President's Corner

Submitted by Bob Lohrman

Hello from the Board of Directors,

I thought I would write this article since it reflects on September and year 2001, concerning our park. 2001 the park was owned by CWS out of California. They notified us that they had an unsolicited bid from a company to purchase the park. We had 90 days to raise the down payment or lose the park.

A committee was forced along, with attorney's and conversion company. The committee went to work to save the down payment. Fortunately, we made it just in time. A \$1000.00 discount on the share for the group that made the down payment. After the contract was signed the shares increased \$1,000.00. Common share was \$39,700 after signing it was \$35,700.00.

Contract was scheduled to be signed 9-11-2000, the day the Towers went down. So, the signing was moved to 9-20-2001. At that point it became Sunset Village Inc. We were the owners and no longer had to worry about losing our homes. Price tag \$18,500,000.00. Happy to report in little over year and will be paid for. There were a lot of ups and downs through the years, but we always came through.

I hope this article sheds some light on the history of our park. That is why 9-2001 is important to me.

Our thoughts and prayers go out to our sick and shut-ins and those who have lost loved ones.

Bob

If they do not get an answer a volunteer or a contact person of your choosing, will be dispatched to your home to check on your well-being. Paula Kilgore and Billie Barnes are the Welcome Committee. They have prepared a basket of goodies and important information when they greet our new neighbors.

Save a life. Starting with yours.

Get vaccinated and stay safe.

More than a year into the pandemic, the science is clear: Getting a COVID-19 vaccine gives you the best chance of avoiding serious complications and hospitalization from the coronavirus. The new Delta variant is 50 percent more contagious and it's spreading rapidly through our communities, filling our hospitals with sicker, younger patients. Continue to mask up and practice social distancing, but give yourself the best chance to stay well by getting the safe and effective COVID-19 vaccine. Protect yourself and protect your family. Lift Station Monthly Reminder – Important

Submitted from the Office

F **LUSH ONLY:** Body waste and toilet paper. **It is highly recommended that only one ply toilet paper be used to prevent clogging the toilet.**

DON'T FLUSH: Tampons- Sanitary Pads – Diapers – Depends – Swiffer Cloths – Dust Cloths – Wet Wipes – Kleenex – Food, etc.

When we flush, the waste goes into a **holding tank** that has two pumps to expel the waste **UP and OUT** into the Pinellas Park sewage system. When any of the above gets flushed, it clogs the pump, overheats it, and burns out the motor.

Sympathy

Children of Victoria Aucoin:
Paula Gicka and Andre Aucoin

We had a really ‘Mean’ mom

While other kids ate candy for breakfast, we had to have cereal, eggs and toast.

When others had a Pepsi and a Twinkie for lunch, we had to eat sandwiches. And you can guess our mother fixed us a dinner that was different from what other kids had, too.

Mother insisted on knowing where we were at all times. You’d think we were convicts in a prison. She had to know who our friends were, and what we were doing with them. She insisted that if we said we would be gone for an hour, we would be gone for an hour or less.

We were ashamed to admit, but she had the nerve to break the Child Labor Laws by making us work. We had to wash the dishes, make the beds, learn to cook, vacuum the floor, do laundry, and all sorts of cruel jobs. I think she would lie awake at night thinking of more things for us to do.

She always insisted on us telling the truth, the whole truth, and nothing but the truth, by the time we were teenagers, she could read our minds.

Then, life was really tough. Mother wouldn’t let our friends just honk the horn when they drove up. They had to come up to the door so she could meet them.

While everyone else could date when they were 12 or 13, we had to wait until we were 16. Because of our mother we missed out on lots of things other kids experienced. None of us have ever been caught shoplifting, vandalizing other's property, or ever arrested for any crime. It was all her fault.

Now that we have left home, we are all God-fearing, educated, honest adults. We are doing our best to be mean parents just like Mom was.

I think that's what's wrong with the world today. It just doesn't have enough mean moms anymore.

Person of Interest

Submitted by Don Barnes and Lynda Schoonover

INTRODUCTION

Lynda and I had the honor and privilege to interview this fine couple, Jim and Heidi Hamilton. It was such a pleasure, to meet them both, inside their beautiful home. They are both friendly, nice, and made us feel at home. They answered all our questions, and shared special stories about their lives. Between the two of them, they have 8 children, sadly one of their daughters passed away. Together they have 16 Grandchildren and no Great Grandchildren.

Jim's Life Story

Jim was born and raised in Cochranton, PA. and graduated from High School at the age of 17. He fell in love with the Marines dress blue uniform and decided to join the Marines, when he was 18 years old. We all need to thank Jim for his 20 years of service to our country and the people in it.

He served his tour in Viet Nam and was stationed in the following states, California, Colorado, Georgia, Hawaii, Maine, South Carolina, and Virginia. Plus, he served in Canada, Japan, Mexico, Thailand, and Viet Nam. Shockingly after discharge he was called up to serve in Desert Storm, fortunately he did not have to go over there, but only train the troopers who were going there.

After the military he found a job as groundkeeper for the Sports complex for a small college Mira Costa Community College in Ocean Side, California. He retired from the college after 15

...continued on page 26

years and received the same pay as when he was working, He said to them, why did you not tell me this sooner.

Jim then decided to sell his home and all his property and buy a RV and travel the country and see all the interesting places to see. He traveled for 6 to 7 years and got to see all the states and so many beautiful places. During the process he was invited to attend a Christmas party in Florida, and there is where he met Heidi.

Heidi and Jim's Story

Heidi told us when we arrived that this was Jim's story and leave her out of it, but this is where she became a big part of the rest of the story. When Jim met her, his life changed forever.

She had owned a restaurant earlier and now worked as a waitress for Park Side restaurant on 49th street; At first at the Christmas Party, she was reluctant to get involved with anyone and did not want to be introduced to someone for a date. After that, he started going to the restaurant to see her, she slowly became interested in Jim.

Sometime later he asked her if she would go on a trip to Alaska, in the RV with him. After thinking about it, she thought that she could make up her own mind and it sounded interesting, so she said yes! The trip was great, and they both enjoyed every minute of it. Especially Alaska, it was so beautiful and the Denali mountains 12 peaks with the snow and clear blue sky and everything was so crystal clear. They have been together for 17 years and married for 16 years. True happiness with each other.

Hobbies, Bucket List

Jim loves to read and with all the books in the library, it really gives him a lot of books to read. He said that he will read about 100 or maybe 200 novels this year. He also has a coin collection, and it is quite large. He spends a lot of time on his screened in porch reading.

Heidi loves to quilt, and she does an amazing job. You should see the one inside her home entrance, framed and hanging on the wall. Beyond beautiful. I don't see how she was able to accomplish that.

The top of their bucket list is another trip to Alaska, and maybe not drive this time, and another cruise. They both said that the most beautiful place that they have seen is Alaska and Jim said that the most wonderful thing that ever happened to him was meeting Heidi.

Sunset Palms Viewpoint and opinions

Heidi has lived in Sunset Palms full time for 19 years and has seen a lot of changes, and Jim for 17 years. They love the neatness and cleanliness of Sunset and think that Cary and maintenance has done a good job of keeping it that way.

The changes that they have seen, is a lot of the homes have been replaced by new and better homes. There are a lot more Canadians here in the park than before. They are happy with the changes and Jim was a caller on bingo when it was being played.

Heidi and Jim have a lot of friends in Sunset Palms and Heidi has known Connie and Joe Pepin for at least 16 years.

Thank you Jim and Heidi for allowing us to interview you both and write this story.

Last Month's Mystery Person

Submitted by John Swisher and Lynda Schoonover

Last month's mystery person is someone every body should get to know. Many people already do. Her name is Paula Kilgore and she and her husband, Larry came to us from the Great State of Ohio.

She has lived here since 2006, full time and was a snowbird for several years before that. She is quite active in the park, being responsible along with her sister Billie Barnes for the distribution of the monthly news letter. She and Billie are also on the Welcome Committee for the park. We are sure you may have met her . She is also active with Bunco, bingo, and shuffle board. She volunteers when needed.

Larry and her have been married for 56 years and have one daughter and a son, now deceased. They have 4 grand children and six great grand children.

Changes she has seen in the park are the fountains back at the lake and new homes coming in. She would like to see Bocce courts by the Shuffle building and also move the horse shoe court to the front along with cornhole.

Her memorable moments were getting married and be able to live close to her sister Billie. Paula is pretty happy with her life, but her bucket list would include a trip to Niagara Falls.

Travel Committee News

Submitted by Kim Paquette

In July I had the opportunity to start traveling again and was in August joined by another Travel Committee member for part of my journey.

One of the biggest reasons for going away is to be able to report back my experiences with the current restrictions (which vary!). Our Western Canadian Rocky Mountaineer journey was wonderful. Everyone on board felt comfortable and secure with all the provisions in place. Vancouver, Banff and Calgary were in total compliance with all Canadian restrictions, and we truly felt at ease visiting. We flew with 2 different airlines and experience compliancy with everyone involved.

I then headed to Europe with a group of friends residing in different states, including Florida and Texas. We travelled first to the Netherlands. Everyone wore their mask and were only permitted to remove it during the 2 meals served. To help protect the staff, we had to wait for the flight attendants to move past our aisle before beginning the meal.

While visiting Amsterdam and Rotterdam masks were mandatory inside and optional outside. This included the transit system and trains. Everyone on board the 7-day River cruise was fully vaccinated including all tour guides at destinations and all bus drivers taking us to daily activities. The maximum capacity permitted on board was capped at 70%. Masks were worn inside, and temperature checks were taken daily.

As I proceeded to Paris, the experience was similar with added provisions. On my 4th day in France a new policy was implemented where proof of vaccine was needed in all café's (Inside or out) restaurants, museums, any public area. No proof...no entry.

The Paris-Normandy River Seine cruise also followed all country protocols and of course the same restrictions as my previous Rhine cruise. Masks were worn inside, and dining tables were set up according to the size of the group traveling together. Once again, on day 5 the PCR testing was arranged for our departure home.

Celebrity Cruise lines is the luxury line of the Royal Caribbean Group and has worked very closely with CDC to ensure all provisions are working.

They currently have a & quote; COVID-19 Protection Plan & quote; in place where they will give you a full refund if you need to cancel for any reason up to 14 days before your cruise and

should anyone test positive DURING the cruise, they will handle your medical, accommodation and transportation needs until you get back home and refund the balance of your vacation. In addition, they currently are including a 100% credit for cancels between 14 days and 48 hours before departure.

I personally feel comfortable traveling and have no hesitation about cruising. The major cruise lines are openly reporting their protocols and statistics and working closely with CDC. The numbers are monitored and reported constantly, nothing is hidden. There is no guarantee we won't get sick on vacation or at home, but it's reassuring to know that medical provisions are available.

Dorothy Beaton's Story

Dorothy is a friend that resides in New Brunswick, Canada and wrote this about her Celebrity cruise in the Caribbean at the end of August. She is a world traveler and was very impressed with the policy adopted by Celebrity and the Royal Caribbean group.

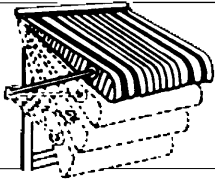

Everyone was vaccinated and tested within 72 hours of boarding the ship, all were negative. Check in was 98 % touchless and took 10 minutes from curb to stateroom. The luggage arrived to the cabin before we did. We were 800 passengers. Day 5 was nose poke day. The testing was very organized and completed within an hour. A couple hours later, Captain Kate announced in a very frank and transparent way, that during the testing, there was a positive result. In that impressively small window of time, the couple was “very comfortably” isolated in the expanded medical facility, and through the technology on the ship they completed the full contact tracing, tested all those who were deemed close contact. Thankfully there were no additional positives onboard. The murmurs around us were not of panic but relieved....“their protocols work”.

The next day we are in Nassau where organized excursions were required if you wanted to leave the ship. We planned on enjoying a leisure day on board so I went to my favorite hangout, Café al Bacio.. I looked out the window as an ambulance showed up. A few minutes later, a couple, and luggage, surrounded by several clad crew members, boarded the ambulance. Of note, they were waving goodbye to the crew in a pleasant, not angry fists, but genuine thank you waves! I felt fortunate to witness this. Captain Kate came on the speaker a few moments later to offer the update. The couple had just disembarked and were being taken to the airstrip where they would be flown directly home in the chartered jet!
