## Bear hunting

---

Two men went bear hunting. One stayed in the cabin while the other went out looking for a bear.

He soon found a huge bear, shot at it, but only wounded it. The enraged bear charged toward him, and he dropped his rifle and started running for the cabin as fast as he could.

He ran fast but the bear gained on him with every step. Just as he reached the open cabin door, he tripped and fell flat on the ground. Too close behind to stop, the bear tripped over him and went rolling into the cabin.

The man jumped up, closed the cabin door and yelled to his friend inside, "You skin this one while I go and get another!"

## The missing cow

---

A big city lawyer was called in on a case between a farmer and a large railroad company. The farmer's prize cow had gone missing from his field through which the railroad passed. He filed suit against the railroad company for the value of the cow. The case was to be tried before the justice of the peace in the back room of the town's general store.

The attorney went to the farmer and tried to settle out of court. The lawyer was very persuasive, and the farmer finally agreed to take half of what he was asking for to settle the case.

After the farmer signed the release and took the check, the young lawyer felt a little bad. He said to the farmer, "You know, I hate to tell you this, but I couldn't have won the case. The engineer was asleep and the fireman was in the caboose when the train went through your farm that morning. I didn't have one witness to put on the stand."

The old farmer nodded. "Well, I'll tell you, young fellow, I was a little worried about winning that case myself, because that durned cow came home this morning."

## Long way down

---

On a mountain hike a man falls down into a crack. His wife calls after him, "Are you OK?"

"Yeah!"

"Are you hurt?"

"No!"

"Not a scratch? How come?!"

"I'm not done falling yet!"

## Shorties

---

“Wow, honey, I never thought our son would go that far!”  
“Yeah, that catapult is really amazing.”

Years ago, I threw away a boomerang really hard. I’ve lived in constant fear since.

My aunts would come and tease me at weddings, “Well, Sarah? Do you think you’ll be next?” We settled this quickly once I started asking them the same thing at funerals.

Whenever I see lovers' names carved in a tree, I wonder how many people bring a knife on a date.

I haven’t been sleeping well recently. Well, that's it for my last talent.

## Lunch date

---

The geography teacher was lecturing on map reading. After explaining about latitude, longitude, degrees, and minutes, the teacher asked, “Suppose I asked you to meet me for lunch at 23 degrees, 4 minutes north latitude and 45 degrees, 15 minutes east longitude?”

After a long silence, a student answered, “I guess you’d be eating alone.”

## Absentee

---

A mother asked, “Why did you get such a low mark on that test?”

“Because of absence,” her son answered.

“You mean you were absent on the day of the test?”

“No, but the kid who sits next to me was.”

*Laughter heals all wounds, and that's one thing that everybody shares. No matter what you're going through, it makes you forget about your problems. I think the world should keep laughing.*

## Three tips for a healthy heart

---

**K**eeping your heart in good shape is essential to leading a long and healthy life. The MBG Health website offers this advice for long-term heart health:

- Eat lots of fruits and vegetables. Don't think in terms of limiting what you eat. Instead, focus on increasing your consumption of fruits and vegetables. Also, add more protein and fiber with nuts, legumes, and seeds. You don't have to cut out meat entirely, but substitute fish like salmon and tuna for steak and other red meat.
- Practice meditation. Ten or 20 minutes of meditation a day can improve your mental health, with positive effects on anxiety, depression, and other issues which can contribute to cardiovascular disorders. Check the internet for tips on how to meditate effectively.
- Improve your circulation. Keeping your blood pumping smoothly aids in keeping oxygen flowing throughout your body, which helps you feel energized and mentally alert. Yoga can help. Also, try lying on your back with your legs up against a wall. This reverses the flow of blood, which is especially helpful if you spend a lot of your day standing or sitting.

## Stay safe in the summer heat

---

**S**ummer is upon us. As you get ready to enjoy the warm weather and the great outdoors, be careful not to overdo it. Hot weather can lead to dehydration, heat stroke, and other dangerous conditions. U.S. News & World Report warns of these signs that you may be overheating:

- Fatigue
- Thirst
- Profuse sweating
- Lightheadedness
- Cramps
- Nausea
- Decreased coordination

You should seek immediate help if you or someone near you starts exhibiting any of these symptoms. Before that happens, though, take these basic precautions:

- Wear loose, lightweight and light-colored clothing. Don't forget a hat.
- Stay hydrated. Women should consume about 2.7 liters of water a day, and men about 3.7 liters.
- Seek shelter from extreme heat.
- Avoid strenuous activity in blazing heat.
- Take a shower or bath, or a quick dip in a pool or lake.
- Use air conditioning when possible, or at least turn on a fan to keep the air circulating.
- Take frequent breaks whether working indoors or outside.

**National Rivers Month.** The United States is home to about 2.9 million miles of river. One out of every three people gets their drinking water from a river or stream. "...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

# FLORIDA ANCHOR AND BARRIER COMPANY

To our valued customers:

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

Wishing you good health and safety,  
The Florida Anchor & Barrier Team
