## ON THE COVER:

While we are forever grateful for all the veterans who have fought over the years to ensure the freedoms that we have, May is the month we put a little more effort into remembering those who were residents here in our own community of Lincolnshire. Not long ago this monument was dedicated to those veterans who have passed, and this month we will again stand before it in a flag ceremony on Memorial Day.

## FROM THE EDITOR

By: Donna Wurtz (lot 938.....509-1182.....momshse@aol.com)

It is so good to see that more and more vaccines are becoming available. Most seniors have received some kind of vaccination by this time, and the younger people are now becoming eligible as well. As of this writing masks and social distancing are still the norm, and probably will be for a long time. Even as vaccinations rise, we have also seen another rise in positive tests. Remember, not everyone is as careful as some of our people.

Just a reminder, we are always searching for stories and articles to publish here in the voice. I am sure that with all the things that have gone on over the past covid year, that many residents have stories to share. We welcome your non-political articles to share with the community. Remember articles are due by the 13th of the month

## FROM THE DESK of the PRESIDENT

By: Harold Wurtz (lot 938.....459-0394.....haroldwur@aol.com)

---

It has been over ten years since Donna and I started getting deeply involved in the Residents' Club here in Lincolnshire.

Over that time we have seen many changes in activities, many new activities, and a large number of residents involved in making things happen and bringing new ideas. We have cooked for large crowds in the clubhouse, and seen many meals catered in as well. Decorations, lights, parties, dinners, shows and more. I will say that the month of April was a true low spot in our experiences here in the clubhouse. We hear residents protest that we do not have enough activities going on, and covid19 protocol should be ignored and there should be activities. So in April, the last residents' Club attendance was a big 8 residents. By far the lowest number in history of the club. Coffee hour attendance was down to 25 and 8 of those people are leaving for the summer. We tried to do Easter dinner, but not enough people signed up.

We need support from those who are busy protesting what is not happening so that we can again begin to make things happen. The club is the fun part of the park. Rickert Properties turned over the responsibility of scheduling any events that happen in the clubhouse to the residents' Club. We are charged with making the events calendar and arranging those events. At this time we are postponing any further coffee hour meetings until October, and no other activities are scheduled until October.

Once again we are asking for your help. Protesting the lack of events is understandable, but to protest and not help, or then not attend events is not helpful in any way. When dinners were scheduled for holidays, residents were given the option of take out or eat in due to covid. Only 4 people stayed in the clubhouse. This has led to some thinking that they could use the Residents' Club as a way to pick up an occasional free meal to go. This of course is not the purpose of the club. We need you HELP to continue with fall events. Step up to the plate – and let's start swinging again.

Stay safe and stay healthy

# COOKING IN LINCOLNSHIRE

By: *donna Wurtz* (#938.....509-1182.....momshse@aol.com)

Since the pandemic we have not been able to enjoy Pot Luck Dinners, buffets, or any other shared meals here in Lincolnshire. We have our cookbook still for sale, and some new residents might be interested in purchasing one, but without our usual events, we thought it would be nice to share some of the recipes that are in our book, and maybe some that didn't get in by the deadline for that edition. If you would like to contribute a favorite recipe, just send it to the above e-mail or drop it by coach 938. In the next few issues we plan to share some of the recipes from residents who have will no longer be making Lincolnshire their home, but have contributed much to the community over the years. Here is one of my favorites from long time resident Dorothy Beishuizen – originally published in our 2008 cookbook.

## BREAD PUDDING

- |                              |                    |
|------------------------------|--------------------|
| 1 loaf French Bread crumbled | 1 cup coconut      |
| 4 cups milk                  | 1 cup chopped nuts |
| 2 cups sugar                 | 1 TBSP cinnamon    |
| 1 stick melted butter        | 3 eggs beaten      |
| 2 TBSP vanilla flavoring     |                    |

Mix all ingredients together and place in a 9 X 13 pan. Bake at 350° for 1 hour 15 min. Serve warm with ice cream or cool whop if desired.

Your recipes are welcome for future editions, feel free to e-mail them to me.

## Residents' club meeting

The meeting of the Lincolnshire Residents' club on Tuesday April 6 was not listed as an official club meeting due to the sparse attendance. Only 8 residents & 4 board members were present. The next official meeting will not be until November per our bi-laws. No business will be conducted during the summer, and due to lack of attendance coffee hour will also be on hold until October when we plan to begin building back to a more normal calendar of events. Other events during the summer months will be at the discretion of the committees in charge of those events. Meanwhile stay safe and continue to follow CDC guidelines. As much as we don't like it, it is still the best way to get back to normal.

**T**hank you everyone who contributed to the spring food drive. More donations were accepted than we expected. We don't have a total weight yet, but the amount was truly surprising with the lower number of residents here in the park.

## RESIDENT HISTORIES

---

**L**ast month we highlighted Barbara LaFleur in our history article. After learning about her nephew's winery in Southern California, we had to make it a destination during our recent visit to that area. The wines were delicious, and the family run operation was a pleasant experience. If anyone wants info about the winery tasting room for your trip to the area, will be happy to share (The info - - not the wine)

Meanwhile we would like to publish more stories about our residents. To do that we need your input. Please send your stories to Donna at lot 938 or to momshe@aol.com.

# “WELCOME TO LINCOLNSHIRE”

By Vicki Marentette (Lot 950...281-2382) Donna Wurtz (Lot 938...459-0394)

Spring has sprung here in Canada. Most of us are in the process of getting our vaccinations. Hopefully, this means that we will be venturing back to Lincolnshire. Hurray!

Seminars for new residents will be postponed until October. In the meantime, any news regarding the committee will be posted in the laundry room by Donna. In the meantime, if you have any questions, please contact Donna.

Even with the vaccine, it is a good idea to remain cautious. Wear a mask and social distance. Stay safe.

Hard believe Memorial Day is right around the corner. Four months for 2021 sure have gone by fast. Hope everyone of our neighbors is doing well and enjoying the beautiful weather we have been experiencing. Summer will be here before you know it. Many of our “winter” neighbors will be heading North soon. Have a safe trip look forward to your return in the fall. We are hopeful we will see our Canadian residents this fall as well.

Wednesday morning Coffee is done till the fall. Mary Jo and I will miss seeing many of you that had been attending. Practice your Happy Birthday singing so we come back loud and on key in the fall.

Good news is always welcome!

Mary Jo’s grandson – Tyler Webert is home on leave from the United State Marine Corps. Will be moving to his new duty station in Japan after his leave. His grandfather Guy would be so proud of him!

**Since our last newsletter we have contacted via cards /calls the following residents who have been hospitalized or home recovering from an illness. Please keep them in your thoughts & prayers.**

Regina Wisniewski #1453 – moved to an assisted living facility.

Marilyn Grubb # 1218 home after brief hospital stay.

Ken Mattison #1275 - home with Brenda’s care.

Marian Anderson #855 – is in a nursing facility in Delaware near family.

**Sadly, reporting the passing of several of our Lincolnshire residents in April.**

Richard Wisniewski #1453

Patrick Riley #516

Cynthia Varga's #163 son-in-law passed away.

Russ Anderson #855

Please don't forget to reach out to Mary Jo and Marge (see phone#'s below) with any information you might have regarding our neighbors that would appreciate a card/call from us to lighten their day. We would also love to hear from you if there are any special events taking place for you or your family.

**T**his month's article is especially important to new owners and new members. Our homeowner's association was incorporated in Florida on February 16th, 1995. 26 years ago. Only a very few current residents still reside here. LHOA is a tenet association and doesn't own or manage the park. The incorporation resulted from very hard work by a few of very forward thinking residents of Lincolnshire. Many have left us. Varying opinions on what caused the residents to urgently join hands to form LHOA. However, considerable hours went into getting residents to join hands and commit by signature to ensuring they were represented by a corporation that would function under Florida statutes. Along with a legal agent (attorney) with considerable experience. Our HOA consistently follows its bylaws which are filed in the county along with following well recognized policies and procedures for a corporation. LHOA ensures our corporate status in updated each year and taxes submitted.

The Directors and Officers ensure our corporate compliance. They are all volunteers, trained and have considerable experience in matters residents and seniors face in mobile home housing. Show your support by maintaining membership and attending Member meetings during the winter season. \$15 a year is a small premium for the Boards vigilance on our behalf.

LHOA makes every effort to keep a very positive relationship with park management and

## LINCOLNSHIRE KENNEL KLUB

WICKETT WURTZ {Lot 938....459-0394.....bigchees99@aol.com}

I am lucky enough to be one of a group of dogs who were given a thing called "whistle fit." It is (or rather it was) an experimental gadget that attaches to my collar and works like a fit bit that people use. It is connected to my "parents" smart phone, and tells them how long I walk, sleep, play and more. It tracks some interesting health related things that can also be relayed to my vet. I recommend it to anyone who could use something like this to help care for their pet. (Of course since you usually walk with your pet – it will tell you something about your own walking too)

Some news from the whistle fit info page:

Raise your hand if you've ever looked over at your sleeping dog and said, "That cannot be comfortable." Everyone, right?

All dog sleeping positions are adorable in their own way: maybe your pup sprawls across the couch, curls up like a croissant, or somehow ends up on their back with their head tangled up in their paws. It's as impressive as it is endearing.

The Whistle app tracks your dog sleep to let you know the quality and quantity of sleep they're getting each night. But we wanted to find out more about why dogs sleep in the silly positions they get themselves into. It turns out, dog sleeping positions can be just as varied and

*Continued on page 30*

unique as your sweet pup. It's often simply a matter of preference. "They're all individuals and they just do what's comfortable"

Here are some of the most common dog sleeping positions you might notice and what they could mean about your pet:

**6 DOG SLEEPING POSITIONS**  
*...and what they actually mean...*

	<b>ON THEIR STOMACH</b> Wants to be able to jump into action if necessary		<b>CURLED UP</b> A cozy way to lay and to stay warm
	<b>ON THEIR SIDE</b> This position is pretty common for dogs		<b>SPLAYED OUT</b> When they're feeling hot or wants a stretch
	<b>ON THEIR BACK</b> Will only do this when they feel very safe		<b>WITH YOUR OTHER PETS</b> They're comfortable with each other

If your dog sleeps on their stomach - This position could mean that your pup isn't quite down for the count just yet. "That's their ready position where they can spring forward. Sometimes it's just comfortable—more belly contact with a cool floor, for example—and sometimes it's because your dog wants to be able to jump into action if necessary.

If your dog sleeps on their side - This position is pretty common for dogs. And just like you may have one side you prefer to sleep on, your pet probably does, too. "Most dogs tend to sleep on one side or another, I think it's just more comfortable for them." However, if your dog suddenly seems to be favoring one side over the other, you might want to make a note of this with your vet. "That could indicate that maybe they're starting to get sore hips or a sore shoulder."

If your dog sleeps on their back - While this is just a comfortable position for some dogs, it's also a nice compliment to your home—because dogs will only do this when they feel very safe. "If you see a dog who sleeps like that, that's not going to be a dog who's timid or afraid,". Instead, that dog feels safe, secure, and protected in their environment.

We will look at the other 3 positions in the next issue  
See you on my walks

Not sure how many of you are aware of a big change in the MRD for your 401k's? You cannot keep retirement funds in your account indefinitely. You generally have to start taking withdrawals from your IRA, SIMPLE IRA, SEP IRA, or retirement plan account when you reach age 70½. However, changes were made by the Setting Every Community Up for Retirement Enhancement (SECURE) Act which was part of the Further Consolidated Appropriations Act, 2020, P.L. 116-94, signed by the President on December 20, 2019. Due to changes made by the SECURE Act, if your 70th birthday is July 1, 2019 or later, you do not have to take withdrawals until you reach age 72. Roth IRAs do not require withdrawals until after the death of the owner.

Your **required minimum distribution** is the minimum amount you must withdraw from your account each year.

You can withdraw more than the minimum required amount.

Your withdrawals will be included in your taxable income except for any part that was taxed before (your basis) or that can be received tax-free (such as qualified distributions from designated Roth accounts).

## A Nurse's Self Care Toolbox #35

Allyn Weibert, RN. (Lot 1438, allynweibert@gmail.com)

Last month we brought this series on diabetes up to current treatments including medications for diabetes. Some people do suffer from low sugar or hypoglycemia. I can discuss that in another article.

Diabetes is a bit like having a toddler living with you. You can't let the child run the house. I will admit to you all that the biggest obstacle to getting and keeping blood sugar levels where our body was designed cannot be done solely by relying on medications alone. Best analogy I can think of is trying to push a car when it is in reverse. Remember we can eat most anything if good healthy food. The real question is how much and what am I going to do when the sugar has been absorbed in the blood and circulating to every cell. All diabetic medications need us to help. The results can be phenomenal when we and are medications are working together.

Ok, let's cover the medications. The first and most basic medication helps the pancreas excrete more insulin. Remember insulin kicks the sugar found in the blood in to each and every cell, 24/7. Metformin is the most common. Our pancreas ages and just simply gets tired even without the constant stress of too much sugar. Upside to these medications is more sugar gets to where it belongs and blood sugar drops. There are two downsides, one is we are asking the pancreas who is already tired to work harder and for at least 14 days we feel lousy. Why do we feel lousy? Our blood sugar hasn't been more normal for a long time, maybe years? Our body is simply saying I don't like this even if it is better. Many people stop taking the medication and don't even tell their doctor. Sad but true. I would tell my diabetic patients who just started on oral meds to call me if they initially feel lousy.

The second most common medications not only help the pancreas make more insulin but also help the sugar get into each body cell easier. Many diabetics over several years begin to have problems just getting more sugar from the blood in to each cell. Sort of like becoming insensitive or ignoring the needed sugar. Again many people feel lousy and stop. Sad again.

There are newer medications that slow down the absorption of sugar in the small intestine (remember that is where almost all the sugar in foods we eat gets broken down and absorbed.)

When oral medications along with doing the hard work of what to eat, when to eat and movement to use the sugar seem to fail and the blood sugar remains high, the physician will then use injectable and still the only way to get real insulin. Supplemental insulin either once a day or more often work with oral medications to get the blood sugar down to prevent further damage to our now fragile arteries.

These are, according to the American Diabetic Association the absolute best "Cut Down's": Cut down on sugar; Cut down on processed meat especially salted varieties; Cut down on energy dense, processed food - such as crisps, cakes, biscuits and pastries and finally Cut down on alcohol. Chew well my friends! Next month I will bother you with other concerns you want to know about though never ask.
