## VINTAGE BUTTON NECKLACE

---

### To make this necklace you'll need:

1. Vintage buttons - enough to make a necklace, Cutting pliers, Faux leather, Satin ribbon, Sewing scissors, Hot glue (gun), Faux pearl beads.
2. Choose buttons of different sizes, colors and types.
3. Arrange buttons on a flat surface and try to create a nice pattern.
4. Cut the small loops off the back of the buttons with wire cutters. Make the bottom of the button as flat as possible.
5. Measure and cut enough faux leather to make the necklace.
6. Cut enough satin ribbon to tie a bow knot at the back of your neck. I took 20 inches long satin ribbon. Burn both ends of the ribbon after cutting it.
7. Glue the satin ribbon to the faux leather. Keep even amount of ribbon on both sides of the faux leather.
8. Apply hot glue on the back side of the button and quickly place the button on it's position.
9. After gluing all the buttons, add some faux pearl beads to fill the small spaces.
10. Trim fabric neatly near the border of the buttons so that it can't be seen. Use sewing scissors to cut the faux leather.
11. Burn the top side of the trimmed fabric to secure the satin fabric.

## HOW TO STAY SAFE AND COOL IN HOT WEATHER

**H**eatstroke and heat exhaustion top the list and can be quite dangerous. If you start to feel sluggish, light-headed, nauseated or dizzy after being outside, listen to your body. Get into the shade or seek out air-conditioned areas. A cool shower or pouring cold water over wrists, ankles and the back of the neck can also help get body temperature down.

**Dehydration** is a serious problem for older people. It's very important to keep up fluid intake. Drink a full cup of water with vitamins or medication, instead of a sip, can encourage people to drink more fluids.

Also, avoid alcohol and caffeine, as they can be dehydrating.

### How to Keep Older Adults Safe in Extreme Heat

Older people have an increased risk of skin cancer, so wear sunscreen with broad spectrum protection, a broad-brimmed hat and sunglasses.

**Heat rash**, that prickly, itchy skin condition, can develop if you're out in the sun. Wearing light-colored, loose clothing made of breathable fabrics can help keep you cool and prevent rashes.

### Cooling strategies

**Stay inside on the hottest days.** Seek out air-conditioned areas. There are also low income energy assistance programs if you're having trouble paying your electric bill. Contact the nearest office for the Low-Income Home Energy Assistance Program (LIHEAP) for more information.

**Take a dip.** That could mean going for a swim or a float in a pool or a lake, but it can also mean taking a cool shower.

**Seek out shade.** Take a walk in the woods instead of on a path in full sun, or do some gardening under a tree. If you need to go out, shift your timing to early morning or evening when the sun isn't as strong and more shade is available.

**Get more water.** Get in the habit of sipping regularly. As people age, the ability to sense thirst wanes, so drink liquids often in hot weather. Flavoring water with fruits and even vegetables like cucumber can make it more inviting and some reusable water bottles include a core to load with lemons, apples or strawberries. Some fruits have a high water content, so choose watermelon or grapes for snacking.

## Buttery Shortbread Cookies

### Ingredients

- 2 cups salted butter, cold and cut into pieces
- 1 cup packed light brown sugar
- 4 1/2 cups all purpose flour, divided
- Optional: Your favorite sprinkles

### Instructions

1. Preheat oven to 325F, with rack on lower middle position. Line baking sheets with parchment paper or silicone mats; set aside.
2. In the bowl of a stand mixer, add butter and brown sugar. Using paddle attachment on medium-high speed, mix until fluffy and light, several minutes. Add only 3 1/2 cups of the flour and mix on medium-low speed until combined.
3. On a large board, sprinkle 1/2 cup flour to keep dough from sticking to the board. Use rubber spatula to transfer dough to the board. Knead dough by hand for 5 minutes, adding only as much of the remaining 1/2 cup flour as needed to make a soft dough, while continuing to knead by hand. The dough should end up soft and pliable, similar to play-dough, not sticky. Work in desired amount of sprinkles, if using. (Important Note: You may not end up using all the flour, depending on how your dough feels; it's important to stop adding flour as soon as your dough feels like soft play dough.)
4. Divide dough into thirds, wrap tightly, and chill for at least 30 minutes or until firm enough to roll and cut shapes. Roll one-third of the dough out to about 1/2 inch thickness (lightly flour board if needed.) Either cut into 3×1 rectangular strips, triangles, or use cookie cutter for shapes. Place each cookie 2 inches apart on baking sheet. Poke cookies with fork to design if not using sprinkles.
5. Bake 15-20 minutes, or until edges are golden brown. If your shapes are smaller, bake less time. Bake longer for bigger shapes. Repeat with the remaining dough, working in batches so dough stays chilled and workable.
6. Cool completely on wire rack before serving. Cookies keep very when sealed airtight, at room temp.

### Notes

Extra dough can be frozen for up to 2 months. Wrap completely airtight; defrost dough when ready to roll/cut.

*Kiss* THE COOK

4. Has your doctor called you to explain your risk of coronavirus?
5. Is your doctor's office offering doctor phone visits?
6. Does your doctor allow walk-in visits?
7. Are you able to call your doctor anytime, day or night?
8. Do you have any difficulty getting to and from your doctor?
9. Is your doctor helping to make sure you receive all of your prescription refills?
10. Is your doctor offering to help you get your medications delivered?

## AUGUST CALENDAR

---

**American Artist Appreciation Month.** The United States has been home to many amazing artists throughout history—Mary Cassatt, Jackson Pollack, Georgia O’Keeffe, Andy Warhol, and many more. Celebrate the month by discovering new American artists of all kinds. Check out your local museums and galleries to support local artists.

**Children’s Eye Health and Safety Month.** Along with shopping for back-to-school clothes and supplies, it’s time to make comprehensive eye exam appointments for the kids. Have your children’s eyes examined during well-child visits beginning around age three. Your child’s eye doctor can help detect refractive errors such as nearsightedness, farsightedness, astigmatism, and other diseases.

**National Water Quality Month.** National Water Quality Month is dedicated to making the most of the relatively small amount of fresh water we have. Clean water is vital to our individual health, our collective agricultural needs, and our environment.

**Read a Romance Month.** Love makes the world go around, right? In August people are ready for a romantic beach read. With no national holidays to distract you, you can make August an uninterrupted flow of all kinds of romantic reads.

## Weekly

---

**I**nternational Assistance Dog Week, Aug. 1–7. International Assistance Dog Week was created to recognize all the devoted, hardworking assistance dogs helping individuals mitigate their disability-related limitations.

**Safe + Sound Week, Aug. 9–15.** Successful safety and health programs can proactively identify and manage workplace hazards before they cause injury or illness, improving sustainability and the bottom line. Participating in Safe + Sound Week can help get your program started, energize an existing one, or provide a chance to recognize your safety successes.

**Brake Safety Week, Aug. 22–28.** Properly functioning brake systems are crucial to safe commercial motor vehicle operation. Commercial motor vehicle brakes are designed to hold up under tough conditions; however, they must be inspected and maintained carefully and consistently so they operate and perform properly throughout the vehicle’s life.

## AUGUST DAYS

**National Nonprofit Day, Aug. 17.** Nonprofits help awareness, research, and aid reach the people who need it most.

**Women's Equality Day, Aug. 26.** The observance of Women's Equality Day commemorates the passage of the 19th Amendment, giving women the right to vote and calls attention to continuing efforts toward full equality.

## NUMBERS IN THE NEWS

### Did we drink more during COVID-19?

**L**ocked down in 2020 because of the spreading coronavirus outbreak, many people baked bread, studied foreign languages, and stopped wearing pants. But did they drink more? It might have been tempting, but a study conducted on behalf of the Beer Institute (reported on the Craft Brewing Business website), found that most people didn't increase their consumption of beer and other alcoholic beverages, despite the assumption that drinking must have increased during the lockdown.

Echelon Insights conducted a nationally representative survey of registered voters age 21+ during March 1–4, 2021. One in five respondents indicated they did drink more beer, wine, and liquor last year, but the same number also reported drinking less, and 60% said their drinking habits hadn't changed at all since the beginning of the pandemic.

COVID-19 did have an impact on the beer industry, though. The pandemic resulted in a loss of almost \$20 billion in retail beer sales, and more than 561,000 U.S. jobs were lost, the majority in bars and restaurants that suffered from restrictions or closed outright.
