PARADISE ISLAND UPDATE

Pat Walker, Association President

The lazy days of summer have arrived – I’m hoping that by the time you are reading this article the Park #1 pool will be open with a gang of folks hanging out enjoying the sun and fellowship. If not, Parks #2&3 be alerted that we will be over to join you – we may even challenge you to a pool noodle race.

Thanks to Lei Crance and her party partners, Cheri Mathews and Peggy Lyter, who did most of the work planning and organizing the Derby Day Party – Deb Grant (Park 2), Marcia Lilley, CC Corley, Richard Crance and I pitched in to help, and several more were there to set up and clean up.....a great team effort – thanks everyone. Printing, cutting and folding 240 little pieces of paper was a chore, but I think we all won a few bucks for our efforts (Cheri won more than a few!) so it was worth it. Accolades to all the guys who were brave enough to participate in the Derby Hat Parade – obviously they have watched a few fashion shows as they knew how to pose and work the crowd. Creatively speaking, the ladies hats were way over the top this year making the parade one of the highlight of the day. Hope you all had as much fun as we did. Congrats to John & CC Corley who tied for top prize.

We had a good turnout for the Memorial Day BBQ – thanks Richard for being the grill chef – it was hot work but you were certainly up to the task.....and attendees, thank you for the delicious side dishes. We did not fail to honor the true reason for this National holiday, the men and women of the military who gave their lives in defense of something we take too much for granted -- freedom. Due to their sacrifices, we were able to celebrate in peace – a grateful nation is thankful and salutes your memory.

As announced, bingo will be once a month through September – the third Thursday of the month. It’s a smaller crowd in the summer so we invite those with nothing special scheduled on that Thursday night to join us.

Ladies Poker will continue on Monday nights through the summer but Golden Fitness on Tuesday nights will be on hiatus through September. The Corley’s are also taking a few months break from hosting Karaoke night. Chip King wants to get some guys together for a Men’s Poker night. If interested, give him a call – his number is in the Park Directory.

May was the final monthly Park #1 Association Meeting until October. If a need for a meeting arises during the summer, you will be notified by memo and it will also be posted on the Lake Haven Park Happenings Facebook page.

TREASURE COVE HAPPENINGS - PARK 2

Susan Regan-Secretary

Happy June everyone! It's almost feeling like summer but we've still had some days with beautiful breezes. So enjoy the outdoors while it's not stifling. Enjoy the beach. Go for a nice walk or bike ride. You can also take advantage of the many restaurants that have outside dining. How serene is it to enjoy a nice lunch or dinner while looking at the ocean?

Things are certainly getting quieter in Lake Haven since many of our snowbird friends have returned home for the summer. We wish them all safe travels and look forward to seeing them in the fall. Enjoy your cooler weather snowbirds!

There's been an awful lot of activity around due to the 360's. Some of it warranted and most of it not. However I want to commend everyone for the work they have done. Most homes have always been kept up and continue to do so. I think we all agree we want Lake Haven to look beautiful and we take pride in our homes.

Don't forget Fathers this month! Dads come in all forms so don't forget to honor the male figure that has impacted your life. Happy Fathers Day!!!!

Stay Well Everyone! Until next time!

Guana Cay News and Updates

Rob Peacock – Park 3 Association President

Hi everyone! It is June already. Summer is here. I hope you all had a great May with the holiday festivities, everyone's flowers and plants in bloom. It's really looking nice in our community. It certainly makes our investments pay off as we have continued buyers liking our community.

June's calendar includes: Flip Flop Day (10th), Flag Day (14th), Father's Day (19th), Summer Solstice (21st) and Food Truck Day (24th)

I hope all the Father's have a great day! All your hard work to support a home and family for your loved ones. Thank you for your great dedication to family members over the years. Enjoy your day and many more.

Bar Poker/Bar Bingo will continue this month on June 8th and June 22nd at 6pm in park 3 clubhouse. Thank you for your great success and contribution for charities. In May we raised 500.00 for Dunedin Cares Food Pantry to feed our children. Thank you!

There has been nothing new about tree trimming, canal clean up or our fountain. The fountain is especially important to start moving our stagnant water through the canal area. The algae and smell are getting worse as the water warms. We will keep you notified of any news regarding these problems.

There are rumors in the weather world that the water temperatures near the equator are getting warmer as the Atlantic and Pacific oceans are starting to churn up high winds. Dry Sahara winds meet the wet African season is when the tropical cyclones will start up. Please look ahead to prepare your emergency supplies as hurricane season is fast approaching. Know your routes to travel, where to go in case of evacuations. Please secure all your belongings and debris as winds will be strong. Remember, anyone needing help with their property, call Neighbors Helping Neighbors for assistance and guidance. Thank you to all the members for your dedication to our community.

Please refrain from putting sizable items in our dumpster area to help keep our garbage bill down. Look for alternative sites in the county.

There will be no fertilizing allowed in Dunedin and possible water restrictions, I'm sure those dates will be posted soon.

Have a great June! Stay safe and healthy.

Show dignity and respect toward one another and the world would be a much better place.

The elephant's tale

A man was visiting the zoo one day. As he was passing the elephant enclosure, he suddenly stopped. The majestic creatures were restrained by only a small rope tied to their front leg—no chains, no cages. It was obvious that the elephants could, at any time, break free, but for some reason, they did not.

He saw a trainer standing nearby and asked why the elephants made no attempt to get away.

“Well,” trainer said, “when they are very young and much smaller, we use the same size rope to tie them. At that age, it’s enough to hold them. As they grow up, they continue to believe they cannot break away. They think the rope can still hold them, so they never try to break free.”

The visitor was amazed. These enormous beasts could break free from their bonds whenever they wanted, but because they thought they couldn’t, they were stuck right where they were.

Like the elephants, how many of us go through life hanging onto a belief that restrains us, simply because it held us back once before?

First things first

A team of high-powered executives hired a consultant to help them develop a better work-life balance. In the conference room, the consultant set a one-gallon glass jar on the table and filled it with large stones. He asked the team if the jar was full. The executives agreed that the jar was pretty full.

Then he pulled out a bag of smaller pebbles and poured them into the jar. The smaller pebbles fell into the spaces between the large stones. Again he asked, “So, is the jar full?”

The team was more hesitant, but they eventually answered that yes, the jar seemed full now.

Then the consultant pulled out a bag of sand and poured it into the jar. “Now is the jar full?”

A smart woman in the front row raised her hand and said, “No, you can still pour water into the jar.”

So the consultant did, filling it to the top.

The woman in the front row said, “I get it. The point is that no matter how busy our schedule is, you can always cram something else in, right?”

The consultant smiled. “Not exactly. My point is that you should put the big items into the jar first. If you don’t focus on the big things, like spending time with your family and having a spiritual life, the little things will always seep in and take up all the space.”

JUNE CALENDAR

Alzheimer's and Brain Awareness Month. Worldwide, more than 55 million people are living with Alzheimer's or another type of dementia. Join the Alzheimer's Association in going purple and raising awareness in June. The more people know about the facts about Alzheimer's and dementia, the closer we come to a cure.

Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQ) Pride Month. Celebrations include parades, picnics, parties, workshops, symposia, and concerts. The purpose of the commemorative month is to recognize the impact that lesbian, gay, bisexual, and transgender individuals have had on history locally, nationally, and internationally.

National Oceans Month. The ocean is home to fish, turtles, colorful coral reefs, and other unique organisms. National Oceans Month recognizes our connection to the ocean and seeks to raise awareness about the dangers it faces—pollution, overfishing, and more. These days it's more imperative than ever to take action to treat ocean resources with respect.

National Rose Month. Roses come in more than 300 species, and in different sizes and colors across the globe. They have long held a special place in people's hearts, used to show love and affection for weddings, childbirth, and other special occasions. The rose is also a state flower of five U.S. states.

Week

National Headache Awareness Week, June 5–11. What causes headaches? Stress, diet, or a life-threatening ailment? These questions can be answered only with extensive research. National Headache Awareness Week seeks to provide help to thousands of headache sufferers across the U.S.

National Nursing Assistants Week, June 16–23. National Nursing Assistants' Week provides a timely opportunity to showcase the wonderful hands-on care that nursing assistants provide to patients across the country.

Lightning Safety Week, June 19–25. The National Lightning Safety Council established National Lightning Safety Awareness Week to provide the public with safety information about lightning. Visit NOAA's comprehensive lightning safety website to learn more about lightning and lightning safety.

Learning Disability Week, June 20–26. This week aims to improve the quality of life for individuals with learning disabilities by raising awareness about important issues, fighting stigma and discrimination, and raising funds for outreach and support programs.

JUNE DAYS

Global Day of Parents, June 1. Emphasizing the crucial role of parents in the lives of children, the Global Day of Parents recognizes that the family has the primary responsibility for nurturing and protecting children.

National Cancer Survivors Day, June 5. Whether you're a cancer survivor yourself, a family member, a friend, or a medical professional, this day provides an opportunity for everyone living with a history of cancer to connect, celebrate milestones, and recognize those who have supported them.

Flag Day, June 14. A day commemorating the adoption of the flag of the United States in 1777.

Father's Day, June 19. This day honors all fathers, grandfathers, and father figures for their contribution to their children's lives.

Summer Solstice, June 21. The solstice marks the official beginning of summer in the Northern Hemisphere.

First day of summer—are you ready to celebrate?

Summer begins in 2022 on June 21 with the summer solstice, the day when the Earth's axis tilts our northern hemisphere most prominently toward the sun. On this day, the sun will reach its highest point in the sky, and afterward the daylight hours will grow shorter.

The solstice has been a time of celebration and ritual in cultures around the world throughout history. At Stonehenge, a visitor standing in the center of the stone circle can see the sun rising directly over the Heel Stone, located just outside the ring of stones. The Egyptian Great Pyramids were built in such a way that an observer standing near the Sphinx can watch the sun set directly between two of the Pyramids.

Celts and Slavs celebrated the event with bonfires and dancing to help the sun increase its strength. The Native American Hopi tribe had males dress as dancing spirits of rain and fertility known as Kachinas—messengers between humanity and the gods who left the villages at midsummer to live in the mountains, where they were said to visit the dead.

The ancient Druids' belief that the solstice represented the wedding of heaven and Earth is responsible for the tradition of brides planning a lucky June wedding.

Dedicated Senior Medical Center
A CHENMED COMPANY

Have the Right Doctor? Ask Yourself These 10 Questions.

At Dedicated Senior Medical Center, we're committed to keeping seniors healthy, happy and at home. We understand these are scary times, but we're here to help. Dedicated doctors specialize in caring for seniors and that's why we make it easy for you to see a doctor.

Ask yourself:

1. Is your doctor's office still open?
2. Have you heard from your doctor in the past two weeks?
3. Is your doctor personally calling and texting to check on you?
4. Has your doctor called you to explain your risk of coronavirus?
5. Is your doctor's office offering doctor phone visits?
6. Does your doctor allow walk-in visits?
7. Are you able to call your doctor anytime, day or night?
8. Do you have any difficulty getting to and from your doctor?
9. Is your doctor helping to make sure you receive all of your prescription refills?
10. Is your doctor offering to help you get your medications delivered?

Remember these at your next party

- I just got my doctor's test results and I'm really upset. Turns out I'm not going to be a doctor.
- As I get older, I remember all the people I lost along the way. Maybe my career as a tour guide was not the right choice.
- I visited my friend in his new apartment. He told me to make myself at home, so I threw him out. I hate having visitors.
- My parents raised me as an only child, which really annoyed my sister.
- I threw a boomerang a few years ago. I now live in constant fear.
- I'll never forget my grandfather's last words to me just before he died: "Are you still holding the ladder?"
- My relatives liked to tease me at weddings, saying things like, "You'll be next!" They stopped once I started saying the same to them at funerals.
- I childproofed my house. Somehow they still got in.

Beware the anti-riddle

Some jokes can be funny precisely because they're not jokes. It's a paradox, but these riddles prove it:

- What do you call a joke that isn't funny? A sentence.
- What did one Frenchman say to the other Frenchman? I don't know, I don't speak French.
- I told my friend she was drawing her eyebrows too high. She looked surprised.
- How is a laser beam like a goldfish? Neither one can whistle.
- What did the man say when he lost his truck? "Where's my truck?"
- What's the one thing in life you can always count on? A calculator.
- What did one ant say to the other ant? Nothing, ants can't speak.
- Do you know what always makes me smile? Face muscles.
- How tall is the Empire State Building? One Empire State Building tall.
- Do you know what's odd? Every other number.

A smile starts on the lips, a grin spreads to the eyes, a chuckle comes from the belly; but a good laugh bursts forth from the soul, overflows, and bubbles all around.

— **Carolyn Birmingham**

At the height of laughter, the universe is flung into a kaleidoscope of new possibilities.

— **Jean Houston**

Walking into a bar

A few “walked into a bar” jokes for you:

A guy walks into a bar and asks for 10 martinis. The bartender sets them up in a row, and the guy takes the first glass and pours it on the floor. Then he takes the 10th one and does the same.

"What did you do that for?" the bartender asks.

"Well," the man said, "the first martini always tastes like crud, and the last one always makes me sick."

A neutron walks into a bar and orders a drink. When he's finished, he asks, "How much do I owe you?"

The bartender replies, "For a neutron? No charge."

A gorilla walks into a bar and says, "A scotch on the rocks, please," and hands the bartender a \$10 bill.

The bartender thinks to himself, "This gorilla doesn't know the price of drinks," and gives him 15 cents change.

Then the bartender says, "You know, we don't get too many gorillas in here."

The gorilla replies, "Well, at \$9.85 a drink, I'm not surprised."

Three wishes

Three friends were stranded on a deserted island. They found a magic lamp, and inside it was a genie who agreed to grant each friend one wish.

"I want to go home," said the first friend.

"Done," said the genie, and the woman vanished.

"I want to go home, too," said the second friend.

"Done," said the genie, and the man disappeared.

The genie looked at the third friend. "What is your wish?"

"I'm lonely," said the third friend. "I wish my friends were back here."

Family and friends are hidden treasures; seek them and enjoy their riches.

Guard your home against burglars

We all want to be secure in our homes, but burglars are out there, looking for vulnerable houses to rob. Keep your home safe with this advice from the CNET website:

- **Keep doors and windows locked.** This is the simplest step to take for security, but it's easy to overlook. Don't make things easy for burglars by leaving any access point unlocked, even when you're home. Doublecheck before you leave or go to bed to make sure everything's locked up tight.
- **Strengthen your entrances.** Every door leading outside should have a deadbolt to make breaking in more difficult. Make sure your door frames and hinges are secure as well. Replace them if they've gotten old. Look into smart locks that you can engage remotely.
- **Get a home security system.** Security cameras will scare any would-be burglar off. They can alert you to movement outside even if you're not at home, and notify the police automatically. Motion sensors on your doors and windows can also add extra security.
- **Keep valuables hidden.** Don't leave jewelry, electronics, cash or credit cards, or anything else of value where they can be seen through a window. Keep curtains and blinds closed so your interior isn't visible to anyone outside. Close your garage doors so passersby can't spot bikes or expensive tools.
- **Light up your yard.** Install outdoor lighting so no one can get close to your house without being seen. Motion sensor lights will illuminate the outdoors whenever they detect movement, and if you have security cameras, you'll get a good look at anyone trying to break into your house.
- **Hide keys effectively.** Don't just leave a spare house key in a flowerpot or underneath your welcome mat—that's where most burglars will look first. Use a lockbox that can only be opened with a combination, and hide it away from your front door. If possible, leave an extra key with a neighbor you trust.
- **Don't let your house look empty.** Burglars target houses where no one is home. Remember to stop your newspaper and mail delivery when you go on vacation. Leave a few lights on inside when you go out at night. Install a system for turning lights on and off when you're away to give the illusion that someone is inside.

A fit body, a calm mind, a house full of love. These things cannot be bought—they must be earned.

— *Naval Ravikant*

The more you understand yourself, the more silence there is, the healthier you are.

Do you know these words?

How many of these names for common things do you recognize?

- **Aglet:** The plastic or metal coating at the end of your shoelaces.
- **Agraffe:** The wire holding a cork over a wine bottle.
- **Armscye:** The arm in clothes where the sleeve is sewn.
- **Columella nasi:** The space between your nostrils.
- **Dysania:** Difficulty getting out of bed in the morning.
- **Glabella:** The space between your eyebrows.
- **Griffonage:** Illegible handwriting.
- **Petrichor:** The smell of the air after a rain.
- **Vocables:** Words in songs that don't have any meaning, like "la, la, la."

Famous fathers and their offspring

Father's Day celebrates the special bond between fathers and their families. Every dad is a celebrity in his child's eyes, of course, but in some families fame and fatherhood go hand in hand. Take a look at some of these well-known fathers and their successful children from the world of movies, music, and sports:

- Kirk Douglas and Michael Douglas (acting)
- Tony Curtis and Jamie Lee Curtis (acting)
- Lloyd Bridges, Beau Bridges, and Jeff Bridges (acting)
- Archie Manning, Payton Manning, and Eli Manning (football)
- Jon Voight and Angelina Jolie (acting)
- Bob Dylan and Jakob Dylan (music)
- Frank Sinatra and Nancy Sinatra (music)
- Ken Griffey and Ken Griffey Jr. (baseball)
- Henry Fonda, Peter Fonda, and Jane Fonda (acting)

Flag Day trivia

Flag Day is June 14th, when Americans proudly display their patriotism by flying the U.S. flag far and wide. The design of the U.S. flag was originally established by the Second Continental Congress on July 14, 1777. The Flag Resolution stated:

“Resolved, that the flag of the United States be thirteen stripes, alternate red and white; that the union be thirteen stars, white in a blue field, representing a new constellation.”

FLORIDA ANCHOR AND BARRIER COMPANY

To our valued customers:

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

Wishing you good health and safety,
The Florida Anchor & Barrier Team

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

New mineral discovered in diamond

Scientists have discovered a mineral never before seen in nature—in the heart of a diamond. Scientific American reports that the mineral, a form of calcium silicate perovskite, has been created artificially in laboratories under high-pressure conditions, but it reverts to a different form under normal pressure. However, scientists found three small chunks of the material when examining a diamond from Botswana. Because it has a different crystalline structure, they gave it a new name, davemaosite (after one of the researchers, geologist Ho-Kwang “Dave” Mao).

The diamond was formed deep in the mantle of the Earth, some 410–560 miles down. The davemaosite was found to have high levels of potassium, which may have helped keep it stable; it also contains small amounts of uranium and thorium, which are radioactive and contribute to the heat the Earth generates beneath its surface. Geologists speculate that davemaosite may make up to 5–7% of the material in the Earth’s mantle, providing new clues to the structure of our planet.

Greenland holds clue to ridges on Jupiter’s moon

Jupiter’s moon Europa is covered by ridges that appear in pairs stretching for hundreds of miles over channels of ice, and until recently scientists were puzzled about how they were created. Now, according to the Science News website, they believe the ridges arose from a process resembling the formation of similar ridges found in Greenland on Earth.

A NASA satellite in 2016 showed the existence of an 800-meter-long double ridge system in Greenland. Astronomers analyzed the Greenland ridges, which are much smaller than those on Europa due to Earth’s higher gravity. Radar shows that the Greenland ridges lie on top of a layer of water-filled snow about 10–15 meters deep; meltwater from the surface sinks into the buried snow beneath the ridges of ice.

Scientists theorize that the ridges on Europa have a similar origin, although the lack of meltwater or precipitation on the moon’s surface means that the shallow water probably comes from an ocean under the shell of ice that makes up Europa’s surface. When water rises through cracks, it collects in thick layers of ice from which the ridges grow.

A NASA probe scheduled to launch in 2024 and arrive at Europa in 2030 will provide more data to confirm the theory.

Science and everyday life cannot and should not be separated.
