BOARD BUSINESS AND UPDATES

Board of Directors

Bob Barr President

We wish all those who have already left, for a more temperate climate, and those that will leave in the coming months, safe journeys, great memories, stay healthy, and have a safe return to Briar Creek. As to the temperate climate, when your temperature hits the 90'sF/32+C be assured that our high temperature will max out at 95F/35C. So therefore, think fondly of us down here in our homes, cars, stores and theaters with our thermostats set between 75F/24C and 80F/27C with only the pool and beaches to warm us up.

Tree Removal: Anyone having a tree removed #1 – be sure the company is **licensed, insured**, and had their **certified arborist** verify that the tree needs to be removed. #2 – Please fill out an Architectural Request form that can be found on the wall outside the Directors office. Approval will be given as long as number one is followed. This is required by our by-laws, because you are making a change to exterior of your property.

Annual Inspections

Lynn Lijewski, Director

All of the homes have been inspected!!! There are a few with issues of non-compliance, which are being addressed. If you have questions or would like to volunteer as an inspector for next time, feel free to contact me by phone 727-486-7074.

Continued on page 6

.... A timely reminder

Please keep in mind, any time that you are making modifications or changes to **anything outside of your home**, an Architectural Request form is highly recommended. Especially before any digging is performed. We want to avoid hitting any water or utility lines. Here, in Florida, many of the lines are just below the surface. There are detailed plans available. We can quickly identify where the utility and water lines are thereby eliminating the possibility of a real mess!!\

Submitting the appropriate request/form protects the homeowner as well as the community. The request asks for a description of planned work; identification of who will be doing the work; verification of license and insurance of the person performing the job/work.

Lawn Care Service

Gene Arend

We continue to strive to provide excellent lawn care service. Two areas we have continued to deal with are,

1. Vinyl skirting that extends to the ground. There must be a barrier between the skirting and the vegetation. This can be a layer of stones 4 inches wide, bricks or concrete edging. This will protect the skirting from the grass trimmer. If vegetation grows up in the barrier or between the barrier and the skirting, you will need to use a weed killer to remove the vegetation. We are instructing the Lawn Service to not trim grass or any vegetation that grows up against the skirting as this could lead to damage to the skirting.
2. Please be mindful not to plant trees, shrubs or place other items on the grass area that may result in the lawn mowers to have to pivot sharply or make a 360 degree turn. This can cause the wheels to dig into the grass and damage your lawn.

727- 725-5844. Mow dates for **May will be weekly** on Tuesdays.

We need to you partner with us to mitigate damage to your property.

UPDATE: Clubhouse & Pool Key FOB

Gene Arend

The Clubhouse & Pool area will have Key FOB security to replace the key entry system. All registered owners will be issued a key FOB. All tenants or guest will receive the Key FOB from the property owner. A plan will be in place to obtain the key FOB. The key entry will remain in place for 30 days or more during the transition to the new entry system. The key FOB is required to enter the clubhouse or pool. A FOB is not required to exit the clubhouse or pool area. A post with an exit button will be by each pool gate and the emergency crash bars will provide exiting from the clubhouse. The plan for distribution is

1. Available from 8:30 to 9:30 AM at coffee social on Wednesday

Why convert to Key FOB's

Gene Arend & Al Hartin

 Cost per resident 497 total residents = \$37.25
 Cost per Unit 317 = \$58.40

opportunities to the array of lawyers in the area. The Liability insurance could increase if the pool and or clubhouse is deemed unsecure. That increase will be perpetual.

FOB Key system keys are issued to an owner. They cannot be replicated. They can be disabled at will. They also provide a tracking system identifying the FOB access in the event of an issue that requires tracking. FOB offers the most secure facility and pool possible. No need to issue pool tags the FOB is the identifier.

TRAVEL – BCI & II TRAVEL CLUB

Gene Arend

May 15th we are scheduling another visit to **Early Bird Dinner Theatre.**

Also looking into a summer visit to the St Petersburg Pier. We are obtaining cost per person for Bus transportation. Saves looking for a parking place and the cost of parking. The bus will drop us off at the Pier and we can walk the causeway or take the free shuttle service to the pier. There will be time for shopping the unique shops and time for an Appetizer and a Drink on the roof or there is casual dining and full dinner options as well.

Other Summer, cool activities are being researched for June, July and August. As well as some day or overnight trips in the Fall. Watch your e-mail and the clubhouse bulletin board for more details.

Your Travel Club Team: Gene Arend, JoAnn Barr, Toni Beaton, Donna Hartin, Carol Keller-Michalis, Peggy Raynor and Carol Rodrigues

BC MART

Ray Jablonski Dave Holmes and Terry LaCasse

Stop and shop at the BC Mart Wednesday after coffee and Saturday 10 – 12a.m.

There is always something you didn't know you need until you see it at the Mart!

It is an adventure in a safe space! Come and browse. Ask about the original pieces of artwork!

Remember that one of the best things about 'shopping local' is that the bargain prices you pay go directly to the Social Club Activities fund.

Another thing to keep in mind, we have some tools available for loan. We ask that you sign them out and remember to return them when you complete the job.

If you require ability aids, we have a large selection of walkers, canes, bedside commodes, even wheel chairs. Check the BCMart before you go out and purchase. These items are perfect for short-term use (following surgery, injury or during physical therapy). Remember, "It takes a village"; includes many possibilities.

HURRICANE SEASON 2022

Pat Rivera

We did not need to shovel snow again this winter! OK, some fauna suffered from frost – but that grow back. Have you noticed that one of our two seasons, ‘wet’ is almost the same as hurricane season? True. As usual, June 1 – Nov 30 is when Floridians need to prepare. You can check with various sources regarding the predications for the season. www.npr.org www.reuters.com [www,cnn.com](http://www.cnn.com) www.accuweather.com www.nhc.noaa.gov

All of the experts agree upon a few things:

Prepare an evacuation plan. The county opens shelters in numerous locations. Or you may decide to drive to a distant safe area. Because we live in manufactured homes, we are encouraged to evacuate. If you decide to ride out the storm, you are on your own if emergency services are needed. You may call – but they may not be able to respond.

Have a go-kit ready. Suggestions include spare keys, cash (ATM may not work), two weeks supply of medications, phone chargers, hygiene items, insurance papers/info, batteries and flashlight, radio and rain gear. Any thing else of importance that you do not want to lose.

Check your checklist. Pinellas County, the American Red Cross, Ready.gov are great sources

Special needs? Emergency management provides a special needs registry. Contact them at the beginning of hurricane season at specialneeds.pinellascounty.org or call 727-464-3800 to receive a form in the mail. If you have a service animal, be certain to share that info. Not all of

the shelters are prepared to accept animals.

When you grocery shop, look for the Pinellas County complete hurricane preparedness bulletin, many stores have them available. All of the shelters are listed. Some do take animals. Consider picking up a couple extra non-perishable items, water, hand sanitizer, meal bars, canned meat and vegetables, etc. You may need to bring your own food to a shelter.

Keep in mind that it may take days or weeks to restore power to the area. Consider keeping the gas tank in your car full during hurricane season. If you evacuate the area, always good to start out with a full tank. If you stay, always good to have a full tank incase the pumps run out or have no power.

On a personal note; I have been a Florida resident since 1979 (Miami until 2016). During that time, we have always prepared for the season. Hurricane Andrew was a once-in-a-lifetime experience. Beyond anything I could have anticipated or imagined – but we survived.

Since moving to Briar Creek, I evacuated to Kentucky for Irma in 2017. In retrospect, it would have been fine to stay put. Usually, I do not consider myself superstitious. I am spiritual. Given that, I take comfort in believing that the Tocobaga tribe blessed the area many moons ago; the blessings still keeps us safe – in Safety Harbor.

But be prepared. Just in case.

Clubhouse as shelter

Recently, an alert from Pinellas County was issued advising residents to seek immediate shelter due to intense storms that would soon be passing through our area. Some individuals wanted to leave their homes and go to the clubhouse. In their mind, they thought the clubhouse would be safer than staying in their personal manufactured homes and questioned why the clubhouse could not be used. We have all asked the same question over the years and thought it deserved an explanation. Most clubhouses constructed during the same time period as ours were not constructed to withstand a windspeed of greater than 75 miles per hour (mph). A category 1 hurricane has a windspeed of 74 mph. It may not seem true but our personal manufactured homes built after 1976 are rated for 70 plus mph as well. For those constructed after 1994, the rating is to a category 3 hurricane standard. Somehow the idea of being in a concrete building just makes us feel safer. The bottom line is that our BC II clubhouse is not certified as an “evacuation center”. The reason why it is not certified is that it does not meet current hurricane design and construction requirements. More specifically, the clubhouse does not meet “Windborne Debris Impact” requirements which are defined as “all exterior service components and cladding materials in their supporting assemblies are required to resist debris impact”. Those components and materials include reinforced concrete walls, strapped roof to walls, hurricane/shuttered windows, tendency of flat roofs to lift off in high winds, etc. We could hire a structural engineer to assess our clubhouse to determine level of compliance and corrective measures needed to come into compliance. Contractors would need to be hired to get pricing. Most likely, to achieve certification would cost our community tens of thousands of dollars, if not more, to bring our clubhouse up to standard. Even if our clubhouse did meet certification requirements, our liability insurance still might not cover us in the event of a claim. Even if our BC II clubhouse did meet certification requirements, if a “mandatory evacuation order” is issued by state or local authorities, the clubhouse could not be opened. The mandatory order means that refusal of residents to leave the community in spite of being ordered is a second degree misdemeanor crime under Florida law. No Board can allow a clubhouse to open under this order and permit an illegal action by residents who remain who would be breaking the law. It would simply leave the Board and community open to serious potential lawsuits and liability. Our association’s liability would be substantial and it’s entirely possible that the association’s insurance company will—with good reason—say that its coverage does not protect the association from claims filed because of an injury or death that occurred

because the association allowed the clubhouse to be used for an unauthorized and unlawful purpose. If that happened, each owner could be assessed a lot of money to pay for that portion of the liability that insurance does not cover. Past boards came to the same conclusion and this board agrees with their decision. In summary, unfortunately, no BC II Board cannot allow our residents to use the clubhouse to “ride out the storm” when we experience severe storm or hurricane alerts. We wish we could be we cannot. So please, set up a major storm emergency evacuation plan and take action to help ensure your personal safety. More information will come out in the months ahead as we head into hurricane season.

Sam Oliverio – Vice President

Happy May to one, and all. By this time, a lot of our friends who travel to their summer homes have either left the Creek or are preparing to. As most of you know summers can be a bit more quiet than the rest of the year, but with our pool and spa in good operating condition the water will be a welcome relief from the heat to come.

We have extended the invitation to our neighbors in Phase 1 to use our pool while their pool heater is down. The gate is unlocked from 8am til 10pm.

We will continue to deal with maintenance issues that come about in a timely fashion, and appreciate your help in alerting us if and when they occur.

Don’t forget that our Shuffleboard Courts will still be available for those who want to brush up on their skills, in anticipation of the return of any adversaries as they return in the fall! Of course it’s all fun and games, when we’re talking neighbor to neighbor.

I’m not seeing any activity on the Bocce Courts, and that’s too bad since a lot of work went into restoring them to a usable condition. Please feel free to utilize all of our amenities, as they are here for your enjoyment.

Here’s to Summer, let’s make it a good one

Jim Tashjian – Director

Outside Alterations

For the last five months it has been my pleasure to process your outside alteration requests. While it has kept me rather busy it has also allowed me to meet residents I have never met and to put a face to the name and address I see on the request form. But now May is here and most of the snowbirds have headed north for the summer. I, myself, will be bringing up the rear of the flock on May 11th when I travel to upstate NY for the summer. I will return at the beginning of October.

In the meantime don’t worry. Bonnie Briggs has offered to take over outside alterations in my absence. Blank request forms can still be found in the clubhouse just outside of the office door. Once completed, they can be dropped in the mail-slot on the office door or in Bonnie’s “rock box” at 50 Birch Creek Drive.

Have a great summer...be safe, get those projects going, but don’t forget to enjoy

yourself. As always, call before you dig, obtain permits as needed from Safety Harbor and/or Pinellas County, and direct questions and concerns regarding trees to Safety Harbor Arborist, Ira Padgett. (He has done a great deal of consulting with our residents.)

Home inspections continuing all year long. We still have not received some 2nd notices. We will send a 3rd notice in “some” cases. Our management company will send notices to owners who are not here at all. The home Inspectors are volunteers trying to install pride in our community for all. Your coordination will make our jobs easier.

AARP Driving Course

Carol Smitley

It has been over three years since we have held an AARP Driving Course in Phase II. I have had several inquiring when we would have it again. So I have it scheduled for May 13th. The cost is \$20.00 for AARP members and \$25.00 for non-members. (check only) This class is very informative and as we get older we tend to forget the dos and don'ts of driving. Like when an emergency vehicle has stopped someone you must move over to the next lane. I learned the hard way coming back from Ohio. The class is about 6 or 7 hours. Lunch will be provided with a freewill offering. Just be sure you have your driver's license and AARP card if you are a member. The sign-up sheet is in the Phase II hallway. You can also call me at 727-644-4842.

Shuffleboard

On April 4-7, 2022, Tom Feeley earned the privilege of playing in the 61st Annual Florida State Shuffleboard Pro Masters Tournament held in North Fort Meyers this year.

To achieve this honor you must play in state tournaments earning points and placing in the top 8 in the state. Tom played very well and ended up placing 4th in the event.

Tom became a Florida State Shuffleboard Pro in 2011. He placed in several West Coast District Masters and won the 2017-2018 State Non Walking Singles Tournament. He was inducted into the West Coast District Wall of Fame as a player. Tom was the Captain of the Briar Creek Shuffleboard team, President of the Stirling Shuffleboard League, and 3rd Vice President of the West Coast District.

Tom is the first player from Briar Creek to be eligible for the honor to play in this prestigious Tournament. Congratulations to Tom on the honor you have achieved.

Also:

Ellie Prevost has been at the Shuffleboard courts on numerous occasions offering instructions and pointers and has had over twenty participants learning the finer points of this challenging game. Since she will be going North for the summer she will not be available again until the fall but you are welcome to go to the courts at any time and practice your skills.

All equipment is there for your enjoyment.

Update on the Phone Directory for May 2022

By the time you are reading this, the 2022-2023 Directory should have been distributed. I don't have an exact date for delivery but it should be soon.

I was able to add some last minute changes on March 27, the last day before the printers took over the process. However, BC2 continues to be a very active real estate market and there have been several changes and amendments since then.

- The phone numbers for Philip Willix and Normajean Allen at 108 Natures Trail are P: 352-801-0163 and N: 727-418-9259.
- Katherine Morrison is the new owner of 93 Laurelwood and her phone number is 313-405-4799.
- Larry and Mary Jo Ronn are the new owners of 135 Clubview Drive, and their numbers are L: 612-710-8043 and M-J: 952-738-1458.

Also please note that the phone number listed for Greg and Dorenda Zimmer (585-202-5557) is the number for Dorenda's cellphone. Greg's cell number is 585-261-5050.

As always, when you see anything that needs to be corrected or changed in the Directory, please contact me, Sheena Lee, at 163 Clubview Drive, 727-421-5665, or by email at sheenalee2133@gmail.com.

From Your Clubhouse Librarians

We are really happy to see so many people taking out the various puzzles as well as books, and it looks like several snowbirds might have found a small stash of books and puzzles in their house to return to the library as they start packing up to go north.

Thank you for bringing these back.

We do have a request for the puzzle people. We are finding a lot more puzzle pieces lying on the floor near the puzzle shelves and on nearby shelves as well. It would seem that as people look at the box, these loose pieces are falling out. We would really appreciate if you could put all the pieces inside a **Ziploc plastic bag** inside the box before returning the box to the library. That should ensure that none of the puzzle pieces will fall out of the box, and it will still allow another person to open the box and check that they will be happy with the size and shape of the puzzle pieces before taking it home with them.

Does anyone have copies of the Readers Digest Magazine to donate? These make good poolside reading material and, with one tucked into your purse, that frequent wait in a doctor's office will pass a little faster!

As always, any donations are welcome to your library.

From your clubhouse librarians, Billie Ann Berry (aka as Twizzard the Wizzard), Ruth Miller (recently starring as Lily Limelight) and Bill Steiner (who wasn't one of the stars!).

CELEBRATION

Congratulations to the Cast and Crew of Celebration, a play featuring Actors and Actresses of Phase 1 and Phase 2. The play took place in Fiddly Diddly Florida, a suburb of Briar Creek. The play ran for two nights to a sold out House both nights! It was cute, and funny and a fun time was had by all who came to see it.

Please Don't Feed the Critters

Jody Larson

I know that when we see cute animals and birds, we want to feed them. I admit, I have been tempted. But these are wild animals, and they need to find their own food. Human food is never as good for them as what they find on their own.

Plus, feeding tends to create problems. Florida has a native rat, called a fruit rat or roof rat, that is happy to eat whatever you leave out. These rats also like to find ways into our homes. This is one reason why bird feeders are discouraged. Also, squirrels are quite happy to raid birdfeeders.

Tossing human food to birds is also not good for them. Ducks were not meant to eat bread, and egrets aren't supposed to be having hot dogs—even gourmet versions! These birds can become ill from eating human food, and they may “forget” how to forage for themselves. Plus, if you want to feed one bird, you may find that others come along. Everyone wants to eat! It's unfair to try to feed one kind and chase away the others.

The best solution is not to feed wild animals and birds at all. It's better for them.

Make Sure Drivers Can SEE You!

Jody Larson

Some folks evidently haven't got the message about walking at night in Briar Creek. If you're a night walker, protect yourself. Wear light clothing and something reflective. Or, you can carry a flashlight or wear a blinking red light—or all of the above!

You can get a lightweight vest in vivid green or orange with reflective stripes at Home Depot, Lowe's, or Walmart. The cheapest is around \$3 at Lowe's, and most are under \$20. Reflective belts or armbands can work, too. You also might want to get a reflective vest for your dog, if you take it walking with you at night.

This is a retirement community, and for some of us, our vision isn't as good as it used to be. Plus, our reflexes may have slowed down. Why take the chance of getting hit? I have good eyesight, and sometimes people walking in the street just blend into the darkness—even though my headlights are on!

And while we're at it, please keep in mind that not everyone out walking in Briar Creek lives here. If you think someone is acting in a highly suspicious way, do not confront them—but do call the Sheriff's office on the non-emergency number (727-582-6200). Notice what the person looks like and what they are wearing, as well as where they are and the direction they are heading.

Bowling

Arnold Williams

This will be my last letter until August when teams will be forming for the next upcoming season. We had a Tie for 1st place between The Cowboys & The 49ers this year. 10 games separated the top 7 teams so it was a pretty close finish this year. If you are interested in joining next year there will be spots available for plenty of fun & exercise & meeting your neighbors. We welcome bowlers with averages ranging from 80-180. Below are the bowlers who bowled +25 pins over their averages. Hope everyone has a Safe & Healthy Summer. Arnold Williams

Humane Society & the Haven

Barbara Bergling

Thanks for all your generous donations for the Humane Society and the Haven. I used to be able to donate clothes, but they no longer accept them. The exception is new socks for children and things in all sizes for use in the show.

The humane society and the Haven also don't accept sheets. Remember that if your linens are in good condition, we sell them at our bazaar.

The humane society request is for everything you are donating but especially towels. Also, they receive a lot of dog food and treats but very little cat food or treats. Thanks to all of you for your donations. As I have said before, Briar Creekers are extremely generous.

Thanks again everyone

Barbara Bergling

If you have not signed up yet and want to be on the phone tree, again send an e-mail to BC2phonetree@gmail.com. Include your name, address, and phone number

Is your spouse the one getting the e-mails and you never know what's going on? I have several families where both spouses are on the e-mail chain so they both read the e-mails at their convenience. So, if this appeals to you, send me your e-mail address.

So, you signed up for the phonetree, but you are not getting any emails?

If this is the case, check your spam/trash file to be sure the emails are not going there, for some reason you've been getting them all along and now you're not, it happens. If they are not there, **PLEASE E-MAIL ME** at BC2phonetree@gmail.com and we will see what's happening.

Another suggestion would be to open a G mail account. I have had a few people do that and they are not having any trouble getting the emails now. Gmail is free and all you would have to do is keep your beginning and end it with Gmail. Then you don't have to remember a whole different sign on.

For instant... you were ABC123@yahoo.com change it to ABC123@gmail.com.

If you do that be sure to give me your new address so I can change it on my list.
