# President's Report

By Ray Lamoureux #9

The Park is full most of the people that were not able to come last year are in the park now. The covid virus is still going on here in Florida but everyone came back this year.

All the sewer main lines have been inspected and the ones that had problems were cleaned and free of roots. We had broken lines in three places in the park and they are being dug up and repaired. We were told that things are being flushed down the toilets that Dunedin does not want in their sewer system. The things we found mostly are wipes that can't be flushed even though the package says that they can be flushed. We are making sure that all is working properly in all main lines in the park. A list of things Dunedin says are not to be flushed. Cleaning wipes, Medications, Dental Floss, Cotton Swabs and Balls, Feminine Hygiene Products, Bandages, Kitty Litter no matter what the package says, Paper Towels, Hair, please try not to put any of these things down your toilet.

We have elections coming up in February two positions on the board are up for election. We have four shareholders running for the two positions Please Vote for the person to get on the board this is very important to keep our community running smoothly for years moving forward.

We also need a vote to move money in the reserve from a reserve item that is not used any more to ones that are used. We need a fifty percent vote of the shareholders to move this money please vote to make this happen.

**We know this virus is spreading fast please be as safe as you can not to spread it in Golden Aces.**

### Happy Valentine's Day!

**B**y now, everyone who is coming to Golden Acres this year should be here. Although we have not returned to our normal activities as of yet, we have opened the clubhouse for coffee hour on Wednesdays at 9AM with masks required to attend. At least it's a start.

Many thanks to all of you that provided articles and pictures for this month's newsletter. Please keep the articles and pictures flowing every month in 2022. This month you will read about reintroducing Dunedin Cares Food Bank within our park with new leaders; Happy Birthday / Happy Anniversary greetings ending; Recognition of a job well done; News in Health; and Fraud Watch.

Some important dates to remember in February are:

2nd: Ground Hog's Day in US

13th: Super Bowl

14th: Valentine's Day

15th: National Flag of Canada Day

21st: Family Day in Canada

21st: Presidents' Day in US

**Quote of the Month:** "A healthy self-love means we have no compulsion to justify to ourselves or others why we take vacations, why we sleep late, why we buy new shoes, why we spoil ourselves from time to time. We feel comfortable doing things which add quality and beauty to life." –*Andrew Matthews, Australian speaker, and author*

Until next time,

May God bless and keep you well and safe...

## Greetings from the Office

**P**lease welcome John & Lucille Nabb #165 to the park. Congratulations and may you find lots of happiness, fun, and laughter in your new home.

## Recreation Report

By Mark Johnson #174

I would like to take this opportunity to recognize Bill and Kay Erickson #210, Nancy Karhoff #67, Maureen Shannon #200, and Deb Pollard #221, for their efforts in decorating the park with Christmas decor. We really admire the time they donated in helping the park join in the spirit of the season.

Also, a special shout out to Maureen Shannon and Deb Pollard, of the Recreation Committee, for setting up for the Wednesday Morning Coffee Hour. Any volunteer help, assisting with cleanup after the coffee hour, would be greatly appreciated (sanitizing and wiping down tables).

## Reintroducing Dunedin Food Bank Under New Leadership

Your contributions can be dropped off at the clubhouse and we will pick up and deliver to the Dunedin Food Bank. We want to thank everyone in advance for your generosity for those who are less fortunate.

## Calls to say Happy Birthday/Anniversary Are Ending in 2022

By Sue Bailey from Rita Syroteuk #123

For over 20 years, residents have been receiving a phone call from Rita Syroteuk on their Birthday and Anniversary acknowledging their special day. Now that’s a lot of calls per year, and Rita has decided to end it starting in January 2022. She is well, but she said that it’s beginning to be too much for her. Rita wants you on your Birthday or Anniversary, even without her phone call, to think of her.

*Editor’s Note: Many thanks to Rita for all these years of dedication in making our day even more special!*

## With Appreciation and Recognition

By John West #108

On Monday, January 3rd, 35 yards of shells were delivered to Bill and Kay Erickson #210 and Frank Van Albeek #209 to cover the dirt in the common area where nothing grows. Only a couple people were asked if they would help. To my amazement when I came over to help, there were 10 people already there and willing to help. Bill also rented a Bobcat to assist in scooping up and distributing the shells since there was only one wheelbarrow in our park. All the volunteers helped to lay the ground cover and spread the shells evenly. The job was completed by noon on Tuesday, January 4th!

Many thanks to the volunteers: Bill Erickson #210, Frank Van Albeek #209, Rick Lane #207, Mario Spadafore #183, Jack Bailey #188, Paul Shannon #200, Joe Lemon #205, Larry Douthit #60, Steve Toner #199, and John West #108.

A special thank you to Kay Erickson for providing a delicious lunch for this hard-working crew.

**T**he City of Dunedin asks residents to remember that your toilet is an "only-human-waste-and-toilet-paper-zone." Help the city keep wastewater treatment costs down, keep sewer lines clear, and protect the environment by only flushing the three Ps

Items like wipes, cotton balls and dental floss may be labelled as "flushable", but they are not. These items do not break down like toilet paper in the wastewater system and cause clogs to form. These clogs will grow to create back-ups and overflows throughout the wastewater system.

## Do Not Flush:

- Baby and/or adult cleaning wipes
- Medication
- Dental floss
- Cotton swabs and balls
- Feminine hygiene products (maxi pads, tampons, & wrappers)
- Bandages
- Kitty litter
- Paper towels
- Hair

Also, please note that clogs within sanitary sewer piping (sewer lateral) on the homeowner's property are the homeowner's responsibility. Please avoid the unnecessary mess and plumbing charges by following this simple rule.

*Editor's Note: We are currently in the process with the Drain Team of scoping the sewer pipes and where clogs are appearing (almost all of them), jetting them to remove blockages. This is costing us thousands of dollars. So please, stick to the 3 Ps (Pee, Poop, Paper) to flush.*

**P**ut your trust on hold when you turn on your computer, your tablet, or your phone. Fraud has been around for a long time, but the Internet is a new path for criminals and so much easier to get to you. The numbers are staggering. Resist pressure to act quickly, and never give unknown, unverified persons remote access to your devices or accounts.

Creating a password for every account is a nuisance, but if you are using the same username and password combination on multiple sites, the break-in of one site by a criminal endangers your other accounts. If someone gets access to one username and password, they can try to plug it into multiple sites, hoping to get lucky. A good option is to use phrases (passphrase) and a password manager to manage them.

## Retraining the Brain to Treat Chronic Back Pain

From NIH (News in Health) [newsinhealth.nih.gov](https://www.nih.gov/news-in-health)

**M**ore than 25 million people in the U.S. live with chronic pain. This is pain that lasts for more than three months. The most common type of chronic pain is chronic back pain. Often, no physical cause for this pain can be found. In these cases, it may stem from brain changes that persist after an injury healed. These brain changes provide a warning for you to restrict your movement and let the body recover. But in some cases, they can cause the pain to persist long after the damage has healed.

Researchers have developed a treatment called pain reprocessing therapy (PRT) to help the brain “unlearn” this kind of pain. PRT teaches people to perceive pain signals sent to the brain as less threatening.

A research team performed the first clinical test of PRT. Participants had mild to moderate chronic back pain for which no physical cause could be found. The volunteers received one of three treatments: four weeks of intensive PRT, a harmless injection into the back, or continued standard care.

After four weeks, 66% of people who received PRT reported being pain-free or nearly pain-free. Less than 25% of people who received injections and 10% of those receiving usual care reported similar improvements. Brain scans showed that people who received PRT had less pain-associated brain activity. “This isn’t suggesting that your pain is not real or that it’s ‘all in your head,’” says Dr. Tor Wager of Dartmouth College, who co-led the study. “What it means is that if the causes are in the brain, the solutions may be there, too.”
