Fairway Social Committee (FSC)

Sherry Moore, FSC Chairperson

We have moved into another summer season in our new Clubhouse and what a season it is promised to be. July 4th picnic is in jeopardy of being cancelled unless we can find a lead for this event. There is still lots of time to pull it together. Ronnee, Cecelia and Lynn have been a tremendous help in preparing for the 2023-2024 season. If there is any need for financial assistance or kitchen access during June contact Ronnee Patterson #428.

June starts the year with our first Summer Fun Party, Nancy Whitford has arranged a series of events for June, July and August. Check her article for more details in this month's flier. It's promised to be an exciting ride.

While the summer heat is still in the air we need to think about, can you believe, Thanksgiving. Please notify me of any interest you have in taking on this responsibility. I'm sure there will be many volunteers to help; however, we need a leader. I'm waiting for your call!

FSC is always looking for volunteers, if you would like to help out, email sherrymoore94@gmail.com or call/text 902-410-7588 or phone 727-216-3666. Feel free to contact me at any time. I may not know the answer to your question; however, I will find one.

Thanks again for all you do, support is crucial to having such a vibrant community to live in.

Cheers and Stay Safe, Sherry

How a little imagination changed the way we shop

A little story about imagination.

Before supermarkets existed as we know them, going to the grocery store used to be a totally different experience. In the old days, customers walked in and told a clerk what they wanted. Then the clerk set to the task of compiling the order for the customer.

Clarence Saunders made his living as a grocery store clerk in a small Southern town. He had never made more than \$20 a week.

One day he stood in line at a cafeteria carrying a tray, waiting to select his food. Clarence Saunders had always seemed like an ordinary man — nothing in him so far had indicated that he had any unusual abilities.

But that day, as he stood in line, something happened. In his mind two ideas collided. His imagination took off and he took the “self-help” idea of the cafeteria and applied it to a grocery store — and thus was born the Piggly-Wiggly chain of grocery stores.

Clarence Saunders, the \$20 a week clerk became a millionaire. And grocery shopping was forever changed. — adapted from *The Law of Success in Sixteen Lessons*, by Napoleon Hill

An unexpected conversation

A class of MBA students took a field trip away from their university. On the bus ride on the way back to the school after the trip, the driver pulled over at a rest stop. Most of the MBA candidates had been partying heavily the night before. One first year student, headed for the first stall in the restroom.

As soon as he entered the stall, the man in the next stall said, “Hi, there. How’s it going?”

The first-year student thought it was odd that the man in the next stall wanted to start a conversation, but he thought, “Who knows, this guy might be one of the facilitators at school, one who might be giving me a grade in the near future.”

He felt silly talking through the stall wall, but he answered, “Not bad.”

Then the man in the next stall said, “What are you doing?”

The intimidated student answered, “Well, we’re all headed back to school from the field trip, right?”

To which the man in the next stall said, “Look. I’ll have to call you back. Every time I say something, some genius in the next stall keeps answering me.

People get their eyes tested and their teeth checked on a regular basis,

Why Not Look After Your Ears Too?

Hearing changes often do not result in an overall loss of volume. Some sounds remain as audible as they always were, yet others become harder to hear, and some conversations require more attentiveness. You might notice that words just don't sound clear.

If you suspect that your hearing may be changing, it's up to you to be alert to the signs and have your hearing tested by a qualified professional.

Need to clean — go green

If you feel like you're spending too much money on store-bought cleaners, maybe you should try making some of your own. Sound complicated? It's not. You can make homemade cleaners easily, and you won't have to worry about the toxins that are part of so many store-bought cleaning products.

Most homemade cleaners can be made from things that are readily available in households, or at least in your local grocery store. You might be impressed with the results of your cleansers. Here is a list of basic ingredients that will help get you started:

- Baking soda
- Vinegar
- Water
- Lemon juice
- Ammonia
- Salt
- Vegetable or olive oil
- Club soda
- Isopropyl alcohol
- Toothpaste
- Spray bottles

When you make your own cleansers, mix them in a well ventilated area. Label all containers and store them safely. Don't reuse old containers from other cleaners. And remember, never mix bleach and ammonia. Spot test your cleanser before you use it.

Club soda does a wonderful job of cleaning linoleum floors. And vinegar added to the rinse cycle works as a fabric softener. Toothpaste is a great chrome cleaner.

Here are a couple of recipes:

Glass Cleaner

- 1 gallon water
- 1/2 cup white vinegar
- 1/2 teaspoon liquid dishwashing detergent

Furniture polish

- 1 cup vegetable or olive oil
- 1/2 cup lemon juice —adapted from “Homemade cleaners: How to make all-natural green cleaners,” by Sara Noel, on the Sideroad Web site

On failure

If at first you don't succeed, destroy all evidence that you tried.
