PARADISE ISLAND UPDATE

Pat Walker, Association President

Happy Birthday America!! Despite all the political differences affecting our homeland today, we are still identified around the world as “the land of the free and the home of the brave”; and if you have been watching the news, it is evident that people by the droves continue to flood our borders to avail themselves of the opportunity to participate in all that America has to offer – what other country can boast of having this kind of reputation?? America is celebrating 245 years of liberty and freedom -- and we’re still going strong! Park #1 will honor this special day with a fried chicken dinner; hopefully you have purchased a ticket to participate in this Independence Day celebration. As always, thanks to our entertainment committee for planning this special event which is open to all three parks.

In case you hadn’t noticed, summer is officially here!! The rainy season has arrived ushering in intense heat and humidity. How did the Old Floridians survive without air conditioning and private swimming pools? Be certain to take seriously any notices of possible hurricane formations in the Atlantic and the Gulf; those of us who have lived here for a while know just how scary those strong winds can be. Now is the time to make preliminary action plans in the event of a government imposed mandatory evacuation, and always be certain to have some extra cash on hand and gas in the car as ATMs may be down and fuel supplies non-existent.

The parks will probably become a little quieter as residents make vacation plans – after last year’s lockdown, many are anxious for a change of scenery. Hope you all have a great summer – and if you are driving on the major thoroughfares, drive defensively.

As a reminder, there are no monthly Association meetings scheduled until October, and bingo is limited to once each month – the third Thursday.

Since July 4 falls on a Sunday, businesses (including the Park Office) will be closed on Monday, July 5 and there will be no garbage pickup.

Things you may not know:

1. There is a Lake Haven Park Happenings Facebook Page – if you have not joined consider doing so as it announces park special events and, when known, emergency situations such as water repair closures. The only information you need to disclose to join is your lot number.
2. An ELS Corporate requirement is that Park Management conduct 360 Outside Inspections of each unit twice annually to ensure compliance with Rules & Regulations is being maintained.
3. Upgrades/changes/additions to your unit must be approved in advance by Park Management. Changes may require obtaining a Permit from the City of Dunedin.
4. If you use a vendor who advertises in the monthly Happenings booklet, they will provide you with a form to enter in a monthly cash drawing; deposit the authorized form in the drawing box in the clubhouse.

Watch your mail tubes for any special announcements. See you at the pool.

Happy July everyone!

Park 1 is having the 4th of July BBQ, please see Pat Walker or Marcia Lilley for tickets. We sure have had a lot of great celebrating so far this summer with more to come. Help celebrate our great country. Freedom to do the things we have come to enjoy, the liberty to come and go as we please, no matter race, religion or creed. We certainly are blessed to be in this great country.

Pinellas County emergency management is asking all residents to prepare for hurricane season. We know that June 1 through November 30 is the normal season with August through October being the worst. An above average storm season is predicted with over 20 named storms. Our first “Anna” fizzled out over Bermuda. You need to know your risk of flooding and make a plan with your family. There are guides throughout Pinellas County. Libraries, municipal buildings and organizations to help you. Stay informed with Pinellas NOAA weather updates. Update your hurricane kits with new batteries, portable radio, emergency first aid kits, water, etc. Our shelter is at the community center located on Pinehurst and Michigan Ave if directed to evacuate. Please stay safe.

A reminder that water and fertilizer restrictions began June 1st. Please understand that not adhering to these restrictions adversely effects our precious Gulf waters and marine life. Rainy season will be here soon to help keep our flowers and bushes beautiful throughout the summer.

We are very sad to hear that park 2 president has broken her ankle in an unfortunate accident and had surgery to repair it. We offer our help and aid to her recovery process.

I would like to tell you about the Facebook group “Local Tiki Rides”. They share all the things going on in our Dunedin community. Great group that will pick you up at your home or event and takes you anywhere in Dunedin for tips. Sponsored by Dunedin, these are great fun people. Join their Facebook group for operating days and hours. Karaoke Night was a blast!

Stay safe, healthy and enjoy your July!

Unsportsmanlike conduct

At one point during a game, the coach called one of his nine-year-old baseball players aside and asked, “Do you understand what cooperation is? What a team is?”

“Yes, coach,” replied the little boy.

“Do you understand that what matters is whether we win or lose together as a team?”

The little boy nodded.

“So,” the coach continued, “I’m sure you know, when an out is called, you shouldn’t argue, curse the umpire, or call him a jerk. Do you understand all that?”

Again, the little boy nodded.

The coach continued, “And when I take you out of the game so that another boy gets a chance to play, it’s not a stupid decision or that the coach is an idiot, is it?”

“No, coach.”

“Good,” said the coach. “Now go over there and explain all that to your father.”

The Sacrifice

Eleven people were hanging on a rope under a failing helicopter — ten men and one woman. The helicopter was about to crash under their combined weight, and they realized that one of them would have to let go, otherwise all would fall to their deaths.

No one volunteered, though, until the woman spoke.

She said that she would let go of the rope because she was used to giving up everything for her husband and her sons, and was used to sacrificing everything for men in general without getting anything in return.

The men were so touched by her speech that as soon as she finished, they all started clapping.

Hearing problem

Apriest was giving blessings to children outside his church. Billy, 16, walked up and asked him, “Father, can you help me with my hearing?”

“I’ll try,” the priest said. He put his hands over Billy’s ears and prayed. When he removed his hands, he asked, “How is your hearing now?”

“I can’t tell,” Billy said. “It’s not until next Wednesday.”

A bag of miseries

A rich man every night prayed the same prayer: “Dear God, I am the most unhappy man on the earth. Why have you made my life full of problems? I am ready to exchange my difficulties with anybody else. Can’t you give me an opportunity to exchange my worries with somebody else?”

One night in a dream he heard a voice that told him: “Gather all of your miseries into a bag and bring them to the town hall.”

When he got to the town hall, the rich man saw that all his neighbors had also packed their miseries into big bags. He saw that some people were carrying much bigger bags than his. Even people he had always seen smiling on the street and saying nice things to each other were carrying bigger bags.

Inside the hall, the voice said, “Put your bags around the hall.” Everyone put their bags down, and the voice said, “Now you can choose any bundle that you like.”

And everybody rushed to their own bags.

The rich man also rushed towards his own bag, afraid that somebody else might choose it. But everybody chose their own bag with great relief and happily carried their bags back to their homes. Even the rich man who had prayed for years to exchange his miseries was very happy. He walked home thinking, “Who knows what is in the other bags? At least we are aware of our own problems. And we have become accustomed to our own difficulties.”

Moral: Solving your own problems is better than exchanging them with someone else.

Give 100 percent

A little boy and girl were enjoying a pleasant afternoon playing outside in their neighborhood together. The boy showed the girl his collection of beautiful, unique marbles. In turn, the girl showed the boy the handful of candy that she had just gotten for her birthday.

The boy proposed that the two of them switch—he would give her all of his marbles if she handed over all of her candy. The girl agreed, as she found the marbles to be beautiful as well.

The boy handed over all of his marbles, but kept one—the most exquisite one of them all—in his pocket. The girl kept her promise and gave the boy all of her candy.

That night, the girl was happy with the exchange and peacefully went to sleep.

The boy, however, couldn’t sleep, because he kept wondering if the girl had secretly kept some of her candy, just like he did with the marble.

If you don’t give 100%, you will always assume your partner isn’t giving 100% either.

You think high school algebra was hard? Try wrapping your mind around these amazing numbers, courtesy of the Cracked website:

- To write the largest known prime number in a straight line, you would need a sheet of paper 23 miles long.
- Americans use 100,000,000,000 plastic shopping bags a year, enough to stretch end to end around the equator twice every day.
- A blue whale can eat up to 40 million small krill a day—about 7,900 pounds, which is more than the weight of a Hummer.
- A Rubik’s Cube has 45,252,003,274,489,856,000 possible configurations.
- There are 12.1 trillion digits of pi known right now. A piece of paper needed to write them in a straight line would stretch to the sun and back.
- LEGO manufactures 125 million bricks a day, more than the number of banknotes the U.S. prints in a day (38 million).
- Beetles represent 30% of all known animal species, with more than 300,000 species currently identified.
- People send 205 billion emails every day. If you were to print out each one on a separate sheet of office paper—which would consume 25 million trees—the stack would stretch halfway around the equator.

‘We hold these truths to be self-evident ...’

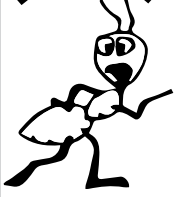

On July 4, Americans celebrate the signing of the Declaration of Independence. The Declaration was officially adopted by the Continental Congress in Philadelphia on July 4, 1776, although Congress formally declared independence from Great Britain on July 2, and the Declaration wasn’t signed by all 56 members until August.

Some other facts about the founding document of the United States that you may not know:

- There’s a message on the back. No, it’s not an invisible treasure map (as in the Nicolas Cage movie *National Treasure*). The words “Original Declaration of Independence, dated 4th July 1776” appear on the reverse side of the document on display in the National Rotunda, at the bottom and upside down.
- About 200 copies of the Declaration were immediately produced by printer John Dunlap for distribution through the 13 colonies. Of these original “Dunlap broadsides,” 26 still exist.
- The original document wasn’t printed on paper, but “engrossed” on parchment. Engrossing is a process for preparing an official document in large, clear handwriting.
- At the bottom left corner of the Declaration is an unidentified handprint. Historians speculate that it’s the result of the document’s being rolled up for transport and handled by various people for extensive exhibition in the early years of its existence.
- The two youngest signers of the Declaration were Thomas Lynch Jr. and Edward Rutledge, both of South Carolina, both 26 years old at the time. The oldest signer was Benjamin Franklin, 70. Nine of the original signers died before the American Revolution ended in 1783.
