BOARD OF DIRECTORS

Bob Barr

A warm welcome, and safe travels, to our returning community members who left us for the summer months and cooler temperatures. We are happy to report that our daytime temps are now in the 80's and we have had a couple nights below 70. A few of the changes that have taken place over the past few months: new fencing around the pool, golf cart parking is allowed in the grass along the West side of the pool area. If you don't feel comfortable walking on the grass to get to solid ground then please park in one of the car parking spots. Three road grates were replaced, thanks to Mike Moore helping me, one along Birch Creek and 2 along Briar Creek Blvd. Thanks to Gene Arend and Ray Jablonski as they took care of a 4" water line repair/break between Cedar Elm and Redwood.

On another note, most of us are aware that we can contact Progressive Management to have our monthly maintenance fee automatically taken out of a checking or savings account. This way we always pay the correct amount and pay it on time. However, if you like to write checks and fund the US Postal service, by mailing your check, please continue to do so. I also believe that you may be able to have your personal bank setup automatic payments, however you should contact Progressive for the correct information on where the payment should go.

The first notice about our annual meeting, December 4th, has gone out and the second notice should be arriving in early November with your ballot and other pertinent information.

Remember to send your proxy in if you won't be here to attend the meeting in person, we need a minimum of 159 proxies to make the meeting official.

WEB ACCESS

Gene Arend

Inquiring minds want to know how to access Briar Creek Website. www.mybriarcreek.com (Phase I) and www.mybriarcreek2.com (Phase II) both broadcast information to all who inquire about our community. Forms, History and other general information is available to all. While each site may differ, there is one page "Access Community" which is protected and available only to registered owners. This page contains the minutes, agenda and other owner only information. This requires an email address and password. If you need to access this page, scroll down on the Home page and complete the "Contact Us" form. Someone at Progressive Management will respond to the email address with a process to create your login. I don't know if any one person in either phase has been designated as webmaster to act as a liaison with Progressive Management and the hosting company of the website. The former webmaster is no longer available.

ANNUAL BAZAAR

Kim Ramalho

Our department heads will be Mary Kay Brown & Bob Barr 50/50, Ginnie Berge Bakery, Annette Lemieux Clothing, Lee Palmer Jewelry, Mike Benoit Kitchen, Ray Jablonski & Al Hartin Liquor Raffle. The housewares and furniture (Trash & Treasurers) will remain at the BC Mart supervised by Ray Jablonski. The other departments will be situated in the Clubhouse. Many of you helped in the various departments last year. We hope to see you all again this year. Please reach out to each of the respective department heads and offer your support. If you have not had the opportunity to participate in the past, please contact the department heads and offer your support. These are the major departments for the Bazaar, however we are always open to new ideas. This, as many know, is our annual fundraising which helps to financially support the many events held by the Social Club. This year we will hold the Bazaar on Friday, December 8th, from 5pm to 7pm (later if needed) and on Saturday, December 9th, from 8am to 11am (later if needed).

FOBS

Last year the Board replaced the keys to the Clubhouse and Pool Area with FOBS that increase the safety of all residents of Briar Creek. Remember to bring your FOB with you when you are going to the Clubhouse or Pool. Do not assume that someone will be there and open the door or gate – this defeats the purpose of issuing FOBS for security.

CLUBHOUSE/POOL AREA

After use of the Clubhouse or Pool Area remember to do the following:

- Relock any doors you dogged in the open position
- Turn off lights
- Turn off any fans you used – also fans on back deck by the pool
- Return any items you used from the kitchen and, if needed, empty the trash

BRIDGE BEHIND POOL

Walk your bike or scooter or any other item across the Bridge. There are signs on both ends reminding you of this!

NAME BADGES

You could win the \$5.00 drawing but more importantly you will meet and get to know a lot of your fellow "Briar Creekers". Hope to see you at Coffee Hour!

TRAVEL NEWS

SHUFFLEBOARD

Gene Arend and Bob Barr

Our shuffleboard league will begin league competition on November 27th. We play on Monday & Wednesday both at home and at other mobile home communities. We will begin practice mid-October in preparation for the season which ends March 13, 2024. Our primary practice day is Wednesday 11am, however some shufflers do practice on other days and at other times. We hope to see many of our shufflers from prior years but we are always open to teach and welcome new players. This is a coed sport so all are encouraged to come out and join us. Shuffleboard is a fun sport and the pairings in league competition are always based on each player's (average) playing skill level. Contact us or just come down to

the courts. We are always ready to work with new players to teach them the basics of the sport and get you started.

WANTED: New (inexperienced/experienced) shufflers needed. We shuffle on Mondays and Wednesdays and need players who can do one or the other or both. We will be willing to give free advice on how to shuffle. This (advice) may be overwhelming at first but playing experience will teach you how to be a better shuffler. Lots of wins are not expected during the first couple of seasons. We do match up players by average the best we can before matches start. We usually leave for away matches around 11am and return by 4pm and home matches are usually done by 3:30pm.

BRIAR CREEK BIRD WALK

Bill Kaempfer

Find out more about the natural setting of Briar Creek on our monthly bird walks. The October walk was a big success, at least for the bird count. Three of us birded between the two BC Clubhouses and tallied 38 species which may be a record for the count. Notable birds included a Pied-billed Grebe in Dove Pond plus Northern Parula, Palm, and Yellow-throated Warblers. The Phase 2 Clapper Rail was right at our feet due to high tide, but still not to be seen in the vegetation.

For November, please join me on the second Friday of the month (as I will be out of town

Continued on page 14

on the first Friday). That's Friday, November 10th at 8:00am for a 60-to-90-minute walk up and down our streets and out to the canal. We meet at the Phase 1 Clubhouse, wear sturdy walking shoes, and bring binoculars, if you have them.

WHAT IS PHOTOTHERAPY?

Lynn Fegadel

Your body emits heat, including heat in the infrared spectrum. For centuries, phototherapy has been used to improve health, sometimes it's referred to as light therapy or photo biomodulation.

Has anyone ever said, "Go sit outside in the sun to get Vitamin D"? Well, realistically the sun doesn't give you Vitamin D, yet a very exciting response does occur. When you are in the sun, the light from the sun signals the body to up Vitamin D production in your body. Natural healing at its finest.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Are you aware that our body has many peptides which activate a specific purpose by being exposed to light therapy? Sometimes these peptides just need to be re-charged so they can wake up dormant cells. GHK-cu peptide is one of these amazing peptides, researched for over 50 years by Dr. Loren Pickart. GHK-cu peptide has multiple biological actions, all of which, according to our current knowledge, appear to be health positive. Clinical studies have shown it stimulates blood vessels, increases collagen, elastin, and glycosaminoglycan synthesis, which regulates cell growth and wound repair. Truly the Holy Grail of Youth Renewal.

Good nutrition, hydration, exercise, socialization with family and friends, and lots of laughter are the keys to a healthier existence.

Board of Directors:

Bob Raynor – President

There are many sayings about what makes a “home” such as “A house is just a house, it’s the people who live there that make it a home”. The idea of a family that is committed to love, caring, compassion for others and the list goes on is easy to In BC, the same goes for “a housing sub division is just . . . , it’s the people who live there that make it a community”. At BC, we are blessed with many neighbors and friends who are there for us in good times and bad as well as their giving through their overall acts of kindness and compassion. There are also those volunteers who are committed to go above and beyond to help us create wonderful memories of living here through their ongoing contributions from which we all benefit.

In today’s world, it often seems that, that sense of community is being lost. Why volunteer if someone else is willing to step up and I don’t have or want to. Some say it is a generational thing where past generations traditionally volunteered within their Is it being lost today by younger people focused on different priorities or older generations who say I’ve done my time, it’s up to someone else now? Is the sense of contributing or giving back being lost? At BC there has been a long and treasured tradition of giving back and contributing to make where we live a We can be proud of that history and hopeful it continues.

To those past and present. We thank you for making a difference in our lives. For those who wish to enjoy the quality of life a community provides, please consider volunteering as the inevitable aging transition occurs for each of us. As our current volunteers become our past, let us graciously thank them for all they have done.

For those new to BC as well as those who have lived here longer and are committed to continuing that sense of community, you are invited and encouraged to become involved in the many social activities or service opportunities that can take advantage of your skills, interest and pleasure. We welcome your fresh ideas for the future that build on our past.

Finally, as Thanksgiving approaches, let us give thanks for the many blessings we enjoy and share with our families, neighbors and friends. BC is a special place.

Let’s keep it that way.

Well folks it's finally happened, a bit of a break in the temperatures! Just when we were wondering if a break was in sight, or not.

With the falling temps, it was necessary to once again start up the pool heaters. Yes that's right, the chillers have been turned off for now. We will continue to monitor the pool temperature, and also the forecasted weather, and if the need arises to chill the pool water again we will take that action. The pool water temperature is 85 degrees, and is very comfortable at this time.

Philip Chabot – Director Phase - Garage, Lawns, Ponds and RV Lot

This month I would like to review a few points that I've made over this 2023 year.

1. Please, please, please do not feed the wildlife.
2. Make sure to get any exterior landscape project approved before beginning your outdoor project.
3. Make sure if you have any unit (Motor Home, Travel Trailer, Boat & ramp; Trailer or Utility Trailer) parked in the R/V lot that it is registered and a copy of the registration is filed with your board of directors. NOTE: Boats and Trailers must both be registered.
4. If you need access to the garage to "borrow" a tool, please see the list of names posted on the outside of the garage of helpful volunteers that will help you gain access to the garage.

Thank-You for your time and may you and your family have a wonderful, meaningful and blessed Thanksgiving.

Email address: thebc2connection@gmail.com

The BC2Connection is the Phase II email system.

If you have not signed up yet and want to be on thebc2connection, send an email to our email address with your name, address, and email address. If a member of your household is the one getting the emails and you never know what's going on? Sign up, we have several families that have more than one person in the home getting the emails.

If you signed up but aren't getting the emails, check your trash/spam box first to see if they have gone there. The emails are going out and almost everyone is getting these emails so there may be a problem in your account. If you are unable to find the emails, please email us at thebc2connection@gmail.com and we will see if we can help.

It is important that everyone can receive these emails because this is our way of reaching out to our community for fun events, but also important "need to know" information. Let's work together on this project to be sure everyone is receiving important information.

The Stories We Share

Dr. Marty Finkelstein

Last year my daughter for my birthday got me an unusual but wonderful gift. She knew I enjoyed writing so she imagined I would appreciate it. She was right. It was something called StoryWorth. This new company sends you a question pertaining to your life each week for a year. I would write as much as I liked and also could add pictures. I did not want this to feel like work so I just wrote from my heart without being too concerned with grammar, and ultimately mild editing. As I got into it I discovered I could reject their topic and insert my own topic.

Well after one year the company puts everything together in a hard covered book. Almost 400 pages filled with wonderful memories and lessons through this journey of life. It is complete and now sitting in our Briar Creek home.

But who is this for? I enjoyed the process but stories are for the ones who are still here when we pass over. Especially if there are grandchildren.

I can remember loving listening to the stories of how my parents met, the stories of my dad being stationed in the Philippines, the stories of how my father's dad came to New York from Poland, and established work and a home before bringing his family here. My dad was about Five years old. Stories that are passed from generation to generation are our connection to our family history. So this book is for others to have as a keepsake to hopefully treasure.

Stories are like treasures

And stories they will

Worth more than their

Last forever as long as these

Weight in gold

Stories continue to be told

I recommend to anyone who enjoys writing and has grandchildren to look into this company. Simple inexpensive and a beautiful gift to be shared. Each of us has stories to share with others along this journey of life.

Sit & Stitch

Darlene Beyer & Sandy Fassett

We continue to make Shawls for the Cancer patients due to the fact that it is always cold in the facilities where they are administered their chemo. We always appreciate all the yarns that are donated and use them in many ways for multiple projects, such as lap robes, hot dish pads, We have found that 16 OZ. of CARON BRAND YARN , 4ply KNITTING WORSTED, being a very soft yarn, will make 1 complete shawl. Any donations of this yarn would be greatly appreciated.. JOANNE's CRAFT STORE has periotic sales on it, so watch the ads if you would like to donate some.

We meet at Phase II Clubhouse every Monday, from 1:00pm to 3:00pm and knit, crochet, finish some of our own projects whether X-stitch, sewing , making items for the Bazaar or another type of community project.

If you ever want to learn any of the crafts, don't be afraid to join us and someone will be glad to help you. IF YOU HAVE QUESTIONS, call either Sandy Fassett @727-424-6045, or Darlene Beyer @727-403-9957.

Humane Society & the Haven

Barbara Bergling

Thanks for all your generous donations for the Humane Society and the Haven. I used to be able to donate clothes, but they no longer accept them. The exception is new socks for children and things in all sizes for use in the show.

The humane society and the Haven also don't accept sheets. Remember that if your linens are in good condition, we sell them at our bazaar.

The humane society request is for everything you are donating but especially towels. Also, they receive a lot of dog food and treats but very little cat food or treats. Thanks to all of you for your donations. As I have said before, Briar Creekers are extremely generous.

Thanks again everyone
