President's Report

By Ray Lamoureux #9

The weather is still very warm it is in the upper 80's every day. We are starting to see some of the snowbirds returning. We have had a half a dozen in the last week returned and more in the next few weeks.

The board had the annual budget meeting last week. The news is not that good the park insurance increased twenty percent next year that is an increase of \$13,000 alone just for insurance. The price for water went up six percent and sewer went up the same. Trash pickup also went up four percent. To keep up with all of these increases the board voted to increase our maintenance 7.4 percent just trying to keep up with some of these increases. That covers most of the increase but not all of them. The annual budget meeting with the shareholders will be held in December and you will get a copy of the proposed budget prior to the meeting.

The pool repairs are completed and open for use. The board hopes that we will not have any more problems with the pool for a long time.

The clubhouse is still closed for events because of the virus. We talked about at PMI and almost every association is doing the same. PMI informed us one association was holding events and thirty of the people came down with the virus at one of their events.

The palm trees are being trimmed as of this writing. We usually have them trimmed before this, but our lawn service is short of help like every other business around here.

The board hope everyone is well and having a great summer and fall wherever you are.

Autumn is my favorite time of the year when I lived in the north. Those beautiful tree covered hills full of vibrant colors. In Florida it's also my favorite time of the year because it represents cooler weather from the summer heat and humidity and also because our snowbirds will be starting to come back to Golden Acres, and we will be reunited again!

Still nothing has been happening here at Golden Acres recreation-wise since we still have the Covid variant to deal with.

In this month's newsletter you will read about a little known but fast-growing sport; welcome to a new couple joining our community; a fall special picture that is beautiful, Fraud Watch and News in Health, and another sadness with the passing of Collene McCaffrey #222. Our thoughts and prayers go out to her family and friends.

Disc Golf Walking with a Purpose

By Gerry Kavanagh #190

There's a little known, but fast-growing recreation that people of all ages enjoy. The sport is disc golf and there's a small, beginners' course near Golden Acres at Hammock Park.

Disc Golf is played with aerodynamic discs like Frisbees, using rules similar to golf. A hole is finished when the disc rests in a metal basket. Hanging chains are used to absorb the disc so that it falls into the "hole." Dicks Sporting Goods and Local Route are two nearby stores that sell discs for as little as \$9.

Disc golf is "walking with purpose," but with a greater immersion in the natural world. This is a nice way of saying that if you throw your disc into a bush or a puddle, you should be prepared to get it out.

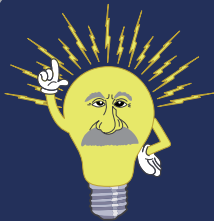

You can enjoy disc golf anytime. You can go with a group or enjoy the outdoors alone. It's usually easy to meet up and play with whomever is at the course. Some people even play night rounds using glow discs or by attaching small, sticky lights to the discs.

The course at Northeast Coachman is a busy course. You might be surprised at how many older men, women, and families are out there playing. Some people seem to hang out just for the atmosphere. Cliff Stephens is another more serious course, but everyone can feel free to use it. It's pretty cool to watch the flight of a disc thrown as far as 450' or thrown down a path no more than 15' wide. It's important to be mindful of your surroundings. These discs can hurt, and it can be tricky at first to know where the safe areas on a course are.

Disc golf is different than many sports in that you are not playing an opponent as much as you are playing against the course and yourself. You are your greatest opponent in disc golf.

Dr. Stancil E.D. Johnson wrote "When a ball dreams, it dreams it's a Frisbee." A Frisbee just does more, and a golf disc does even more than a Frisbee. Disc are designed to achieve a variety of flight paths and come in many weights to accommodate different arm speeds. Disc can take left turns, right turns, or skip around corners. When thrown overhand, they pendulum

left to right before dropping straight down. The farthest throws are usually "rollers". Some pros can throw a roller 650' with accuracy- a pretty challenging thing when you consider the terrain that might need to be navigated.

Each course is very different. The courses with the most variety are often the most fun. This goes against many sports where playing surfaces are measured and manicured. I now view the playing areas of many other sports as being too sterile or fake feeling.

The best courses offer a nemesis on each hole. You might need to throw down a thin trail, up or down hills, or out over water. Maybe it's this combination of problem-solving while being in nature that I like most.

While playing, I've seen gators, deer, birds, and snakes. I've walked within a few feet of an owl eating its prey. On a few occasions, herons and other birds have flown down to look at my disc. They were so interested by its flight that they needed to check it out. In disc golf, wilder seems to be better. I'm enjoying that. One time, I waded into a creek to get my disc, and a large fish came out from hiding. It scared me for a second until I realized it was just a fish.

The sport certainly isn't for everyone. Some people have trouble getting the hang of throwing the disc. But these are some of the people I appreciate seeing the most. They're just out there having fun, moving, and having a good time. I've also found that if you're looking for a sense of community on the course, it's readily available. Disc Golf may just be for you. If you have an interest, feel free to stop by 190, maybe we can throw a round.

Recreation Committee

By Mark Johnson #174

Greetings to all from northern Minnesota. I hope this message finds each of you in good health. I never dreamed I would still be addressing continuing concerns about Covid 19 and the Delta variant. With the emergence of Covid 19 booster doses and new therapeutics, there is a continued hope that the pandemic can be brought under control.

With this in mind, these developments will play a pivotal role in helping us return to activities here at Golden Acres at the appropriate time. As of this writing, there are no future plans in place for future activities.

I look forward to seeing you soon.

With Sincere Gratitude

By Ron and Mike Baylor #196, and Jack and Sue Bailey #188

Many thanks to all for your heartfelt sympathy during these difficult times over the loss of Marsha Baylor, my Wife (Ron Baylor), my Mother (Mike Baylor) and my Sister (Jack & Sue Bailey). We are all filled with gratitude for your thoughtfulness and compassion.

When should older adults stop driving?

If you answer “yes” to any of the below questions, it may be time to consider stopping driving:

- Do other drivers often honk at you?
- Have you had some accidents, even if they were only “fender benders”?
- Do you get lost, even on roads you know?
- Do cars or people walking seem to appear out of nowhere?
- Do you get distracted while driving?
- Has anyone told you they’re worried about your driving?
- Do you have trouble staying in your lane?
- Do you have trouble moving your foot between the gas and the brake pedals, or sometimes confuse the two?

3. Is your doctor personally calling and texting to check on you?
4. Has your doctor called you to explain your risk of coronavirus?
5. Is your doctor's office offering doctor phone visits?
6. Does your doctor allow walk-in visits?
7. Are you able to call your doctor anytime, day or night?
8. Do you have any difficulty getting to and from your doctor?
9. Is your doctor helping to make sure you receive all of your prescription refills?
10. Is your doctor offering to help you get your medications delivered?

Investment Opportunity That Sounds Too Good to be True?

By Sue Bailey #188 as an AARP Fraud Watch Fighter

Free Helpline at (877) 908-3360 or

<https://www.aarp.org/benefits-discounts/all/aarp-fraud-helpline/>

We've all received the pitch — that one investment opportunity that sounds just too good to pass up. But 99.99% of the time, passing it up is exactly the right thing to do. Investment fraud siphons billions of dollars from investors every year. Here's how to spot a phony investment opportunity coming your way.

How it works:

- You get an offer for a "once-in-a-lifetime" investment opportunity.
- There's always a catch — you have to act quickly or lose the amazing opportunity.
- You may see the investment pay off at the beginning, giving you confidence to stick with it.

What you should know:

- A pitch that uses phrases such as "incredible gains," "breakout stock pick" or "huge upside and almost no risk" suggests high risk and possible fraud, according to the U.S. Securities and Exchange Commission.
- The pressure to act now is the key: If the scammer can convince you to engage before you take the time to do any research or think more critically about the offer, they get your "investment" money.
- Early dividends in investment scams are a ploy to make you believe the investment is legitimate; often the money you receive is simply the scammer paying existing "investors" with money from new "investors."
- Investment scammers often target older adults, believing they may be more trusting or have more available assets — but anyone of any age can be a target.

What you should do:

- Be proactive: If you're interested in investing, do your research rather than react to a pitch from an ad, a phone call or other source.
- Investigate investment opportunities by learning as much as you can about the offering (whether stock in a company, gold coins, real estate, or any other investment). The SEC offers a [database](#) to research publicly traded companies, and FINRA provides one to [check the background of brokers](#).
- Have an exit strategy: Come up with a line that makes it easy to end unwanted contact. Simply "No, thank you" and ending the conversation works!

Active-Duty Soldiers to Remember

Please take a moment to offer a prayer of thanks and remembrance to all those who help to protect our way of life. Keep them in your prayers until they return safely to their loved ones.

- Adam Coburn (British Army), Nephew of Mildred and David Todd, Lot #2.
- Damien Fitzpatrick (Staff Sgt. USAF) Grandson of Judith Fitzpatrick, Lot #87.
- Eric Fitzpatrick (PFC US Army) Grandson of Judith Fitzpatrick, Lot #87.
- Sean Fitzpatrick (Major US Army) Grandson of Judith Fitzpatrick, Lot #87.
- Daniel Jones (US Navy) Grandson of Carol Diniz, Lot #25.
- Matthew Jones (US Navy) Grandson of Carol Diniz, Lot #25.
- Brian Karhoff (US Army Major) Son of Nancy Karhoff, Lot #67.
- Jeffery Richardson (USN Color Guard) in Bremerton, WA, serving on the USS Nimitz. Grandson of Kathleen Gilliam Lot #204.
- Jacob Smith (PE3 Army M. Police) – Grandson of Valerie O’Farrell, Lot #31.
- John Wilson (PFC 1st Class USMC) Iraq – Grandson of Jean Key, Lot #138.

So that we might get to know these courageous soldiers better, I would like to add their pictures to this section. Please forward any photos to Sue Bailey suebail@tampabay.rr.com

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."
