Important Information

Memorial Flag

Sandy Yost

Did you know Eldorado Village has a Memorial Flag?

When a member of our village passes, we honor them by flying our Memorial Flag at half mast for 5 days and displaying their name with the date of their passing on the flag pole.

Please help us to honor each and every village member when they pass by contacting Tim (727-313-5153) or Sandy (607-435-3488) at Lot 62.

Eldorado Village is a loving and caring community and this is just one more way we show our warmhearted thoughtfulness.

INFORMATION ABOUT WATER:

Wasteful and Unnecessary Use of Water Is Prohibited!

These are the basic rules from the Pinellas County website:

Examples of wasteful water usage:

Allowing water to flow from an unattended hose.

Hand-watering a lawn on a restricted day or more than once a day.

Hosing down a driveway or solid surface or structure when a dry method could be used.

Allowing water to flow from a broken sprinkler head or outdoor faucet and having malfunctioning plumbing/ -irrigation system after receiving verbal or written notice.

Violations

The Year-Round Conservation Measures and Seasonal Reclaimed Water Restrictions allow the first violation of these restrictions to be issued as a "warning" Notice of Violation. In accordance with Sixth Judicial Circuit Administrative Order No. 2018-068 PI-CTY, Local Ordinance Violations, and Fish and Wildlife Conservation Commission Violations Uniform Fine Schedule, Attachment A, Miscellaneous Ordinance, Marine Patrol, Fish, and Wildlife Conservation Commission, and Natural Resources Violation fines start at \$193, and may be doubled for a second offense; and for each subsequent offense thereafter. Contested citations may result in the cost of a fine plus additional court costs. For more information after receiving a citation, please contact Business & Customer Services at (727)464-4000.

Protect Your Hot Water Heater During a Water Outage

During an extended water outage, you may want to turn off the water heater by going to the electrical panel and throwing the water heater breaker to the "Off" position. Once the water has been restored, residents should turn the hot water on at a few faucets and make sure that all of the air is out of the lines. Once there is no sputtering and the water is running smoothly, the breaker can be switched back on. This process is to keep the water heater elements from overheating and burning out if the water level gets too low.

Ducks/Wildlife

Please do not feed or put out feeders accessible to ducks or other wildlife. It is illegal in the state of Florida and you could be charged a \$100 fine for each infraction, and it is a violation of the park. Not only that, but if you put out food for the ducks, anything will eat it--stray cats, rats, snakes, and opossums--to name a few. So please don't do it. Thank you!

Smoking and Drinking at the Pool

There is a designated smoking area at the pool and if you smoke, you will be required to smoke there and only there. Also, cigar smoking is offensive to most people and is strictly prohibited at the pool. Violators will lose their privileges to the pool, and if that doesn't work, we will make the pool completely non-smoking. Every week, the pool company finds butts in the filters, clogging them up and leading to downtime on the pumps which means the pool is closed until repairs are made.

Also, per the health department and code enforcement, drinking alcohol at a public pool is strictly prohibited. **NO GLASS OR CANS OF ALCOHOL ARE PERMITTED.** The health department will shut down the pool and if we find bottles in the trash we will be forced to shut down the pool as well.

The bottom line is that this is a community which means that the amenities are for everyone. Please be considerate of your neighbors and follow these simple rules so that everyone can enjoy a day by the pool. Thank you.

FLORIDA ANCHOR AND BARRIER COMPANY

From the Editor: And thank YOU, Miss Kristen, because these really do help—especially the water shut off ones and maintenance in the park. I applaud you and the staff for making sure we are literally IN THE KNOW—it makes our lives a heck of a lot easier!

Pet Policy

People need to pay attention to number THREE.

A few things about pets I want to point out so there are no questions about your responsibility as a pet owner. Keeping a pet on the property is a privilege and not a right and as such, the following rules must be adhered to or we will have no choice but to ask you to remove the animal from the property. These rules apply whether the animal is a household pet, an Emotional Support Animal, or a Service Animal.

- ALL animals must be registered with the office, and we will need all required documentation for any ESA's or Service Animals.
- Dogs are to be on leashes AT ALL TIMES and the handler must maintain control of their animal at all times, not letting it run up or jump on people or other animals.
- PET CATS ARE TO BE INDOOR ANIMALS ONLY.
- You MUST pick up after your pet goes to the bathroom—we do have doggy pots at both properties that have the bags and a container just for that.
- Excessive barking must be controlled so the pet is not bothering the neighbors. I seem to hear this a lot and it is against park rules.

Speeding

There are WAY too many people driving WAY TOO fast in our park. I consider this a SERIOUS NO-NO because we have a LOT of residents riding their bikes or strolling through the neighborhood and many of them use walkers or scooters/wheelchairs and can't move quick enough to avoid an accident. We also have a LOT of beautiful wildlife roaming the park—ducks, turtles, all kinds of birds and the cute little cotton-tail rabbits we see everywhere—and we need to PROTECT them AND our ambulatory residents.. The speed limit is 10 MPH. I think most of our neighbors adhere to this and it is the visitors who are breaking the rules. If you see someone driving too fast, get their license plate number so we can report them to the office. If it is, indeed, a visitor, they can lose the privilege of coming into the park. I think this is VERY important and so should you. Let us all work together to get this problem fixed!

PS—If you think it may be any of your family members or friends (sorry, but it happens), PLEASE tell them to respect YOU by respecting the rules of the place you call home. Also, please let your company know to turn down their RADIOS when within the parameters of the park. Again, they should respect YOU enough to do this. Thank you!

IMPORTANT MESSAGE FROM DORISANNE GIBSON:

"Doc," who resides on Lot 173, has volunteered to take old, torn and dirty American flags to the American Legion for proper disposal.

EDITOR'S NOTE:

Flags, like books, are treasured items and should by NO MEANS ever be disposed of in a FLAGRANT manner (no pun intended—really). They should be safely ensconced in a box until such time that you can honorably “pass them on.” Flags, as Miss Dorisanne pointed out, should go to DOC at Lot 173 or straight to the American Legion, and books, those sacred tomes and loves of my life, should go to Goodwill or the library. The Largo Library will take books of any kind—paperback or hardback—and sell them in their cute little bookstore or put them on the shelves. They will also take old magazines!!! I donate BOTH and just drop them in the drop box on the side of the building—easy as CAKE and PIE!!!

Poetry Corner

Mexico Bound

by: Anonymous

The ship's sails billow crisply in the breeze
The waves are translucent as they melt into the sea
An albatross flies high, beckoning us ahead
A bird of good fortune, it is most often said
Sea men are ubiquitous, some up in the rig
While others share rum and wait for their swig
The smell of fish stew is wafting from the mess
What all is in it, anyone can guess!
Dolphins are gamboling in the vessel's tidy wake
While others call out for a taste of salty bait
The horizon changes little as we do another run
Headed for the blaze of the pink Mexican sun.

GOLDEN WEDDING BOARD

In the clubhouse on the west wall is a frame with the names of residents who celebrated their fiftieth wedding anniversary while living here in Eldorado. We have not been able to celebrate this great milestone in a couple of years, but we still want to recognize those who have celebrated this auspicious occasion. If you, or if you know of a neighbor, who has reached or is reaching this year the fifty year mark, we would like to know and be able to add their names to the wall. You can contact me, richwham@aol.com, and I will see that they are added.

ATTENTION TO ALL POTENTIAL SHUFFLERS

IMPORTANT MESSAGE BELOW!

As everyone probably knows, there is no Eldorado shuffle team now due to lack of players. Debbie Ennis told me that if you still would like to play, you may join the team at East Bay Oaks. Just reach out to me if you would like to do this and I will have the captain of the team contact you. Debbie also said that once more people get interested, there will be a new team in Eldorado. If you really would like to play, don't be shy and call or email me. Let yourself have some fun! My contact info is here:

Eldorado Facebook Page

Dick Hambley

For those who were unaware, Suzie Rossetti and I are the administrators for the Eldorado Village Facebook page. We would like to remind everyone that to join the page you (the individual requesting) must send us a “friend” request and answer the three questions that are required. The main reason for the questions is that membership is limited to residents or former residents of Eldorado or EBO. If we get a request from someone who has not answered the questions, we automatically decline the request. We do not mean to exclude folks who have a perfect right to join, but you would be surprised at the number of requests that we get that, when we research a bit, they have no affiliation with either park. We want to include any residents who wish to join and welcome their requests; however, we need to follow the above procedure to assure that the original intention of the page is followed. Please request an invite at Eldorado Village Page. Thanks!

DARTS – DARTS – DARTS

Calling all dart enthusiasts! The Eldorado Village Social Club has “refreshed” the dart game area, located near the billiard table in the clubhouse. There are **NEW** darts, dart score board, eraser, and markers. The dart board has been hung at the correct height and there is a new floor decal which marks the correct distance from the dart board for game play (for steel tipped darts).

Find a buddy and come and enjoy!!!

Library History Scrap Book

Pam Spilbeller has spent many hours going through old medias and pictures and picking out items of interest that she has put into three scrap books. They are a wonderful glimpse into Eldorado in the past and show that the previous residents (and some who are still here) laid a groundwork of fellowship and camaraderie that we continue to try to adhere to today. She also plans to have all the past medias stored in the library as well to give us another mode of looking back at the past. These items are not to be removed from the library, but we have comfortable seating here, and if you have an afternoon with nothing else to do, I can assure you that you will enjoy perusing Pam’s efforts. **Shout out to PAM!!!**

The LIBRARY Is For All Residents!!!

It’s SIMPLE.....

1. Borrow and Return.
2. Books are organized by the author’s last name.
3. Special sections: Biographies, Health, Cooking, DIY, Inspirational Romance, etc.
4. Have a donation? Put your item(s) in the “Drop-off” box in the library.
5. Entertainment items work the same way....DVD movies, puzzles, board games and playing cards are just waiting for your attention!
6. HISTORY of Eldorado Village – interested? There are notebooks and scrapbooks (with photos) on our rich history dating back to 1969 when the park was established. Take a few minutes, sit on the love seat or a comfortable chair, and enjoy a “blast from the past!”

Bulletin Board

We have a Bulletin Board by the mailboxes. We realize that many folks do not go to the club house on a regular basis so this is a way for all to see coming events. Hopefully you will find something you might enjoy attending. You will also see what is transpiring in the neighborhood at the Eldorado Village Facebook page. Don’t miss out!

NO IFS, ANDS OR BUTTS!!!

If you are a smoker, please do not dispose of your cigarette butts on the street. If you are seen doing this, you will be reported to the office. We do our best to keep our park clean and neat and if people can pick up their pet's poop, then you can most certainly hold on to your cigarette butt until it can be properly disposed of. Thanks to those smokers who DO take pride in their community and adhere to this rule.

BINGO IS STILL GOING STRONG!!!

Bingo Hours:

Tuesday evenings:

Start selling at 5:15 PM. Stop selling at 6:00 PM. Start playing by 6:30 PM. We will be following the guidelines set down by ELS for the good of everyone, so please be amicable in observing those rules. Just come out and plan on having a good time and who knows, you might win a couple of bucks! We also would appreciate it if you do not bring \$20 bills as they are hard to make change for—thank you!

RECYCLE RECYCLE RECYCLE

Recycling is a way that we can all help to save on our trash bills. The city of Largo charges by weight for garbage and trash, so the more recyclables that we can put into the recycle bin in the “salad bowl” in East Bay Oaks, the more we can save on our trash bills. The new recycle plan in Largo is great in that we do not have to separate our recyclables. Everything that is recyclable goes into the one bin. This certainly makes it much easier to “do the right thing” and we not only save money for ourselves, but we are helping with the environment as well. The things we can put in the bin are as follows: Glass (colored bottles and jars), cartons (milk and juice containers), mixed paper products (newspapers, flattened cardboard boxes and office paper), plastic containers (food and beverage), and aluminum and metal (cans and containers).

The things we should NOT put in are the following: plastic bags and wrap, Styrofoam containers/ packaging, food waste/household garbage or chemicals/electronics (which includes paint, light bulbs, batteries, computers etc).

So, fellow residents, please consider this reminder and let us work towards saving ourselves a few bucks and, at the same time, work towards building a greener environment!

TRASH/DUMP AREA SCHEDULE

People are still putting their trash out before Tuesday or Friday mornings. Please try to obey these rules--they are for everyone. If you are unable to be up in the morning and take out your trash, please get a heavy duty garbage can with a tight lid to put it in. This will not allow animals to get into it and it can be left out a little earlier than the specified time. This is ONLY for tight lidded garbage cans!!! You can buy one at Walmart or Amazon.

Coffee and Donuts

It has been brought to my attention that many people do not know that you can donate the coffee and donuts in memory of a loved one, birthday, anniversary or any occasion you like. The donation fee is \$25.00. Please see the Social Club treasurer if you would like to donate one day.

Report: Fiber may prevent breast cancer

Parents and young women concerned about breast cancer may want to take note of a study from the journal *Pediatrics*: Scientists have discovered that adolescents and young women can significantly reduce their chances of getting breast cancer later in life by eating a high-fiber diet early on.

Researchers tracked more than 90,000 women over a period of years. Women 27-44 answered questions relating to their diet as adults and in high school. The data they collected about fiber consumption, after screening out other factors like race and family history of breast cancer, showed that women who had eaten high amounts of fiber had a 12-19 percent lower chance of getting breast cancer. In addition, women who reported a high fiber intake during their high school years were found to have a 16 percent lower risk of suffering breast cancer overall, as well as a 24 percent lower risk of being diagnosed before menopause.

Fiber from fruits and vegetables appear to offer the most health benefits.

Keep your workplace a healthy zone

From Ebola to the Zika virus, new diseases seem to be rising every day to threaten our health. If you're a manager, you should do everything you can to keep your workforce safe from illness. Take these steps to minimize the risks:

- **Adjust absentee policies.** Many organizations still penalize workers for taking sick leave. Let your employees stay home when they're sick rather than risk infecting others.
- **Promote hygiene.** Post restroom signs urging workers to wash their hands frequently. Instruct cleaning services to wipe down telephone receivers as well as desk surfaces.
- **Plan ahead.** Consider how you'd respond if your department experienced a 30 percent absentee rate. How can you ensure that essential functions are covered? You can't stop bad things from happening, but you can take steps to keep them from crippling your organization.

Try these year-round common cold remedies

You can catch a cold any time of the year, no matter what the weather is. Although you can't cure it, you can relieve its symptoms with some simple remedies. Try these:

- **Honey.** Honey mixed with tea or warm lemon water can relieve coughing and sore throat.
- **Zinc.** Zinc supplements taken within the first few days of having a cold can shorten your illness and could prevent a cold in the first place.
- **Hot liquids.** Hot tea or water can loosen up congestion in your chest and sinuses.
- **Salt water.** Evidence suggests that rinsing your mouth with salty water can clear up nasal congestion and unclog your sinuses.
- **Vitamin C.** Evidence that vitamin C can help you avoid or shorten colds is mixed, although research does hint that it may be effective for those with a vitamin C deficiency.

Exercise: More isn't necessarily better

Losing weight is just a matter of exercising, right? Actually, that may not be the case, according to a study of exercise and weight loss reported on the CNN website.

Researchers looked at 332 adults in the U.S., Jamaica, and Africa, measuring their activity level over a week. The volunteers displayed a variety of exercise levels from sedentary to active. Although those who exercised and were active more burned away more calories than the others, their activity tended to hit a plateau—after a certain level, more exercise didn't produce more weight loss.

Switching exercises helped a little, since using different muscles can make your body use more energy. But in the long run, a combination of exercise and a reduced-calorie diet may be your best bet for losing those unwanted pounds.

The absent-minded composer

The famous composer Ludwig von Beethoven once went to a restaurant for some dinner, but being very absent-minded he forgot what he actually came there for. A waiter asked him several times what he would like to order, but Beethoven paid him no attention.

After an hour Beethoven called the waiter and asked him, “How much do I pay?”

The waiter replied, “Sir, you haven’t ordered anything yet. What I can do for you?”

Frustrated, Beethoven snapped back, “Oh, just bring whatever you want and leave me alone!”

Einstein: A genius with a human touch

Albert Einstein was a scientific genius, and stories about him are legendary. Three stories illustrate that he was as human as the rest of us:

- When Einstein went to Princeton University in 1953, someone asked what he would need for his office. His reply: “A desk, some pads and a pencil, and a large wastebasket to hold all of my mistakes.”
- A student visited Einstein in his Princeton office one day with a copy of this year’s final exam in his hand. “Professor, all the questions on this year’s test are the same as last year!” “Yes,” Einstein replied, “but this year all the answers are different.”
- After finishing a paper, Einstein and his assistant could find only one paper clip in his office to hold the pages together. Unfortunately, it was bent out of shape and impossible to use. They searched the desk for something to use as a tool to straighten the clip, and found a full box of paper clips in one drawer. Instead of taking one of those clips, Einstein used one as a tool to straighten out the bent clip.

The assistant asked why he didn’t just use one of the fresh clips. Einstein answered, “Once I am set on a goal it becomes difficult to deflect me.”

Teens and social media: What's really going on?

If you think your kid is checking his or her smartphone every 30 seconds, you may not be far off. A study of more than 200 eighth-graders reported on the CNN website found that the heaviest social media users check the Internet more than 100 times daily, even when they're in school. What are they looking for?

- Checking their online posts for comments and “likes”: 61 percent.
- Seeing whether friends are doing things without them: 36 percent.
- Making sure friends aren't saying mean things about them: 21 percent.

Fifteen percent of teens in the study reported receiving inappropriate photos. And 94 percent of parents were unaware of the amount of fighting that occurs on social media.

The workplace is becoming more flexible

Flexible working arrangements have caught on big time in the United States. A study by Flexjobs, an online service specializing in telecommuting and flexible jobs, reported the following trends:

- **Employers are fairly casual about productivity.** Although 89 percent of employers support workplace flexibility, 64 percent have no formal policies regarding telecommuting and flexibility programs, and only 3 percent actively monitor such factors as performance, engagement, and productivity.
- **Health factors are a major driver of flexibility.** Flexjobs found that 32 percent of respondents to their survey believe flexible working arrangements would benefit their health; 29 percent are interested in flexibility in order to have more time for exercise.

Caregiving has its rewards

As Americans live longer, families are feeling a heavier burden in the caregiving area. The Bureau of Labor Statistics estimates that some 40.5 million Americans are acting as unpaid caregivers for older family members. Most just help one person, but 22 percent are responsible for two people and 7 percent provide help to three or more. Most caregivers are between the ages of 45 and 64 (23 percent), but 17 percent of people older than 65 act as caregivers as well.

The demands may be high, but many Americans find the work worthwhile. Yes, 32 percent describe caregiving as stressful, but 88 percent say helping out an elderly loved one is a rewarding experience.

Antilock brakes: Use them properly

Antilock braking systems in cars are designed to improve safety, but they won't do the job unless drivers know how to use them correctly. Here's the right way to use the ABS when you need to stop quickly:

- **Apply steady, firm pressure.** Never pump or “feather” your brakes. The ABS regulates the braking pressure so the brakes don't lock up. If you pump or slightly release pressure on the pedal, it confuses the computer system and shuts it off.
- **Don't let up.** The grating noise you may hear is the sound of the ABS working.
- **Don't yank the wheel.** You can steer your car safely, but if you yank the wheel, you could lose control.
- **Be prepared for skids.** Remember that the ABS doesn't prevent skids. Nor does it allow for shorter stopping distances than conventional brakes.

Don't get zapped at work (or home)

Electrical hazards at home and in the workplace injure thousands every year from burns and shocks. Faulty or overloaded wires cause the majority of accidents, so protect your family and your co-workers by following these guidelines:

- **Get inspected.** If your electrical panel hasn't been inspected for more than 10 years, get a qualified electrician to look it over.
- **Unplug heat appliances after use.** At home, that includes toasters, hair dryers, and irons, among others. In the office, unplug space heaters or anything else that can cause a fire.
- **Use the correct wattage.** Putting a 75-watt bulb in a 60-watt light socket is asking for trouble.
- **Use surge protectors.** They'll keep computers and other appliances safe from overloaded circuits.
- **Keep appliances away from water.** If an appliance that's plugged in falls into water or gets wet, unplug it before you reach for it.
- **Don't yank cords.** When unplugging an appliance, always grip the head of the cord. Yanking and tugging can damage the cord's wire and insulation, which can lead to an electrical shock or fire.

A lesson in taking chances

A story from the book *Art and Fear*, by David Bayles and Ted Orland (Image Continuum Press), illustrates the power of taking chances and risking failure when you're trying to achieve something of quality:

On the first day of class, a ceramics teacher announced that he was putting his students into two groups. Half the students would be graded on quantity of works produced, the other half on the quality of just one work. On the final day of class, the instructor looked at the pots from both groups and realized that the best pots—those with the most creative designs and those that seemed most beautiful—all came from the group graded on quantity.

As the authors put it: “It seems that while the ‘quantity’ group was busily churning out piles of work—and learning from their mistakes—the ‘quality’ group had sat theorizing about perfection, and in the end had little more to show for their efforts than grandiose theories and a pile of dead clay.”

Take a fresh approach to solving problems

You don't always want the same old solutions to everyday problems. Sometimes you want to try something different. From the *Fast Company* website comes these ideas for finding a fresh approach:

- **Rephrase the question.** The way you frame the problem may limit your options. Teach yourself to expand the scope. Instead of, “How can we throw a great birthday party for Ted?” Ask, “What can we do to make this a memorable birthday?”
- **Look for bad ideas.** Seeking perfect solutions can put too much pressure on your creativity. Give yourself a break and try coming up with some bad ideas. You'll get them out of the way quickly, and sometimes a bad idea can lead to something new and exciting.
- **Challenge your assumptions.** Take a hard look at your basic beliefs about the situation. Is the customer really always right? Is the lowest price necessarily the best deal? Turning your assumptions on their heads can suggest a different direction to go in.
