FINING	To Be Determined		

## PRESIDENT'S CORNER

*Submitted by Gary Thrasher*

Jan McCoy, long time board member and former President of the Board, stepped down in April from her position as a director, but has agreed to continue her service on the Governing Documents committee as a volunteer. As a result of Jan's resignation, motions were made at the April 22 board meeting to replace her with Maggie Stokes as chair of the Governing Documents committee and replace her as chair of the Real Estate Approval committee with Roberta Maynard.

A motion was also made to replace her as director with Cleighton (Chip) Tourtellotte. Chip has shown himself to be a community minded person who has been involved in some focus groups, has a background in urban planning, and we look forward to working with him. Section 4.2 (e) of the By-Laws speaks to the next steps when there is a vacancy on the Board of Directors. It states, "a majority of the remaining Directors, though not less than a quorum, shall choose a successor who shall hold office for the balance of the unexpired term of office of the Director he replaces". Jan's term is set to expire in late January 2027.

All motions regarding Jan's resignation were approved unanimously by the board.

The Walmart gate project is technically ready to go as of this writing and now we are working out the details to make the operation as smooth as possible for our residents and as much like our other security access points as we can. We have set up a meeting with Accurate Electronics who handles the Oleander gate and our clubhouse access points. As I reported last month, the office and the board are working on developing policies for gate access for special events, visitors, lost key fobs, etc. These will all be worked out before the gate is activated.

Infrastructure is looking at the project to replace the water line over the canal with a new section of main line running under the canal. We expect to have three bids by the May board meeting. This is another project that helps us prepare for hurricanes.

The Governing Documents Review committee continues to meet on a weekly basis and is plowing through the rules document. Thanks to both the dedicated committee members and all the great feedback from the community.

The rules awareness campaign is also producing tangible results with frequent emails and postings that reflect areas of special concern to us all. Keep an eye out for these communications and please jump in with any suggestions you may have.

I also want to encourage everyone to be polite and courteous with their neighbors as rule disputes may arise and also as differences of opinion come up regarding our Vision Implementation Projects (VIP). It is ok to have different opinions, but it is never ok to disrespect your neighbors, volunteers, and contractors as they try to do their jobs.

Respectively submitted,  
Gary Thrasher  
President, Board of Directors

## MANAGER'S CORNER

Submitted by Debra Agamaite, CMCA

A short note this month. The park seems very quiet with so many residents gone. Time to get some projects caught up so we'll be ready for all to return in the fall.

While you're gone, please remember to:

- Have someone take care of your plants, weeds, and home.
- Shut the water off to your home at the home shut off. Please do not use the park shut off or you might be shutting your neighbor's water off too.
- Make sure your mail or forwarded or someone is picking it up.
- Make sure anything that the wind could pick up in a storm is put away – grills, flowerpots, trash cans.

We are still under strict watering restrictions. Watering hours are 12:01 a.m. – 4:00 a.m. or 8:00 p.m. – 11:59 p.m.

- Addresses ending in **even numbers** can water on Tuesday
- Addresses ending in **odd numbers** can water on Thursday
- Cars can be washed on your water day using a handheld nozzle with a shut off

Lastly...

There have been a lot of reports of neighborly harassment regarding dogs. **PLEASE STOP!** If there is a dog you are not sure is on property legally, please come to the office and ask. If the appropriate paperwork is not on file, we will take the correct actions to get it. But the increased harassment of dog owners **must stop**. Yes, Sunset Palms is a No Pet Park, but certain laws allow the dogs to be on property. Owners have been threatening their neighbors. The office has instructed them to call the police if they are being threatened or their dog is being threatened with harm. We've had a report of a neighbor threatening to kill the dog. **THIS BEHAVIOR MUST STOP.**

Hope everyone has a safe, enjoyable summer. Stay cool.

Respectfully submitted,  
Debra Agamaite, CMCA  
Community Manager

## PREPARING FOR THE HURRICANE SEASON

Submitted by Maggie Stokes

It's that time of year again in Florida: Hurricane Season is here from June 1st to November 30th.

*..continued on page 10*

There are several things to do so that you and your family are prepared:

### 1. Prepare a Hurricane Disaster Plan

- Plan where you will go if evacuation is necessary, a friend or relative's home or a nearby shelter. Include a meeting place for family members.
- Add Emergency Contacts numbers and addresses to your phone.
- Make a list of any medications and dosages for each member of your household, as well as the doctor's contact information.
- Create a list of banking information and credit card numbers
- Keep your motor vehicle gas tank filled – Gas may not be readily available if you need to evacuate.

### 2. Put together a Go Bag

- Assemble a Go Bag in an easy-to-carry container such as a backpack or tote bag
- Emergency contact and meeting place information for your household and a small regional map.
- Put copies of important documents (photo IDs, insurance cards, social security cards, birth certificates, banking information list, medication list, etc.) in a waterproof, portable container or bag.
- Cash in small denominations.
- Extra set of house and car keys.
- Cell phone chargers - including one that can be used without electricity, such as a car charger and an extra cell phone battery.
- Flashlight, emergency radio, and batteries.
- Personal items such as soap, toothbrush and toothpaste, feminine hygiene products, hand sanitizer, disinfectant wipes, aspirin, etc.
- Change of clothing including sturdy, comfortable shoes and rain gear.
- Bottled water and non-perishable foods.
- Pet care items and food.

### 3. As a Storm Approaches

- Stay informed through radio and TV broadcasts.
- If told to evacuate, do so immediately.
- Bring loose, lightweight items inside.
- Anchor objects that are unsafe to bring inside, such as grills and ladders.
- Check on friends, neighbors, and relatives. Assist them with their preparation.
- If you are going to an evacuation shelter, pack what you will need for several days, including your Go Bag, blankets, pillows, and medical equipment.
- Tell friends and neighbors where you are going.

For additional information view the Florida Hurricane Guide at: <https://www.floridadisaster.org/guide> and click on the Florida Hurricane Guide box on the screen.

## THEY SAY

*Submitted by Bet LeBrun*

---

### THEY SAY

*By Ella Wheeler Wilcox*

Have you heard of the terrible family They,  
And the dreadful venomous things They say?  
Why, half of the gossip under the sun,  
If you trace it back, you will find begun  
In that wretched House of They.

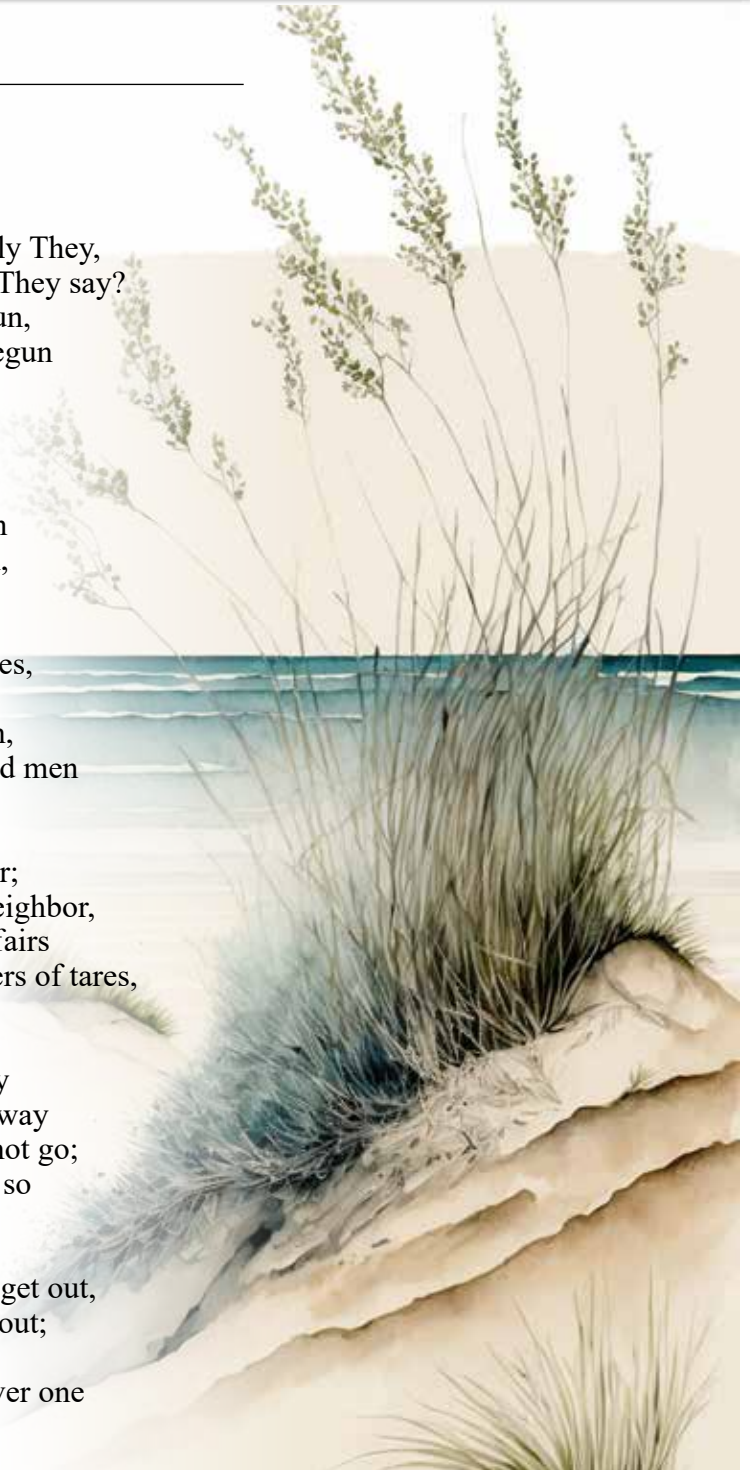

A numerous family, so I am told,  
And its genealogical tree is old;  
For ever since Adam and Eve began  
To build up the curious race of man,  
Has existed the House of They.

Gossip-mongers and spreaders of lies,  
Horrid people whom all despise!  
And yet the best of us now and then,  
Repeat queer tales about women and men  
And quote the House of They.

They live like lords, and never labor;  
A They's one task is to watch his neighbor,  
And tell his business and private affairs  
To the world at large; they are sowers of tares,  
These folks in the House of They.

It is wholly useless to follow a They  
With a whip or a gun, for he slips away  
And into his house, where you cannot go;  
It is locked and bolted and guarded so  
This horrible House of They.

Though you cannot get in, yet they get out,  
And spread their villainous tales about;  
Of all the rascals under the sun  
Who have come to punishment, never one  
Belonged to the House of They.

## TRAVEL CORNER

*Submitted by Kim Paquette*

As we look back on the month of May, we are reminded of how many meaningful ways people express appreciation, gratitude, and respect. In different places around the world, these observances may carry different names and traditions, but their spirit remains the same.

They invite us to pause, reflect, and recognize the people and values that help shape our lives.

For Sunset Palms residents, May included familiar moments of reflection such as Mother's Day, Victoria Day and Memorial Day, along with occasions that honored teachers, nurses, families, and those who give so much of themselves to others. Across the world, the month also brought awareness to a wide range of cultural, environmental, and humanitarian themes that remind us how connected we truly are.

What stands out most is the shared heart behind these observances. Whether people celebrated quietly at home, gathered with family and friends, or took time to remember and give thanks, May offered a welcome reminder that gratitude is something that can unite us across borders, traditions, and communities.

As we now move into the summer months, we will carry that same spirit of appreciation forward. This is often a season when we spend more time with our communities North, travel a little more, and enjoy the warmth of longer days. Whatever the summer holds, we want it to be filled with peace, connection, and the continued gratitude that was so beautifully reflected during the month of May.

Wishing you a happy summer

**N**ewsletters are no longer being delivered by volunteers to your doorstep. The monthly edition is available for pick up in the office by the fifth of each month. The publication is also available on the website.

### **IMPORTANT!**

*I would like to remind everyone that this volunteer job is NOT a Monday-Friday, 9 to 5 job. I work all hours during the week as well as weekends and holidays whether I'm in Canada or the USA. I am committed to providing you with an informative newsletter that reflects the happenings in YOUR park, and I can usually accommodate your requests. I know everyone is busy with their lives but if you want your submission to appear in the Spotlight, then please respect the deadline of the 10<sup>th</sup> of the month prior to publication. The earlier I receive it, the better. Before I submit the newsletter to the publisher, the articles are reviewed for approval, so timing is crucial.*

*As a courtesy, I send out a monthly reminder a few days ahead specifying the deadline date for newsletter submissions and it appears on Facebook under Sunset Palms 3401.*

*Thank you for your attention.*

You can email me with articles, pictures, resident interest stories, etc. or if you have an idea for a monthly newsletter article. Email: [sunsetpalmseditor@gmail.com](mailto:sunsetpalmseditor@gmail.com)

If you notice incorrect Newsletter article content, please notify me at [sunsetpalmseditor@gmail.com](mailto:sunsetpalmseditor@gmail.com). Edit requests for the calendar can be made on our website at <https://sunsetpalms.org/events/>. Our goal is to send you, our Sunset Palms residents, the most updated and correct information pertaining to activities and other articles of interest to our community; and remember, you can browse past Newsletters at <https://sunsetpalms.org/newsletters/>.

Many thanks to all who helped with and contributed to this month's newsletter.

# LIFT STATION MONTHLY REMINDER - IMPORTANT

Submitted from the Management

## URGENT ACTION REQUESTED - FLUSH TOILET PAPER ONLY

*Our system is being clogged because people are flushing wipes down their toilets. The product packaging states the wipes are flushable, but they are not septic safe. They are clogging our system and will burn out our pumps.*

**LIFT STATION** – PLEASE remember that the only thing that goes into your toilets is toilet paper. When checking on the lift station recently, maintenance found a “Potpourri” bottle floating. This type of thing CANNOT be put down the toilet. It can do major damage to the pumps and pipes of the system which can be expensive to repair.

## PLEASE ALSO INFORM YOUR SUBLETTERS OF THIS LIMITATION!

Thank you for your assistance!

Sunset Palms Management

**FLUSH ONLY:** Body waste and toilet paper. (The 3 P’s = pee, poo, paper)

*It is highly recommended that only ONE-PLY toilet paper be used to prevent clogging the toilet.*

## DO NOT FLUSH:

- Tampons
- Sanitary pads
- Diapers
- Depends
- Swiffer Cloths
- Dust Cloths
- Wet Wipes
- Kleenex
- Food, etc.
- When in doubt, DON'T FLUSH IT!

When we flush, the waste goes into a **holding tank** that has two pumps to expel the waste **UP and OUT** into the Pinellas Park sewage system. When any of the above gets flushed, it clogs the pump, overheats it and burns out the motor.

## Flying in the face of disaster

In the 1980s and early '90s, Continental Airlines was a disaster. The organization had gone bankrupt twice and was on its way to a third (and final) catastrophe. It had gone through 10 presidents in 10 years, and employees mistrusted management.

Then in 1994 Gordon Bethune stepped in. Instead of running around willy-nilly trying to stamp out the various raging fires, Bethune took a step back to return to the basics. He identified Continental's key goals so that employees' efforts would be concentrated on them rather than diffused by the disaster of the moment. One of his areas of focus was creating a corporate culture. Without the commitment of the employees, the other goals would be impossible.

Drawing on the organization's history of excellence in service, he rallied the workforce. Bethune discovered that the employees weren't bad—they just worked in a dysfunctional organization. So they were quick to get behind his new leadership.

Senior management was a different story. Bethune knew he had to make wholesale changes, and that meant getting rid of the bureaucracy. In a couple of months, Bethune and his top executives replaced 50 of the company's 61 officers with 20 top-notch people.

The changes were dramatic. In one year's time, Continental went from being ranked the worst in customer satisfaction among major airlines to first.

## The birth of 'excellence'

Tom Peters didn't exactly give birth to excellence, but he did establish the idea that companies can achieve excellence under the inspiration of a management guru—like himself.

It all began in the spring of 1978. John Larson of McKinsey's San Francisco office was set to give a presentation to a client. But his computer crashed and took with it his notes. He turned to another consultant, Tom Peters, to throw together a presentation that would satisfy the client.

Peters had just returned from traveling the world to compile research on best practices in business. Up until then, his research had been collecting dust after he had presented it to the McKinsey powers that be. With an opportunity to present his findings again, Peters gathered his data. In search of a sexy title to give his presentation, Peters came up with "Excellence." It was a hit.

Eventually, Peters edited the material into a manuscript. Continuing with the idea of excellence, he titled the book *The Secrets of Excellence*. But the title didn't fly with the McKinsey folks, who feared that clients would think the company was selling the secrets of client operations. In 1982, Peters and co-author Robert Waterman renamed it the more politically astute *In Search of Excellence*. And thus was excellence born.

## Stay safe when working in the heat

---

**W**hen heat and humidity combine to reduce the amount of evaporation of sweat from the body, outdoor work can become dangerous even for those in good shape. The key rules for coping with heat are to drink plenty of water to avoid dehydration and slow down and cool off when experiencing fatigue, a headache, a high pulse rate, or shallow breathing. Overheating can cause serious, even life-threatening conditions such as heatstroke. Look out for these symptoms of heat illness:

- **Heat cramps.** Working in hot weather can lead to muscle cramps, especially in the legs, because of brief imbalances in body salts. Cramps become less frequent as a person becomes used to the heat.
- **Heat syncope or fainting.** Anyone not used to working in the heat can experience a quick drop in blood pressure that can lead to fainting. As with heat cramps, the best approach is to take it easy.
- **Heat exhaustion.** Losing fluid and salt through perspiration or replacing them in an imbalanced way can lead to dizziness and weakness. Body temperature might rise, but shouldn't exceed 102 degrees. The best defense is to take it easy and drink plenty of water. Don't take salt tablets without consulting a physician.
- **Heatstroke.** In some cases extreme heat can upset the body's thermostat, causing body temperature to rise to 105 degrees or higher. Symptoms are lethargy, confusion, and unconsciousness. Even a suspicion that someone might be suffering from heatstroke requires immediate medical aid. Heatstroke can kill.

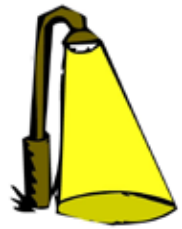

## Stay awake on the road

---

**F**atigue can be a killer, especially when you're driving on the open highway for long periods of time. Here are a few tips for staying safe at the wheel:

- **Get enough rest.** Try not to start a trip late in the day. Long-distance driving is tough enough in the daytime. Be ready and awake.
- **If possible, don't drive alone.** Passengers can take turns driving, or at least help you stay awake if you need stimulation.
- **Watch your posture.** Drive with your head up and your shoulders back. Tuck your buttocks against the seat back. Legs should not be fully extended, but flexed at about a 45-degree angle.
- **Take frequent breaks.** Stretching is good for staying flexible and awake.
