Answer: Lupus is a chronic autoimmune disease. Symptoms include headaches, fatigue, joint pain, fever, and rashes.

Watch for signs of mold allergy

Mold can grow anywhere, and if you’re allergic, it can lead to major health issues. Stay alert to these signs of a potential mold allergy:

- Runny or stuffy nose
- Excessive sneezing
- Frequent coughing or wheezing
- Itchy throat, ears, or eyes
- Trouble breathing

Quotes:

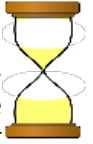

Healing is a biological process, not an art. It is as much a function of the living organism as respiration, digestion, circulation, excretion, cell proliferation, or nerve activity.
—Herbert M. Shelton

Prepare for failure on your road to the top

Brilliant ideas don't always succeed, no matter how hard you work. You'll save time and frustration by analyzing your idea's potential for failure before you begin.

Try conducting a "pre-mortem." Look at your plans and identify specific obstacles you may face, and generate ideas for overcoming them. Also, spend some time determining how you'll decide when the idea just won't work. You don't want to get bogged down in a useless effort when its chances of success don't exist. Be ready to move on when you realize that continuing on your current path isn't worth the time and money required.

Stop these mistakes on the road to success

Successful people know what they have to do to reach the top. Just as important, they know what not to do if they want to succeed. From the *Success* magazine website comes this list of activities to avoid on your way up:

- **Going back to failed strategies.** You'll fail from time to time. Just be sure to recognize what you do wrong so you don't keep repeating it.
- **Pretending to be someone else.** If you're not being true to your personality, people will see it. Strive to make decisions that authentically reflect your values.
- **Trying to change other people.** You won't be able to turn co-workers, employees, managers, customers, and even friends into the people you want them to be. Seek out people whose interests and ambitions match your own.
- **Short-term thinking.** Don't obsess about today's problems, nor trade long-term benefits for immediate gain. Focus on the big picture—your long-term goals.
- **Trusting the wrong people.** Learn whom you can depend on for honesty, assistance, and support. Remember that no one is perfect, and build relationships you can count on.

Quotes:

Success is getting what you want. Happiness is wanting what you get.
—Dale Carnegie

The ladder of success is best climbed by stepping on the rungs of opportunity.
—Ayn Rand

Precision Vapor Barriers

Have You Looked **UNDER** **PROTECT**
Your Home Lately? **YOUR HOME**

**Fix Small Problems Today
Before They Cause Serious Damage!**

We will inspect and photograph any issues, showing you pictures of the underside of your home. Damaged & worn vapor barriers can create high energy costs and allow mold & mildew to grow and weaken your sub floor creating "Soft Spots". Keep Mold, Moisture & Animals out of your Home.
