**HOA BOARD MEETING**

There is no official board meeting until the first Tuesday in October.

**HOA Board Meeting**

**HOA Meeting with Management**

Board met with management to discuss status of pool repairs. Since extensive damage was done to electrical system, repairs are going to take awhile. All residents are welcome to use our Sister park pool, Bayside. Gate code is 3113.

## SOCIAL COMMITTEE

---

“Summer, Summer Summertime”! Please be patient while management has our swimming pool repaired. Try to keep in mind our pool is open year-round and we have been very lucky to have not had major interruptions like this. However, sometimes things wear out and need to be replaced and repaired. We are also very fortunate to be able to use the pool at our sister park, Bay’s End. When notification is given for reopening, a Pool Party for all will be planned! Notifications will be posted in the Clubhouse, on the front Marquee, and of course, on our Facebook Page.

We had an amazing turnout for the Poker Run. Following, we had a wonderful spread of hot dogs, burgers, salads and desserts to enjoy. Thank you to ALL the volunteers who helped make an enjoyable day for everyone! Definitely will do this again!

June 1st is the beginning of hurricane season, so please check your home and get the necessary supplies and plans made in the unfortunate event Mother Nature makes an uninvited visit to Safety Harbor.

Our next meeting will be September 6, 2026 at 6:00 pm. If you are interested in becoming a member of the team, we have open positions on the Social Committee that need to be filled. Please contact Terri Moore for more information.

## From the Clubhouse Kitchen

---

If you are interested in renting the Clubhouse for a private function, or need tables and chairs for your personal use, please call or TEXT Terri Moore, 240-552-4123 for availability. Please remember, items in the kitchen are NOT to be removed from the clubhouse. The clubhouse, including the kitchen and any items used, should be cleaned and items placed back where they belong after use.

## Good Neighbors, Free Food Give Away

---

Each **First Thursday of the Month at Noon** “Good Neighbors” community food connection, delivers fresh fruits and vegetables, breads, desserts, shelf stables and frozen foods to the Clubhouse for our residents for Free! Please only one bag per household. There are some limits of items required to make sure everyone gets something. Volunteers are always appreciated to set up and break down after the event. **NEXT GIVEAWAY IS June 4th.**

**View this Newsletter in full color at [www.monthly-media.com](http://www.monthly-media.com)  
right click with mouse to download to your computer**

## Sunshine Committee

The Sunshine Committee is a way we personally touch base with residents in times of need. If you, or if you are aware of, a neighbor that is sick, in the hospital, have passed or lost a loved one, please reach out to Patty Goldberg at 727-265-9744 so the Sunshine Committee can touch base and get a card to them. To many, just knowing someone cares and made the effort can make a difference in that person's life.

## People Without Partners/Color Your Heart Out & Craft Time

Due to health issue, these groups will not be meeting in the month of June. Please check the June issue for the next meeting dates.

## Horse Race Board Game

Anyone who would like to join in for a few games of Horses, please meet at the clubhouse every Thursday from 1-3 pm. Easy to learn, fun to play.

Upcoming Events – June 4th – Free Food Giveaway - Noon

## NEW RESIDENTS

- Mark Santomauro & Ariana 242
- Michael & Jessica Bellomo 138
- Dawn-Marie Cote 256
- Lisa MacCumber 307
- Glenda Downey 277 (should be here around June)
- John and Brenda Hannah 361

Please make them feel welcome!

## **DID YOU KNOW????????????**

---

**W**alkers & Wheelchairs -- The HOA has several walkers and wheelchairs that are available to Amber Glades residents to borrow when needed. These should be returned when need is over. For information contact Craig Rodgers, 502-435-8134

## **AMBER GLADES FACEBOOK PAGE**

---

**G**et connected to Amber Glades Facebook page. Pictures of events are posted there by residents and interesting discussions are often seen. Join in and “friend” the Amber Glades Facebook page. We also have a Facebook page titled Amber Glades HOA Approved that has official HOA Announcements and Amber Glades, Inc. Official Documents which has documents such as By-Laws, Prospectus etc. If you have something for sale, go to AG Marketplace.

## **Shuffleboard League**

---

**O**ver until next year.

## **Koffee Klatch**

---

**T**emporarily postponed until further notice.

## **Library News**

---

**O**ur library has a great collection for slightly used books to borrow. We also have puzzles to lend. Please do not bring old, yellowed or torn books to the library. We take no medical books, Maps, Magazines, Pamphlets or Sports books. We take clean newer paperbacks and Hardbacks. We also take puzzles with all the pieces. Please do not leave anything else in library.

## **Sheriffs Office**

---

**C**all 911 for EMERGENCIES only. All other calls: 582-5177. If you see suspicious activity in the park or have been confronted by a Trespasser, solicitor or Door-to-door Salesperson, call the Sheriffs Office immediately.

# HOW TO FIND YOUR LEGISLATIVE DISTRICT FOR VOTING

## Check Your Voter Registration Card

Each address in Florida is associated with a single Florida Senate district, a single Florida House district, and a single Congressional district. This district information is printed on your voter registration card. United States Senators are elected statewide.

## Contact Your Supervisor of Elections

To verify district assignments or get further information about voting districts and precincts in your area, contact your county's Supervisor of Elections.

## Redistricting Information

Get maps and demographic profiles from the Maps and Statistics page. For more information about enacted plans, visit the Redistricting Site.

## Local Delegations

The listing of Local Legislative Delegations (PDF) contains the names and district numbers of House and Senate members comprising Florida's local legislative delegations, the address and telephone number of the delegation chairperson, the names of the other delegation officers (if any), and the delegation office contact information.

## SENIORS TRIVIA

1. Question: What year did World War II end?
2. Question: Who was the U.S. president during the moon landing in 1969?
3. Question: What is the name of the famous ship that sank in 1912 on its maiden voyage?
4. Question: What popular TV show featured a red-haired comedienne and her husband Ricky Ricardo?
5. Question: Who sang the classic song "Can't Help Falling in Love"?
6. Question: What is the name of the first artificial satellite launched into space?
7. Question: What was the name of the Beatles' drummer?
8. Question: Which U.S. state is known as the "Sunshine State"?
9. Question: Who painted the ceiling of the Sistine Chapel?
10. Question: What is the capital of France?
11. Question: In what game would you use terms like "strike" and "spare"?
12. Question: What invention is Alexander Graham Bell famous for?
13. Question: What fabric was traditionally made from silkworms?
14. Question: What famous American bridge opened in 1937 and is located in San Francisco?
15. Question: What was the name of Roy Rogers' horse?

## Mix these ingredients for cultural creativity

---

**D**o you want to nurture a culture of creativity in your organization? Try to build in these essential ingredients:

- **Curiosity.** Ask people questions that challenge the conventional wisdom. Encourage them to stretch boundaries and take chances on new opportunities.
- **Emotion.** People who love what they do are better at generating new ideas about their work. Hire and support people who show a real enthusiasm for your organization and its mission.
- **Tolerance.** People won't suggest ideas if they're afraid of being punished for failure. Encourage risk taking by showing forgiveness when things don't work out, as long as people are giving their best efforts.
- **Direction.** A clear sense of what you want to achieve will help people focus their ideas. Have a concrete mission statement that tells everyone what you're trying to do, why it's important, and how it will benefit everyone.

## What do the instructions say? Creativity expert

---

**Y**oram Solomon often conducts workshops that teach people to approach problems with an open mind. In one exercise (recounted on the Inc. magazine website), he asks participants to build a structure out of a sheet of paper. Some cut the paper into smaller pieces, although his instructions don't specifically say they can.

Once everyone is finished, Solomon asks, "Did the instructions allow you to cut the paper?" Most believe they've done something wrong. But one person usually pipes up with, "You didn't say we couldn't, either."

"To be creative," Solomon points out, "don't assume restrictions that don't really exist."

## Ancient life hints at life on Mars

---

Life on Earth may have begun more than 4 billion years ago, according to scientists studying a new discovery of microfossils from the ocean floor. The fossils were found in rocks from Quebec, and probably lived in ancient hydrothermal vents.

Scientists are cautious about identifying the bacteria-size fossils as evidence of life, though. The most obvious cellular bits and other flags of life are often stripped away in fossils of microbes billions of years old. Researchers use chemical tests and analyses of patterns and textures to determine whether they're looking at ancient life.

Still, the discovery raises a tantalizing possibility: life on Mars. The *Guardian* website theorizes that similar microfossils might be found on the red planet someday because Mars had oceans and an atmosphere similar to Earth's billions of years ago.

## A journey to the center of the Earth would be very hot

---

The interior of the Earth is hot—very hot. As reported on the Fox News/Science website, scientists using synthetic materials to simulate mantle rock have determined that temperatures in the Earth's mantle, which sits beneath our crust (lying beneath the oceans), reach 2,570 degrees Fahrenheit, almost 100 degrees hotter than was previously believed.

This new finding will help researchers model our planet's geodynamic processes and plate tectonics more accurately, possibly explaining how tectonic plates move on top of the upper layer of the mantle.

## 30-year search uncovers trove of ancient Celtic coins

---

A horde of 68,000 Celtic coins and jewelry has finally been cleaned and separated after being buried since 30-50 B.C.

The cleaning job took three years, but finding the treasure trove took two amateur archeologists 30 years of searching. According to the Smithsonian magazine website, metal detector enthusiasts Reg Mead and Richard Miles began searching for coins after being told by a local friend that her father had found some silver Celtic coins in a pot near her Jersey home. The current owner of the field allowed the pair to search—but only once a year after harvesting his crops.

Ultimately they uncovered a chunk of earth containing the coins in 2012, then called in an archeological team to bring them up. The trove turned out to consist of at least 68,000 coins, along with many gold neck torcs, glass beads, a leather purse, and a bag with silver and gold decoration. It's valued at 10 million British pounds.

## Stay safe when working in the heat

---

**W**hen heat and humidity combine to reduce the amount of evaporation of sweat from the body, outdoor work can become dangerous even for those in good shape. The key rules for coping with heat are to drink plenty of water to avoid dehydration and slow down and cool off when experiencing fatigue, a headache, a high pulse rate, or shallow breathing. Overheating can cause serious, even life-threatening conditions such as heatstroke. Look out for these symptoms of heat illness:

- **Heat cramps.** Working in hot weather can lead to muscle cramps, especially in the legs, because of brief imbalances in body salts. Cramps become less frequent as a person becomes used to the heat.
- **Heat syncope or fainting.** Anyone not used to working in the heat can experience a quick drop in blood pressure that can lead to fainting. As with heat cramps, the best approach is to take it easy.
- **Heat exhaustion.** Losing fluid and salt through perspiration or replacing them in an imbalanced way can lead to dizziness and weakness. Body temperature might rise, but shouldn't exceed 102 degrees. The best defense is to take it easy and drink plenty of water. Don't take salt tablets without consulting a physician.
- **Heatstroke.** In some cases extreme heat can upset the body's thermostat, causing body temperature to rise to 105 degrees or higher. Symptoms are lethargy, confusion, and unconsciousness. Even a suspicion that someone might be suffering from heatstroke requires immediate medical aid. Heatstroke can kill.

## Stay awake on the road

---

**F**atigue can be a killer, especially when you're driving on the open highway for long periods of time. Here are a few tips for staying safe at the wheel:

- **Get enough rest.** Try not to start a trip late in the day. Long-distance driving is tough enough in the daytime. Be ready and awake.
- **If possible, don't drive alone.** Passengers can take turns driving, or at least help you stay awake if you need stimulation.
- **Watch your posture.** Drive with your head up and your shoulders back. Tuck your buttocks against the seat back. Legs should not be fully extended, but flexed at about a 45-degree angle.
- **Take frequent breaks.** Stretching is good for staying flexible and awake.

## It's liquid! No, it's gas! No, it's . . . a supersolid!

---

**A**s most of us learned in science class at a young age, matter exists in three states: liquid, solid, and gas. But scientists have discovered a dual state that can exist at a quantum level—a “supersolid” state.

As reported on the Sci-News website, two independent teams of researchers have succeeded in arranging a clump of atoms in a crystalline pattern in which particles move without friction like a fluid. One group used laser cooling combined with evaporative cooling methods to lower the temperature of sodium atoms close to absolute zero.

The other team used an alternative method involving mirrors and lasers to cool a minuscule amount of rubidium gas to just above absolute zero, resulting in a similar crystal-like structure with superfluid properties.

Now that scientists have proven that supersolids can exist, they plan further research—possibly with unexpected results.

# Precision Vapor Barriers

Have You Looked UNDER Your Home Lately? **PROTECT YOUR HOME**

**Fix Small Problems Today Before They Cause Serious Damage!**

We will inspect and photograph any issues, showing you pictures of the underside of your home. Damaged & worn vapor barriers can create high energy costs and allow mold & mildew to grow and weaken your sub floor creating "Soft Spots". Keep Mold, Moisture & Animals out of your Home.

Repairs will be made quickly and include a **20 Year Transferable Warranty!**

Call Us for a **FREE NO-PRESSURE No-Obligation Estimate**

**10% MILITARY DISCOUNT**
