FLORIDA ANCHOR AND BARRIER COMPANY

President's Report

By Tammy Davis #21

Congratulations and welcome to returning member Jim Schmitt and new members, Dan Perry and Steve Robertson, to the Board of Directors. As a community, we were fortunate to have six candidates this year for our elections. Hopefully this trend of volunteering for these critical positions will continue as seats rotate off every year.

Congratulations!

Congratulations to Don Webb and Dick Donnelly on their retirement from the Board.

Thank you to the 1050 Main Street committee for all their hard work assisting the Board in gathering information so we can make an informed decision on the uses for our vacant lot. The Board will continue to work through the necessary evaluation process over the next few months.

The keyless entry system is up and running. In order to gain access to the clubhouse and pool, you will need a FOB. If you haven't already done so, residents may pick up their FOB in the office. As we work through some minor issues with the new system, we thank you for your patience.

I hope you and your families have a beautiful Easter.

Tammy Davis

Greetings from the Office

By Karin Desmone

Please welcome Lance & DeNae Norman, Unit #77 Norman, to the park. Congratulations and may you find lots of happiness, fun, and laughter at your new residence.

From the Editor's Desk

From the Editor

Greeting Golden Acres: May those who have journeyed home arrived safely and may the snow be replaced by warmth and sunshine. For those still to make the journey, enjoy your drive and may all the drivers on the road be as courteous and kind as you are.

April's printed Newsletter is lacking substance on events as many groups are gathering at the end of March. Please send your wrap up articles with lots of pictures so that they may be included in the Web and emailed version of the Newsletter.

April is a month for reflection. We gather our thoughts to begin our new spring growth. May your Easter Eggs be filled with wonderful people, lots of love, family, good health and kindness to share in this world.

Happy Easter

Chris Rainsforth

Rec Committee Report April 2026

By Maureen Shannon, Chair #200

As we get ready to start the next month, many events are coming to an end for this season. It has been a fabulous year. Wednesday Weekly, Meet & Greet, Bingo, various card games, Jammin, 3 breakfasts, 3 dances, Anniversary party, and CanAm to name a few. Also, events held off site, golf, shuffleboard, bowling and pickle ball. We couldn't do it without all YOUR help. Thank

YOU! Again, it takes a village.

Easter dinner will be Sunday, April 5 in the club house hosted by Anne & Bob Knott. Please see sign up sheet in the club house.

We are trying to finalize next seasons 2026-2027 calendar. Please consider hosting an event.

Opportunities are posted in the clubhouse. If we don't get hosts, we won't be able to have them.

The Summer Rec Committee will be available again this year. Deb & Gina Douthit will Co-chair the events again this summer. If you're around, please join in the fun.

As people prepare to head home, safe travels, be safe, and see you next season!

Valentine's Dance

By Steve and Linda Swann (219)

The Valentine's Day Dance was held on February 12, 2026. We had a nice crowd with 82 residents and guests! Dancers were treated to familiar tunes performed by Soul Fish. The band was a big hit! The dance floor was graced with many high-quality dancers dancing to familiar 70's and 80's tunes! The color red was in full swing out on the dance floor. The kissing booth was a hit with several Valentine couples taking pictures.

The dance was hosted by Steve and Linda Swann (#219). Several nice door prizes were generously donated by local businesses. They include a decorative stepping stone from Ace Hardware along with restaurant gift cards from Eddie's Bar & Grill, Clear Sky Draught Haus, Country Boy, Carmelita's Mexican Grill & Cantina, and Pinehurst Pub. Please mention Golden Acres and thank them when visiting these businesses.

The night was capped off with the singing of both the Canadian and American National Anthems. Many thanks to the Recreation Committee for scheduling the dance and coordinating and communicating with the band. Thanks to the volunteers who helped with decorating, set-up, and clean-up. In addition, thanks to all for supporting our fun dance and Golden Acres!

Did You Know?

It is thought that the word “April” comes from the verb “aperire,” which means “to open”, due to April being the season of trees and flowers beginning to bloom.

Monthly

Financial Literacy Month. With taxes due, this may be a good time to learn more about good financial practices. Are you ready to accept responsibility for changing your financial situation? Do you believe that you can and will change the way you make financial decisions? If so, it's time to start.

Month of the Military Child. More than 2 million children in grades K-12 have parents who are serving in our military. Make a difference in the life of a military child by seeking out opportunities to acknowledge their sacrifice, volunteering for organizations that support them, and recognizing their contribution to the nation.

National Autism Awareness Month. A nationwide effort to promote autism awareness, inclusion, and self-determination for all and to ensure that each person on the autism spectrum is provided the opportunity to achieve the highest possible quality of life.

National Garden Month. Gardening grows fun for the whole family. Whether you're digging in the dirt, enjoying the magic of a small seed transforming into a beautiful flower, or observing the bugs, birds, and butterflies, gardening is a delightful way to celebrate the coming of spring.

Weekly

National Robotics Week, Apr. 4-12. The purpose of National Robotics Week is to celebrate the United States as a leader in robotics technology development, educate the public about how robotics technology impacts society, and advocate for increased funding for robotics technology research and development.

Animal Control Officer Appreciation Week, Apr. 12-18. This week recognizes the hard-working men and women who risk their lives and devote huge amounts of personal time and resources while serving the public and helping animals when no one else can.

National Environmental Education Week, Apr. 19-23. The nation's largest celebration of environmental education, EE Week reaches hundreds of thousands of students and educators across the United States with non-biased, high-quality, environmental education materials grounded in accurate, timely scientific information and tied to local, state, and national learning standards.

National Pet ID Week, Apr. 17-23. Collars and tags are a reliable way to identify your pets should they become lost. Make sure your dog, cat, or other animal friend always wears a current identification tag. Pet supply catalogs, stores, veterinary offices, and animal shelters often have forms to order ID tags.

Need affordable Medicare that's in step with your life?

Choosing the right Medicare coverage can be confusing.

I can help you find a plan that's right for YOU and YOUR BUDGET.

Moonlighting strong in the U.S.

Moonlight is romantic, but moonlighting at a second job is a different story. The Bureau of Labor Statistics says that about 7.39 million Americans held more than one job in November 2015. Moonlighting has risen and dipped over the years, from 6.5 percent of working Americans in November 1996 to 5.6 percent during the recession that started in 2008.

Women tend to be more likely to hold two or more jobs—5.5 percent of working women, compared with 4.7 percent of working men. Among younger workers ages 20-24, 5.8 percent worked multiple jobs in 2014, compared with 4.4 percent of workers 55 years or older.

Almost 90 percent of today’s moonlighters plan to keep working two or more jobs during 2016. A survey cited by the *U.S. News & World Report* website found that although some are dealing with changing family situations or exploring other careers, more than half maintain a second job in order to meet living expenses.

Tech sector rates highly within the U.S.

We may complain about texting, “listicles,” and viruses, but most people actually have pretty positive opinions about technology. A survey by IT staffing organization Modis, for example, found that 61 percent of us consider the U.S. to be a global leader in tech, a trend that 79 percent think will continue for at least the next five years. And 94 percent believe that technology education is the most important factor in sustaining U.S. leadership in the tech industry.

With 19.8 million people working in the technology sector today (a figure expected to rise 1.8 percent a year), tech jobs are highly sought after. Seventy-four percent of respondents in the Modis survey think that tech jobs are more lucrative than those in other fields. Money isn’t the only consideration, though: Flexible hours are drawing workers to the field (50 percent consider this a valuable benefit) along with the unlimited vacation time offered by some organizations (named by 21 percent).

Lead your team on the path to innovation

When you're leading a team focused on innovation, you want to spark creative thinking in every member. Try these strategies used by successful leaders in every industry:

- **Build a community.** Look inside and outside your organization for enthusiastic, imaginative thinkers. Use your network to recruit people to your team, brainstorm ideas, test prototypes, and critique results.
- **Experiment.** Don't put all your eggs into one basket. When you come up with an interesting idea, test it on a small scale first. Encourage lots of experiments to find one or two that produce excellent results.
- **Tell stories.** Charts and data aren't very inspiring. To get creative juices flowing, share stories about people and problems. Find out what your customers want and what solutions would make them smile. Recount flashes of genius from the past. You'll get people thinking about the possibilities instead of the obstacles.

Get out of the paralyzing 'I'm not creative' rut

Some people seem to be naturally creative. If you're not one of them, don't fall into the trap of thinking you'll never have an original idea or find an ingenious solution. Try these tips for overcoming a negative mindset:

- **Question your attitude.** The first step in getting unstuck is believing you can do it. Start by asking yourself, "Why do I feel uncreative?" You may discover that your belief is based on mistaken assumptions about your capabilities.
- **Ask "What if?"** Let go of the need to craft a perfect solution right away. Examine the problem from different angles and look for new possibilities without regard to what's easy or practical. Asking, "What if I did this?" can unlock a stream of fresh ideas.
- **Hold onto your momentum.** Don't stop generating ideas too quickly. Once you're on a roll, keep going until you have plenty of options to choose from. First ideas don't always work, and you may be able to combine aspects of different solutions to come up with something new that will dazzle everyone.

Quotes:

Creative confidence is about believing in your ability to create change in the world around you.
—Tom and David Kelley
