## President's Corner

*Submitted by Bob Lohrman*

**H**ello from the Board of Directors,

Hopefully at this reading we will have milling started on the streets. Residents will be contacted ahead of work starting as well as work progressing thru the park. Information will be provided to the editor by Connie Lorenze our contractor overseeing the complete blacktop operation. Watch for the notices. Good news – many residents have left the park for the summer; this is very helpful to the work being done.

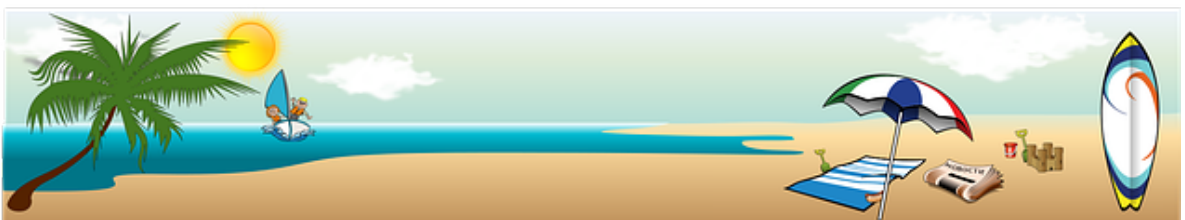

At the May board meeting the Board will have elected a new Director due to Dominic Calandra submitting his resignation prior to completing his term. Notice was posted for any shareholder interested in filling the position. Results will be in July newsletter. I want to thank Dominic for his work and time on the board, it was appreciated!

Grass mowing starts on a weekly basis the month of May and continues for the summer months. Speeding is still a problem in the park! It will be more serious as road work starts – please slow down.

To all our northern friends, have a great safe and healthy summer. Our thoughts and prayers go out to our sick and shut-ins and those who have lost loved ones.

Bob

## Manager's Corner

Submitted by DeeVon Mummert

**MANAGER**

**J**une...! How can June be here already? It seems like yesterday that our snowbirds (and others) were still here and now they have flown away. We will anxiously await their return in the fall and bid them all safe travels.

Now that Spring is upon us, so is kitten time. Please remember not to feed feral cats in our park. If you feed them, they will keep coming. They also then grow dependent on us to feed them. This practice also entices raccoons and other critters to come and dine on the cat food and whatever other foods you have left outside as well.

I feel that I must go over “pets” and assistance animals as well. If you see a dog in the park being walked, this dog is *not a pet*. It is either an assistance animal or a service animal. Both are very different, but they are not pets. We cannot refer to them as such either. An assistance animal, formally known as an emotional support animal, and service animals provide two necessary things for their owners. Both have to be prescribed, just as a medication from a healthcare provider. The law has changed regarding the “internet letters”. You can still find them, and they are all written in very standard verbiage, but they themselves are no longer “legitimate means” of an animal being allowed in the community. Also, these animals are not allowed into the community without the final approval step, which comes from our attorney. Neither the office, nor the Board of Directors, has any say in this matter. It is our attorney who determines that the qualifications by law and definition are met for them to be here.

People need these animals for various reasons. Please consider this example. If you take a prescription pill, would you want your neighbors telling throughout the community that you don't need to be on that medicine? It really is the same thing. We all need to be considerate of what we are saying about these animals. You never really know the true impact you have on those around you. You never know how much someone needed that smile you gave them or how much your kindness may have turned someone's day completely around. Give a hug, stop and talk to your neighbor, don't wait for someone else to be kind, just do it.

I have been warmly welcomed by many since coming on board here at Sunset Palms. We in the office and the maintenance department strive to keep you all happy. We want you to have a good experience when interacting with any of us. However, we will not tolerate rude behavior and people coming into the office area yelling and using foul language at us. We are here to try to help you. If you come into the office area upset over something, please take a moment to compose yourselves. We realize everyone has “bad days”. We are only asking you to treat us in the manner you expect us to treat you.

The road project will be starting this month as well. We will keep the remainder of the park residents updated, as we get information. ***Again, please be patient and please, please for your own safety...stay away from the work zones.*** The contractors cannot see you, hear you, etc. We certainly do not want anyone to get hurt. Also, as a reminder, the pool will be closed down during the period that the roadwork is being done around that area. The concrete dust will get into the water and into the pool pipework and pump. We cannot take the risk that it will cause damage to the pool works. Also, it would not be pleasant for you to be in the pool during this time due to that fact as well.

## New Shares Sales Committee

Submitted by Jan McCoy

### Share Sales Update

**C**ongratulations to all of our new shareholders, to date, in 2022! As you are aware, we had a great start to the new year until new share sales were temporarily suspended in March. By the time this newsletter is published, sales will have commenced effective June 1, 2022. Please be sure to contact myself or Denise Harned (Share Committee member extraordinaire) with inquiries or to begin the process.

Needless to say, it is exciting to see the surge in financial commitment to Sunset Palms. As support grows, so do the possibilities and, hopefully, involvement by our residents. It takes vision, collaboration and dedication to create a community like ours. Not only has our park been beautifully maintained but the asset-value of our investment continues to grow; all the while our recreational fun abounds. A job well-done thus far, I’d say, with a bright future ahead; all of which supports the answer to the question, “Why should I buy a share?”

Meanwhile, our committee is well on its way towards creating an increased presence and awareness around new share sales in general. With a defined communication plan, an increased community presence, process mapping and new reference material creation in-the-works, our

# Lift Station Monthly Reminder – Important

Submitted from the Office

**F LUSH ONLY:** Body waste and toilet paper. It is highly recommended that only one ply toilet paper be used to prevent clogging the toilet.

**DON'T FLUSH:** Tampons- Sanitary Pads – Diapers – Depends – Swiffer Cloths – Dust Cloths – Wet Wipes – Kleenex – Food, etc.

When we flush, the waste goes into a **holding tank** that has two pumps to expel the waste **UP and OUT** into the Pinellas Park sewage system. When any of the above gets flushed, it clogs the pump, overheats it, and burns out the motor.

## Person of Interest

*Submitted by Don Barnes and Vince Mezera*

This month's Person of Interest is the story of two special people (Abel and Nubia), from two different countries in South America, that came to the United States for two different reasons and became citizens of the United States. They met in Pennsylvania and now are happily married and enjoying their home in Sunset Palms. The odds that this would happen might be astronomically high, but it did. How this happened and why it happened and the different paths that each one of them took to get here is a very interesting story.

### ABEL AQUINO'S STORY OF HIS CHILDHOOD AND EDUCATION

Abel was born and raised in the highlands of Oruro, Bolivia, South America. Elevations in Bolivia reach an impressive 21,463 feet above sea level. Oruro is over 12,200 feet. He was the only child in his family but grew up in a nice neighborhood with many of friends who became his extended family. As a child he was exposed to Catholic and protestant congregations which influenced him a great deal in areas of service and helping the needy. He completed his Elementary and High School education in Oruro.

After graduation he started working at the Mennonite Central Committee. This is a relief and developmental program of the Mennonite Church staffed by Canadian and North American volunteers. His assignment was to be a liaison between Bolivians and volunteers in the areas of

#### NUBIA ALZATE'S STORY OF HER CHILDHOOD AND EDUCATION

Nubia was born and raised in Medellin, Columbia, South America. She came from a large family with 9 men and 3 women. She was the second born and the first daughter. That allowed her to be able to help raise the younger siblings. She was fortunate to have wonderful parents who made sure that they got an education and took them on vacation once or twice a year and usually went to the beach. They are a united family and get together frequently to share their stories of growing up and laughed a lot about their memories. They are an educated family, and she is an accountant, the rest of her brothers and sisters are Medical Doctors, Engineers, Accountants, Agronomist, and teachers.

She has worked as a Fiscal Auditor, and a teacher at the University of Medellin. She got married to a classmate and has one daughter and two beautiful grandchildren. Her first marriage lasted for 5 years and was then single for 15 years. Her daughter and Grandchildren reside in Pennsylvania.

Due to the political and drug unrest in Columbia, Nubia and her daughter immigrated to the USA and resided close to her sister in Pennsylvania. Her sisters and one of her brothers are in the USA and the other brothers are still in Columbia. In 2021, while in Lancaster, Pennsylvania, she met Abel. There, Abel lived close to her brother's house in and that is where she met him. They

### ABEL AND NUBIA'S MARRIAGE AND LIFE TOGETHER

Abel and Nubia have enjoyed their time together and greatly shared the blessing of their extended family of 12 and 5 grandchildren. Abel said that now his small family had become a large family. They both retired in 2012 and currently they divide their time traveling to Bolivia, Columbia, Pennsylvania, and Florida. For many years they would assist their parents in Bolivia, and Columbia. Since Abel's parents passed away, they have stopped traveling to Bolivia. Unlike many in our park, they do not consider themselves to be 'Snowbirds', but instead are 'Sunbirds'. They think that the winter in Sunset Palms is too cold, so they find a place to go that is warmer.

They say that when they met it was a match made in Heaven. Although from different countries, surprisingly, they found that they had many common experiences. Both have a love of traveling and have seen all the states except Alaska and Hawaii. Between the two of them, they have seen many countries in the world. When asked what the most beautiful place that they have seen, Nubia said Niagara Falls and Sunset Palms because it is so peaceful and calm. They both love to exercise and it helps keep them in shape. Nubia does quilting and crocheting, needle point and crafts. After several years of work, she recently completed a beautiful quilt. Abel likes to do handy work and fix things, also photography. A memorable moment for Abel is when he was a child, he wanted to know what was behind the big mountain near him. So, one day he decided to go to the top and see, and he was surprised to see that it was only more trees and other mountains. Nubia was surprised to find out the effect of the altitude in Bolivia when she first went there.

The most wonderful thing that ever happened to Nubia was having her daughter and getting to know Abel, Abel said that his was now having a large family, and his love and marriage to Nubia. The bucket list is the same for both, to travel to Europe and visit many of the countries there. They have been in Sunset Palms for 3 years and love the place. They lived in Venice, FL before moving to Sunset Palms. The reason that they move to Sunset Palms was because they met friends from here and really liked the cleanness of the park and peace and quiet. They like the new security cameras and appreciate the way that Sunset Palms is maintained and their life here now.

Vince and I really appreciate them for allowing us to visit their home and interview them. They were certainly nice and friendly.

Thanks,  
Don and Vince

### A Cruise Like No Other – Spain to Florida

**October 31- Nov 13, 2022**

Whether you live in Sunset palms permanently or seasonally, this is a great option for traveling together. We begin in Barcelona Spain visiting 3 Spanish ports, sailing to Azores, Bermuda and Fort Lauderdale. We then coach back to Sunset Palms arriving November 13, 2022.

Cruise ships on transatlantic crossings offer many educational, entertaining, and fun activities on the sea days. For example, guests can take classes in computing, photography, cooking, bridge, fitness, ballroom dancing, or, they can attend lectures on a variety of topics that expand their knowledge on history, travel, health, music, or art. During less active time, we socialize as a group by doing a variety of custom activities or you can simply relax with a nice glass of wine. Our package includes beverages, alcoholic or not, all gratuities and Wi-Fi. In addition, each balcony will have a credit to spend of \$410 . This can be used in the shops, the shore excursions and casino. The price for a balcony is approximately \$2100 usd per person.

So far there are 52 residents signed up. Some will drive to Florida first, fly Tampa to Barcelona

while others will simply replace their home to Florida flight with home to Barcelona and sail to Florida for the winter.

Options are unlimited. Your Travel Committee is busy working behind the scenes to assist with all requests.

### **Heads up for 2023**

There will be a winter cruise, numerous day trips as well as the October trips which seem to be a HIT. October 17/23 we have a group river cruise followed by the transatlantic crossing from Rome to Florida. You may choose one or both. Through the summer months we will be hosting video information sessions as well as email details. Typically, this is done through our webmaster and posted on the Sunset Community Face Book page as well as Clubhouse board. If you feel you are missing or not getting our information, you may be added to our Sunset Palms Travel Committee email list by sending a request to [info@sunsetpalmstravel.com](mailto:info@sunsetpalmstravel.com)

Your committee consists of wonderful residents from both sides of the border. Please welcome our newest members to your committee, Diane Greene and Sharon Hillier. There is so much work that is done behind the scenes, research, data entry and record keeping, flyer design, activity organizing, audio video setups and planning. Without volunteers we could not be this successful. We thank both the organizers and participants for your support. For those heading home, safe travels.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."
