## FROM THE OFFICE

The Pool is currently being renovated. Unfortunately, Red Tide is making a trip to the beach impossible; if you haven't ever visited the Park Library now may be a good time to discover all it has to offer. In addition to the large assortment of books, you will find jigsaw puzzles and DVDs...everything is free of charge and used on the honor system. Please take any trash with you when you leave and turn the lights off.

The speeding problem continues, along with the residents who still don't understand what STOP signs are for. Overnight parking continues on the grass and streets; signs are posted on the vehicles, and I do a follow up letter. If the offender does it again, I will have the vehicle towed!

People do not know how to park during the day....you park on the same side of the street that you were traveling! AND close to the sidewalk, not 3 feet away! The streets are narrow as it is, but this stupid parking could lead to a delay in emergency vehicles getting to someone in time.

I send out 15-20 letters a week for rule violations, including unregistered guests. The Surfside Condo collapse in Miami should help everyone understand why it is so important to know who is in the park in case of an emergency. They still have no idea how many bodies may be buried. I have heard residents say, "it's nobody's business who I have visit". I don't care who you have visit, I am here to enforce the Park rules, which says guests must be registered after 48 hours and undergo a background check if they are here over 30 days.

The attitude that "I pay my rent and I will do what I want" is the attitude of someone who needs to move to a trailer park without rules; we have a mobile home community where neighbors watch out for each other and management tries to ensure that you have a clean, well maintained park to live in, WITH RULES, at a reasonable rent rate.

Several times the water has been shut off due to emergency breaks in the pipes. It is impossible to notify residents of a break when it happens. Maintenance (and some helpful residents) get the leak repaired and the water back on as soon as possible. If you think you know of a way to notify 400 homes and approximately 600 people about a broken water line, I would love to have you make an appointment and present it to me! It is no different than storms causing power and cable outages. Lightning recently went thru my mobile, blowing out a 65" TV, 3 cable boxes, and misc. wiring. Who can I complain to???? Use some common sense, these things happen. Park management and Park maintenance has no control over these emergency situations.

Speaking of Park maintenance, that would be Roy. He only works 24/7 in case of emergencies, not for people to go knocking on his door, asking about homes to buy, to relay information to the office, to complain about their neighbors, etc. Please do not go to his door or direct other people there for non-emergency situations. Respect his right to privacy!!!! If someone shows up at my door, I let them know in no uncertain terms what the office hours are.... unless it is something that truly needs my attention asap. (This also goes for Joelle, my Office Assistant).

Be grateful that you have management and maintenance with blood pumping thru our veins, not a corporation who manages with the bottom line!

I will be out of town Aug. 6th thru 22nd; Joelle will be able to reach me if she encounters any situations where she doesn't have the answer, but I have complete confidence that she can handle it (Chuck is her back-up).

Another reminder, we are in Hurricane season, be prepared!

The next Manager's Meeting will be **Sept. 15TH**, 9:00 A.M. for coffee; meeting at 9:30 a.m. Please note: If you plan to attend, practice social distancing that you are comfortable with. If everyone at the table is wearing a mask and you are not, please respect that and sit elsewhere.

## LIBRARY

---

“Only to Sleep”, a Philip Marlowe novel, was written by Lawrence Osborne. In “Only to Sleep”, Phillip Marlowe is a retired 72-year-old private eye and is living in Baja California. One day while sipping margaritas and playing cards at the La Fonda hotel, in walk two men with a case for him. For Phillip it's his last hoorah. It seems Donald Zinn has died of a drowning accident while out on his yacht, leaving behind a much younger wife who is now very rich. Is Donald really dead? Phillip travels from California to Mexico and back to find the truth.

Lawrence was born in England in 1958. His non-fiction ranges from memoir through travelogue to essays. He is a traveler. Right now, he is residing in Bangkok.

His book, “The Forgiven” was filmed in Morocco and “Hunters in the Dark” is being filmed in Cambodia.

I liked this book because it says just because you are getting on in years it doesn't mean you aren't still useful! And what about all the knowledge we have collected through the years!

There is a designated spot where all the books Embassy has from the featured Author will be on display.

Don't forget the Library is open daily 10 – 6: Wi-Fi can be accessed from the screen room 24/7. Please use your Library.

The office also has for sale pool cover-ups, embassy mailboxes, and face masks that help support our Library.

Please remember to be safe and take precautions. Turn out the lights and please turn off the fans when you leave. Please take your garbage with you.

## PHOTOS WANTED

---

Some of you may recall the Embassy Park 60th Anniversary event hosted by the Red Hatter's in April 2017. The Red Hatter Ladies gathered photos and created static displays depicting the history, people, and happenings at our Park. We (Vanessa and I) would like to capture snapshots of things that have happened in our park since then. We have scoured the News and Views magazines for articles, but we lack pictures commemorating the events. Sooo.... we are asking for anyone with pictures of Embassy Park events, parties, dinners/breakfasts, activities from Thanksgiving 2017 through Christmas 2020 to share them with us. Our plan is to assemble the pictures into a scrapbook when (when complete) will be available to all at the monthly Manager's meetings. You may send digital photos to the office email ([embassymhp@hotmail.com](mailto:embassymhp@hotmail.com)) or deliver hard copies to the office during normal business hours. Please identify the event and the year, and, on the back of hard copies, write your name and lot number so that we may return the original photos back to you.

## MY ADVENTURE UPON RETURNING HOME

As many of you know, I came home from Florida to Ohio to a home disaster. My friend Matt turned on my water Saturday afternoon and I arrived home Monday morning to 2 major floods going on in my home. The water line going into my frig had broken and my kitchen flooded; my toilet in the master bath cracked and it was flooded. After I was able to get the water to those areas shut off, I spent the next few hours sopping up the flood. I tried to turn the heat up in my new furnace (purchased last summer), but it would not respond. My furnace man came right out and declared the inside of my furnace was fried. I needed all new “inners”. It was either hit by lightning or had a big power surge. I spent the next several hours on the phone to my insurance company.

It took a week for the insurance to OK the claim and on May 15th a reclamation company came to start tearing the house apart and told me I had to get out. I packed a suitcase and moved to my sister’s basement. It took two weeks to dry out the house. What was destroyed? My master bath and bedroom, living room, dining room, family room, kitchen, utility room, and other bathroom. The only rooms not destroyed are my back two bedrooms.

So here I am, living in my sister’s basement. She has a rec room with bath, the couch makes into a bed, and I have a TV. Everything I possess is boxed up, covered up or stuffed into the back two bedrooms at my house. I have a construction company under contract to put my house together again, but they haven’t started yet.

According to them, I’m “on the list.” Wish me luck!

## FAKE NEWS MEETS CHANNEL 8

When I first heard the phrase “fake news” I thought it was ludicrous. Well, let me tell you about my experience with Channel 8, one of our local news channels.

A power pole fell, rotted off at the ground, behind lots 647 and 649 on a Sunday afternoon. Roy called me to come look at it; I had him call our electrical company, who maintains 24/7 service. They advised Roy to call Duke Energy to come out and shut the power off---I witnessed live wires laying on the ground, with rain in our immediate forecast. Duke came out and Dundedin Electric scheduled us for a service call first thing on Monday morning. Due to the age of the equipment, and a rotted pole, parts would need to be located. Both residents affected were notified that it would be repaired as soon as possible, tentatively on Thursday morning once all of the parts became available. Mr. Myers, Lot 647, said no problem, he would get a ride to a hotel. Mr. Behrend, Lot 649, was at work. In the meantime, Roy was informed that Pinellas County now requires all mobile homes to have 100-amp service, which meant that the 2 homeowners would be responsible to get the new service from the pole to their unit, possibly having to replace their breaker box. They were advised that Roy is not a licensed electrician, that they would need a licensed electrician to do any work that needed to be done to hook them up to the new service. All tenants sign a form when they move in, which explains to them what utility repairs (sewer, electric, etc.) are the Parks responsibility and what is the homeowners. Embassy’s responsibility ends at the pole.

On to the interview—I was informed that Channel 8 was coming out, so I went over to Mr. Myers lot. While I do not fault their right to do a story, they should have edited it to reflect the real situation. Instead, they chose to focus on the fact that one resident was 102 years old (a good tenant, absolutely amazing how well he does living on his own). The interviewer, Christine Mclarty, omitted most of the interview. Mr. Myers said, on camera, that even though the Park would pay for his hotel, he still did not plan to go. She also did not mention the parts shortage and the new Pinellas County requirement of 100-amp service. She mentioned that Mr. Myers was forced to stay under his carport to get out of the heat.... again, he chose not to go to a hotel. Ms. Mclarty was told that this Park is over 60 years old, and things break. She also was told that we require a licensed contractor, that Roy is Park maintenance, and therefore could not go into Mr. Myers home and give an opinion about his electrical box. I also mentioned that we have had 2 mobiles burn due to electrical fires....all said on camera and all edited out!

Family Owned & Operated

For Over 3 Decades!

On Monday, Joelle spoke with Mr. Myers granddaughter, Glenda, who lives in the FL Keys, and explained the situation to her. She said she did not think her grandfather had went to a hotel on Sunday night, and that she would be talking to him. Another granddaughter, (Susie, who lives in TX) called the News station without reaching out to the Office for information. I understand we have limited hours, and I tell everyone to reach out via email. The answering machine even gives everyone the email address.

So here is the takeaway for all Embassy residents.....if the power at your pole goes out and the entire box needs to be replaced, you will be required to upgrade your electrical service to 100 amps.

Also, Mr. Larson has authorized me to order back up parts, if we can find them, so any future electrical problems can be repaired quicker.

Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.
