Glen Ellen Park Maintenance Emergency Number – 727-644-3428 – Jim Warren

In case you need to call the Police, instead of 911, call 727-562-4242. You will get through faster.

From Bob Kelsey: Community Manager

Just a few reminders of some Park Rules:

Dogs must be on a leash no more than 6 feet long, whether when walking or being outdoors. Owners must accompany their dogs when outside, then can't be left unattended.

The speed limit in the Park is 10 MPH, not 11 or more. This has become an issue, so please slow it down. There are many residents who like to walk around the neighborhood. If you see someone speeding, please write down the license plate number, description of the vehicle, and lot number if you can. If it is a Vendor such as UPS or FedEx or Amazon, get as much info from the truck/van and report them to their bosses.

We thank everyone for helping and for keeping Glen Ellen a safe place to live.

The Mother's day coffee hour was a different function that was a thanks to all the mothers as well as women who mothered. Everyone seemed to enjoy and liked the food, flowers and scratch tickets. Your participation is greatly appreciated.

The Memorial Dedication we hold every year to remember and appreciate all our heroes in the service as well as dedicated citizens was a success. Thanks to everyone who came and honored them all.

If you have any concerns, please do not hesitate to contact me. I live in mobile #121 or can be reach via phone: 727-238-8927 or email: labbe.nancy@yahoo.com

If you would like to host an upcoming month, please let me know well in advance. During the summertime we will celebrate the major Holidays and have a few other activities. The 4th of July will be next.

Nancy Labbe

COFFEE HOUR

This activity is postponed until October. Coffee will still be served, but any food items will not be purchased or redeemed by the HOA (this includes the first Thursday of the months). Just a reminder to all the membership, Thursday morning coffee hours have a minimum \$2 charge. This is for the costs of the food items and coffee supplies, whether you have one or the other or both, it is still \$2 each person.

Bear hunting

Two men went bear hunting. One stayed in the cabin while the other went out looking for a bear.

He soon found a huge bear, shot at it, but only wounded it. The enraged bear charged toward him, and he dropped his rifle and started running for the cabin as fast as he could.

He ran fast but the bear gained on him with every step. Just as he reached the open cabin door, he tripped and fell flat on the ground. Too close behind to stop, the bear tripped over him and went rolling into the cabin.

The man jumped up, closed the cabin door and yelled to his friend inside, "You skin this one while I go and get another!"

The missing cow

A big city lawyer was called in on a case between a farmer and a large railroad company. The farmer's prize cow had gone missing from his field through which the railroad passed. He filed suit against the railroad company for the value of the cow. The case was to be tried before the justice of the peace in the back room of the town's general store.

The attorney went to the farmer and tried to settle out of court. The lawyer was very persuasive, and the farmer finally agreed to take half of what he was asking for to settle the case.

After the farmer signed the release and took the check, the young lawyer felt a little bad. He said to the farmer, "You know, I hate to tell you this, but I couldn't have won the case. The engineer was asleep and the fireman was in the caboose when the train went through your farm that morning. I didn't have one witness to put on the stand."

The old farmer nodded. "Well, I'll tell you, young fellow, I was a little worried about winning that case myself, because that durned cow came home this morning."

Long way down

On a mountain hike a man falls down into a crack. His wife calls after him, "Are you OK?"

"Yeah!"

"Are you hurt?"

"No!"

"Not a scratch? How come?!"

"I'm not done falling yet!"

Shorties

“Wow, honey, I never thought our son would go that far!”
“Yeah, that catapult is really amazing.”

Years ago, I threw away a boomerang really hard. I've lived in constant fear since.

My aunts would come and tease me at weddings, “Well, Sarah? Do you think you'll be next?” We settled this quickly once I started asking them the same thing at funerals.

Whenever I see lovers' names carved in a tree, I wonder how many people bring a knife on a date.

I haven't been sleeping well recently. Well, that's it for my last talent.

Lunch date

The geography teacher was lecturing on map reading. After explaining about latitude, longitude, degrees, and minutes, the teacher asked, “Suppose I asked you to meet me for lunch at 23 degrees, 4 minutes north latitude and 45 degrees, 15 minutes east longitude?”

After a long silence, a student answered, “I guess you'd be eating alone.”

Absentee

A mother asked, “Why did you get such a low mark on that test?”

“Because of absence,” her son answered.

“You mean you were absent on the day of the test?”

“No, but the kid who sits next to me was.”

Laughter heals all wounds, and that's one thing that everybody shares. No matter what you're going through, it makes you forget about your problems. I think the world should keep laughing.

— Kevin Hart

Monthly

Alzheimer's & Brain Awareness Month. Worldwide, 50 million people are living with Alzheimer's and other dementias. Join the Alzheimer's Association in going purple and raising awareness in June. The more people know about Alzheimer's, the more action is inspired.

Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQ) Pride Month. Celebrated annually in June to honor the 1969 Stonewall riots, LGBTQ Pride Month works to achieve equal justice and equal opportunity for lesbian, gay, bisexual, transgender, and questioning Americans.

National Dairy Month. Dairy products contain nine essential nutrients which may help you better manage your weight and reduce your risk for high blood pressure, osteoporosis, and certain cancers. Whether it's protein to help build and repair the muscle tissue of active bodies or vitamin A to help maintain healthy skin, dairy products are a natural nutrient powerhouse.

National Rivers Month. The United States is home to about 2.9 million miles of river. One out of every three people gets their drinking water from a river or stream. People spend about \$97 billion each year on river-related recreation and tourism, and fish and wildlife depend on rivers, especially during breeding and migration.

Waste and Recycling Workers Week, June 13–19. During this special week of celebration, join together to thank the hardworking women and men who show up daily to keep our neighborhoods and streets safe and clean. Taking the time to simply say "Thanks" goes a long way.

A plan to save the vanishing leatherback turtle

Huge leatherback sea turtles, which weigh as much as a compact car and date back to the dinosaur age, migrate thousands of miles across the Pacific Ocean to the coasts of central and south America. According to U.S. News & World Report, scientists were startled by the discovery that the leatherbacks could make such a long journey, feasting on jellyfish in cold water off the U.S. west coast before heading back home.

Now scientists are worried because the number of leatherbacks off California has dropped 80% in the last 30 years, for a 5.6% annual decline. If it continues—due to climate change, international fishing, and the loss of nesting grounds—they could disappear off the coast within 30 years. The National Oceanic and Atmospheric Administration has launched an aggressive campaign to save them by reducing the number of eggs taken on beaches and reducing the number of leatherbacks tangled up in nets by commercial fishing.

Reflection

Long ago in a small village was a place known as the House of 1,000 Mirrors. A small, happy little dog learned of the house and decided to visit. When he arrived outside, he bounced happily up the front steps to the doorway of the house. He looked through the doorway with his ears lifted high and his tail wagging as fast as it could.

To his great surprise, he found himself staring at 1,000 other happy little dogs with their tails wagging just as fast as his. He smiled a great smile, and was answered with 1,000 great smiles just as warm and friendly. As he left the house, he thought to himself, "This is a wonderful place. I will come back and visit it often."

In the same village, another little dog, who was not quite as happy as the first one, decided to visit the house too. He slowly climbed the front steps and hung his head low as he looked into the door. When he saw 1,000 unfriendly looking dogs staring back at him, he growled, and was horrified to see 1,000 little dogs growling back at him. As he left, he thought to himself, "That is a horrible place. I will never go back there again."

All the faces in the world are mirrors. What kind of reflections do you see in the faces of the people you meet?

The story carries us along, bottles on the tide, each with our secret message and the fervent hope that it does not turn out to be blank.

Facts about your Father's Day gift

Father's Day is June 20 this year, and the 65 million fathers in the United States (give or take a few million) will bask in familial attention and be showered with gifts—mostly neckties.

So where did neckties come from? The earliest known version dates back to 210 B.C., when the Chinese emperor Shih Huang Ti was buried in the ancient Chinese capital Tian. The 7,500 terra cotta warriors built to guard him in the afterlife all wore neck cloths, for reasons unknown.

Similarly, the Roman emperor Trajan erected a marble column in 113 A.D. commemorating a military victory; the 2,500 soldiers depicted all wore some form of cloth neck covering.

The modern necktie evolved from the small, knotted neckerchiefs worn by Croatian mercenaries working for the French in the Thirty Years' War. The word cravat derives from a combination of the French "Croate" and the Croatians' own name for themselves, "Hrvati."

With the rise of the business class in the 19th century, demand grew for neckwear that was durable, comfortable, and easy to tie.

In 1926, a New York tie maker named Jesse Langsdorf developed a technique that improved the tie's elasticity, which allowed it to more easily revert to its original shape. The "Langsdorf" became the most common form of necktie.

Since then, ties have widened as far as 4.5 inches and thinned to three inches (or skinnier) depending on the current style, but whatever their width, they seem to be here to stay.
