FROM THE EDITOR

By: Donna Wurtz (lot 938.....509-1182.....momshse@aol.com)

Another busy month in the land of Lincoln- Shire. Weather is up & down, but overall the “days have been great.” That quote is from one of our snowbirds. Here we are going into March, and all winter the pool has been busy with residents enjoying the Florida sunshine. And of course, the golfers have been enjoying the great weather too. It’s hard to believe that it is still winter. It won’t be long before our northern friends will begin making their trips north to their ”summer homes.” But we still have more time to enjoy each other’s company.

Remember – do everything you can – each day is a gift – make the most of it.

FROM THE DESK of the PRESIDENT

By: Linda Casey (lot 1211.....581-5257.....lcasey9@tampabay.rr.com)

The lady’s luncheon was a blast. Thank you all that had PJs on. We had a great time. Judy Low and I are working on next year. We have several items in the back of the voice that need a committee to run them so we can keep them going. Remember if you decide to run a function we will always be there to help you. Keep in mind if you are going to run a function you must talk to the Vickie Robinson or myself so we can get you on the calendar. We have paper work to fill out show who is running the function.

I want to say congrats to our new board members Ruthie Kaser Debbie Cox and Karen Bare and our new Treasurer Marge Kristall. Thank you to Harold for standing in and I appreciate all the help you gave me. Please people if you are sick stay home. We don’t need the park have its own epidemic.

WATER AEROBICS:

JOIN US FOR WATER AEROBICS!
Weekdays 10:00AM to 11:00AM (*May start a bit late on Wednesdays per 'Coffee' let out*)

Enjoy: Water, Friends, and 'Low-Impact Healthy Activity'. The guy who runs it refers to the attendees... as his 'Geriatric Mermaids' and reminds all... that they don't have to do the entire workout... stating "It's a recorded audio... she CAN'T SEE YOU! He also relates: "If ONE synchronized swimmer drowns... the rest don't necessarily... have to".

NOTE: He's also... highly energetic, cordial, often quite funny, and extremely handsome.
(written by "the guy who runs it")

SEE YOU THERE!

CAN YOU FIND IT??

As we have mentioned before, the items that you search for may be anywhere in the community, around someone's lot, or any public area. Last month search was for an old "salty dog" which turned out to be a cute little dog in sailor's garb including his sailor's hat located at the palm tree in front of lot 673

We had only 3 winners last month: Tammy L, Bonnie G. and Jim W.

This month we are gardening, but our garden is always being watered. A dragon fly watches over as the flowers grow all the time. Can you find it?

THE POET'S CORNER

With all the many talents of Lincolnshire Residents, we hope to make this article a regular part of the monthly voice. We are asking residents to submit their poetry and prose to be published here. Just submit your poetry to Donna at the above email address, This month's submission is from Sandy Wallen:

Bitter Remembrance

It seems like only yesterday
The skies were blue and I could play
A thin young tyke of only 9
Who never gave a thought to time
Sweet 16 had come and gone
But OH for 21 I longed

People around me turning old
But I was so very bold
My bones, my stride was
Still so sturdy
For I was only turning 30

40 came , it kinda stung
Convinced myself I still was young
OH time stand still
Don't go so fast
I want my youth – My life to last

But foolish in my thoughts was I
For years and time had passed me by
Nothing left but memories
Of seasons now long passed
And as I saw them slipping by
I tried to make them last

I once was young and now am old
My blood ran warm and now runs cold
My eyes once strong can barley see

Who took my youth away form me?

LINCOLNSHIRE HISTORY:

By: the "new - old timers"

.....A Continued story- - -

LARGO....“Largo is once again a city Around 1955 Largo was coming out of it’s debts from the past, and by annexing nearby subdivisions, the town’s size tripled But Largo remained only a town until May of 1974 when a referendum resulted in a new city charter which changed the name once again to the “CITY OF LARGO”

In the 1980’s the population increased from 5,000 to 60,000 with a large influx of new residents.

As all this was happening the Donegan family was growing and making their name in the area. In 1924 they bought the farm property where Lincolnshire Estates is now. The property became a dairy farm, and also rented adjoining property for pastures. They had 200 – 250 Guernsey cattle and raised turkeys and goats as well. The 2 story farm house was built in 1932. The farm was sold in 1965, and the farm house was sold to another couple and was moved across the street to it’s present location. The large columns and large porch were later additions to the original house.

It's time again for the annual updates. The dial Directory information takes a while to compile, edit, check, submit, proof, re-submit, and approve for publication. We need your help. There have been many changes in ownership within the park, and we do not have a crystal ball. The information that is published can only be used if we have written permission from the resident who is in the home. WE DO NOT GET ANY OF THAT INFORMATION FROM MANAGEMENT DUE TO PRIVACY LAWS.

THE DEADLINE FOR SUBMITTING CHANGES HAS COME AND GONE
ANY NEW ADDITIONS FROM THIS DATE ON WILL NOT APPEAR UNTIL THE
2024 – 2025 EDITION OF THE DIRECTORY

Dial Directory updates for your 2022-2023 edition. We thank everyone who sent in their changes to be published in the book and welcome our new residents.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

POTLUCK IS BACK!

By :Randy Tobias.....(720-309-4223

Join us on the second Tuesday of each month at 5:30 PM for food-n-friendship. Bring your own plates, silverware, drinks, and any main, side, or dessert of your choice. (enough for 10 to share)

Why is it called “potluck” dinner/

The word potluck appears in the 16th century English work of Thomas Nashe and once meant “food provided for and unexpected or uninvited guest, the luck of the pot.” The modern execution of a “communal meal, where guests bring their own food,” most likely originated in the 1930s during the depression.

Sunshine Committee

By: Mary Jo Webert & Marge Kristall

March 2023

March is commonly called the month of “expectations.” Expectations can be a belief that something will happen or is likely to happen. Looking forward to or waiting for something. We know that March will bring us Spring. Here in Florida that is not as noticeable a season change as it is in the North. We are fortunate to have “green” to look at all year, flowers that bloom earlier and temperatures that are mild even in the “winter” season. March will also bring us Daylight Savings Time, along with that wonderful movement of our clocks ahead one hour. St. Patrick’s Day is a March favorite with plenty of ways to celebrate the holiday. March is also a month for pollen/allergies. As I write this article, we are already seeing that wonderful golden dust on our cars from Elm & Oak trees. Hope you check our March issue of the Voice for all the great events our Social Club has planned. If you are new to Lincolnshire and have not had a chance to participate in activities in our community, make March the month you give one a try.

Dates to look for in March.

March 12th – Daylight Savings Time – don’t forget to move your clocks ahead one hour.

March 13th – National Napping Day – enjoy the health benefits of taking a nap.

March 14th – Looks like this will be the first date for March Madness to begin for all you Basketball fans.

March 17th – St. Patrick’s Day – did you know that finding a 4 leaf clover on St. Patrick’s Day is considered lucky. The Odds of that happening is 1 in 10,000. Good Luck!!

March 20th – Start of Spring!

March 29th – Vietnam War Veterans Day – established to acknowledge the service & sacrifice of those who were denied a proper welcome when they returned home. Two point seven million Americans served in Vietnam.

Please keep these families & friends in your thoughts & prayers.

If any of our residents get birthday, sympathy, or get-well cards in the mail from various organizations and are not planning to use them we would appreciate you dropping them off to either one of us or call and we can pick them up. The Sunshine Committee can always put them to beneficial use.

Don't forget to give Mary Jo or myself a call if you know of any of our residents that are ill or recovering from a recent hospital stay.

SHUFFLEBOARD:

The shuffleboard season is well underway! We still need more players who are willing to be subs/spares. Every week players are ill or on vacation. Never played before? No worries—we'll show you what you need to do. Not athletic? We've had players with walkers. If you have ever wanted to try shuffleboard, come to the courts on Wednesdays at 12:15 and 1:45. We'll find a place for you! Questions—call Kathy Burk at 517-630-1541.

1/2 way through the season, and the EAGLES are in first place as of this writing. Joe Arena had a 248 game and a 693 series in week #10, and that is the high score so far for the season. Way to go Joe. Penny Coyle bowled a 164 that same week for the ladies, and she also has 2nd high scratch series so far his season with a 487. Chris Biederer is highest scratch game with a 182.

VETERAN'S CORNER

Bob Marley first sang about Buffalo Soldiers in 1983, a little less than 120 years after the actual Buffalo Soldiers were formed in the U.S. Army. Marley's song accurately depicts their story as a fight for survival in the prejudiced Army of the time period, but they also fought to survive the harsh conditions of the frontier, conflict with native tribes and Wild West outlaws as they sought to maintain law and order and protect settlers. The Army units that would come to be known as "Buffalo Soldiers" were created during the post-Civil War Reconstruction Era. On June 28, 1866, Congress passed a legislation that allowed Black men to enlist in the peacetime army. Officially called "An Act to Increase and Fix the Military Peace Establishment of the United States," it created two regiments of all-Black cavalry and four regiments of all-Black infantry, commanded by white officers.

The original Buffalo Soldiers came from these units. The U.S. Army's 9th and 10th Cavalry were the first. Then came the four infantry units. The 38th U.S. (Colored) Infantry Regiment and the 41st U.S. (Colored) Infantry Regiment, were eventually consolidated into the 24th Infantry Regiment. The 39th and 40th (Colored) Infantry Regiments were consolidated into the 25th Infantry Regiment. They weren't the first Black men to serve in defense of the United States. Black men served in the Continental Army and state militias during the Revolutionary War. Black troops served in the War of 1812, and freedmen and former slaves fought in the Civil War for the Union Army. The 1866 legislation was the first to call for specific units composed of Black troops and recruited from Washington, Louisiana, Kentucky, Kansas and Missouri.

After its formation in New Orleans, the 39th Infantry remained in Louisiana to enforce Reconstruction laws. The 40th was sent to North Carolina for the same occupation duty, before being sent to New Orleans to form the 25th Infantry. The 41st was sent to the U.S. border with Mexico before it was merged to form the 24th Infantry to enforce laws on the Texas frontier. As the frontier moved west, the 24th was at the vanguard, manning forts and outposts, fighting native tribes in the Plains Wars, which would continue long after the frontier was officially closed in 1890. The 24th Infantry would be the longest-serving infantry unit in the Army. It fought in the Spanish-American War, notably the Battle of San Juan Hill with future President Theodore Roosevelt's Rough Riders. They also served in the Philippine Insurrection, the Mexican Border clashes and World Wars I and II. It was the last Buffalo Soldier regiment to be integrated, which came when President Harry S. Truman desegregated the armed forces before the Korean War. The 25th Infantry also fought native tribes on the Great Plains, in the Spanish-American War, the Philippines and in World War II. The 9th and 10th Cavalry would also participate in these same American conflicts, but the 10th Cavalry Regiment would also ship off to the Mexican border during World War I, where it would clash with a Mexican force led by German advisers in a border skirmish now known as the Battle of Ambos Nogales.

In 1866, an enlistee by the name of William Cathay joined the 38th Infantry for a three-year term. After a series of illnesses sent Cathay to the hospital, it was discovered that Cathay was actually Cathay Williams, a Black woman. She was honorably discharged after the discovery, but was still the first official Black woman to enlist, and the only female Buffalo Soldier. Between 1866 and 1918, 27 members of the regiments of Buffalo Soldiers would receive the Medal of Honor for actions in the Plains Wars, law enforcement on the American frontier, the Spanish-American War and World War I. The first three Black graduates of the U.S. Military Academy at West Point were officers with the Buffalo Soldiers. Charles Young, the third graduate, would become the first Black man with the rank of colonel.

A Nurse's Self Care Toolbox #58

Allyn Webert, RN. Lot 1438, Lincolnshire Estates

allynwebert@gmail.com

Last month, February, I went over four vital steps in using food (sugar.) What we eat, how much we eat, when we eat (a big deal) and movement soon after we have eaten. This month's target is the damage high blood sugars create and testing blood sugar. Medications to mediate the effects of high blood sugar will be in the April edition.

Blood sugar is absolutely needed for life along with oxygen. Our body cells use both to make the energy needed to do their job. The sugar in the blood gets through the cell "door" by insulin, a hormone produced in the pancreas, which drop kicks the sugar into the cell. A field goal and 3 points millions of times a day everywhere in our body. The blood vessels especially arteries (the smallest pass by each body cell) are sensitive to a blood sugar level that stays higher and longer in the blood than usual. Higher blood sugars remaining longer than normal are absolute irritants to the lining of the blood vessel. Over time the lining becomes inflamed especially the very small vessels, called capillaries, and often become "plugged". The blood supply slows and may just stop. We do not get an email or message. The result can and usually is damage to vital organs like the eyes, heart, kidneys, arteries in the lower legs, nerves and much more. The hard part to swallow is the damage may go undetected until later middle age. Another reason to see our physicians on a regular basis. *Not just when we are sick. Did I say that? Yes, I did.*

...continued on page 38

There are 2 types of diabetes. Type 1 is where the pancreas ceases to produce insulin or very, very little. Found mostly in young people though can occur when our pancreas becomes severely damaged. Why, teenagers didn't live to even middle age before insulin and better blood sugar monitoring. No cure yet but they take insulin in various ways either continuously by an insulin pump or injections up to 6 times a day. Transplanting with the cells that make insulin is showing great promise. Type 2 can be described as pancreas fatigue, or our body cells become insensitive to the insulin we make over time. Prediabetes is simply a warning that our blood sugars remain elevated when the level should be a resting amount but just below graduating to diabetes. You do not want that diploma!

There are 2 basic blood tests for sugar. Yes, blood as that is where we find it. HgbA1c or just "A1c." started about 25 years ago. It measures on a scale of 5 to 16. It is the average "weight" if I can say that of the sugar in the blood over the last 90 days. Sugar sticks to our red blood cells. 5.5 to 6 is normal and the higher the number the higher the average sugar load over a few months. Knowing your average driving speed over 90 days. Normal, speeding, or reckless. On the spot glucose monitoring with a home meter is exactly what it is, right now. Blood sugars on a monitor should be below 110 starting 2 hours after we have eaten or in the morning before we eat by 8:30 AM. Elevated again right after we eat. Our physicians will tell us when to test, usually fasting (before we put anything, and I mean anything in our mouths and swallow) or 2 hours after we have eaten (tells how we cope with the absorbed sugar.) People who just test anytime to see what their blood sugar is are wasting a valuable test strip for sure. And will certainly remain confused and frustrated. Next month, medications and treatments. Chew well my friends.
