NOTES FROM THE BAY RANCH OFFICE

 **B**E SAFE! Break ins and theft have been occurring in the park recently. Keep your stuff put away, your doors locked, and don't answer your door to strangers. Report any suspicious activity to the police and to management.

 **TO REDUCE SPEEDING** through the park, the back gate will be closed 24/7. If you need an opener, contact Carol in the office.

 **THE PINELLAS COUNTY Humane Society** is investigating numerous cat poisonings in our park. Poisoning any animal is a federal felony punishable by up to 1 year in jail. It is also inhumane and causes the animal to suffer. Don't do it.

 All garbage must be put in the bins behind the clubhouse. Do not put it on the ground. The garbage trucks empty the bins on Monday, Wednesday and Friday, but there are no set times.

 **THE POOL:** No floats are allowed in the pool. Noodles are allowed. If you use an umbrella, fold it up when you leave the pool. Do not use when it is windy. **PROTECT YOUR BELONGINGS.** Residents have reported stolen landscape decorations, tricycles, etc. Lock up tempting items or install a motion detector light to deter thieving thugs. Also, consider reporting late night walkers.

 **COMPLAINTS AGAINST YOUR NEIGHBOR MUST BE IN WRITING AND SIGNED.** Give the written complaint to the office or drop it in the mail slot in the office door. Verbal and unsigned complaints cannot be addressed.

MANAGEMENT WILL ALSO ADDRESS COMPLAINTS ONLY IN WRITING.

 **Rules:** The Park has rules that everyone received and reviewed when they bought or rented their coach. They are also printed annually in the Directory (September issue of Bay Ranch Review). **Please read and follow them.** Failure to follow rules is grounds for eviction, and management has shown that it is willing to evict.

 **Rules commonly broken:**

1. Parking on grass or sidewalk, overnight on street, and/or every day.
2. Parking overnight at the Clubhouse without Office authorization.
3. Failing to register at the office all persons living with you.
4. Piling garbage in front of garbage bins. When you throw garbage, throw it to the back so when you open the door, it doesn't fall out and there is space.
5. Failure to maintain, paint and/or clean mobile home, trim, awnings, planter and driveway.

Dedicated Senior Medical Center

A CHENMED COMPANY

Have the Right Doctor? Ask Yourself These 10 Questions.

At Dedicated Senior Medical Center, we're committed to keeping seniors healthy, happy and at home. We understand these are scary times, but we're here to help. Dedicated doctors specialize in caring for seniors and that's why we make it easy for you to see a doctor.

Ask yourself:

1. Is your doctor's office still open?
2. Have you heard from your doctor in the past two weeks?
3. Is your doctor personally calling and texting to check on you?
4. Has your doctor called you to explain your risk of coronavirus?
5. Is your doctor's office offering doctor phone visits?
6. Does your doctor allow walk-in visits?
7. Are you able to call your doctor anytime, day or night?
8. Do you have any difficulty getting to and from your doctor?
9. Is your doctor helping to make sure you receive all of your prescription refills?
10. Is your doctor offering to help you get your medications delivered?

www.Dedicated.care

**If you answered no to four or more of these questions,
call us at (727) 260-2651.**

Sewage remains an intractable problem. Drains continue to back up because grease, vinyl/rubber gloves, paper towels and other inappropriate items are flushed. **Bay Ranch will not pay to unclog sewers when the clog is caused by inappropriate items put down the sewer. The tenant will have to pay for this problem.**

Eds. Note: It is inappropriate to flush anything other than toilet paper, and doing so causes costly sewer clogs. If the park pays, we all will ultimately, through rent increases.

Also, those so-called flushable personal cleansing cloths are really **NOT FLUSHABLE**. They do not disintegrate in the sewer system, and they **WILL** clog the sewer someplace in the system. Lots of people like to use these cloths in the bathroom, but **PLEASE** do not put them in the toilet. Limit what goes into the toilet to toilet paper. *Eds. Note:* My housemates and I had to hire a plumber when our own drain system clogged due to dishwasher detergent that was not well dissolved. We had virtual rocks of detergent blocking the drain. Our solution (after paying the plumber): liquid detergent.

Those metal electric service boxes behind each mobile home belong to Duke Energy. **Please do not service or pay to service them yourself.**

Call Duke Energy or Carol Alvey (see her cell phone number at the front of the Review) if your electric needs service. Why? Well, in a couple of instances, residents have submitted bills for about \$4,500 for service. If the repair is the park's responsibility, we have an electrician who will do the work for \$1,500. It just makes economic sense.

From the box to the mobile home is the resident's responsibility. Please make your own arrangements with an electrician if that area needs repair. The office can tell you if the repair is your responsibility.

**SEE SOMETHING
SAY SOMETHING
DO SOMETHING**

Homeless people are moving into the park. In one instance, an empty coach was left unlocked and homeless people had moved in. In several instances, people have been sleeping in the driveways/patios of empty homes. And others have been

sleeping on the shuffleboard courts, sometimes using cushions from outside the clubhouse for mattresses.

Please watch out for your neighbor and neighborhood. If you see someone entering a home you know to be empty, or someone sitting or sleeping in that home's driveway/patio, or any other inappropriate behavior of this type, please call the Largo police. It is ok in this case to use 911 because you don't know what the danger is.

Cars left parked on the street after midnight **will be towed**. This is expensive and inconvenient. This is another opportunity to be a good neighbor: by reminding someone whose car is in the street after 10 pm.

continued on page 10

Cars parked on the street during the day should be staggered so emergency vehicles can pass by. Do not park on the grass or sidewalk.

You must register at the office if you have something parked in the field north of the clubhouse, or see Brent (maintenance).

- * Please, put ALL garbage in the dumpsters, even big and heavy items like furniture.
- * DO NOT dump behind, beside or anywhere near the trash bins. Put the garbage in the bins.
- *Put household trash in the smaller trash bins.

* Do not bring garbage to the bins on Monday morning. By that time, the bins are overflowing. Wait until Monday afternoon or later, when the bins are empty.

* Pick up for furniture, tree brush/limbs and other debris will be on Monday, Wednesday, and Friday only. Put out trash after 5:00 p.m, the day before.

***DO NOT DISPOSE OF TVS OR ELECTRONICS IN THE PARK. DO NOT PUT THEM IN OR BESIDE THE DUMPSTER.** We get fined. Call pinellascounty.org/recycle to dispose of them.

*If you need help disposing of something, someone in the park may help you for a fee

Larger families and visitors: Reminder: that rent is based on one or two per household. Each person above the two must pay an additional \$30 a month, including visitors who stay over 30 days. Please be proactive about this and pay the money without first being reminded.

The following information remains in force:

Fires: Test your smoke detectors to make sure they work. Recommended action: purchase a fire extinguisher if you don't have one and know how to work it. If a fire starts, spray it with the fire extinguisher immediately and GET OUT OF THE HOUSE. Fire destroys mobile homes very quickly..

Management requests that you turn off your water heater when the water is off, to prevent the element from burning out. Eds. Note: According to diy.stackexchange.com/questions/3766,

this needs to be done because the element will burn out if the water heater becomes empty. Tankless heaters don't need this.

Other announcements:

The stoves in the kitchen both work.

The purified water dispenser at the clubhouse operates on its own schedule. After someone has filled containers, it may take the dispenser some time to regenerate enough water for more containers. There is a light on the dispenser that tells whether it is ready.

Some have questioned why the application fee is "so high." One reason is to help cover garbage fees, since new owners usually throw away most of the furniture and electronics.

Mr. Larson (the owner) calls the lawn service for lawn care on an as-needed basis. The park pays for lawn mowing, etc., once a month but the need sometimes goes unnoticed. If you notice the lawn needs trimming, please let the office know so they can call Mr. Larson.

FROM THE EDITOR

By Carol Raabe

This month's star article is about feral cats and a Bay Rancher who has committed herself to the community while I (and some of you) have enjoyed the peace and quiet of home. Put your hands together (really) for Barbara Lehman. Or if applauding to no one in your living room embarrasses you, tell her thank you. Or if you don't know her, meet her.

From the Editor

Barbara has been the brains and brawn behind the feral cat rescue happening and available in our community. She has also, it turns out, been the moving force bringing the Helping Neighbors, Inc., into the park with fresh food pantry twice a month the Panera Bread and treats weekly.

On another note, putting out the newsletter during the pandemic has been difficult. There were virtually no park news nor activities. Roger tried, we know, and people who participated had a good time, but most of us did not

Though the pandemic is (sort of) over and we can go about our business without masks, and even shake hands and hug, there will surely be a transition. Our routines, casual as they were, have been forgotten and will need to be reinstated or replaced. One problem I'm having is getting information for the calendar. Are there any regular activities this summer besides canasta and card bingo? Will there be a 4th of July event? Etc. I'm not sure how to resolve this so please let me know if you have ideas. ❤️

BRING WARM CLOTHES

Bay Ranch Canadians usually head back up North in mid-April, with U.S. northerners close behind. That's what we did this year: April 14. This year, Largo has been really warm, even warmer than is usual for summer, so year-around residents probably envied snowbirds. Truth be told, though, I'm writing this on May 11, and it froze last night.

People who are moving to their summer homes may be prepared for winter, spring or summer weather. Their homes have heat and air conditioning, and their closets have warm clothes. For us first time vacationers in the north, though, the old recommendation, "Bring Warm Clothes" would have been, well, a good idea.

Our plan was perfect. Our new 2005 5th wheel RV would be delivered to our camp site on the day we arrived. The guy who sold us the camper would deliver and set it up. "Everything works, or it did the last time we used it in the fall," he promised. By Saturday night, we would have our belongings from our old, tiny camper transferred to the new one and settle in to spend the summer with our grandson and daughter-in-law.

Except the night before our flight, the seller called to tell us there had been a mistake and he couldn't deliver the camper until the next week. Disappointment. And it was already too late to announce any change of plans to the folks who were picking us up at the Sioux Falls airport. They did get the news JUST before they left Chamberlain, though, so maybe the camper delivery delay was only a bump in the road.

So okay. We'd spend the week in Chamberlain, visit the home we rented out there, see our relatives, then pick up our car and head to Webster on Saturday.

Friday night, the seller called again. It had finally been warm enough to check, and surprise! The water heater didn't work. After ½ hour of explanation, he promised a substantial discount so we could fix it ourselves, and we were back to our plan, only slightly delayed and maybe a little richer.

This time, we would pull our old, tiny camper to the campsite and stay in it Friday night until the new camper arrived on Saturday. I texted Jeremiah that we would pick up the little camper around noon on Friday and asked him to have it where we could get at it. When we got to the storage area, though, there was no sign of our camper in the yard. The door to the storage area was locked, too. Ever resourceful, I did what I had done many times before: enter by the back unlocked door, turn on the lights and open the garage door. Still no sign of our camper. Finally, I noticed it behind a small camper with larger campers on each side and a concrete wall at the back.

No way were we moving the camper from that.

Jeremiah promised he was "on the way out there now and would have the camper out in 15 minutes," but we had another hour drive ahead of us and now needed a motel room, so we

...continued on page 26

headed out for Webster. Lucky for us this little South Dakota town is a destination for fishing and rooms are plentiful this time of year.

The next morning, we met our seller in the A&W parking lot. He had left Austin, Minnesota, before 4 a.m. to be there before 10 a.m. We guided him out to our campsite, a drive that included at least 2 miles of gravel, a private road through a permanent campground, and a dirt track. That drive is much longer now that Waubay Lake has grown by many acres itself, engulfing farmland and a real (gravel) road to our campsite and, a few miles beyond, to Webster, and swallowing several other lakes, ballooning from about 8 to 27 square miles and engulfing lots of structure like farm buildings and implements. Structure and weeds give game fish a place to hide while they ambush and feed on smaller fish. The evolution of Waubay Lake since the 1990's floods has made it one of the premiere walleye lakes in South Dakota (walleye are the prized game fish in the upper Midwest) and encourage the growth of other fish valued by anglers.

The seller fastidiously positioned the camper for level, view, and access to water and sewer, gave us an extensive tour of the inside and outside of our summer vacation home, and again promised that everything except the hot water worked.

One week into our summer adventure and we are back on plan.

Well, almost. The old, tiny camper containing most of our clothes and all our household goods is still an hour away. The good news is Jeremiah has promised it is now in the yard waiting for us to pick it up. So that's Saturday.

The weather turns cold and windy. We visit the camper repair person, John, an hour away, for advice about hot water on Monday and again on Tuesday, but it's too windy for us to haul the old, tiny camper until Wednesday. Still no hot water and on Friday, the oven won't light and the propane heat goes out. This turns out to be the coldest night of the spring.

Saturday: Mother's Day Eve. House is getting cold and we're probably out of propane. The supplier closes at noon, and we pull into their parking lot at 12:10. Long story short, we spend another night in the motel. The good news is they serve prime rib for Mother's Day Eve. The other good news: the hotel has a business card for an RV repair person. Our experience is graphing out like a sine curve: up and down, up and down. The repair person, Josh, is adds a fuse to the water heater and voila! We have hot water. He fixes several other things, but the heat/propane needs a new regulator, which must be ordered.

Still, we are parked, have emptied out the tiny, old camper and arranged for it to be sold on consignment, and the weather is getting warmer. Boats are starting to hang out in our bay (code: the fishing is looking up). After three weeks, we think we are back on plan. Life is good.

WE LOVE OUR CATS

Feral cats are back in the news. Not that they haven't been around forever. Brett and Lorri put a dent in them, but unsterilized cats can have up to five litters a year. And so the population explodes. Overpopulation is a real problem and hundreds of thousands of cats are euthanized each year. Preventing kittens from being born can save lives.

Enter Barbara Farmer Lehman, as she is known of Facebook Neighbors. Barbara and her assistant Dee Murphy (Dee, I hope calling you an assistant is ok), have taken on the task of getting medical treatment for our feral cats and kittens. Adult cats are vaccinated, spayed neutered and returned to Bay Ranch. Kittens are treated, housed and fed until they are old enough to be adopted out. Barb and Dee need to be invited by the resident to trap cats on their property.

These services do not come cheap. Barb and Dee are volunteers who buy food for the traps, transport captured cats to the vet, and return them back here (read gas money, not to mention time). But the actual veterinary service is paid for by a \$250,000 grant from Best Friends Animal Shelter to Friends of Strays. Friends of Strays hopes to spay/neuter 2,800 cats in Pinellas County.

So. Got feral cats? Feeding 'em? Loving having them around? Or tearing your hair out because they fight or are smelly? Or noticing that they have litter after litter and don't look very healthy?

Get them some quality medical treatment and improve the quality of their lives. Contact Barbara, Dee, or manager Carol to request they trap your resident feral cats and take them to Friends of Strays. The park has traps people can use, Brent will show you how to use them, and Barbara will provide the cat food. Barbara also uses Dee's trap for some operations. Cats can be turned in Sunday through Thursday until 5:30.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."
