The next HOA Board Meeting will be on Tuesday, October 3, 2023, and the Social Committee Meeting will be on October 4, 2023. The HOA meeting will begin at 7:00 pm and the Social Committee meeting will begin at 6:00 pm. The Social Committee will again have a Coach Drawing. Tickets are 3 for \$1. Half the money is given out and half is put into the coach drawing. If the resident drawn for the coach drawing is not present, the money rolls over until the next meeting.

If you have not paid your 2023 HOA Dues, please either put them in the dues box in the clubhouse or give them to Pat Peterman, #205, 618-960-9284. Dues are \$15/year. Dues must be paid to attend the HOA meeting.

## **Notes from the HOA Board of Directors:**

The summer has been a busy time for the Board even though we haven't had that many activities. We have been working on a schedule for Fall and Winter Events. We are once again pleased to have a Social Committee under the Chairwomanship of Traci Timm. Other members of her committee will be Cheryl Yauch, Sherri Bateson, Nancy Courson and Deb Levtchenko. They have already been meeting and planning activities for our residents. We ask that everyone support these women so we can make our activities successful.

**SPECTRUM** – Spectrum has once again reached out to try and offer a big discount to park residents. In the past, they made a presentation at an HOA meeting of their manufactured home community program. The Board felt it would be great if the park could convert to the program because it would save money monthly to our residents who use Spectrum Internet or Cable. The offer was Internet, all equipment and 150 tv channels for around \$60. Our residents are paying anywhere from app. \$80 for internet only and as much as \$220/month if they add cable. The problem was that all residents had to subscribe to the program. The park currently has about 76.3% of residents on at least internet. The charge would be a pass-through to our regular rent bill. The HOA board will once again explore the legality of implementing the plan and the details to do so, but last time we ran into several issues. It's frustrating because the program would save so much money to those who rely on internet and tv to pass time. Information will be forthcoming in our first meeting of the new season on Oct. 3.

Congratulations and thanks for your hard work which helps keep our community nice.

## **THINGS TO REMEMBER:**

**P**arking is an issue we deal with daily. If you need to park in front of your residence, please make sure there is not a vehicle directly across from you. If you park across from another vehicle, emergency vehicles cannot get through. Also, there is still no parking on the streets after 11 pm.

Dogs are to be walked in the streets. Residents should allow dogs to relieve themselves prior to walking. If the dog needs to go while you are walking it, any waste has to be picked up per Florida Statute.

Children pool hours are 10 am – 1 pm and 5 pm to 7 pm. Please adhere to these hours.

If you have a complaint about the lawn company, call the office while they are still here if possible. Office will then have the owner of the company come view issue while he is still here.

## AMBER GLADES LIBRARY

---

Have you read a good book lately? A hardback or a paperback? Hot outside, what a great time to read, or work a jigsaw puzzle. We certainly have both.

Books: Author Michael Connley is a former newspaper reporter turned novelist. The Lincoln Lawyer, movies and Netflix.

John Grisham is an American Novelist and former member of the 7th District of Mississippi House of Representatives. He's known for his bestselling legal thrillers.

Patricia Cornwell has sold over 100 million books. She has authored 29 New York Times Best Sellers. She has written 2 cookbooks, a Children's book and a Biography of Ruth Graham.

Janet Evanovich wrote short romance novels under the pen name of Steffie Hall, but gained fame authoring a series of mysteries featuring Stephanie Plum, and so on. . . She has over 200 million books in print worldwide and they have been translated into 40 languages.

How fortunate we are to have both hardback and paperback of these 4 authors in our Library.

# Jokes of the Month

(by Ken Spellman)

One Sunday a pastor told the congregation that the church needed some extra money and asked the people to prayerfully consider giving a little extra in the offering plate. He said that whoever gave the most would be able to pick out three hymns. After the offering plates were passed, the pastor glanced down and noticed someone had placed a \$1,000 bill in offering. He was so excited that he immediately shared his joy with his congregation and said he would like to personally thank the person who placed the money on the plate. A very quiet, elderly and saintly lady shyly raised her hand. The pastor asked her to come to the front. Slowly she made her way to the pastor. He told her how wonderful it was that she gave so much and in thanks asked her to pick out three hymns. Her eyes brightened as she looked over the congregation, pointed to the three handsomest men in the building and said, "I'll take him, him and him".

## Mum's letter to her son –

Dear Son, I'm writing this slow 'because I know you can't read fast. We don't live where we did when you left. Your Dad read in the paper that most accidents happen within twenty miles of home, so we moved. Won't be able to send you the address as the last Arkansas family that lived here took the numbers with them for their new house so they wouldn't have to change their address. This place has a washing machine. The first day I put four shirts in it, pulled the chain and haven't seen 'em since. It only rained twice this week, three days the first time and four days the second time. The coat you wanted me to send to you, Aunt Sue said it would be too heavy to send in the mail with their heavy buttons, so we cut them off and put them in the pockets. We got a bill from the funeral home, and it said that if we didn't make the final payment on Grandma's funeral bill, up she comes! About your sister, she had a baby this morning. I haven't found out whether it's a boy or girl, so don't know if you are an aunt or Uncle. You Uncle John fell in the whiskey vat. Some men tried to get him out, but he fought them off playfully, so he drowned. We cremated him and he was burned for three days. Three of your friends went off the bridge in a pickup. One was driving and the other two were in the back. The driver got out. He rolled down the window and swam to safety. The other two drowned. They couldn't get the tailgate down. Not much news this time. Nothing much happened. If you don't get this letter, please let me know and I will send another one,

Love, Mom

P.S. – I was going to send you some spending money, but I had already sealed the envelope and mailed it.

## AARP Member Benefit

I was recently looking at the AARP website and came across a member benefit. The book, “Midnight at the Blackbird Café” by Heather Webber is available to read in full on their site. I know many of our residents spend time reading and this seems like a good opportunity for a free book if you are an AARP Member.

### ILLUSTRATIONS BY NICK MATEJ

Dear Reader,

The inspiration for *Midnight at the Blackbird Café* came years ago in a song. After hearing the Beatles’ “Blackbird” for the first time, it haunted me. I was captivated with the concept of broken wings and how emotional wounds can keep many from being able to metaphorically fly. And if blackbirds could, what would they sing to us in the dead of the night? What do we most want to hear? My answer to that question formed the heart of this book, which is about two women in the midst of grief who realize that there might be more to life — and death — than either of them dreamed possible.

This novel is set in a fictional northeast Alabama town, where magic lurks in the long shadows of Lookout Mountain, and I dearly hope you’ll find a little magic in its pages as well.

Best wishes,  
Heather

Over the past few weeks, AARP released chapters of Heather Webber's best-selling novel *Midnight at the Blackbird Café* and now all chapters have been posted and are available online exclusively for AARP members.

## Deadly Heat May Last for Weeks - Follow Red Cross Safety Steps

This summer is the hottest ever recorded and almost 80 million people are living with dangerous temperatures as the heatwave moves across the country. The ongoing hot weather is expected to bring oppressive heat and humidity to people from coast to coast, even moving north to parts of Nevada, Idaho, Wyoming and Oregon. The National Weather Service reports that above-normal temperatures will heat nearly everywhere in the continent.

**U.S. CLIMATE CRISIS.** Some experts attribute the heatwave to the climate crisis, with extreme heat shattering temperature records all over the globe. Heatwaves in the U.S. are happening more often, lasting longer, and bringing more intense heat. As these conditions and other extreme weather disasters increase, more people need help from the Red Cross. Find out more about the American Red Cross and its work on the climate crisis here.

**WHO'S AT RISK?** Heat is the leading weather-related killer in the U.S. More than 600 people in this country die every year from heat-related illnesses, according to the Centers for Disease Control and Prevention (CDC). Some people are more at risk of developing a heat-related illness, including adults over 65, those with chronic medical conditions, people who work outside, infants and children, and athletes. Some may take medications that make the effects of extreme heat worse. People with heart disease, poor blood circulation, obesity and mental illness are also at risk for getting sick if the temperatures climb.

**HEAT SAFETY TIPS** The Red Cross offers steps you can take to help stay safe when the temperatures soar. • Hot cars can be deadly. Never leave children or pets in your vehicle. The inside temperature of the car can quickly reach 120 degrees. • Stay hydrated by drinking plenty of fluids. Avoid drinking caffeine or alcohol. • Check on family, friends and neighbors who do not have air conditioning, who spend much of their time alone or who are more likely to be affected by the heat. • If you don't have air conditioning, seek relief from the heat during the warmest part of the day in places like schools, libraries, theaters, malls, etc. • Avoid extreme temperature changes • Wear loose-fitting, lightweight, light-colored clothing. Avoid dark colors because they absorb the sun's rays. • Slow down, stay indoors and avoid strenuous exercise during the hottest part of the day. • Postpone outdoor games and activities. • Take frequent breaks and use a buddy system when working outdoors. • Check on animals frequently to ensure that they are not suffering from the heat. Make sure they have plenty of cool water and shade. Excessive heat can lead to sunburn, heat cramps, heat exhaustion and heat stroke. If someone is experiencing heat cramps in the legs or abdomen, get them to a cooler place, have them rest, lightly stretch the affected muscle, and replenish their fluids with a half a glass (about 4 ounces) of cool water every 15 minutes. If someone is exhibiting signs of heat exhaustion (cool, moist, pale or flushed skin, heavy sweating, headache, nausea, dizziness, weakness and exhaustion), move them to a cooler place, remove or loosen tight clothing and spray the person with water or apply cool, wet clothes or towels to the skin. Fan the person. If they are conscious, give small amounts of cool water to drink. Make sure the person drinks slowly. Watch for changes in condition. If the person refuses water, vomits or begins to lose consciousness, call 911.

**HEAT STROKE LIFE-THREATENING** Heat stroke usually occurs by ignoring the signals of heat exhaustion. Heat stroke develops when the body systems are overwhelmed

Our accomplishments are numerous and include the creation of Florida Statute 723, "The Florida Mobile Home Act", which safeguards your rights as homeowners on rented lots in Florida.

Most recently we've successfully lobbied for the extension of The Mobile Home Tie-Down Program for 10 more years.

by heat and begin to stop functioning. Signs include hot, red skin which may be dry or moist; changes in consciousness; vomiting and high body temperature. Call 911 immediately if someone shows signs of heat stroke. Move the person to a cooler place. Quickly cool the person's body by immersing them up to their neck in cold water if possible. Otherwise, douse or spray the person with cold water, or cover the person with cold, wet towels or bags of ice.

**DOWNLOAD RED CROSS APPS** Download the free Red Cross First Aid app so you'll know what to do if emergency help is delayed and the free Emergency app for weather alerts, open Red Cross shelter locations and safety steps for different emergencies. Choose whether you want to view the content in English or Spanish with an easy-to-find language selector. Find these and all of the Red Cross apps in smartphone app stores by searching for the American Red Cross or going to [erdcross.org/apps](http://erdcross.org/apps).

**Deadly Heat May Last for Weeks** Follow Red Cross Safety Steps. Summer's heat can be dangerous for your family pets. The American Red Cross has steps you can take to ensure your four-legged friends stays safe this summer. Don't leave your pet in a hot vehicle, even for a few minutes. The inside temperature of the car can quickly reach 120 degrees even with the windows cracked open.

**HEAT STROKE** Animals can suffer heat stroke, a common problem for pets in warmer weather. Dogs with short noses or snouts, like the boxer or bulldog, are especially prone to heat stroke, along with overweight pets, those with extremely thick fur coats or any pet with upper respiratory problems such as laryngeal paralysis or collapsing trachea. Some of the signs of heat stroke in your pet are:

- Heavy panting and unable to calm down, even when lying down
- Brick red gum color
- Fast pulse rate
- Unable to get up

If you suspect your pet has heat stroke, take their temperature rectally. If the temperature is above 105 degrees, cool the animal down. The easiest way to do this is by using the water hose. Stop cooling the animal when the temperature reaches 103 degrees. Bring your pet to the veterinarian as soon as possible as heat stroke can lead to severe organ dysfunction and damage. Keep your pet at their best:

- Give your pet plenty of exercise.
- Make sure your pet has plenty of fresh, cool water and shade.
- Make sure your pet has yearly checkups and is up to date on vaccines, especially rabies.
- Get your pet spayed or neutered.
- Know how to perform CPR and provide basic first aid until veterinary care is available.

Download the Red Cross Pet First Aid app for more information on how to include pets in emergency preparedness plans. The app also features step-by-step instructions for first aid emergencies, toxic substances, a pet profile for storing tag ID, photo and medical information, early warning signs for when to contact a veterinarian and an animal hospital locator. Users can find it in smartphone app stores by searching for the American Red Cross, texting GETPET to 90999 for a link to download the app or going to [redcross.org/apps](http://redcross.org/apps). You can also take the Red Cross Cat and Dog First Aid online course, so you'll know what to do in an emergency until veterinary care is available. You can access the course on your desktop or tablet at [redcross.org/catdogfirstaid](http://redcross.org/catdogfirstaid) and go through the content at your own pace. The interactive course includes:

- How to determine a pet's normal vital signs so owners can notice if there are any irregularities
- Step-by-step instructions and visual aids for what to do if a pet is choking, needs CPR, has a wound, or is having a seizure
- Information on preventative care, health and tips for a pet's well-being.
