The next HOA Board Meeting will be April 5, 2022. This will be the last meeting until October 4, 2022.

All HOA members are invited to attend the HOA meetings. There is a question-and-answer session after the regular meeting of the board. The meeting is held in the Clubhouse. Beginning January 2022, dues were due at the rate of \$15.00/year. Dues must be paid prior to attending HOA meetings.

The HOA is saddened to announce that we have received a resignation from long-time HOA Board Member ML Faiola due to medical issues. We will miss her tenacity over issues she believed would benefit our community. We wish her well and thank her for her service.

NEW SOCIAL COMMITTEE

Per the HOA By-Laws, every April the HOA has to appoint a new Social Committee Chairperson for the year. For 2022 April through March 2023, the HOA is pleased to announce that the new Social Chair will be **Linda Silvie, Lot 240.**

Linda has been a resident of Amber Glades since 2016. She moved from Charlotte, NC to Pinnellas County in 1969. She worked for Dr. Harmon in Dunedin for 22 years as a dental assistant, certified X-ray technician and then office manager/bookkeeper. After that she worked with her husband Danny in his survey business. In 2000 they took 3 years off and

built a geodesic home on a mountain ridge in Zionville, NC. They did the majority of the work themselves. From 2003-2014, she worked as a Customer Service Rep. for Hospitality Mints in Boone, NC after which she took early retirement to take care of her ill husband. She is blessed to have two children and three grandchildren. She moved back to Pinnellas County and found her current home in January of 2016.

Linda and her committee have already come up with some unique and fun activities for the coming year. Her committee members are below. Please welcome all of them and lend a helping hand when needed.

The next Social Committee Meetings will be held April 6, 2022

THANK YOU!!!

I would like to thank everyone who has supported the Social Committee this past year by chairing or participating in any of the events we put on. I have been truly blessed to have had the opportunity to work with Linda Bearley, Barb King, Brenda Dreier and Hazel Holliday for the past two years. As a social committee they went above and beyond working very hard to make things fun for everyone and I cannot thank them enough. I would also like to thank Randi Sandford who has been responsible for many of the meals we've shared (doing most of the cooking herself). Paul and Janet Fether took charge of making sure our hall was decorated and have always done an awesome job. Paul also recruited his biking buddies to set up and take down tables and chairs for several of our events. I can never thank them enough. There are a lot of people who keep things going behind the scenes. Rose Hendershot manages the kitchen, making sure we always have what we need. Rose along with Jackie Lafountain also takes care of the library, which is a never ending job. Patty Peterman puts out the Media Guide each month. There are also the chairs of all of the other committees who give so generously of their time. Last but definitely not least, I thank Bill Peterman, Bill Bearley and Richard Holliday for helping me with the drawings and the microphone at Social Club meetings.

...continued on page 6

This also marks the new beginning for a new Social Club committee. I look forward to enjoying the activities they have planned for this next year. I wish Linda and her committee a successful and fun year.

Liz Johnson, Social Chair 2020/2022

Note from The HOA Board of Directors

Please take a few minutes to review the information below. The HOA would like to keep all residents abreast of updates/changes within your community –

- The board is excited to share our first meeting with Deputy Skipper from the Pinellas County Sheriff's Dept., Night Watch Program was held on February 10th. The topic was Intro to Neighborhood Watch & Burglary Prevention (and reporting suspicious incidents). This program was informative and educational and welcomed all residents within our community. Please keep an eye out for posting of our next meeting. Again, all residents are welcomed and encouraged to join us for any meeting held under the Night Watch Program. The meetings are educational for each resident and we encourage your attendance.
- Lautrec continues to evaluate if a Pickle ball court is something that will be offered within our community. The board will continue to keep you informed as information is shared.
- Management and Lautrec continue to evaluate the on-street parking. Additional information will be provided as it is shared with the board. At this point, Management and Lautrec decided there would be no changes for one side street parking. Please remember, if a vehicle is parked in the street or on the sidewalk overnight, there is a great chance it will be towed. If an emergency vehicle needs to come down a street and is unable because a vehicle is in the way, the vehicle may be damaged. Those damages would fall on the resident who owns the vehicle.
- Management confirmed that pursuant to the Prospectus, all vehicles are to park in assigned parking areas, including golf carts. Golf carts should only be driven by individuals who hold a drivers license.
- Community sidewalks will continue to be repaired or replaced on an as-needed bases.
- Management has contracted to finish remaining concrete artwork around the pool area that initially were not repaired.
- The debris that was blocking the fence on Allen Avenue was removed. The fence areas that are currently leaning, will be repaired.
- In recent discussions with Management over the continued inquires about the Spectrum program, it was recommended to raise it during the 2024 rent negotiations. The Negotiation Committee can add it as a "pass through" as part of the rent increase. The discussion will be held until that time.
- Management to install an additional electrical outlet near the fire pit.
- Please remember as per The Prospectus, residents dogs should be on a 6' leash or less. The resident is also responsible for cleaning up their dog's feces. Residents should have their dogs going to the bathroom in their yard. But, we know at times that may be difficult. Please remember to be respectful of other residents yards.

Come join this group and work on your project together. Knitting, crocheting – anything you have going. They like new ideas and enjoy chatting as they work away.

Coloring is Tuesdays at 11 am and Thursdays at 1 pm. All are welcome and if you don't color, but do painting or other art forms or just want to watch us and visit, please come on up. If you don't have coloring supplies, we will provide you with them. You are welcome to bring a sack lunch.

BRAIN FREEZE STATION

Ice Cream novelties will continue to be sold for \$1.00 before each Social Club Meeting. Stop by for a treat between 6-6:45 pm. In April this takes place on Wednesday, April 6, 2022.

FOOD DRIVE NEWS

We are still picking up food pantry items every Saturday at 12 noon. If you have any questions, contact Liz Johnson, (618) 792-6555.

COMMUNITY KITCHEN

Many of our residents are unaware of what a beautiful kitchen we have! The Community Center, including the kitchen facilities are available to you, with a deposit to the office, as long as it is not reserved for another function. All we ask is that you leave it as clean as it was when you began your activity. Please contact the office to reserve the Community Center and all its amenities 727-725-1811 (Samantha) or email at ambergldes@mail.com

WALKERS AND WHEELCHAIRS

We have walkers and wheelchairs available for our Amber Glades community to borrow whenever needed, but we are in need of gently used wheelchairs and walkers to replace some of our aging ones. Please do not drop off any item you wish to donate. If you will please contact Liz Johnson at 618-791-6555 or Linda Bearley at 618-709-3388 and we will arrange to get them from you. If you are in need of either of these items you can also contact Linda or Liz. Thank you!

PARK MAIL BOXES

When delivering handouts, we cannot put them in your regular US Mail Box. Because of this, we ask that all residents have some sort of basket or box labeled Park Mail that we can put flyers in about upcoming events and changes. These boxes should be where volunteers can easily access them. If you have questions or need help with getting a box, please contact Pat Peterman at 618/960-9284 or patt74429@yahoo.com – thank you! (We will no longer leave leaflets or Media Guides at those homes with no Park Box.)

GOLF CARTS

A special reminder that only licensed drivers should be driving golf carts in the park. The HOA has had several complaints about younger visitors driving carts in an irresponsible manner. Please advise visitors to follow the speed limit in the park when driving your golf cart or any vehicle.

VISITOR PETS

Per the Resident Prospectus, visitors are not allowed to bring pets into the park unless they are a registered Guide dog. Comfort dogs are not included.

POOL DEPTH DIVIDER

At no time should the pool's Depth Divider be removed from the INSIDE of the pool. This is a direct violation from the Dept of Health. If the Dept. of Health finds the divider has been removed, the pool WILL BE shut down. Should you have any questions or concerns, please stop by the office and speak with Samantha or Management. Thank you!

GREETINGS FROM THE PLANT LADY

Today we're going to talk about windowsill wonders anyone can grow. The secret is to balance window boxes. Buy window boxes that are either the same width as the window or slightly longer for a balanced look. If you also have shutters, then choose a box at least a total of 6 inches longer than the window is wide. Ideally, choose one long enough to extend to the middle of each shutter.

Stagger rows for lush look. Resist putting plants in Straight Rosen window boxes it's boring and it won't fill out the container well. Plant alternating rows instead. Place a roll of tall plants in the back. Then stagger midsize plants down the middle between and slightly in front of the taller plants. Follow up with others staggered row of even shorter, preferably trailing plant, nestled between and in front of the middle ones. This maximizes the space and makes the planter look full and lush. Smart planting adds privacy. Have your window box do double duty as a privacy screen. opt for tall plants with thick foliage instead of the usual low growing trailers. This trick isn't just for the bathroom window. Hang plants from deck and porch. You'll form a natural wall against nosy neighbors and get a beautiful fragrant view to boot.

Quick change tip for easy replanting. Make it a cinch to clean up when the window seasons change. Instead of planting directly in the window box, put live plants in a new individual nursery pots. Set them inside the planter and cover with moss. Then line the box with plastic sleeve and plant inside it. Waterless with a simple trick. Say goodbye to daily watering and keep soil moist on the hottest days. Lay a baby diaper with absorbent side up in the bottom of window boxes. You may need more than one diaper, and depending on how long the boxes. Then fill with soil. The diapers will absorb excess water and hold it in for plants to use later. Pick the right plants for light levels. Bear in mind how much light each window gets when receiving picking plants for your boxes. Windows that get between eight and 12 hours of direct light a day need plants that will tolerate full sun. For 4 to 8 hours of sunlight, pick partial sun plants. For 2 to 4 hours direct sun pick shade tolerant plants.

Save the dirt from going down the drain. You probably know that putting a coffee filter in the bottom of the pot can stop soil from washing out and drainage hole but filters are too small for window boxes so try newspaper instead. Line the box with two layers of black and white newsprint paper will eventually break down just change it out when you swap plants each season.

Don't forget to feed. Watering is all well and good but remember to fertilize too. Container plants rely solely on you for the nutrients unlike plants in the ground. Give them a biweekly feeding in addition to the regular watering. They'll give you loads of blooms in return.

That's all for this month see you next month and happy new gardening .

Debra Santee, The plant Lady, 843.290.8884, Yaankeegr1@gmail.com

FMO NEWS - March 5, 2022

Good News today!! And, a BIG THANK YOU to all of you who helped make this happen by contacting Legislators over the last two months! You know who you are...so please realize that FMO does have PEOPLE POWER!

Today the Legislature took final action on CS/CS/HB 837 and passed the bill 37-0. Earlier this week the House passed this bill 117-0! The bill extends our Program for 10 years.

Our Senate bill sponsor, Senator Ed Hooper, (Palm Harbor), filed CS/CS/CS/SB 578 and worked it through all three Committees. After action in the final Committee Monday night, (2/28), there was a small delay while the amendment was incorporated into the body of the bill. The Senate Bill was placed on the Special Order Calendar for floor action today.

In the meantime, the House Bill by Representative Matt Willhite, (Wellington), had passed through the final Committee last week and was placed on House Special Order Calendar Tuesday, (3/1). There were no changes and the HB was considered for House final passage on Wednesday.

There were procedural activities which concluded with this morning's Senate vote.

At this writing there is still hope that some additional, one-time, funding will be put in the budget and applied to the more than 44,000 homes on the wait list.

The Mobile Home Tie-Down Program will be administered by Gulf Coast State College beginning July 1. Tallahassee Community College has assured me that the transfer will be as smooth as possible. They want to continue to be supportive of the Program in this way. As soon as possible after the budget is finalized, FMO will reach out to TCC to offer outreach and assistance.

The FMO was truly the primary (read that, "only") push behind this bill to get it through the legislative process. The Program has assisted so many home owners and will continue to do so. Next stop is the Governor's desk and I spoke to his Office of Policy and Budget earlier today. FMO President Ron Grove gave the Governor's Office some feedback. Stay tuned... FMO is working for you!

Respectfully submitted,

Nancy Stewart
FMO Legislative Counsel

The 6 Worst Habits for Your Joints

Use anything on and off all day, every day — for decades — and over time, it's bound to show wear and tear. Case in point: the protective cushion between your bones, otherwise known as cartilage.

That's why the risk for developing osteoarthritis, a degenerative joint disease, increases with age, says Angelie Mascarinas, M.D., a physiatrist at the Hospital for Special Surgery, headquartered in New York City. About 50 percent of adults over age 65 have arthritis, according to the Centers for Disease Control and Prevention (CDC); osteoarthritis is the most common form.

You can't do much to slow the march of time, but there are plenty of lifestyle changes you can make to show your joints a little love. Here are the six worst habits for your joints.

1. Smoking

Not that you need another reason to give up cigarettes, but here it is: Smoking does a number on your joints. The nicotine in cigarettes narrows blood vessels and, as a result, restricts the amount of oxygen and critical nutrients that reach the joint cartilage. "This can result in cartilage loss, since cartilage receives its nutrients from the surrounding joint fluid and adjacent bone," Mascarinas says.

That's not all: It turns out, smoking also ups your risk for osteoporosis, the brittle bone disease. According to the American Academy of Orthopaedic Surgeons, seniors who smoke are 30 to 40 percent more likely to break their hips than their nonsmoking counterparts. And it "may increase pain sensitivity," Mascarinas says. "In other words, arthritis pain can be perceived as more severe in smokers, so the [pain-relieving] effects of arthritis medications may seem less effective to smokers."

2. A physically inactive lifestyle

Your sedentary habits are bad for your joints in a couple of ways. For starters, it makes it hard to maintain a healthy weight, and extra pounds are hard on your joints, especially those in the hips, hands and knees, according to a study in *Arthritis & Rheumatology* that followed more than 1.7 million people for more than four years. Knees are especially vulnerable. Participants who were obese, with a body mass index of 30 or higher, were about three to five times as likely to get knee osteoarthritis.

Frequent sitting also "leads to muscle tightness in the hips and legs, and weakness of core-stabilizing muscles," Mascarinas says.

To counter all of the above, aim for 30 minutes of joint-friendly exercise five days a week. “Moderate, low-impact activities like walking, water aerobics and swimming are easy on the joints,” Mascarinas says. “If you have osteoarthritis, avoid deep squats and deep lunges, running, repetitive jumping, and activities with quick turns and sudden stops like basketball and tennis.”

And make a point of breaking up bouts of sitting every 30 minutes or so with a couple minutes’ worth of stretches. Doing so helps keep joints lubricated, says Akhil Chhatre, M.D., director of spine rehabilitation and assistant professor of physical medicine and rehabilitation at Johns Hopkins University School of Medicine. “I advise my patients to maintain some activity throughout the day, but to expect increased pain with increased activity.”

3. Overdoing exercise

Weekend warriors, listen up: Cramming in a week’s worth of exercise on the weekends isn’t doing your joints any favors. “There’s a happy medium between exercising our muscles and not overdoing the stress on the joints,” says David Porter, M.D., an orthopedic foot and ankle surgeon in Indianapolis. “Studies have shown that people with arthritis who keep their muscles in good shape manage arthritis much better.” Find the sweet spot with a mix of aerobic exercise and strength training. “Even 70-, 80- and 90-year-olds can continue to get good muscle responses to weight-training exercises,” Porter says. Research shows “that it’s easier to do daily activities — such as getting up out of a chair, going up and down steps, and possibly even decreasing the risk of falls — with more conditioned muscles.”

4. Carrying a heavy load

It’s hardly a surprise that heavy lifting — whether it’s hauling a filled-to-capacity tote bag on a daily basis or picking up your growing grandchild on those once-a-month visits — takes a toll on your body. And it exacts a specific toll on your joints. “Carrying objects that are heavy creates imbalance throughout the body,” Porter says. And these imbalances “create torque or stress on the joints which can further deteriorate the cartilage over time.”

The trick, of course, is defining “heavy” load. Porter says to consider it “any amount of weight that requires more than one hand to pick it up.” Play it safe and use the palms of both hands or use your arms instead of your hands when you lift or carry stuff, the Arthritis Foundation suggests. Hold items close to your body, which is less stressful for your joints.

5. Eating pro-inflammatory foods

We’re talking all the usual suspects: red meat, white sugar, French fries, soda, pastries. These pro-inflammatory foods can worsen joint pain, Mascarinas says. On the other hand, foods rich in omega-3 fatty acids — flaxseed oil and cold-water fish like salmon and mackerel — are considered anti-inflammatory and can help alleviate inflamed joints. Leafy greens are also recommended, as are cholesterol-lowering foods like almonds, pistachios and walnuts, suggests a study published in *Rheumatology*, which found a link between high cholesterol and knee and hand osteoarthritis.

Mascarinas suggests incorporating foods like olive oil, berries and fish into your diet if you’re experiencing joint pain. Foods that are high in beta-carotene, fiber, magnesium and omega-3s have also been linked to reduced inflammation in studies, she says. What’s more, “limiting pro-inflammatory foods like red meat, sugar and dairy can also decrease joint pain.”

6. Texting, texting, texting

The occasional text does minimal, if any, harm to the joints in your hands. But constant typing on that mini keyboard (aka: your cellphone) “creates inflammation of the joints and tendon sheaths which can lead to pain and stiffness,” Porter says. The same holds true for iPads, laptops — basically anything with a keyboard. To avoid joint pain, take breaks. And consider relying on the speech-to-text function on your smartphone.
