Roads & Grounds – 727-454-1821

For all issues involving the Roads & Grounds, this includes water and sewer lines, please call this number. This is a cell phone in the possession of the person who is on call for these such issues. This may or may not always be a member of the Board of Directors. This is a cell phone and will ensure your call is received by someone on call. While there is a primary person assigned this responsibility, that person may not always be on site to handle such issues, therefore we have the cell phone with someone who is on site and ready to handle these types of issues. Sending an e-mail or calling someone else will not ensure your issue is handled promptly.

Parking on the Grass –

Don't! No parking on the grass – anytime.

When you park on the street during the day, all cars park on the same side.

All cars must be moved to the driveway or guest parking overnight.

We are not being bullies or pains in the grass. These rules have been established because:

1. Water and utility lines are shallowly buried under ground. The weight of a vehicle could easily damage or destroy lines.
2. Our streets are narrow. Fire trucks and large delivery trucks need to be able to pass through unobstructed.

Inspections & Architectural Requests

Kim Ramalho, Vice President

Inspctions - Inspection Teams will be going out in March. Let's all do our part to keep Briar Creek looking beautiful. Thank you

Architectural Requests - Any Architectural Requests can be dropped off at the Clubhouse Director's Office or placed in my Rock Box @ 39 Deer Trail Court.

Lawns and Trees

Mike Moore 813-629-8216

In March mowing will happen three times.

BAZAAR –

Gene Arend

As we all know things age as time passes. So has the name we adopted so many years ago and we called it a “Bazaar” or as the late Mr. David Doran would intentionally and jokingly refer to it as the “Annual Brassiere”. The name with the under 40 crowd has lost its meaning or comprehension. I have heard recently a few people in the class of under 40 say “What’s A Bazaar”. Therefore, we are starting a contest to rename the Bazaar for next year. Please send you suggestions for the new

name to briarcreekkoff@gmail.com.

An esteemed panel of less witted judges will be created and the grand prize winner will receive 12 tickets for Free coffee and donuts at the weekly Wednesday Coffee Social. You must be a member in good standing (or sitting) to enter the contest. That means if you didn't buy your Social Club Membership card you can't win.

The POOL

Pat Rivera

If it's not one thing it's another. It's another thing. Spare the details. When everything is ready, you will know!

Big round of thanks to Gene Arend and Al Hartin for their frequent visits to the construction site. When there is any thing to report, Gene Arend posts for residents to read.

Huge debt of gratitude to Phase 2 for sharing their pool with us. Remember there is no life guard on duty at the pool.

If you have young visitors, the resident or owner must accompany kids to the pool. Pool times are the same. **Check times for Adults only.**

Be On the Look Out (BOLO) for Dog Walkers

Pat Rivera

Briar Creek sometimes feels more like a quaint lake-side village or resort.

The foliage and topography which surround us is welcoming, homey, and unlike most other 55+ modular home communities.

The disadvantage to the beauty we appreciate is sometimes, a clear view around the corner is obstructed. Especially at dawn and dusk or the darkness of a moonless night. The walkers may carry a flash light, wear reflective clothing or put reflective tape on their dog's leash. Sometimes, it is still hard to see them around a bend in the road or beside big bushes.

Recently, on one of those nights, a dog-walking resident felt threatened by a driver's 'night blindness.'

Take a minute to remember the speed limit is 15mph or 20mph depending where you are. Pay close attention as you drive around a bend in the road or a corner. If there is not a stop sign, be certain to slow your roll; look both ways and straight ahead. Especially if you are driving through designated dog areas, be alert, courteous and cautious. The very last thing we want is to injure a resident or their dog out for a walk.

out to the canal. We meet at the Phase 1 Clubhouse, wear sturdy walking shoes, and bring binoculars, if you have them.

For February we tried something different and traveled by golf cart. It was a great success, and we will be trying it again, maybe in April, but will be back on foot in March. We observed 37 species including Blue-headed Vireo, Common Ground Dove and the Phase II marsh's resident Clapper Rail. **Bill Kaempfer 303-717-5063**

SENIOR PROM

Briar Creek Phase 1 Hosted a Senior Prom on Saturday, February 11. When the votes were tallied, Terry Henry and Joe Guizzerotti were announced as the Queen and King for the night. The Prom was well attended by residents of both Phase 1 and Phase 2.

Before Johnny Charro began to play music and sing for the dancers, the afternoon was filled with glamour. Nails, hair, and make-up tables were abuzz with beautiful ladies becoming absolutely gorgeous for the event. Jeanine Vale ‘models’ the complete beauty package.

A professional photographer was snapping photos under a floral archway. Everyone appeared to be having a great time. It was the first senior prom held in Briar Creek...probably not the last.

LINE DANCING

Helen Coar

Join the line! Come and enjoy the music and exercise. **Wednesday, 6:30 to 7:30 p.m.** If you are a beginner, arrive at 6:00 for a quick lesson. Hope to see you then.

Briar Creek Bugle Phase II – MARCH 2023

(Pete Loranger - Editor Phone 421-2321)
(E-Mail: ploranger006@gmail.com)

Board of Directors:

Bob Raynor – President

I am frequently asked what the most challenging thing is that I have experienced as a board member. With four generational age groups ranging from the 50s to the 90s, we all have different expectations and desires about how we will live our lives over our remaining years. Our wishes, to a great extent, are based on how we grew up and remembering how things were years ago through rose colored glasses versus how we see things today. For example, 40, 50, 60 years ago, was life simpler, safer and easier than today? When I was younger, did I worry about road rage like today? We had a rotary dial phone with a party line, were enamored with a black and white test screen on a 12” TV. Today, it’s four TV remotes - I don’t have Netflix, I have Amazon Prime, what is live streaming and paying for 600 channels but only watching six and social media? I can’t figure it all out - heck I can’t even figure out that darn new smart thermostat that was installed with my new AC system - what my new AC system costs more than my first house and my car insurance for one year costs more than my first new car? In the 1960s, a loaf of bread was 20 cents, a gallon of gas 23 cents, and now eggs a buck a piece? What is bird flu? What about crime? People are getting away with murder, identity theft (what’s that, I know who I am), stealing Amazon delivered gifts from my front porch - oh, forgot Amazon didn’t get delivered to my house years ago (because it didn’t exist) but the milk man made his weekly delivery of three bottles of whole and one bottle of chocolate milk and they were never stolen. Dominos or pickle ball. Computers? And the music, don’t even go there. Federal, state and local laws, condo documents, bylaws, deed restrictions - I want structure but I don’t want anyone telling me what I can or can’t do. My neighbor did this - why? So our docs say it’s ok but I don’t like it, can we change the docs? The list goes on. One truth we find in society today, right or wrong, is that when one group of people gains a new right, another group tends to lose that right. And when we get that right, we like it and when we lose that right, we don’t like it. When did things change or, conceptually, did they ever really? Darn social media and the internet. So as we look back on those years, we often wish “why can’t life now be like it was back then.” The problem is, we know we can’t go back and our wishes are not going to change the realities we face today. We are aging and things can only go in one direction. Down deep we know that but that doesn’t change how we feel. Oh, and speaking of change? Most of us don’t deal with change well anyways, except now, I can use a remote instead of getting

up every time to turn the TV on/off, adjust the volume or change channels. Of course, there are a few other advancements like no telephone party lines and microwave ovens. For every board, the challenge frequently faced is the not so easy job of trying to balance how individual residents would like things to be with the reality of how things are. Board members are residents and volunteers like you who often don't agree with the laws, rules, restrictions and financial realities they ultimately must address. Board members cannot have the individual need to BE right but collectively must have the honorable and value based need to DO right. Like you, when we moved to BCII, we agreed to abide by those documents and as board members we must do our best to enforce them and lead by example. Taking that a step further, boards past, present, and future have the responsibility to do what is required of them and while they may not like or agree with that task, they must play the game with the hand they are dealt. Managing resident expectations against realities in an ever-changing legal and social environment is what volunteer boards get paid the big bucks for. Please don't make the mistake to think that I am whining or complaining. No one forces any individual to run for the board - no one forces any resident to live here. If we don't like it, we don't have to run for the board and every resident has the freedom to move somewhere else if they don't like it here. But the bottom line is, no board is perfect but every member loves it here and only wants what's best for our residents for that period of time they serve. Service to our community is not just what board members do, it is who board members are as individuals and that service, in and of itself, is our reward. So like you, let's enjoy the memories of times past and rather than fight the things we may not be able to control, help each other create new memories that down the road, we will cherish. Let's be able to look back at our time at BCII saying "those were some of the greatest years of my life and I did my part to help make our community a better place to live.

Sam Oliverio – Director

Hard to believe, but it's already March. Not only is our Winter season beginning to wane, but some of our neighbors are already planning their exodus North. By the time you receive this Month's Media, we will be just days away from our Bazaar. Pete and his Staff of volunteers have again worked very hard on this, the most profitable event our Community has. Even with a few set backs, I'm sure this event will be a huge success. Thanks to all who give their time to make this happen. Also, by the time you read this month's Media, we will have had our new Security system installed, and up and running. This project was designed to help protect our residents and Community, and hopefully prevent unwanted actions by those that would do us harm. Looking forward to Spring here in the Creek, and more opportunities to make our Community the best around.

Phil Chabot – Director - Lawns, Ponds and RV Lot

This month I would like to talk about the RV Lot especially for those of you who are utilizing it. The RV Lot is an amenity that is available to owners of Phase II on a first come

basis and currently the lot is full. I do have a “waiting list” for those owners who are interested if and when an opening becomes available. The RV Lot is meant for storage of an owner’s RV, Camper, Boat & Trailer and Utility Trailer. Any unit that occupies a space in the RV Lot must be registered and the registration must be kept valid with a copy of the current registration delivered to the board office or current director in charge of the RV Lot. Now keep in mind that the land which designates the RV Lot is “common” space and cannot be altered in anyway, shape or form by an owner. It is also the responsibility of the owner to “maintain” his / her assigned space where the mowing company does not mow. It is also the responsibility of the owner to maintain insurance on their unit in case of fire, theft, vandalism or any other acts of God. If you have any questions concerning the RV lot feel free to contact myself or any director. I do hope this information is useful and informative to all of you and have a great month!

In my forties my body was in total breakdown. I was having neck pain and numbness down my right arm, and a bronchial condition that was affecting my breathing and sinuses. When I coughed it makes things worse, and was already on my second doze of antibiotics.

It was Christmas time and as usual visiting my dad in Boynton beach Florida. Thank goodness for sunny warm days. Typically I would be on the tennis courts but instead now felt

older than the people 30 years my senior. My brother and his family were visiting as well. An MRI I had taken showed tiny spurs in my neck which could be pressing and pinching nerves. Simply, I was a mess. I was receiving chiropractic care and acupuncture. Which were only helping minimally at the time.

When I went back to Atlanta I received a call from my niece who shared something that peaked my attention. She happen to see her personal psychic who asked about her vacation in Florida. When she mentioned all the people she saw, he paused when mentioning me. He said something deep and troubling is going on with him. She never mentioned anything About Me.

Well, I had some experiences with psychics in the past but nothing remarkable. So I decided to call this fellow up. We spent two hours on the phone. He shared with me the problem wasn't so much physical as it was emotional. He was really good at listening and was able to detect how well I was intellectualizing my problem. Truth be said there was a great inner emotional conflict that was causing tremendous fear and pain and on some level avoiding the Truth I did not want to see. And I did not want to realize it and see it because I knew the feelings of failure and the journey of emotional and financial hardship to follow. Yet healing can only occur when we are willing to peel back the layers and be a witness to our own lives. Once I allowed myself to feel what was going on without pretending otherwise the chiropractic and acupuncture treatments began to stabilize the problem.

What I have learned through the years is to be open. Messages often come through various means to assist us on our road of recovery.

This whole story is a book called, *Divorce: An Uncommon Love Story*

- The Social Club Entertainment Committee threw a great Western Round Up focusing on great food, music, fire pits, dance and incredible decorations. And the weather finally cooperated!
- The Social Club Welcoming Committee organized an exceptional event for our new residents. The Art of Welcoming New Residents featured art created by our residents, lovely wine, hors d'oeuvre and dessert table, and beautiful roses. It was a great opportunity to get to know our new residents!
- At our Paint and Sip party our stellar instructors guided us as we painted flowers on flower vases and wine glasses. Everyone painted, some of us sipped and some of us did both!
- One thing we do very well in the Social Club is enjoy our food! In January we introduced a yummy home cooked dinner before bingo, we were also treated with an egg extravaganza on a Sunday morning and mingled while we dined at Mingle. It's all good!!

I'm looking forward to MARCH! Hope you are, too!

Spending Money Wisely

Carol Smitley

The Social Club committee “Spending Money Wisely” requests input from the community as to what you would like to spend money on, for the betterment of our clubhouse. If you have a suggestion, you would need to know the cost and who is going to do the work, before submitting it, in writing, to the committee for consideration. If the committee thinks it’s something we can do, it then goes to the condo board for their approval. After that, at a social club business meeting, you would make a motion to spend x dollars for x project, the members would then vote yea or nay.

To submit an idea, send email to Carol Smitley, csmitley1@tampabay.rr.com

The next Genealogy Group meeting is scheduled for Thursday, Mar. 9th at 7pm. From 7pm to 7:30pm. All are welcome to join us or just listen in!

CHECK OUT OUR GENEALOGY CLUB

Have you ever wondered what it would be like to be a time traveler going back through time to meet a famous person, observe a key moment in history or simply know about your ancestors and who they were and where they came from? What would we like to leave our children and grandchildren and other family members - a million dollars or perhaps the more valuable treasure of a living legacy?

Joining our BC Genealogy Club open to both Phase I and II residents and building your family tree just might be the answer. Our small group of enthusiastic and committed explorers have, for the last several months, been learning about how to build a family tree, conduct research, and share fun stories as well as helping each other to break through historical record

continued on page 36

keeping roadblocks. This club was started and is led by Jean Schmidt, a true ancestry history buff whose knowledge of genealogy and searching resources is simply amazing. She is a wonderful teacher, guide and resource who generously contributes her time and willingness to help club members build their legacy.

Who knew their family ancestry were actually Vikings who migrated from Scandinavia through what today is Estonia, Germany, France, Ireland and England to America. What was it like seeing the actual trip manifest and name of the boat your ancestor came to America on, the experience of going through Ellis Island and becoming a naturalized citizen. A Revolutionary War hero or a British General, tales of a buffalo hunter, a noble prince, famous inventor or a simple farmer - what might your story be? What an amazing and fun adventure of building and exploring your family history with others with a common interest.

The Club meets the second Thursday of each month in the Phase II Clubhouse and all are invited to check out this great activity. Come check us out.

Ladies' Luncheon

Darlene Beyer

Well ladies, another month has gone by and I hope you all enjoyed your lunch at the Longhorn Steakhouse. We had a total of 42 people sign up and 39 were able to attend.

According to the votes on the restaurants, one off the top ones you wished to attend is THE RED LOBSTER, located on the west side of route 19N, between Countryside Blvd and Enterprise. I have made arrangements for us to go there on March 15, 2023, at 1:00pm., our usual third Wednesday of the month. They have a nice variety of luncheon specials. There is a menu posted on the bulletin board next to the sign up list in Phase II Clubhouse. Let's hope this will be another successful luncheon of your choice.

I am always open for suggestions concerning these luncheons. Sometimes you may have tried a new restaurant and feel it would be a good one for our ladies group. Don't be shy, let me know if you think its a good idea to attend it. We can always put it up for a vote. Remember, if you need to contact me at any time, you can always call ne at 727-403-9957 or E-mail me at darlenen403@gmail.com.

Bereavement

Barbara Bergling

Please be advised I am now in charge of bereavement. When a resident passes inform me by email hepgramma43@gmail.com or call 727-204-6457. I will put the information on the phone tree: no calls will be made. The flag is lowered according to the wishes of the family. If a memorial service is planned a member of the family will contact me and that information will be on the phone tree. Thank you for your cooperation.

Humane Society & the Haven

Barbara Bergling

Thanks for all your generous donations for the Humane Society and the Haven. I used to be able to donate clothes, but they no longer accept them. The exception is new socks for children and thongs in all sizes for use in the show.

The humane society and the Haven also don't accept sheets. Remember that if your linens are in good condition, we sell them at our bazaar.

The humane society request is for everything you are donating but especially towels. Also, they receive a lot of dog food and treats but very little cat food or treats. Thanks to all of you for your donations. As I have said before, Briar Creekers are extremely generous.

Thanks again everyone

Barbara Bergling

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."
