## HOME MAINTENANCE

We would like to give a shout out to all the residents who have been keeping your homes maintained and looking fabulous. We appreciate you maintaining the beauty and charm of Sugar Creek. In the month of September, we will be looking at gutters. Please take some time to look around the outside of your home and your gutters to see what needs to be done. Of course, we are also are looking at your entire lot.

## ICE CREAM SOCIAL

The Rowans, Dominick's and Staff enjoyed hosting an ice cream social for the residents that are in the Park in July. We had a great turnout, and it was a pleasure seeing everyone have a good time while listening to music, dancing, and socializing (and we can't forget eating the ice cream)! We look forward to another one next Summer!

## WILDLIFE IN THE PARK

At times we see wildlife in the park, as they live outside and in our pond. If you happen to see a sick or hurt animal, please call animal control at 727-582-2600 or SPCA Wildlife 727-586-3592. Our office cannot trap or chase these animals. If it is an alligator call 866-392-4286. Please do not call 911 unless it is a life-threatening emergency.

## MOSQUITOES

Recently we had the County come in and assess our park for mosquito breeding areas. We were advised that this is not an area of concern for the county to spray. What they found was some residents have standing water in their yards, flowerpots and other items that hold water, this includes gutters on your home. We have pamphlets in the office on how you can STOP Raising Mosquitoes. We also have a company that comes out and sprays the pond and the grass in the common areas including the dog park.

If you are concerned about mosquitoes, here are some tips from Pinellas County Mosquito Control Commission:

Mosquitoes breed year-round in Pinellas County. Protect yourself from bites and mosquito-borne illnesses by following these tips:

**Avoid the outdoors during high mosquito activity times.**

Many mosquito species are active at dusk.

**Wear loose, light-colored long sleeves and pants.**

Socks and shoes also help create a barrier.

*continued on page 6*

**Wear a repellent with a CDC-recommended active ingredient.**

DEET, Picaridin, IR3535, and Oil of Lemon Eucalyptus are recommended. You can also try a spatial repellent device that uses repellents such as allethrin.

**Make sure screens are intact and repair any holes.**

Avoid propping open un-screened windows and doors.

Did you know that mosquitoes only need ¼ inch of water to complete their life cycle? Breeding habitat can be found around your yard and home year-round due to rainfall and watering your plants or lawn.

Prevent mosquitoes by following these tips:

Dump standing water once a week.

Dump and refill water in pet dishes and bird baths

Check common places where water accumulates, such as flowerpots and saucers, wheelbarrows, tarps, children’s toys, garbage, recycling bins, gutters, and AC drip lines.

### **SUSPICIOUS VEHICLES**

If you see a vehicle driving around that looks suspicious, after hours, call the sheriff to check it out. Do not wait until Monday to let us know. If you are concerned for your safety and the safety of the residents in the park, the right action to take is to call 911 or the non-emergency # 727-852-6200.

### **GARBAGE**

We all know the garbage men come early on Mondays and Thursdays at times so if you are putting your cans out the night before, make sure it is in the evening, so your trash is not sitting out all day. This doesn’t look appealing!

### **PARK EMERGENCY NUMBER**

If you have a park-related emergency the phone number to call is 727-301-9589. This number is on the first page of every issue of the monthly media as well as the community phone book on page 1. The number is also posted on every door to the clubhouse. Please keep this number handy in case of an emergency.

### **HOME SALES**

We often have people come to the office telling us Sugar Creek is a desirable community, so thank you to our residents for making Sugar Creek a friendly and welcoming environment for all. If you are considering selling your home, just let Daniel or Vicki know and we will use the resources at our fingertips to sell your home quickly and for a great price. We are here to help: 727-586-2002.

Cost is \$3.00 for social club members and \$5.00 for non-members. You must sign up on the sheet posted on the bulletin board in the clubhouse to attend.

Our monthly breakfasts will restart on Sept. 9. This month we will be serving pancakes, sausage, fruit, coffee and juice from 8:30-10:00. The cost is \$5.00. Please purchase your tickets by Sept. 6 from Nancy Pietro at #28 or Diane Williams #218.

We are looking forward to starting our games again in Sept. and to the return of our friends that have been gone.

# You May Need An Audiologist

The easiest way to determine if you should go to an audiologist is to determine if you have hearing loss

## SOME TELL-TALE SIGNS TO LOOK FOR ARE:

- People sound muffled or mumbly
- You have difficulty hearing high-pitched sounds such as birds, doorbells, your phone, or alarm clock
- It's challenging understanding conversations in noisy places, like a restaurant

**But don't let this list define your hearing loss**—you can (and should) visit an audiologist before you even have signs of hearing loss. This will ensure that if you do develop hearing loss over time, it's caught as soon as possible and prevents disruption to your life.

The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."
