From Bob Kelsey: Community Manager

A few points of concerns and reminders:

1. If you host a function, please remember to make sure all the lights are turned off, the faucets are shut, and the doors are locked.
2. Recycle bins are not to be used as rubbish cans. They are not for any household rubbish or any animal feces.

Activities are still being allowed, but they must be approved in advance by management of ELS and follow some minimum guidelines. As the new strains are surging across the nation and here in Florida, and with the vaccines now being distributed, we will continue to monitor the CDC website, State of Florida website and local websites for any changes that may need to be implemented. Please be advised events or activities may be cancelled with little or no advance notices.

Enough is enough

Investor John Bogle, founder of Vanguard, once told a profound story about the value of money:

“At a party given by a billionaire on Shelter Island, Kurt Vonnegut informs his pal, Joseph Heller, that their host, a hedge fund manager, had made more money in a single day than Heller had earned from his wildly popular novel *Catch-22* over its whole history. Heller responds, ‘Yes, but I have something he will never have—enough.’”

Legend of the touchstone

When the library of Alexandria burned centuries ago, only one insignificant book was saved. A poor man who could read a little bought it for a few coppers. The book wasn't very interesting, but between its pages he found something very interesting indeed—a thin strip of parchment on which was written the secret of the touchstone.

The touchstone, according to the document, was a small pebble that could turn any common metal into pure gold. The writing explained that it was lying among thousands and thousands of other pebbles on a beach. The real stone would feel warm to the touch, while ordinary pebbles are cold.

The man sold his few belongings, went to the seashore described on the parchment, and began testing pebbles. Figuring that if he picked up ordinary pebbles and threw them down again because they were cold, he might pick up the same pebble hundreds of times. So, when he felt one that was cold, he threw it into the sea.

He spent days at his search, picking up a pebble—cold—then throwing it into the sea. Picking up another and throwing it into the sea.

One day, after weeks and months, the man picked up a pebble and threw it into the sea. Then he realized that the pebble had been warm—the touchstone! But he had formed such a strong habit of throwing each pebble into the sea that when the one he wanted came along he still threw it away.

Don't let your habits trick you into throwing away your opportunities.

Storytelling is among the oldest forms of communication. Storytelling is the commonality of all human beings, in all places, in all times.

—Rives Collins

April Fool's Day, April 1. Play a (playful) prank on your friends and family today.

Easter, April 4. Christian celebration of the resurrection of Jesus Christ.

National Pet Day, April 11. Celebrate the joy pets bring to our lives and remember the plight of animals in shelters waiting for a forever home.

Jackie Robinson Day, April 15. On this day Jackie Robinson became the first Black man to play major league baseball in the modern era.

Take Our Daughters and Sons to Work Day, April 22. A virtual event. Exposing girls and boys to what a parent or mentor in their lives does during the workday is important to their future success.

THE CHALLENGES OF WORKING FROM HOME

The pandemic pushed many people out of the office to start working from home. It's been a tricky transition for some, but relatively smooth for most of us. The Pew Research Center looked at some of the challenges of working from home and how well employees have coped:

- **Technology.** Having the technology and equipment necessary to do their jobs was very or somewhat difficult to 13% of workers, but very/somewhat easy for 67%.
- **Deadlines.** Getting work completed on time was very/somewhat difficult for 19%, but very/somewhat easy for 80%.
- **Workspace.** Having enough room to work was at least somewhat of a challenge for 23% of workers, but relatively easy for 77%.
- **Interruptions.** Coping with interruptions was tricky for 32%, but not much of a problem for 68%.
- **Motivation.** Did you feel sufficiently motivated to get your work done? For 36%, that was something of a problem, but 64% had little or no difficulty.

I could never have gone far in any science because on the path of every science the lion Mathematics lies in wait for you.

WARNING

FATIGUE AND RESTRICTED BLOOD FLOW

PROCEED WITH CAUTION

Chest pressure, a squeezing sensation or chest pain. These feelings may be angina, a symptom of heart disease.

Angina is your heart's warning system. It happens when part of the heart doesn't get enough blood and oxygen. It's also a symptom of coronary artery disease, a type of heart disease. It may feel like a pinching sensation in the chest, and could be accompanied by sluggishness and chest tightness. If you experience any of these symptoms, the experts at BayCare's Morton Plant Hospital can get to the cause and treat it with a procedure that's right for you. We use state-of-the-art technology to treat rhythm disorders and offer minimally invasive procedures for structural heart and valve conditions. Morton Plant Hospital provides care for heart failure through our Heart Function Clinic and BayCare's ventricular assist device program, has an accomplished open-heart surgery program and you can recover from heart issues with our cardiac rehab services. Our team is here when you need us. And we have enhanced safety measures to help keep you protected. Don't ignore your heart's warning system. At Dedicated Senior Medical Center, we're committed to *keeping seniors healthy, happy and at home*. We understand these are scary times, but we're here to help. Dedicated doctors specialize in caring for seniors and that's why we make it easy for you to see a doctor.

Ask yourself:

1. Is your doctor's office still open?
2. Have you heard from your doctor in the past two weeks?
3. Is your doctor personally calling and texting to check on you?
4. Has your doctor called you to explain your risk of coronavirus?
5. Is your doctor's office offering doctor phone visits?
6. Does your doctor allow walk-in visits?
7. Are you able to call your doctor anytime, day or night?
8. Do you have any difficulty getting to and from your doctor?
9. Is your doctor helping to make sure you receive all of your prescription refills?

FLORIDA ANCHOR AND BARRIER COMPANY

To our valued customers:

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

Wishing you good health and safety,

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."
