## FROM THE PRESIDENT

Barry Porter

**S**easons' Greetings All  
I hope you all had a fun, family filled Christmas and I wish you all the best for 2026.

December, as always, is a busy month for the Board here in Clearwater Cascade. We have to plan and prepare for the Annual meeting and the coming election.

We have to develop a budget for the coming year, ready for resident approval prior to the annual meeting and we continue to attend to the day-to-day operations of our Park.

We held a Candidate's night in place of a general Board meeting this month as well and we continue to settle in with our new operations methods.

All of these things bring questions and I, once again, encourage you to contact me personally or any Board member if you need clarification on issues, you may be hearing things about.

A few of the issues being researched and considered at the moment include:

- The viability of a back gate
- The plan for restoring the sewer infrastructure
- The canal erosion project
- Gambling and Fund-raising in our community
- Park Patrol
- Completion of the Policy Manual
- Road repairs

So, you can see we don't have a lot of time to be idle.

A new Board will be in place in less than a month. Be supportive, remember that these are volunteers who give up a great deal of their personal time to keep our Park one of the best in Florida.

Happy New Year to all, see you at the annual meeting in January.

## FROM THE BOARD

Two articles

### **1. WHY HOA'S SHOULD VOTE FOR USING RESERVE FUNDS IN THE CASE OF A MAJOR DISASTER.**

Reserve funds are typically earmarked for specific long-term projects (roofing, paving, painting, etc.). Using reserve funds for disaster response is serious and usually requires owner approval depending on the governing documents and type of association.

#### **Reserve Funds Are Legally Restricted**

Florida law generally restricts reserve funds to their intended purpose unless a majority vote of the membership authorizes their use for another purpose. This protects homeowners from reserve funds being misused for day-to-day shortfalls or board mismanagement.

## **Ensuring Fairness to All Homeowners**

Disasters—hurricanes, floods, fires—often cause uneven damage.

Voting ensures:

- Costs are shared fairly
- No group feels penalized or ignored
- Homeowners understand how their reserves are being spent
- Not voting for this could cause additional special assessments to be made so that repairs can be done as a result of storm damage.
- Homeowner approval ensures they understand the consequences before reserves are tapped.
- Clarity during insurance audits and state reviews

This becomes even more important after hurricanes or other Florida natural disasters.

## **2. WHY HOMEOWNERS SHOULD VOTE IN FAVOR OF THE ANNUAL BUDGET.**

### **Prevents Financial Mismanagement**

Annual budgets determine:

- Operating expenses
- Contributions to reserves
- Long-term project planning

A vote helps ensure the budget accurately reflects community priorities.

### **Better Alignment With Homeowner Expectations**

Budgets set the financial direction for the entire year. Voting ensures:

- Homeowners understand major expenses
- Community funds go toward what residents' value
- Fewer disputes over assessments or project choices

### **Stronger Legal and Procedural Protection**

While not always required, homeowner participation:

- Reduces accusations of improper budget adoption
- Provides documented approval if decisions are challenged
- Improves compliance with governing documents that *do* require owner ratification

## FROM THE EDITOR

*By Donna Collins*

**H**APPY NEW YEAR, EVERYONE. I hope it is a healthy, safe, and happy 2026.

The January Chronicle is done with three more months to go. I wanted to finish the 2025-2026 season with all of you before I turn the editor's position over to Virginia Warfield starting in May. She is very qualified and is a permanent resident of the Park. We will be working together for the next few months and I am quite sure that she will have many new additions to the Chronicle.

As the Annual meeting and election of the 2026 BOD is on January 21<sup>st</sup>, we will not have the new Board members for the February edition as it is due to the publishers by January 14<sup>th</sup>.

Have a wonderful month and enjoy all the activities that are happening this month.

## CASCADE SOCIAL CLUB

*From your Social Club*

**W**e hope everyone had a blessed and wonderful Christmas with family and friends. Thank you to everyone who joined in on the holiday celebration with us. We hope you had a wonderful time and enjoyed the evening with friends. And do you know the price of aspirin skyrockets January 1, after the overindulgence on New Year's Eve. Now this is not a recorded fact, but an observation through the years. Maybe I should've listened to my grandmother when I was younger when she stated, "if you wanna play you gotta pay". Who knew she was such a wise woman? We are thankful to be able to go into another year with family and friends, and look forward to many more to come. Here's your January lineup of events. Ticket sales every Wednesday in the library 10-12(noon).

- January breakfast Saturday 1/10. Doors open at 8:30AM. Serving at 9AM. \$7.00 a person. Bring your own plates and silverware.
- Coffee and donuts. Saturday 1/17. 10AM in the clubhouse. FREE event. You must have ticket for a headcount. Bring your favorite coffee mug and your ticket for a drawing.
- January sports dinner/dance. Saturday 1/24. Doors open at 5PM. Dinner at 6PM. Dance at 7PM. \$12.00 a person. Dress in your favorite team attire. We will be collecting tickets at the door for an entry for a cash drawing. Go Michigan Wolverines!!! Go Tampa Bay Buccaneers!!!

## WHO LIVES HERE?

By April Loomis

**T**his house looks empty. Are they away on a holiday? Are they gone for the season? Should I leave a Chronicle?

**These are questions that could be answered quite easily if residents sign out at the office when they leave AND sign in when they return if they are away for more than two weeks.**

The office keeps a detailed list of the residents for many reasons.

- The people who deliver the Chronicle and the park patrol need to have an overview of residents residing in the park. Chronicles left on the property cost money and cause trash when left unattended.
- In the case of a mailing, such as the upcoming election information, the office needs a correct address. If you haven't signed in, your information could go elsewhere.
- If there is an evacuation notice, the office needs to know if residents are here or not.

Thank you for understanding the importance of signing both in and out when you are gone for more than two weeks at one time. We care about all residents and want to keep you safe and accounted for.

**H**appy New Year!

It's that crazy time of year. All activities are getting shifted into high gear.

League Shuffleboard will begin on January 8th. Fun Shuffleboard will start on January 7th with Jim Hayward.

Hopefully by the time you read this article, we will have a full court on Friday afternoons with Jim and Heather Hayward as your team leaders for League Shuffleboard at 1pm. Please sign up for League Shuffleboard and join in the fun. We still need 2 to 6 more players to make a full court on Fridays at 1pm. We are also looking for Subs. We hope you'll consider joining us. If you've never played, we'll be more than happy to teach you.

Happy New Year!

## The courage to try

Life lessons can come from the most unlikely sources if we are open to receiving what they have to offer us. For Tricia Goyer, a wife, mother, and accomplished author, a lesson in bravery came from her twentysomething son Nathan.

When he announced his plans to write a book, Goyer encouraged him and even promised to edit it once the manuscript was completed. With 500 magazine articles bylines and more than 50 published books of nonfiction and fiction, Goyer knew her insight would be beneficial. She also knew that Nathan had a gift for creating and telling stories, which had been a favorite pastime since his childhood.

As Goyer edited Nathan's rough draft she realized that her son had a talent for writing and decided they should hire a professional editor to review the text. The editor also liked Nathan's work and offered the aspiring novelist some constructive feedback.

After the rewrites were finished, Goyer told her son to start weighing his options about next steps in the publishing process. He could go the traditional route and work with a publisher, or self-publish. Nathan told her he'd need time to think things over and then excused himself to run an errand. He returned a short time later and announced that he would self-publish his work as an e-book. The next day his novel *Bask* was for sale on Amazon.com. It has even received a few positive reviews.

For Goyer, taking those next steps in the process of publishing one of her many books has never been something she could act on with that kind of certainty or efficiency. She says she would first share copies with as many as 20 friends and consider their feedback. Next she might attend a workshop or conference to solicit even more feedback and advice before deciding which route to take.

Nathan has inspired Goyer to believe that "sometimes we just need to roll up our sleeves and do what we've been afraid to try."

## Who you want to be

---

A farmer on his way into town pulled over to pick up a young man thumbing for a ride. The two men began to talk, with the younger man sharing his experiences of his solo hiking and camping adventures.

“So what do you plan to do when this is over?” the farmer asked.

The young man mapped out his plans of a university education, graduate school, a job with a fancy title and a huge salary, future board positions, his own company, and more money than he could spend in three lifetimes. “You know what they say,” the young man remarked. “You should dream big or not dream at all.”

“It’s a pretty big dream,” the farmer said, “but little more than that.”

The farmer continued, “It seems to me that if you wanted to accomplish any of those things you wouldn’t be hitchhiking through small towns. You’d be somewhere else working and building on the knowledge and skills required to help you achieve your goals.”

“Right now, I’m figuring out who I am,” the young man said.

“Why don’t you try figuring out who you want to be?” the farmer replied.

## Quotes

We are, as a species, addicted to story. Even when the body goes to sleep, the mind stays up all night, telling itself stories.  
—John Gottschal

Words are how we think; stories are how we link.  
— Christina Baldwin

## Three tips to spark your brain

---

Everyone can be creative, as long as they're willing to give up some preconceptions about what being creative really means. Try these tactics for opening up your mind to innovative possibilities:

- **Focus on intuition, not intelligence.** You don't have to be a genius to be creative. Train yourself to listen to your feelings, random thoughts, dreams, and intuition. Often ideas and solutions come to us when we aren't looking.
- **Give yourself space to think.** Collecting data about what you're working on is good, but don't let facts crowd out your creative impulses. Set the information aside and step back to allow your mind to process it without pushing. Build some room inside your head to let ideas grow.
- **Try something different.** Breaking your routine can lead to creative insights. See the kind of movie you'd never ordinarily watch. Take a walk in a new neighborhood. Fly a kite, or take up a new exercise regimen. Mixing things up can help your mind look at the world in new and different ways, sparking your imagination.

## How creative types have gotten into the groove throughout history

---

Some people take unusual steps to get their creative impulses going. From the Mental Floss website, some examples of how famous folks have jumpstarted their imagination:

- **Yoshiro Nakamatsu.** This Japanese inventor with more than 3,000 patents to his name dives underwater, holds his breath, and scribbles ideas on a Plexiglas board in his swimming pool.
- **Leonardo da Vinci.** The Italian artist and inventor honed his creative instincts by taking short naps every four hours throughout the day. He's said to have slept a total of just two hours every day.
- **Thomas Edison.** This inventor was also a fan of naps, with a twist: He'd sit up holding a handful of marbles and think about the problem he was working on until he fell asleep. When the marbles dropping to the floor woke him up, he wrote down whatever came into his mind, regardless of whether it offered a solution.
- **Johann Wolfgang von Goethe.** The German poet kept a rotten apple on his desk, insisting that it helped him write more effectively.
- **Charles Dickens.** The British novelist would write only at a desk facing due north.
