## **HURRICANE PREPAREDNESS 2022**

**M**obile homes are always the first places to get evacuation orders in the threat of an upcoming hurricane. It's best to know your risk and make a plan now. Historically, hurricane activity in our Tampa Bay area is most active in September and October. The storm names for 2022 include the following:

Alex	Bonnie	Colin	Danielle	Earl
Fiona	Gaston	Hermine	Ian	Julia
Karl	Lisa	Martin	Nicole	Owen
Paula	Richard	Shary	Tobias	Virginie
Walter				

After the named storms are exhausted, the Greek alphabet is used. In 2020, there were 30 named storms. The same list repeats every 6 years and names are only removed or replaced after significant damage or devastation occurs for that storm name (ex. Andrew, Irma and Katrina).

A hurricane has the following characteristics:

- 74 mph or higher winds.
- Can be hundreds of miles wide.
- Spins counterclockwise around the eye

According to BayNews9 Storm Season 2022 broadcast, there is some good information to help Tampa Bay prepare. A list of items to buy and have ready now includes:

1. A multi-task flashlight that also has a cell phone charger

If a storm threatens our area, you will find real-time information on the Emergency Management website at: [www.pinellascounty.org/emergency](http://www.pinellascounty.org/emergency), including evacuation orders, shelters that may have opened and the current status of the community.

Though newer mobile homes may be built to higher wind codes, surrounding homes may not be. Mobile homes are vulnerable to flying debris/trees and, if not anchored properly, can become dislodged.

Actions to take to prepare now: Sign up for the Special Needs Program at [www.pinellascounty.org/specialneeds](http://www.pinellascounty.org/specialneeds)

for residents of all ages who are dependent on electricity or require medical assistance such as oxygen or assistance with routine care.

Special transportation needs - If you need assistance with transportation, you must be registered. Use the special needs shelter form (same link) to indicate your transportation needs.

#### Pet-friendly shelters

There are pet-friendly shelters available for you to go to with your dogs and cats. You must stay at the shelter to have them there.

- Food is available for the pets at the shelter, but you may want to bring your own.
- Bring a carrier or crate and have a leash and collar, food and water bowls, litter box and litter, medicine and any comfort items.
- Pets will be in a crate in a separate area of the shelter from you.
- Put a picture of you and your pet, along with any special needs, on your crate. • Pre-registration is not required.
- A Pet Shelter Enrollment Form is available on the Pinellas County Animal Services website at [www.pinellascounty.org/animalservices](http://www.pinellascounty.org/animalservices). Fill it in and tape it to your pet's crate. It will make registration easier once you get to the shelter

According to the Hazard Guide for Pinellas County, this is the “TO DO” list for being prepared:

- Create a complete checklist for pets. • Create a checklist of important papers. • Create a checklist of items for disabled or elderly persons, and pets.
- Create a list of items that you must take with you or store safely in waterproof bags or boxes if you evacuate.
- Make a list of tasks to perform outside of your home. • Make a list of tasks to perform inside of your home.

#### Before the event:

- Take photos or video and inventory your property. You will need this if you have to make a

claim.

- Make sure you have all of your important documents together.
- Back your photos and documents up electronically using cloud-based storage

For a list of Basic Supplies, Important Documents, Pets and Services, and what to bring to your Hotel or Host Home, please go online at [www.pinellascounty.org/emergency/PDF/All\\_Hazard\\_Guide-text.pdf](http://www.pinellascounty.org/emergency/PDF/All_Hazard_Guide-text.pdf)

If the power goes out for six hours...

If there is food in the refrigerator, move perishable foods into an ice-filled cooler. Put a thermometer in the cooler to make sure it stays below 40 degrees. Meats and other perishable foods can stay about 40 degrees for two hours without spoiling.

If the power stays out for two days... If there is food in the freezer, it can be stored safely for two days if you keep the freezer door shut. Once the storm passes, cook any unspoiled food outside and consider sharing with your neighbors. From this point forward you will need non-perishable food. Get more information on food safety at

[www.foodsafety.gov/keep-food-safe/food-safety-in-disaster-or-emergency](http://www.foodsafety.gov/keep-food-safe/food-safety-in-disaster-or-emergency)

FYI -Other tips to prepare your refrigerator/freezer:

- ✓ During hurricane season – keep freezer and refrigerated items down to a minimum
- ✓ Fill large zip lock bags with ice and store them in your freezer and keep cooler chests handy (inside house), clean and ready for use – also small bags of ice are good to use for muscle strains, swelling and/or injuries
- ✓ Go through all refrigerated items and check for expiration dates – throw out anything that has already expired
- ✓ A hand held can opener is a must have, for when the power goes out
- ✓ Clean out pantry of expired food items; re-stock with canned and ready-to-eat packaged goods that you can take with you, if evacuating

## 4th of July Picnic

by Bill A.

The HOA, along with Kingsley Management sponsored a July 4th picnic. The weather was hot and the food was outstanding. We had over 60 residents and guests.

The menu was a hamburger or hot dog, Cheryl Kittle's potato salad and Cole slaw, watermelon, soda or water and a Fat Boy ice cream sandwich.

The cooking was done by Maggie, with the help of Tina. The kitchen help was Nancy, Ellie, Mike and Sally. Karen and Betty were the cashiers and Mardy and Bill, did the grocery shopping. Doris provided us with a Betsy Ross decorations

The residents visit with each other after enjoying their meal. We had several residents joining us for the first time, which was nice to see.

## FUEL SAVING TIPS FOR YOUR GAS TANK

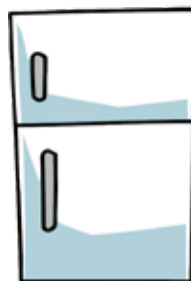

### From AAA: Ways to conserve fuel while you're on the road

1. Check your tire pressure – saggy tires can decrease fuel economy
2. Driving faster than the speed limit burns more fuel – try to stick to the speed limit and be consistent
3. Carry as light a load as possible and be aerodynamic = remove unused roof racks
4. Avoid prolonged idling, gas is burning while you idle
5. Check gas prices near me for your zipcode online to locate the best price, and fill up in the morning when the engine is cooler.

## NEIGHBOR TO NEIGHBOR REFERRAL

**O**ur neighbors Mark & Nancy D. on Kingston Way, had their refrigerator defroster break down. On Friday, the repair man came out and said it needed a specific part to fix it, but that it wasn't in stock. He could not get the needed part for several weeks.

Mark heard he should go to Family Appliance of Dunedin, but they were closing in an hour. He made it there quickly (it's only minutes away) and looked at what they in the store to buy – the prices were very reasonable. Then he went to Lowe's to see what they had in their inventory, but the prices for what they had in stock were 3-4 times the cost of Family Appliance.

Mark went back the next morning (Saturday) at 9am, when Family Appliance of Dunedin opened. He bought a new refrigerator and it was delivered and installed within 2 hours of his purchase (during a rainstorm) for a total of \$435.00 – installed!

The difference between this local, family owned business and a large chain store, is how they pass along the savings to customers. Family Appliance of Dunedin does not take credit cards (because they charge fees), they install the appliance themselves – rather than hire and pay a contractor to install and deliver, as well as a sales rep's commission for the sale. While they don't have a huge inventory to choose from, the fact that it only takes hours and not days/weeks to get your new appliance is the best value for the lowest cost!

Mark will gladly tell anyone about this positive experience and highly recommends this locally owned family appliance store to other neighbors. Thank you, Mark & Nancy for sharing your experience with your Southwind neighbors.

## HOME WARRANTY PLAN

One way to make sure you are prepared when major appliances break down, all year round, is to protect yourself from the huge and unexpected expense of repairing/ replacing major appliances and systems that are not covered by your homeowner's insurance.

Home warranty services vary in coverages but in general they cover normal wear and tear of specific systems and appliances in your home, such as:

- Heating
- Electrical
- Plumbing
- Plumbing stoppage
- Water heater
- Whirlpool bathtub
- Microwave
- Cooktop
- Oven/range/stove
- Dishwasher
- Garbage disposal

If your appliances are in great shape and you don't mind paying out of pocket every time something breaks, skip the home warranty. If you prefer saving money or have appliances that aren't brand new, then a home warranty is the right choice for you.

For more information and discount offers, go online to: [www.besthomewarrantyonline.com](http://www.besthomewarrantyonline.com)

A Southwind resident has recommended American Home Shield – website is: [www.ahs.com](http://www.ahs.com) because they cover older items, no matter what their age; improper installations, repairs or modifications, items without maintenance records or breakdowns caused by lack of maintenance, removal of old defective items and more.

Purchasing a home warranty will help you keep to a budget while everything in your home (except for pets and humans) is up and running!

## JOKE OF ART

---

*From Art Temple*

One day I asked my class to write a brief essay on what they would do if they had a million dollars. About 4 minutes before the bell rang, Kyle handed in a blank paper. Kyle, I yelled, you've done absolutely NOTHING! WHY?

Kyle replied, "Because, if I had a million, dollars, that's exactly what I would do..... NOTHING!"

---

Another time, I asked the class to give me the opposite of this sentence:  
Children in the dark make mistakes.

Kyle quickly raised his hand, feverishly waving it and said, "I can do it, I know a good one" His answer: "Mistakes in the dark make children."

# Oh That Grass!

by Bill Roberts

## I'm Going To Miss You Mike

**O**h that grass is green in splendor and glistening under the Kentucky sun. Rich, fertile, thick and manicured with love and dedication. The talk of Henry County and admired by all that passed by. A work that is inspiring and ongoing that has now been completed.

Oh that grass that was tended for many years by a man with many of the same attributes. A man with many talents who shone just as bright and was just as well known as his masterpiece. Getting by with a razor sharp wit and a firm commitment in his beliefs, the people of Pleasureville knew he was a man to be counted on and who stood firm on his own ground. As he toiled at “the shop”, as he called it, he brought joy and comfort to many with his incredible vision for floral arrangements. His unquenchable thirst to help his community led him to long hours and fueled his passion to help all he encountered.

Oh that grass was one of many topics that a wayward cousin traveling from Carolina and a cousin entrenched on his home turf would engage in. A family bond that wasn't always nurtured but recognized and appreciated later in life. Stories of our family and the history of the land of our childhood mesmerized me as I listened in awe. Though the visits were too few, the impressions on me will be remembered and cherished for many years to come. I thank you for those moments and will always be proud to call you Cuz as will Debbie, Neal, Jeri Lynn, Kim, and Jill.

Oh that grass in Heaven will need to be tended and the flowers arranged. They now have the perfect man for the job. Now and forevermore the whispers of eternity will be oh that grass.

Editor's Note: “Southwind Resident Bill Roberts wrote this on the occasion of his cousin's passing, in Kentucky. He is sharing this in hopes that others might find comfort in it and join with him in celebrating a life well spent.”

## HOT JOKES

**L**ADIES – WANNA KNOW THE DIFFERENCE BETWEEN A MAN AND A MARGARITA, IN THE HEAT? A margarita hits the spot every time!

LORD – WHATEVER YOU'RE BAKING OUTSIDE....  
IT'S DONE

SATAN CALLED – HE WANTS HIS WEATHER BACK

ITS HOT ENOUGH TO BOIL MY FUNNY BONE, IT COMES BACK A LAUGHING STOCK...THAT'S HUMERUS

It's so hot... I saw a chicken lay an omelette!  
It's so hot... I saw a squirrel picking up nuts with pot holders!  
It's so hot... You can wash and dry your clothes at the same time!  
It's so hot... I saw two trees fighting over a dog!  
It's so hot... My thermometer goes up to "Are you kidding me?"  
It's so hot... I bought a loaf of bread and before I got home it was toast!

Q: What did the pig say at the beach on a hot summer's day?

A: I'm bacon!

Q: What do you call six weeks of rain in Scotland?

A: Summer!

Q: What do you call a french guy in sandals?

A: Phillipe Phloppe..

Q: How do men exercise at the beach?

A: By sucking in their stomach every time they see a bikini.
