# From the LSR Board

June 8, 2023

To: Lake Seminole Resort Residents

From: LSR Board

Subject: Monthly Activity Report: May 2023

**D**ear Fellow Residents:

**Hurricane Season is here. Please be prepared!!!**

**Water and Sewer:** Pinellas County notified LSR that the county will not be updating the water system in the park. The county will replace the sewer system. This development is a disappointment, but the park still gains a significant benefit having a new sewer system and lift station. The county will present a 30% design review of the sewer system in the hall on Monday, June 12, in the hall. The meeting will also be on Zoom:

Topic: Pinellas County Waste Water Presentation

Time: Jun 12, 2023 10:30 AM Eastern Time (US and Canada)

Join Zoom Meeting

Meeting ID: 810 3996 5222 Passcode: 098159

**Disaster Preparedness:** Duncan Brown is leading the board's effort to update our disaster preparedness plan. Part of this update is to have a list of all residents' critical information in case of an emergency. The Lake Seminole Resort website has a new form that allows all residents to update their information. Please take advantage of this feature and update your information.

**Mueller Lawsuit:** Morgan and Morgan notified LSR that a civil lawsuit was filed in Pinellas County on behalf of their client, Christopher Mueller. This is the same claim LSR was notified of in December 2022. Our insurance company is handling this for the park. We believe that the suit should have been filed against another park and is not our responsibility.

## Pool/Well Water:

- One of the well water purification system tanks suffered a catastrophic failure. Preliminary analysis indicates the heat, and the lack of a pressure relief valve caused the tank to explode. This pushed water into the card room and damaged the ceiling tiles. The tank failure prevents well water from being used to fill the pool. The board has decided to fill the pool with county water for the next couple of months to determine if the cost of using the county water is prohibitive, and to determine if LSR can save money on chemicals by using the county water.
- Reminder: smoking and vaping are not allowed in the pool area.

*continued on page 6*

### Maintenance:

- The support posts by the pool are being replaced. Two remain to be replaced.
- LSR has requested new Duke Energy rates be applied to the front fountain and the lights to Watkins Pond. This should save the park some expense.
- The library and card room have been painted and updated. Thanks to Bud and Marilyn Koeth for the work on the card room.
- A power surge shut down the front fountain, the fountain in the pond, and the lift station. The pump in the pond is still not functioning correctly. Outside services have been called to repair the pump.
- Surge protectors have been installed in the hall.
- The well water system has developed problems with the pressure tanks and pumps. This has been an ongoing issue for some time. The board is exploring options for keeping the well system running. The current estimate to repair the pump and the bladder tanks is approximately \$12,000. One well pump has already been replaced this year for about \$4200.

**Wyatt Property:** On 23 May 2023, the Pinellas County courts issued a final judgement in our favor for the foreclosure of the Wyatt property. This means that LSR will collect the money owed to us for back maintenance fees and other miscellaneous costs incurred during this process. In addition, the court ordered the clerk of Pinellas County to auction off the property (MOA and Share) on: June 27, 2023, 10:00 am At [WWW.pinellas.realforeclosure.com](http://WWW.pinellas.realforeclosure.com).

### Financial Status:

- Financial information for May is posted in the hall.
- Park expenses continue to increase. The use of reserves to maintain the well system, the air conditioning in the hall, lift station repair, camera repairs, water pumps and system repairs have cost \$42,000 to date. This is higher than the board projected earlier this year. The operating expenses are running higher than expected in some areas due to inflationary impacts. The board is striving to reduce costs while maintaining the lifestyle in the park. Your cooperation is requested to reduce water cost, electricity costs (turning off lights and raising the rear hall air conditioners to 85 degrees and shutting off the front air conditioners) as much as possible.

**Board Meeting:** A Board Meeting is scheduled to be held in the hall and via zoom on June 19 at 10:30 am after coffee.

Best Regards,  
Steve Schaefer

## CANADA DAY IS ON JULY 1

---

All those who celebrate Canada as their home and native land celebrate Canada Day on July 1. The day commemorates the anniversary of the Constitution Act, which consolidated three territories into the single nation of Canada. Canadians across the country and around the world show their pride in their history, culture and achievements on Canada Day. It has been a day of celebration since 1868, with many festivities held across the nation. So, wherever you are on July 1, enjoy some festivities on Canada Day.

## INDEPENDENCE DAY IN THE USA IS JULY 4

---

Most people know that we celebrate Independence Day each year on July 4. However, did you know that The Continental Congress actually declared American independence on July 2? On July 2, the final wording of the Declaration of Independence had yet to be approved. That approval came two days later, which is why American independence is celebrated on July 4. The Declaration of Independence and July Fourth are forever linked. Most of America celebrates by flying the American flag, having cookouts with family and friends, and then watching fireworks in the evening. Have a safe and happy holiday.

## BOATS AND TRAILERS

---

The recent Rules and Regulation changes require all boats and trailers parked on LSR property or moored at the common area pier to have an LSR parking sticker, just like all motor vehicles. This requirement was added so that the boats and trailers on the property can be identified as LSR shareholder property. If you need a sticker for your boat or trailer, you can purchase them in the office for \$1 each.

## HOMES FOR SALE

---

No homes are for sale at this time.

## SNOWY EGRETS VISIT LAKE SEMINOLE RESORT

One of the many bird visitors to Lake Seminole Resort is the Snowy Egret. These beautiful birds can be seen just about anywhere in our park, foraging for insects, or in the shallow waters of Lake Seminole, looking for small fish. They grow to about two feet tall and have a full white body, black legs, bright yellow feet, yellow marks around the eyes, and a black bill. They can be found throughout all of Florida, and are found in most of central and southern USA, all the way out to California. The Florida Snowy Egrets are year-round residents while the populations found north of Florida are migratory. They are also found throughout all of South America. Remember, never feed any wildlife that you encounter in Lake Seminole Resort.

Snowy Egrets are regular visitors to the grassy areas of Lake Seminole Resort

## Lake Seminole Resorts Book Club

**H**ow is your summer reading going so far? Some suggestions for summer reading are shown below. The LSR Book Club will meet again in the November 2023. Thank you to Sherry Brown for leading this group.

Some suggestions for summer reading include:

Hannah's War by Jan Eliasberg, Mad Honey by Jody Picoult, The Thursday Murder Club by Richard Osman, The Orphan Keeper by Camron Wright, The Wife Between Us by Greer Hendricks, The Woman with the Blue Star by Pam Jenoff False Witness by Karen Slaughter, Cul-de-Sac by Joy Fielding The Party Crasher by Sophia Kinsella, Saving Cee Cee Honeycutt by Beth Hoffman, I'm Glad my Mom Died by Jeanette McCurdy

If you have some books that you have enjoyed, and believe others may also- please consider donating newer books in good shape to the LSR Library. We are trying to update our selection of books!!!Enjoy your reading!

## Gardening

**O**n Tuesday mornings starting at 7:30 AM, Alice Jarvis could use some help keeping up the garden areas. You can help to keep our park looking beautiful. It is good for your soul to work the land, and she is a great person to know.

## Can Crushing

**A**ll cans are collected near the laundry for recycling. Beer pop/soda cans can be crushed (please) and placed in the rectangular plastic container. These are returned for cash that is used by the social committee to support park activities. There is an additional crusher and bin for cans in the pavilion. Thank you for your help.

# PINELLAS COUNTY EMERGENCY INFORMATION

<https://pinellas.gov/emergency-information/>

This is the link to the Pinellas County "Emergency Information" web site.

At this site, people can access;

1. **Emergency Shelters** - A list of shelters and if open, closed, or full and if a general shelter, pet-friendly, or special needs
2. **Special Needs** - How to register for "Special Needs Assistance" and a list of special needs shelters.
3. **Sand Bags** - Info on obtaining sand bags for residents not required to evacuate
4. **Emergency Road Closures** - Road closures within Pinellas County
5. **Know Your Zone** - Evacuation zones - all mobile home parks are under mandatory evacuation during any evacuation order.
6. **During and After a Storm** - Information on cleanup after the storm.
7. **Disaster Assistance** - Information on insurance claims and FEMA

It is very important that any resident requiring assistance for evacuation, register on the "Special Needs" site. It is the only way that the County will be aware of their needs whether it is medical, mobility, or transportation, etc.

Our in-house LSR "Disaster Relief" form is to supply basic info to assist EMS and First Responders to perform search and rescue within the park during a severe weather event.

## ATTENTION PET OWNERS

(FROM PAUL BURKE)

All pets, new and existing, young and old, must be registered with the office and all vaccination records documented. Please ensure that you keep your pets documentation updated annually.

Friendly reminder - all pets must be leashed when outside the home. This is not just a park rule, but also a county law.

# Did You Know?

Out of about 20,000 bee species, there are only 4 that make honey?

A typical beehive can produce 400 pounds of honey per year?

Honey has natural preservatives and bacteria can't grow in it?

# Feeling Less Sharp?

## Your Brain May Need More Sound

When your brain lacks access to some sounds due to a hearing problem, it has to work harder to fill in gaps, which can be tiring. It also means you could be missing out or feeling that you are not at your best.

## FOR MANUFACTURED/MOBILE HOME OWNERS ON RENTED LOTS

Our accomplishments are numerous and include the creation of Florida Statute 723, "The Florida Mobile Home Act", which safeguards your rights as homeowners on rented lots in Florida.

Most recently we've successfully lobbied for the extension of The Mobile Home Tie-Down Program for 10 more years.

## The importance of proofreading ...

The following is a list of newspaper corrections that has been widely circulated over the Internet:

- Important notice: If you are one of hundreds of parachuting enthusiasts who bought our Easy Sky Diving book, please make the following correction: on Page 8, line 7, the words state zip code should have read pull rip cord.
- There was a mistake in an item sent in two weeks ago which stated that Ed Burnham entertained a party at crap shooting. It should have been trap shooting.
- There are two important corrections to the information in the update on our Deep Relaxation professional development program. First, the program will include meditation, not medication. Second, it is experiential, not experimental.
- Our newspaper carried the notice last week that Mr. Oscar Hoffnagle is a defective on the police force. This was a typographical error. Mr. Hoffnagle is, of course, a detective on the police farce.
- In a recent edition, we referred to the chairman of Chrysler Corporation as Lee Iacocoo. His real name is Lee Iacocca. The Gazette regrets the error.
- Apology: I originally wrote, “Woodrow Wilson’s wife grazed on front lawn of the White House.” I’m sorry that typesetting inadvertently left out the word “sheep.”
- In one edition of today’s Food Section, an inaccurate number of jalapeño peppers was given for Jeanette Crowley’s Southwestern Chicken Salad recipe. The recipe should call for two, not 21, jalapeño peppers.
- The marriage of Miss Freda vanAmburg and Willie Branton, which was announced in this paper a few weeks ago, was a mistake which we wish to correct.

## How a town got its name

Sometimes towns get their names because of founders, prominent citizens or natural landmarks. But a town in southern Ohio has a more colorful history it would seem. Knockemstiff, Ohio, is a tiny hamlet that has no main roads or stores. One story about how the town got its unusual name is that it was named for the fighting ability of its young men. Another story is that there was a huge brawl in the town saloon. The third, and final story about how the town got its name is that an angry wife asked the town preacher how she could get her cheating husband to stay home. The preacher’s answer: “knockemstiff.”

## Why you should be careful if barefoot on the beach

If you're planning a family vacation, and visions of walking barefoot down a beach are dancing in your head, you might want to reconsider and wear shoes. Why? Walking down a beach barefoot can lead to hookworm. Dr. Robin Carder, a pediatric dermatologist at Children's Medical Center in Dallas, says that it is common to see families return from vacation and have a member suffer from hookworms. Hookworms come from feces that dogs and other animals leave on the sand. Unfortunately, some of the fecal matter remains in the sand, and when a person walks barefoot, a hookworm can hook into the sole of the foot, Carder says. Symptoms are itchy eruptions that can turn into pus filled blisters. If you think you have hookworm, you should seek treatment from a dermatologist. —adapted from the Children's Medical Center (in Dallas) Web site

## A few tips for keeping your dog safe in hot weather

Dogs are often like members of the family, so you will want to treat them with care during hot weather. Here are a few tips to keep your four-legged friends happy and healthy:

- Never leave your dog—or any animal—in the car during hot or even warm weather. The interior temperature of your car can easily soar to 120 degrees in just minutes. The only way your dog can cool down is through panting and through the pads of their feet. Many animals die every year because their owners leave them in cars. Even if you leave the windows partially down, the temperatures can soar to dangerously high levels.
- Don't let your dog ride in the bed of a pickup truck. Serious eye injuries can occur from debris hitting their eyes at up to 70 miles per hour. The dog could also be thrown into oncoming traffic or could fall underneath the truck and be injured. Serious injury or death can also occur when a driver hits the brakes suddenly, swerves or is hit by another vehicle.
- Keep your dog away from fertilizers, plant foods and insecticides. They can be fatal if your pet ingests them. Don't let your pet walk or play on a treated lawn.
- Make sure your pet always wears an ID tag. Even if your dog has an embedded identification chip, you'll still want to make sure he has a tag so that he can be returned quickly to you if he is found. It's also a good idea to keep a current picture of your pet with you. That way, if he disappears or wanders off, you have a photo to show to people when you ask them if they've seen your dog.
- Give your dog prescribed heartworm medicine on a regular basis. It is also a good practice to use only flea and tick medications prescribed by your dog's veterinarian.
- Make sure your pet has plenty of water and shade when he's outdoors. You'll also want to make sure your dog isn't walking on hot asphalt when the heat is high, because it can burn his paws.
