WIFI (Wireless Internet)

There is WIFI available in the Clubhouse for all our residents to use. There is no fee but you must be in or right outside of the Clubhouse for it to work. You will have to contact the office to obtain the password. If you have any questions about it contact Maureen in the office at 727-799-4807 and she can help.

Notes from the Twin Lakes Management Office

We are so glad to start seeing so many of our northern friends back to spend the winter with us in sunny Twin Lakes. If you haven't already, please make sure to check out BINGO, Darts, Golf and Craft Night. These are great events to hang out with old friends and meet some new ones.

Just a few reminders from the office:

- **Please NO grass parking**
- **No Street Parking**
- **Put all trash inside the dumpsters, not on top of or around the dumpsters. If your normal dumpster is full, please check the other two so that trash does not get scattered around.**
- **Please park in the parking lot to use the laundry facilities.**
- **Please register all guests with the office and get pool pins for your guests if they would like to use our pool**
- **And Please Remember the Rules are put in place for the protection of our residents and their homes. We want everyone to always feel safe in our community and be proud to call Twin Lakes "Home"!**

Our email address is twinlakesclearwater@gmail.com if you ever have any questions or concerns. Please take a look at and share with your friends our website at www.twinlakesinc.org You can also check us out on Facebook at www.facebook.com/twinlakesinc. Don't forget to hit the LIKE button so you can see all the activities that are posted!

Are you selling your home?

Please call the Twin Lakes Office at 727-799-4807 so we can help. We will free advertise for you by putting your home on our Homes For Sale list. This list is given to anyone that comes into the office, emails or calls us looking for a home. Being on this list can really boost the amount of people that come to check out your home. Remember if you refer a friend and they purchase one of our brand new park owned models, you can get a free months lot rent.

Send us your photos!

Help, we need pictures of our residents in our community having fun at our various events. Wouldn't it be fun to have some of our residents make the cover page of the Twin Lakes Times! You can email any of these pictures directly to info@monthly-media.com. Just make sure to include a brief description of the picture and a statement saying that you release them to reprint the picture. We can scan them at the office too if you only have a printed copy. If you have any questions just call Maureen at the office.

Got a great recipe?? Please Share!

Email to twinlakesclearwater@gmail.com or drop it off to the office. We want everyone to enjoy them. We will put your picture in the newsletter along with your recipe (but only if you want us to, haha). Please help us out!

Dumpsters – Garbage

Just a few reminders:

- Please use garbage bags when possible so that your trash does not fly out of the dumpster, grocery bags are very light and tend to fly when they dump the dumpster into the truck.
- NO Mattresses are allowed to be put in the dumpster, No furniture (recliners, couches, etc..) is to be put in the dumpster, they are your responsibility to get rid of.
- Put everything in the dumpster, not around the dumpster, no one else wants your trash.
- There are 3 dumpsters that everyone is allowed to use. You are not assigned to one dumpster, so if your usual dumpster is full, please take to one of the other two.
- Do not put trash in the blue recycle bins, also no garbage bags or grocery bags in the recycle bins.
- When it comes to recycling, we put out a pamphlet in the newsletter to remind everyone of all the do's and don'ts of recycling in Clearwater (It is different in every county and every state). Please follow the flyer and when you are in doubt, please just throw it out. It is better to throw it out than to put the wrong items into the recycling system. If you need a new one just ask the office, we will be glad to give you one.
- If you have any scrap metal or old appliances that you need to get rid of, there is a junkman that will come to your home and pick it up and take it off for free for you. Ronnie Kitchen at 727-657-4428, He will also come and pick up those items that you are not allowed to put in the dumpster, such as mattresses, furniture, or other large items but he does charge a FEE for this. You can also call a local thrift store such as St Vincent's, hospice, goodwill, or Salvation army and donate to them if the item is in good repair.

Do we really want to have the Midas touch?

In modern times, the name Midas is associated with someone who has such good luck that everything seems to go his or her way—and they become rich without even trying. But the original meaning of the King Midas story was very different.

Midas was the king of Phrygia, according to Edith Hamilton's classic book *Mythology*. Phrygia was the land of roses, and Midas maintained large, beautiful rose gardens near his palace.

One day, the old man Silenus wandered off from Bacchus' caravan because he was intoxicated. The rotund and aging drunkard was found passed out in a bower of roses near the palace. The servants, having a little fun, bound him with garlands of flowers and crowned him with a wreath of roses and took him stumbling and looking ridiculous to King Midas as a great joke.

Midas welcomed Silenus and entertained him for two days. Then the king led the old man back to Bacchus, the god of wine and intoxication, where he belonged. Bacchus was so glad to get Silenus back that he told Midas that whatever wish he made would come true.

Without giving the matter any thought, Midas immediately wished that whatever he touched would turn to gold. Bacchus, being a god, of course, immediately saw the folly of the king's wish, but granted it anyway.

Then Midas sat down at his table to take his dinner, but as he lifted his food to his lips he saw that it had become a lump of metal. Frightened, and beginning to suffer from hunger and thirst, he was forced to hurry off to Bacchus again and beg him to take the favor he had been granted back. Bacchus instructed the king to wash in the source of the river Pactolus and he would lose the fatal gift. The king did so, and that is why, they say, that gold was found in the bed of that river.

And what are we to take from this tale? Midas was not able to profit from his riches because he had committed a folly, which was just as fatal as sin. Even though the poor king meant no harm, he had failed to use his intelligence, and because of that he faced certain doom, had he not begged the gods to rid him of what he had asked for.

The story tells us that failing to use our intelligence can bring us to ruin just as quickly as wrongdoing. That being intoxicated with the so-called "riches" of our world can bring us down quickly, and the best course of action is to stop and think about the consequences of what we are about to ask or wish for.

On giving

Giving frees us from the familiar territory of our own needs by opening our mind to the unexplained worlds occupied by the needs of others.

— **Barbara Bush**

The habit of giving only enhances the desire to give.

Staying fit in old age keeps the brain sharp, study finds

A study published in the journal *Neurology* suggests that keeping physically fit in old age can also keep the brain functioning normally. “Our study suggests that being physically active in old age could keep the brain fit,” says study author Boukje M. van Gelder.

Physical activity can improve blood flow to the brain and in so doing reduce the risk of dementia, stroke and cognitive decline. Activity could stimulate the growth of nerve cells in the hippocampus, the region of the brain involved in memory function. This could help the brain prevent further deterioration, because there is a “reserve” of nerve cells available.

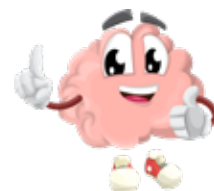

The study included data on 295 men between the ages of 70 and 90, born between 1900 and 1920. The study began in 1990, and the men were tracked for physical activity and mental agility over a 10-year period.

Researchers found:

- Men who reduced their physical activity by an hour or more were 2.6 times more likely to suffer cognitive decline than men who maintained their activity levels.
- Men who performed their physical activity at a lower intensity over a 10-year period were 3.6 times more likely to suffer cognitive decline than those who maintained intensity level.

Researchers prove learning keeps brain physically fit

Researchers at the Massachusetts Institute of Technology have finally proved that when it comes to brainpower the lowdown is “use it or lose it.”

According to DrWeil.com’s Weekly Bulletin, rats that were put into a two-chambered box and then learned to avoid a darkened area through receiving unpleasant foot shocks exhibited strengthened connections among synapses in the hippocampus.

Weil says that even though this learning/brain health connection has been suspected for decades—that this evidence actually shows the physical change in the brain when learning takes place.

This is an important piece of evidence that learning keeps the brain physically strong.
