## FROM THE EDITOR'S DESK

Debbie Girard [Girard1725@icloud.com](mailto:Girard1725@icloud.com)

**H**i All:

July 1, is **Canada Day** which is a pretty big deal up here. Comparable to Independence Day. It is Canada's 154th birthday.

July 4, Fun Facts about **Independence Day**, each year around 500,000 people gather to watch fireworks & listen to patriotic music in Washington D.C.

There were around 2.5 million people living in the U.S. when independence was declared in 1776. Today there are well over 300 million people in the country.

Each year there is a famous hot dog eating contest in Coney Island, New York. Around 40,000 people show up to watch and millions watch it on TV. In 2011 the winner was Joey Chestnut who ate 62 hot dogs in ten minutes.

"You have to love a nation that celebrates its independence every July 4th, not with a parade of guns, tanks, and soldiers who file by the White House in a show of strength and muscle, but with family picnics where kids throw Frisbees, the potato salad gets iffy, and the flies die from happiness. You may think you have overeaten, but it is patriotism."

– Erma Bombeck

Hope ya'll enjoy your 4th of July!!!  
Hope everyone is doing well.  
Take care of each other and stay safe.  
Best regards,  
Debbie

## July in History

- **July 6, 1957:** 15-year-old Paul McCartney and 16-year-old John Lennon meet at a church picnic near Liverpool
- **July 9, 1960:** Seven-year-old Roger Woodward is the first person to survive going over Niagara Falls without a barrel.  
Family friend James Honeycutt is on the Niagara River in his aluminum boat with young Roger and his teenaged sister Deanne. When the engine dies, quick-thinking Honeycutt orders the children to put on lifejackets. The boat is pulled into the current and overturns. Deanne is rescued by two men standing on the shore, while Roger and James go over the Horseshoe Falls. Honeycutt drowns, but little Roger survives thanks to the lifejacket. The boy is picked up by the Maid of the Mist after a harrowing eight minutes under the falls.
- **July 23, 1962:** Jackie Robinson became the first Black player to be inducted into the National Baseball Hall of Fame.

## RIVIERA ESTATES – FROM THE OFFICE

Mike Richards, Community Manager

---

To: Residents at Riviera Estates  
Dear Community,

Date: 5-21-21

I am so glad we get to live here in Clearwater. Today is another beautiful day with a nice breeze keeping us cool. You may have noticed the new Duke Energy Trail currently coming together back behind our park. This could be a nice short cut if you wanted to walk to the mall. And on a bike, you could go for miles and miles. Be safe and enjoy the day.

**SALES-** Did you know our sales by dollar for 2021 have already passed total sales for 2020 here through this office? The average used home sale for us per home is \$28,000. This month we sold 2 fixer uppers for just under \$15,000. They both sold in under 1 day. See our listings at; <https://www.mystatemls.com/profiles/us/134453/> Our sales team includes our home office and our regional sales manager. Our ads get people into the home. We do work hard. And it seems to be a great time to sell a home. Let me know how we can help.

**Spring Cleaning-** Homes will need to be pressure washed almost every year. If your driveway has been painted then it will need to be maintained. Only outdoor furniture is allowed on carports and screen porches. No appliances, recliners, etc are allowed in screen porches or under the carport. No building material is allowed to be laying around outside of the home. Such storage items must be stored out of sight.

**Skirting-** Many have repaired this already. Thank You! All skirting must be white split brick. Wrapping outside of brick skirting with chicken-wire or similar material is not allowed. This will be written up like any other community violations. I am noticing pest control workers working hard to sell this to you. They must put it behind the white brick, if you choose to have this done.

**Painting your home?-** Colors must be approved at the park office. We do want current colors that are fitting for a nice manufactured home community.

Sincerely,  
Mike Richards  
Community Manager

## Riviera Spotlight: Fred Bebow

### My Life & Times

by Fred Bebow

I was born on September 6, 1942 in Alma, Michigan. I lived with my parents, brother Bruce and sister Cindy on a farm and had a pretty idyllic childhood, other than at age 15, when I was riding home on my motorcycle from milking cows for my uncle when I was hit by a car and was actually thrown into the window of the car! I was hospitalized for a whole year with many cuts, bruises and two broken legs.

I have been married to Ruthann ("Fanny") for 60 years and we have three sons, nine grandchildren and seven great-grandchildren. We live close to most of them and enjoy many family get-togethers.

After high school, I continued to work on the family farm as well as working as a police officer in Alma.

At age 40, I retired to Houghton Lake, Michigan, where I worked part time for some friends who owned a bar, the Kilkare. That quickly became a full-time job and I greatly enjoyed talking and joking with the customers and other employees. I retired from the bar after 25 years.

While working at the bar, I was an extra in a movie, "Frozen Stupid," which starred Ernest Borgnine. The movie wasn't very successful, but it was the talk of the town for a while and great fun. Meeting Ernie was a highlight.

I have always loved riding and buying and selling motorcycles. I have travelled all over the lower 48 states and parts of Canada on a motorcycle, including Ontario, Nova Scotia and Prince Edward Island. My wife accompanied me to 45 of the states from 1996 to 2008. I rode a total of 360,000 miles until I switched gears to side-by-sides. I have owned a few!

## Diana's Words of Wisdom:

---

**A**nd on the 8th day, God created Seniors

### God's Plan for Aging

Most seniors never get enough exercise. In His wisdom God decreed that seniors become forgetful so they would have to search for their glasses, keys, and other things, thus doing more walking. And God looked down and saw that it was good.

Then God saw there was another need. In His wisdom He made seniors lose coordination so they would drop things, requiring them to bend, reach, and stretch. And God looked down and saw that it was good.

Then God considered the function of bladders and decided seniors would have additional calls of nature, requiring more trips to the bathroom, thus providing more exercise. God looked down and saw that it was good.

So if you find, as you age, you are getting up and down more, remember it's God's will. It is all in your best interest even though you mutter under your breath.

Nine Important Facts to remember as we grow older.

1. Death is the number 1 killer in the world.
  2. Life is sexually transmitted.
  3. Good health is merely the slowest possible rate at which one can die.
  4. Men have two motivations: hunger and hanky-panky, and they can't tell them apart. If you see a gleam in his eyes, make him a sandwich.
  5. Give a person a fish and you feed them for a day. Teach a person to use the Internet and they won't bother you for weeks, months, maybe years.
  6. Health nuts are going to feel stupid someday, lying in the hospital, dying of nothing.
  7. All of us could take a lesson from the weather. It pays no attention to criticism.
  8. In the 60's, people took LSD to make the world weird. Now the world is weird, and people take Prozac to make it normal.
  9. Life is like a jar of jalapeno peppers. What you do today may be a burning issue tomorrow.
- Please share this wisdom with others; I need to go to the bathroom

An eye witness account from New York City , on a cold day in December, some years ago: A little boy, about 10-years-old, was standing before a shoe store on the roadway, barefooted, peering through the window, and shivering With cold.

A lady approached the young boy and said, 'My, but you're in such deep thought staring in that window!' 'I was asking God to give me a pair of shoes,' was the boy's reply.

The lady took him by the hand, went into the store, and asked the clerk to get half a dozen pairs of socks for the boy. She then asked if he could give her a basin of water and a towel. He quickly brought them to her.

She took the little fellow to the back  
part of the store and, removing her gloves, knelt down, washed  
his little feet, and dried them with the towel.  
By this time, the clerk had returned with  
the socks.. Placing a pair upon the boy's feet, she purchased him  
a pair of shoes..  
She tied up the remaining pairs of socks  
and gave them to him. She patted him on the head and said, 'No  
doubt, you will be more comfortable now..'  
As she turned to go, the astonished kid  
caught her by the hand, and looking up into her face, with tears  
in his eyes, asked her:  
'Are you God's wife?'

# Chakras

by Claudette

---

I would like to introduce you to Chakras and it's meditations.

There are seven main colors and we will explore one color and it's attributes per month. This will include what they offer us, where they are located in our bodies and how to use them to our advantage.

Many years ago when leaving an abusive marriage, I swear that my faith and my meditations literally saved me in many ways! I have many meditation C/D's but my life saving/ mind saving one was and still is "The Healing Waterfall" I have had many people here in the park, come to my home or carport to listen with me. I have had family members call and listen with me before choosing to purchase it (Amazon). I wore out my first CD and needed a new one.

Over the past few decades there has been an explosion of interest in complementary medicine. This has led to a deeper understanding of how the body functions and how energy flows through it. At the same time, people have developed a greater awareness of a more subtle energy system--the chakra system. This is like discovering a part of the anatomy that we did not know existed and being able to use use it to enhance our health and well-being.

We know that a person's illness often first manifests itself in the chakras, before the body, mind and emotions. We also know that we can not be completely healed if the chakra system continues to be out of balanced or blocked. By understanding how each chakra affects a particular body function and emotion it is possible to identify where a chakra is malfunctioning or blocked. We will learn practical methods that we can balance our own chakra systems. Each chakra is closely associated with a specific organ or endocrine gland., these spinning vortices of energy are part of the subtle energy system, which forms the basis of an ancient Indian approach to healing our physical, mental, emotional and spiritual selves.

The word chakra means "wheel" or "disk". These energy forms are traditionally shown as lotus flowers, each resonating at different frequencies, corresponding to the colors of the rainbow and enhanced by certain related gem stones. The traditional Hindu system has seven major chakras though there are more expansive ones known. These are positioned with the stems of each lotus flower metaphysically "embedded" into the spinal column from the coccyx to the crown of the head.

Plants, soil, air, water all have energy!!!! We like all animals also have "energy". We

*continued on page 36*

absorb our energies with these other elements. We take in energy from mother earth. We take in energy from our God. We pull it all in and replace the negative. Chakra healing is based on the belief that in order for total well-being to take place we must act as an integrated whole. The chakras operate like interconnected, self opening valves that channel the " electrical current" of universal life force into the body. Our brain is "electrical currents" when it stops, we are brain dead. Our heart is "electrical currents", when it stops, we need to shock it or we are dead. Our organs are all energized to repair and protect us or we die.

Let's learn to better manage our total selves. We will start next month with the first...ROOT CHAKRA.

Claudette Lusignan
