President's Report

By Ray Lamoureux #9

The summer is going by fast it just seems like I left Golden Acres a couple of weeks ago and I will be heading back soon. The summer here on Cape Cod has been as hot as Florida is and very humid.

The streetlights have been a problem for a while, and they won't stop breaking down. The problem is that the wires in the ground are very old, and they keep breaking. It is costing a lot of money to repair them, and they just break in another area. We are trying to find a solar solution for the streetlights without changing the charm of our park.

The pool deck painting will happen on the second week of October and will take one week to complete. The paint will last three years before it will need to be done again. The chemicals in the pool hurt the paint and eat it away.

It was told there are tools missing from the workshop. Those are meant to be used in the workshop and not to be taken out of the shop. We are missing several tools and they need to be returned to the workshop.

I don't know what's going on with the rear gate. It keeps tripping out the breaker when it closes, and the technician comes out and he can't make it happen. He was out yesterday, and I have not heard of the outcome yet.

There are gaps in the fencing at the Hardin property and Smith Fence will be out next week to close those missing gaps.

We have no homes for sale that I know of as of this writing. Last month I had a miss commutation about number 34 being sold. I'm sorry that happened and Dan still owns that unit.

The budget meeting will be held next month for the 2023 budget for Golden Acres. The board needs to meet and discuss the budget and approve before sending it out to the shareholders 30 days before the members meeting in December.

I hope everyone is well and safe and we will see you in the fall.

September is here. Where did the summer go? It won't be long, and the park will begin filling up and we'll start another season of friendship, fun, and great conversations.

School will be starting shortly in the north (hopefully some of you took advantage of the tax free days of shopping). Both the US and Canada will be celebrating Labor (Labour) Day on September 5th and also the first day of Fall (Autumn Equinox) on September 22nd with equal hours of day and night and then the days will start getting shorter.

Patriot Day is the day the US remembers the terrorist attacks on September 11th (commonly referred to as 9-11). President George W. Bush proclaimed September 11th as Patriot Day in 2002. Flags should be flown at half-mast both on US soil and abroad. A moment of silence will be held at 8:46 a.m. (EDT) across the nation commemorating the time the first plane struck the North Tower of the World Trade Center.

Established by the United Nations in 1981, September 21st is an International Day of Peace to promote peace among nations and people. On this day, the UN urges all hostilities to stop worldwide.

Hardly any articles and pictures for this month's Newsletter. Many thanks to those of you that did submit for September. You will read a great article about a trip of a lifetime, the canceling of the Food Pantry, new bowling league forming, 50th Anniversary reminder, News in Health, and Fraud Watch.

Quote of the Month: "Happiness cannot be traveled to, owned, earned, or worn. It is the spiritual experience of living every minute with love, grace, and gratitude." *Denis Waitley, motivational speaker*

Greetings from the Office

Seniors Food Pantry Canceled

Back in May's newsletter, we published an article about the park hosting a "Seniors Food Pantry" where Humana partnered with Tampa Bay Harvest to provide a bag of free food to the residents on the first Friday of every month through the end of the year.

Humana informed the office on Wednesday, July 27th: "Sadly, I am writing you to let you know that Humana has scaled back our food pantries moving forward. So unfortunately, the August 5th food pantry and all others moving forward need to be *canceled* at Golden Acres. Thank you for allowing us to be at your park these past few months."

A Trip of a Lifetime

By Carol Spinney #187

We three girls accomplished what we dreamed about for eight months:

Two of my daughters, Gayle Kavanagh #190, Diane Irun, and I drove my car 10,336 miles in 23 days to visit my kids, their siblings, who live in Pennsylvania, Massachusetts, Prince Edward Island, Canada, and Alberta, Canada.

The first stop was in North Carolina to stay with Gayle's daughter, Grace, her husband, and baby Ezra who is eight months old (the first-time seeing Ezra for Diane and me). Next stop in Harrisburg, Pennsylvania to visit the oldest sibling, Dennis, and family. In Massachusetts, we revisited the town where the girls grew up and later in the day we arrived at Trent's home in Athol, Massachusetts. We pressed on, crossed into Canada at Calais, Maine, heading for Charlottetown PEI where Trevor and family live. I got to meet another great grandson, Hayes, who just turned one. Back in the states, we took back roads through New Hampshire going over the beautiful Kancamagus Highway (loved the winding roads).

In New York, we finally reached I90 West and on to Timberlake, Ohio, where Roz Frabotta #72 put us up for the night. It was great being with Roz again and we walked a short distance to see Lake Erie and saw several deer.

Many days we drove 550-830 miles a day. Gayle was our main driver, but we all took turns. My daughters were great to travel with. Lots of fun and silliness. I love my Hyundai Accent. We averaged 45-51 mpg. In the Dakotas, Wyoming, and Montana, the speed limit was 80.

Enjoy Peace, Happiness & Serenity that my services will bring to you! ♥

In South Dakota, we did the touristy sites – Corn Palace, Wall Drugs, Badlands, and Mt. Rushmore. We pulled off the road during a severe hailstorm, but shortly the weather was great again.

We crossed into Canada from Montana to Alberta and visited the last sibling, Debbie, and family in Red Deer. There I was able to visit with two great-grandchildren, one who's two-years-old and it was our first time seeing. That was the last of the family and friend visits. No more free lodging, we are on our own.

We drove down the east side of Glacier National Park through Yellowstone and on to Bryce Canyon and Zion National Park in Utah, and spent a day at the Grand Canyon, ending the day with a helicopter ride over the canyon.

Many breath-taking sights that words cannot describe and neither do my pictures depict the stunning scenes of God's creation.

Then we beat it for home on Rt. 10 through Texas, New Mexico, Louisiana, Alabama, and Florida. We are so thankful to have been able to make this fabulous trip. A trip of a lifetime for us.

GOLDEN NUGGETS BOWLING LEAGUE

By Jack Terry #141

Greetings my fellow Goldenites, this is Jack Terry. My partner, Claudia and I have owned 141 H Court since 2017. I am looking to organize and run a FUN bowling league on Friday mornings at 9:00, at the Dunedin Lanes on Patricia.

The league would start January 13th and continue every Friday through March 31st. I envision 3 people on each team. The first two weeks we would bowl to establish our averages then break into teams. I'm hoping to get enough people to join so we can have 5 or 6 teams. Each team will have 1 experienced bowler. This will be a fun league open to all, experienced and new to bowling. All new bowlers will be instructed and coached. Bowling balls and shoes provided by Dunedin Lanes.

Bowling remains the most popular, participated sport in the nation that can be enjoyed way into ones later years. If you are interested in signing up for our new bowling league, then please email me asap at jdterry57@yahoo.com and feel free to call me with any questions at 727-358-5722. Thanks, and see you all soon.

Fighting Bacteria with Viruses

From NIH (News in Health) newsinhealth.nih.gov

Bacteria that can't be killed with antibiotics are a growing problem around the world. These cause serious infections in hospitals and other health care settings.

Scientists have been looking for new ways to kill drug-resistant bacteria. One idea has been to use bacteriophages, also called phages. Phages are viruses that infect bacteria but are harmless to people.

In a new study, researchers treated a man with a life-threatening lung infection with phages. The team found two phages that could kill the bacteria he was infected with. The man then received treatment with these phages for over a year. His infection eventually disappeared, and he was able to have a lung transplant.

Doctors from around the world sent 200 bacterial strains from patients with drug-resistant infections to the researchers for phage testing. The scientists first tested which phages could kill the bacteria. Then, they treated 19 other patients with the phages.

In total, eleven of the patients' infections improved or went away. Four patients saw no benefit. The results from the other five weren't clear.

These results show the promise of using phages to kill bacteria. But more work is needed to make the treatment effective in more people.

"We've not yet figured out how to find or engineer phages that will get every strain of bacteria in these patients," says Dr. Graham Hatfull from the University of Pittsburgh, who helped lead the studies. "That represents one of the major challenges ahead."

- The Grandparent Scam starts with a call, text, email, or message on social media claiming to be your grandchild or someone reaching out on behalf of your grandchild who needs your help urgently.
- They will say that your grandchild was in an accident or maybe in the hospital. They may even tell you that your grandchild hurt someone and is now in jail.
- They'll ask you to send money right away. Often through a money transfer or by purchasing gift cards and sharing the activation information on the back of the cards.

What You Should Know

- Criminals have relied on this scam for many years, refreshing the details over time, in hopes a grandparent's love and concern will drive them to act quickly.
- The contact may come late at night. Scammers hope their targets will be more likely to believe their story if they aren't fully awake.
- The criminal may have scoured the target's social media profile to arm themselves with

family information that may lend credence to their ploy.

- Scammers will typically offer just enough detail to make the story seem convincing. They may even give the phone to another scammer who will claim to be a doctor, police officer, or lawyer.

What You Should Do

- Disengage immediately. Call your grandchild or other family members to confirm they are safe.
- Know that sharing of activation information off gift cards is not a legitimate form of payment. Any time this request comes your way, disengage.
- Make sure that social media privacy settings are set so that only friends and family can see your posts and photos.
- If you have experienced a phone scam or other fraud, file a police report. This could help with possible restitution opportunities.
- To talk your experience through with a trained fraud specialist, call the AARP Fraud Watch Network Helpline at 1-877-908-3360 free of cost and open to everyone.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."
