LAWN Care Service

Director, Gene Arend

Now that summer has arrived and the rains will soon come the mowing of lawns will occur every week in May, June, July, August, and September. There may only be one or two incidents but please call me when it occurs. I relay all of the information to the crew supervisor. 727- 725-5844. Mow dates for **September** are every Tuesday.

POOL

Director Pat Rivera

There have been delays that have been out our control....However Phase 1 pool is about to undergo a major update... During the process, the pool will be closed.

The great news is that Phase 2 has extended their warm welcome to those of us who enjoy daily dips in the water. Keep in mind, their children's hours are specific to their rules. Under 18 hours are 11:00 a.m. – 2:00 p.m. and between 5 and 8 p.m. Children under 15 must be accompanied by a resident adult. These are different from Phase 1.

The pool in Phase 2 has a smaller capacity. If you notice that your presence is exceeding the approved capacity, please be respectful to their kindness and leave so they can enjoy the pool.

do all of the task by myself.

Last year I coordinated the Bazaar and the backup task for the bazaar. It is too much for one person to coordinate the sales and the department heads and also support all the behind-the-scenes activity.

Unfortunately, if someone does not step forward to administer the Bazaar and coordinate the days' activities with the department heads the Bazaar will not occur in 2022. There is a project plan in place for the Bazaar to follow. Contact Gene Arend if you are interested.

If you are a member of the club, we try to get the information to you as quickly as possible. If you don't have access to E-mail, the clubhouse Travel Bulletin Board is your next best means or a friend who has e-mail and is a member of the Travel Club. The Monthly Media is a wonderful form of media but it sometimes can be 30 or more days too late for some things. Any resident of Briar Creek, their family or friends can be a member. It's only through the many that we can get better travel services with group discounts and savings.

1. There are many ways to be a part of the travel adventures we plan each season. There is the clubhouse bulletin board where you can find flyers posted with information on the trips and sign-up sheets so you can join one of the trips.
2. There is a website www.upcsportshub.com with a page dedicated to our travel club. This contains the trip information and includes more details on some of the trips. There is also an automated sign-up form on the travel page so you can sign up for a trip, or send information needed for some travel trips.
3. We will, on some trips, use the services of a travel agency to assist us with our trips. Our Travel Agent is there to assist you also however it's important to note the travel club needs to get the sign-up information first. Our agent often times may be away escorting other trips. They also assist and service many other organizations and may not be familiar with you individually. The Briar Creek Travel club uses the records we maintain on all trips to validate and confirm guests on our trips. Contacting the travel agency in advance could result in information being lost as we have no way to compare the trip manifest if you are not first listed on our manifest for the trip. Timing could be an issue if the agent is away from the office escorting another group.

Please contact the Briar Creek travel club first. Our Travel Agent can then contact you if any additional information is needed for the trip. For many trips, the Travel Club will maintain the funds until we know we have the minimum capacity necessary to meet the trip requirement. This makes it possible for the Travel Club to refund the trip cost to you if it's necessary to cancel a trip. Once we reach that threshold to pay for the trip, some trips may not be refundable but we can transfer the trip to another name as a replacement.

e-mail please let us know if you want to unsubscribe. All questions please send them to briarcreektravel@gmail.com this email site is available to the entire travel club team.

Bingo returns to Phase One on **Tuesday, September 27th**

at 6pm! Fresh new games (along with some old favorites)

will soon be loaded into the bingo machine... or will they? If you have any suggestions for games this year (postage stamp, four corners, Christmas tree, etc...), please let me know. Or, if you'd rather tell me which games you DIDN'T like from last season- that works, too. BUT I NEED TO KNOW SOON, so please contact me ASAP via phone, text or email. AND... we're working on the return of some hot food offered for sale just before the game. No promises as to what, but the only way you'll know is to show up and see for yourself- right?

Bowling Season

Gene Arend

Our bowling season is has come to an end. There are many who indicated they will return for more fun next season so we have reserved their spot for next year. There is always room for more though so if you interested in having fun and available Friday at Noon let Gene Arend know.

I will reserve a spot for next season. I start the team assignments on September 1st and finalize them the end of September for delivery to Maple Lanes Countryside on US Hwy. 19. We usually have spots open for substitutes / pacers once we formalize the teams, it's early bird gets the worm.

SCAM ALERTS

“Hi Nana. I’m in big trouble...don’t tell Mom and Dad.”

This could happen to you. Caller ID may show the name of your grandchild. In some cases, the caller could win awards for mimicking exact tone, phrases, cadence that you grandchild uses. How? I don’t know. But it happens. Always be suspicious if you receive this type of call. Hang up and call your grandchild directly to confirm/verify.

The AARP organization targets adults over 50 in their monthly publications as well as their websites. The links below provide a myriad of wonderful, eye-opening information. If you take the time to browse through the site, you may be amazed by how many people get sucked in by fraudulent scams. As well as how many topics scammers use.

Protect yourself. Basically – TRUST No ONE!

Below is a sampling of how to detect a scam or fraud. There are literally, too many to present here. Please check out the AARP website for complete information and ways to stop scammers in their tracks.

1. Do not respond to suspicious text messages. Don’t even reply by messaging “STOP” or “NO.” Doing so signals that your phone number is active, and your number could be sold to other criminals.
2. Do not click on hyperlinks or attachments in suspect messages. If a friend sends you a text with a suspicious link, check with the acquaintance to determine if he or she has been hacked.
3. Take steps to filter unwanted messages or block them before they reach you. Several mobile phone providers allow you to block a sender by forwarding unwanted texts to 7726 (“SPAM”). Check with your provider about this and other blocking options available on your phone, through your wireless provider or using a call-blocking app. Here’s more from the Federal Trade Commission.

4. **Never share personal or financial information by text, email or phone call.** ·
5. Report scam texts to the FCC, the FTC, the FBI's Internet Crime Complaint Center and to the entity whose name appears in the suspect message.
6. **Watch out for distress schemes** or grandparent scams, in which you get a message or a phone call that appears to be from a relative saying the loved one needs money because of a situation they got into. When in doubt, contact the person you know outside of social media.
7. **Enable automatic updates** so the operating systems on your desktop, laptop, smartphone and tablet are updated whenever software patches to vulnerabilities are released. On a related note, be sure to use software to protect against computer viruses and keep it up to date.

Briar Creek Bugle Phase II – SEPTEMBER 2022

(Pete Loranger - Editor Phone 421-2321)

Board of Directors

Bob Raynor – President

As we move into September, less than a handful of named storms have formed so far in this year's Atlantic hurricane season. Forecasters, however, remain confident above-average levels of activity will develop over the next two months. This year Saharan dust in the air has helped to suppress tropical activity due to the abundance of dry air and strong winds. Saharan dust lofting in the atmosphere is one of the main reasons that there were no hurricanes during the months of June and July. Who knew that dust from the Saharan Desert in Africa impacts not just our hurricane season but also, due to the fine dust particles and bacteria in the air, stir up asthma, allergies and pulmonary issues. Historically, during the 72-year period from 1950 to 2021 but normalized to 100 years, September is the most active month of the Atlantic hurricane season and when most hurricanes occur. Saharan dust flow has already begun to dissipate and NOAA predicts a higher than average number of hurricanes this month. Even though we got lucky during June and July, we cannot let our guard down over the next two months. If you are new to Briar Creek and unfamiliar with hurricanes, take time to educate yourself and prepare. Hurricane Guides are available from numerous sources including the City of Safety Harbor and Pinellas County websites. Don't forget that we are in a designated mandatory evacuation zone should

BBB A+ ACCREDITED

an emergency be declared and you should develop a plan of where to temporarily go to while the declaration is in effect. Let's hope that this year, no hurricane comes through Safety Harbor but, just in case, be prepared should one come our way.

Sam Oliverio – Vice President, Pool Director

Safety Warning

Recently we had a homeowner experience a kitchen fire at their home. The homeowner was warming up some food in the Microwave, in a Pyrex dish, when it exploded. Only minutes before, the homeowner said that she was looking thru the glass door, checking on her food just before the explosion.

Why Pyrex Shatters:

Pyrex is made of glass. When glass changes temperature rapidly it can undergo “thermal shock.” The text book definition of thermal shock is: “Stress produced in a body or in a material as a result of undergoing a sudden change in temperature.” When a Pyrex bowl is heated or cooled rapidly, different parts of the bowl expand or contract by different amounts, causing stress. If the stress is too extreme, the bowl’s structure will fail, causing a spectacular shattering effect.

Please use caution when reheating food in the microwave, if it is a glass bowl. Make sure that the manufacturer states that it is safe to use in the Microwave, and always follow directions.

Most of all, please stay safe.

Joan Davis – Treasurer, Director

Traffic signs in our community

These signs are posted for everyone’s safety. We have 4 STOP Signs on Briar Creek Blvd. (Both Phases). There are also signs in other areas. Please observe these signs and STOP. Please remind people coming into our Community to observe these signs as well as the Speed Limits. Far too many people are not paying attention.

It’s that time to check around your property!

Trees over the roadway are required to have 14 feet clearance. This is need for the Fire Trucks as well as our Trash Trucks.

Does your home need washing? Do bushes and weeds need attention? September should give us better weather for working outside.

REMINDERS:

Overnight Parking in the street is NOT allowed.

Daytime Parking – please **Park on ONE SIDE of the street** in your area. This will keep our streets open for Emergency Vehicles.

Visitor Parking is at the clubhouse on the side of the shuffleboard courts, (grassy area).

Please put the VISITORS PASS in the front windshield. Residents who do not have the pass can contact a board member. Parking in an empty carport is NOT allowed without permission.

STOP at ALL STOP SIGNS, and our SPEED LIMIT is **15MPH**. Your help is greatly appreciated.

“FOR SALE” & “FOR RENT” Signs are restricted to “14" X 12" and may be posted inside a STREET SIDE window only of the mobile home unit. No other signs of any kind shall be displayed."

TREES

If you have trees that overhang any street in the community you must keep them trimmed to 14 feet above the road. This allows for the passage of fire equipment, Rescue vehicles, and trash trucks to get in without hitting them. Please look at your trees and if they overhang the street allowing less than 14 foot clearance, Make arrangements to get them trimmed to the proper height.

Resident Safety & Welfare Committee

Marge Grohskopf

A committee has been formed by the Social Club, "Resident Safety and Welfare Committee".

We are beginning by updating the emergency contact information for each household. This is a vital element to facilitate the safety and welfare of our friends and neighbors, most especially for those who live alone. This information will be confidential and kept in the condo board office clearly marked “Resident Emergency”.

For your convenience, these forms will be delivered and picked up by an assigned resident to your area. The area resident will answer any of your questions or assist you if necessary. This will take place the first week of September. Please complete the form and have it ready to be picked up the last week of September. The process will be repeated in January for our snowbirds.

We appreciate your cooperation and look forward to a prompt response! We are a great community that looks after each other!

This program and information has been discussed at Saturday Morning Coffee.

Please contact the Travel Club on all reservation so we have a record. We will send the information to our Travel Agent. This provides the Travel Club with a record of your request for confirmation.

Briar Creek Travel Club

Briar Creek travel club is a combined effort between the two phases of Briar Creek. The team of

Carol Rodrigues, Peggy Raynor, Carol Keller Michaelis, Donna Hartin, JoAnn Barr, Toni Beaton and Gene Arend coordinate all of the planning and activities of the travel club. We also maintain an e-mail list of our club members, currently with 287 members. We recognize not all of our residents have e-mail however for the club E-mail is the only way we can communicate with so many in time available. If you are a member of the club, we try to get the information to you as quickly as possible. If you don't have access to E-mail, the clubhouse Travel Bulletin Board is your next best means or a friend who has e-mail and is a member of the Travel Club. The Monthly Media is a wonderful form of media but it sometimes can be 30 or more days too late for some things. Any resident of Briar Creek, their family or friends can be a member. It's only through the many that we can get better travel services with group discounts and savings.

There are many ways to be a part of the travel adventures we plan each season. There is the clubhouse bulletin board where you can find flyers posted with information on the trips and sign-up sheets so you can join one of the trips. There is a website www.upcsportshub.com with a page dedicated to our travel club. This contains the trip information and includes more details on some of the trips. There is also an automated sign-up form on the travel page so you can sign up for a trip, or send information needed for some travel trips. We will on some trips use the services of a travel agency to assist us with our trips. Our Travel Agent is there to assist you also however it's important to note the travel club needs to get the sign-up information first. Our agent often times may be away escorting other trips, they also assist and service many other organizations and may not be familiar with you individually. The Briar Creek Travel club uses the records we maintain on all trips to validate and confirm guest on our trips. Contacting the travel agency in advance could result in information being lost as we have no way to compare the trip manifest if you are not first listed on our manifest for the trip. Also, sometimes our travel agent may be escorting other trips and away. Timing then could be an issue. Please contact the Briar Creek travel club first. Our Travel Agent can then contact you if any additional information is needed for the trip. Many trips, the Travel Club will maintain the funds until we know we have the minimum capacity

From your Clubhouse Librarians

The library continues to be well used over the summer months and we appreciate the many donations we have received.

We do have a request to the people who enjoy doing puzzles. We are still finding lots of puzzle pieces on the floor near the puzzle shelves. Perhaps as people are looking at the puzzles, some pieces are falling out of the boxes. So could you please put all the pieces of any puzzle you complete into a Ziploc bag before returning the box to the library. That way we will help avoid the frustration we all feel when we finish an interesting puzzle only to find one or two pieces missing.

As always, donations will be gratefully received as these are our only source of new reading material and puzzles.

From your clubhouse librarians, Billie Ann, Ruth and Bill.

Wipers On, Headlights On

Jody Larson

Just a reminder to folks from other states—Florida law requires that you turn on your headlights when driving in the rain, regardless of the time of day.

This does not mean your parking lights, your emergency flashers, or your daytime running lights. It means headlights. A good reminder is, when you turn your wipers on, turn your headlights on too. Drive with headlights on low-beam.

If you've been in one of our typical Florida downpours, then you know this makes sense!

It's against the law to drive with only your parking lights on, by the way. And, it used to be against the law to drive with your emergency flashers or hazard lights on—they were to be used only when broken down and stopped on the side of the road, or when in a funeral procession. A change to the law in 2021 now allows flashing hazard lights to be used in extremely low-visibility situations such as heavy rain, fog, or smoke, while driving on roads with speed limits of 55 and above. And yes, you should have your headlights on as well.

Golf for the Briar Creek ladies.

While there has always been a fairly large contingent of men in Briar Creek who enjoy golf and play in a number of different 'groups', in the 11 or so years we have lived here there have never been an especially large number of lady golfers who have wanted to play in a BC Ladies League.

When I first arrived here there was a group of maybe 10 to 12 lady golfers, but sadly few of these ladies still live here and fewer still golf. Countryway Golf Club (an Executive 18 hole course just off Tampa Road) which has been our 'home course' for all these years is still very supportive and maintains an early Thursday morning tee time for us and continues to only charge us the reduced fee for an organized league.

The Ladies group has always had a very open and relaxed approach to the game, with everyone simply playing at their own ability level. No scorekeeping, no winners or losers and no prize money.

A couple of years ago, some ladies who did not want to play early in the morning arranged to also have a Friday afternoon tee-time, but last year, to my knowledge, no-one went out to play on the Friday tee-time. Sadly even the regular Thursday ladies group was small, and effectively those interested in golfing simply made up their own foursome and took advantage of the BC Ladies League status for the tee-time and green fees.

I have been golfing with Bill a couple of times each week this summer, and Countryway still offers us the Briar Creek League reduced fee. When I have a better idea of the level of interest in Ladies Golf outings I will talk with the owner at Countryway to confirm what tee-times we expect

continued on page 42

to use over the winter.

Jane McKenzie (who has looked after the Ladies League for the last few years) has given me a list of all the people she knows who used to be interested or active in the Ladies League and I have been in contact with them to find out what their golf plans are.

Meanwhile since there are so many new residents in BC 1 and 2, I have asked Pete to put this note into the September Media with the hope that any new residents interested in playing golf will get in touch with me.

So if you are a lady golfer, beginner to whatever skill level, and you might be interested in playing every week with other BC Ladies, I would love to hear from you,

HEALING FROM THE PAST

Dr. Marty Finkelstein

What choices do we have in our lives? Each and every situation we are in leaves us with a decision or choice. What if we are near sighted or far sighted, or have blind spots and we simply cannot see all the choices, and simply believe we have no choice? Where in our human DNA deep in our ancestral beliefs have we been programmed to forget that we are all spiritually connected by a higher calling. I remember reading about Cain and Abel when I was a child. Even way back then, something never made sense, or felt good to me. What conversations or lack of communication led to the decision of such a horrific act. After all it was a big world, there could have been disagreement, anger, harsh words, and feelings hard to explain. We all have had relationships where we felt tremendous anger. Yet how do we learn and grow from those circumstances? I have often imagined what if there could have been a peace treaty. Cain you stay on the side of the mountain and Abel you stay on the other side. Kind of like a time out. They had the whole world to play in. So many choices, so much time for an intervention by mom and dad to empower a healing dialogue to a family, and ultimately to the world, and all of us. But for some strange reason it never occurred. Were they just too busy, too many distractions, hard to imagine! No television, no computers, it seems there was plenty of time to sit around a campfire and talk about the day and unleash unwanted rage and upsets, as well as share their hopes and dreams for the future. I often thought I would have loved to rewrite that story. Wished I read a different story as a child, that had me not wonder if I was Cain or Abel. Considering I had an older brother, and a birthmark below my right knee; I had the mark of Cain, I felt I had to learn to listen to a more powerful voice inside that discovered healing, compassion, communication, and understanding. What if we all read the story with a different outcome. That after speaking their resentments, jealousy, and anger their brotherly love grew even stronger. I believe that would have given us a roadmap to follow from the very beginning.

What about all of us? What are our reasons for not communicating our truth. What beliefs do we still carry that have been part of our ancestry that we have never questioned or thought about? What feelings do we carry about other religions or races or simply others with different opinions even in our own families that do not ultimately serve the higher goodness in all of us? Though all of us have been born with a genetic history and raised in a world that has had us have blind spots, at a certain time in our lives, maybe very young, or as an adult, and even in our old age, we can understand we have choices. We can break the bonds and chains from the past and choose to be the person we truly desire. We can heal profoundly in our lives and discover real miracles and magic.

Dr. Marty Finkelstein lives in Briar Creek with his wife Julie Austin. He is an author and holistic chiropractor.

Humane Society & the Haven

Barbara Bergling

Thanks for all your generous donations for the Humane Society and the Haven. I used to be able to donate clothes, but they no longer accept them. The exception is new socks for children and thongs in all sizes for use in the show.

The humane society and the Haven also don't accept sheets. Remember that if your linens are in good condition, we sell them at our bazaar.

The humane society request is for everything you are donating but especially towels. Also, they receive a lot of dog food and treats but very little cat food or treats. Thanks to all of you for your donations. As I have said before, Briar Creekers are extremely generous.

Thanks again everyone

Barbara Bergling

FLORIDA ANCHOR AND BARRIER COMPANY

To our valued customers:

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

Wishing you good health and safety,
 The Florida Anchor & Barrier Team

Pete

We are now 6 months out. Yes it is early, but I have my list of workers on-going. Think about it and let me know where you want to volunteer to work. Even if you have already chosen an area to work in or run – send me a note so I am sure I am up-to date. This year I will be asking for people to step up and run some of the areas I have done in the past... what are you interested in? get the sign updated?...arrange for the dumpster....set up tables both in and outside?...Just let me know what your interests are. Thx

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."
