Don't Leave Them Behind

By Jennifer O'Connor

Hurricane season officially "ended" November 1, but natural disasters can strike at anytime. Here are some tips for protecting your furry loved ones in an emergency:

In the event that our area is evacuated, never leave companion animals behind to fend for themselves. They aren't any better equipped to survive disasters than humans are. Know your destination ahead of time.

Shelters for human victims don't often allow animals, but Pinellas County has a program you can sign up for. And hotels in our area may allow pets in an emergency. Call destinations in advance and find out which ones will accommodate you and your animals.

Never leave animals unsupervised in a car—they can panic and try to escape or suffer from heatstroke once ambient temperatures rise above 70 degrees, even if water is provided and the windows are slightly open.

Place small animals in secure carriers. Dogs should be leashed because frightening sounds and unfamiliar surroundings may make them bolt. Take water and food bowls, your animal's favorite toy or blanket, a towel, and enough food for at least one week.

Make sure that dogs and cats are microchipped and put legible ID tags with your phone number on them so that your companions can be found in case they get separated from you.

Manager's Corner

Kristen Pruett, General Manager, East Bay Oaks and Eldorado Village

MANAGER

Hello everyone! My name is Kristen Pruett and I am your new Property Manager! I am just getting my feet wet, but I have already met many of you and look forward to meeting many more. I have an open door but the best way to communicate is to email me at Kristen.Pruett@equitylifestyle.com. I'm really looking forward to working with you and for a long and successful partnership!

We are doing some work in the trash area. I'm sure many of you have noticed the work going on. There is a new concrete pad being poured for the roll-off and once complete, we will have a smaller roll-off brought in that you can easily access from the front. The rickety ramp and stairs will be removed. With that said, I would like to mention the rules for the trash area. It is very important to only dispose of things that you can put in the compactor, which is for basic household trash, the roll-off, which is for small furniture and yard waste, and the recycle bin, which of course is for your recycling. **PLEASE DO NOT EVER LEAVE THINGS ON THE GROUND.** That takes up our maintenance staff's time that they could be doing more important things in the community. We are working hard to keep the community clean for everyone, so please remember that if you can't get it in one of the containers, you can't leave it in the trash area and will need to contact a junk removal person to remove it for you. You are **NEVER** allowed to leave large furniture pieces, construction waste, chemicals or propane tanks, or electronics. FYI, the HazMat folks are scheduled to be here in March. Violators will be charged for removing these items.

360 inspections have begun!! As you may, or may not know, the prospectus for the community requires that we do a full exterior inspection on every home twice per year. We are fully enforcing all of the rules in an effort to maintain the property at its best at all times, and maintain the value of your homes. We will be violating for the following: needed pressure washing, weeds in the beds, bushes not trimmed, unrepaired exterior damage, storing things in the carport or patios or anywhere in plain sight, and expired registrations. Remember, any exception the rules, if you don't have it in writing, then I can't honor the exception. Our goal is to have the best community for everyone and we want to work together to make that happen. If you know you are not in compliance, please make an effort to start working on that now so that this is a smooth process.

Did you know you can pay online? Every resident has the ability to pay your rent online, either at will or scheduled payments. No more late fees, waiting for checks to clear, lost, or misposted payments, and this is a safe, encrypted process that will give you verification

and peace of mind the minute you pay. I would not steer anyone in the wrong direction and encourage you to get registered with your online portal today!

Please remember if you will be making any changes to the exterior of your home, you need to turn in an Architectual Modification Request for approval before doing so. Painting? Landscaping? Adding a shed? Extending your patio? We need that turned in so that you stay in compliance with the community rules.

SLOW DOWN!!!! The speed limit is 10 MPH through the community, even slower if you are going by the office with its blind spots. Slow down Speed Racer...we don't want someone hurt!

In conclusion, as we approach the holidays, I'm hoping to have some fun things planned for the community. Im open to ideas....I will be meeting with both HOA's later this month so I can hear the comments and concerns and address them accordingly. Im really looking forward to working with all of you to make this one of the best communities in Largo, but go easy on me...I'm only one person!! 😊 Thank you!!!

Recipes

Cranberry Salad

- 1 bag of fresh or frozen cranberries
- 1 cup sugar
- 1- 8 ounce can crushed pineapple, juice and all (the small cans, like a tuna can)
- 1/2 cup chopped walnuts
- 1 to 2 cups mini marshmallows
- 1 pint heavy whipping cream

Instructions

1. Chop cranberries with a food processor. Not too finely.
2. In a bowl, mix cranberries with the sugar, crushed pineapple and walnuts. Place this mixture in fridge for one hour for flavors to meld and sugar to dissolve completely.
3. Remove cranberry mixture from refrigerator. Set aside.
4. Beat the whipping cream into stiff peaks.
5. Add the marshmallows to the cranberry mixture, until thoroughly incorporated into the mix.
6. Then slowly fold in the whipped cream, until it's completely pink and beautiful!
7. Refrigerate for at least 4 hours, but overnight is even better.
8. Cook's Note: If the dessert seems a bit watery, don't worry because the marshmallows will absorb a lot of the moisture during refrigeration. Also, as noted above, make sure your cream is whipped into stiff peaks. You can also add more marshmallows, if necessary.
9. Also, this salad is excellent served frozen. It serves up pretty hard so remove from freezer about 5 minutes before serving and cut into squares.
