President's Report

By Ray Lamoureux #9

I want to apologize for missing the newsletter last month. It was the second time in fifteen years that I missed the deadline for the newsletter. The first time I was in the hospital with a heart attack and this time I wasn't paying attention to the deadline date sorry.

I want to thank everyone that trusted me over the last fifteen years that I would do the right thing for Golden Acres. It has been a learning experience in that time and things changed sometimes daily in the situations that come before the board.

The projects that were started by the board will continue with the new board and I hope you will support them like you supported me all these years.

The election will be held on February 8th in the clubhouse and three positions on the board are up for election. The ballots are in the mail making sure you vote for the persons of your choice that you want to run Golden Acres. This is very important to keep our community running smoothly.

Greetings from the Office

By Karin Desmone #1

Please welcome Gina Douthit #55 and Linda McCullough #95 to the park. Congratulations and may you find lots of happiness, fun, and laughter in your new home.

From Our Recreation Committee

By Debbie Douthit, chair #60

Recreation Committee

Chairperson	Debbie Douthit
Vice Chairperson	Open
Treasurer	Maureen Shannon
Secretary	Elaine James
Sub Committee (kitchen)	Deb. Pollard
Sub Committee (Bingo)	Linda St. Peters
Member-at-large	Anne Knott

December was a fun, busy month! We began December with no volunteers for luminaries or Christmas dinner! However, this quickly changed, with a lot of help from seasoned & new residents! Our park was turned into an illuminated, magical winter wonderland, topped off with a beautifully decorated and delicious Christmas dinner of ham, turkey and all the trimmings for 34 residents! Whether it was putting out illuminated lights, decorating, cooking, cleaning up after Christmas dinner, or gently packing all the decorations until next year – no task was unappreciated & so the Recreation Team would like to shout out a HUGE thank you to ALL who jumped into action and helped make this happen! As the saying goes, “Teamwork makes the dream work” & you did it beautifully! Please sign up for next year’s recreation committee ASAP. The Sign-up sheet is posted on the bulletin board. It’s fun, as well as a great way to get to know your community and feel connected.

New Year’s Eve was a big success with 81 tickets sold. A big shout out to Doug & Nadine Templeton #105, along with Claudia Burke #141 and Nancy Karhoff #67 for hosting this amazing event & the many behind the scenes volunteers. Tangent arrived early, warming vocal cords, and ready to ring in the New Year.

After committee changes on December the 5th, Debbie Douthit moved to recreation chairperson, while also acting as vice-chair until February election. We are excited to announce our newest recreation committee member-at-large Anne Knott #189.

Blood Pressure checks were offered by Mildred Todd #2 Jan 2nd in the library. What a great way to start off the year and keep an eye on your health.

Norm Sanford #142 is doing a terrific job with his shufflers and interest continues to grow as the lanes stay busy.

Jack Terry #141 has 30 + bowlers and we look forward to updates on the team events he has planned for 2023!

Debra Farris #28 and her Aqua Fit Group is in full swing, but always welcoming to all who wish to join in.

Pickleball Invitation

By Staicy Boyd #46

GA Picklers are back on the court and the number of players continues to increase each week as folks arrive and settle in. Pickleball is such an easy way to get great, full body exercise including a good cardio workout. You actually don't even realize that you're exercising amidst all the laughter and teasing that goes on.

If you would like to give this sport a try, pop over and see Staicy or Bruce at unit 46. We can get you out on the court and with just an hour or so of coaching will have you playing with the group in no time.

We are currently playing at noon on Mondays and Wednesdays but once the days become warmer, we'll change to the evening on those same days. Come join us at Eagle Scout Park on Virginia Avenue and participate in the fun!

Bingo

By Linda St. Peter #140

On January 9th, we had our 1st Bingo in 2 years and my first-time running Bingo! It's been a long time. I had lots of help, thank goodness. We had a new caller, Jack Terry #141 and 2 new ladies volunteered to sell our Bingo cards. Claudia Burke #141 and Nancy Karhoff #67. Anne Knott #189 was our banker and experienced. We also had some former volunteers who were a big help. So, thanks to all. We had 39 people playing, and everyone seemed to enjoy the night.

I am also collecting newspapers and flyers to use as table protection. I've left a box in the clubhouse for anyone who has papers they can drop off.

Bingo is every Monday night from 7 to 9pm. Hope to see you there.

Podcast Interview

By Ron Tasiar #36

After coaching high school baseball for 35 years, winning a State Championship and having the local baseball field renamed "Ron Tasiar Field" I was interviewed for a podcast by a local Sportswriter, Nate Lull. It was very interesting and dove into many memories of the past.

Feel free to log into the web site and travel into my past sports history.

Artificial Intelligence and Medical Research

From NIH (News in Health) newsinhealth.nih.gov

Artificial intelligence, or AI, has been around for decades. In the past 20 years or so, it's become a growing part of our lives. Researchers are now drawing on the power of AI to improve medicine and health care in innovative and far-reaching ways. NIH is on the cutting edge supporting these efforts.

At first, computers could simply do calculations based on human input. In AI, they learn to perform certain tasks. Some early forms of AI could play checkers or chess and even defeat human world champions. Others could recognize and convert speech to text.

Today, different forms of AI are being used to improve medical care. Researchers are exploring how AI could be used to sift through test results and image data. AI could then make recommendations to help with treatment decisions.

Some NIH-funded studies are using AI to develop "smart clothing" that can reduce low back pain. This technology could warn the wearer of unsafe body movements. Other studies are seeking ways to better manage blood glucose (or blood sugar) levels using wearable sensors.

To learn more about the different types of AI and their use in medical research, visit bit.ly/3FjZAhA.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."
