## ST. PETE WATER PIPE REPLACEMENT

*Bob Barr, President*

---

City of St. Petersburg personnel and personnel from the company contracted to do the work of replacing the blue pipe over the Lake Tarpon Outfall Canal with an underground pipe, gave a presentation on how this will be done, on Wednesday the 7th of February.

The work may start late Fall of this year and last for about 6 months. At this time they are waiting on permits from the Army Corps of Engineers.

They will be pulling 1700 feet of 54-inch welded plastic pipe from our side at the end of Sugar Bear to the other side of the canal in Gull Aire. The depth of the pipe under the canal will be about 70 feet down into bedrock. Boring will be done from the Gull Air side of the canal. Most of the equipment being used on our side will be brought in through Mease Hospital roads and onto the easement behind Sugar Bear, New Fawn, Deer Trail, Honey Bear, Bear Run, and Fox Trail. Some pipe may be brought onto the easement before the first island in the road along BC Blvd. The pipe will come in 50-foot sections and when assembled on rollers, will stretch from the NE end of Sugar Bear to almost the beginning of Sugar Bear. They will be putting up security fencing along the easement for safety and sound barriers at the pit location, at the NE end of Sugar Bear, due to the noise that will be generated during the final phase of the project. When the pipe has been assembled and the horizontal hole under the canal has been bored, and everything else is ready, they will begin pulling the pipe from our side to Gull Aire's side. This will be a continuous 24/7 operation that may take up to 2 days to finish. At the end of the project, they will restore the easement grounds to their original condition.

They will also be trimming/clearing select trees in the easement. **Any private items, sheds/**

planters, our owners have placed in the easement must be removed by the owners.

A copy of the informational flyers handed out at the meeting will be placed on the association bulletin board in the clubhouse. We will be posting further information through various means as it becomes available.

## FIRE BLANKETS

Allan Berge

**D**o you have a fire extinguisher? A fire blanket is another option that requires no maintenance and is very simple to use. Watch for information on a session to be presented at the clubhouse about fire blankets and the types of fires they work best to put out.

## EYEGASSES DONATIONS

Pat Arend

**W**e have been collecting used eyeglasses at Briar Creek for many, many years. A box was made by someone and the box was in the back room on a bookshelf waiting for donations of eyeglasses. The eyeglasses are then taken to an optical center and then sent to the Lions Club. As we age and need new glasses, your old eyeglasses, reading glasses, and even sunglasses can be recycled to be used by those less fortunate. I have repainted and updated the box for the glasses and moved it to a prominent location just inside the front clubhouse doors. Below is an excerpt from the Lions Club describing this endeavor. If you have any questions, please contact Pat Arend, 727-698-7763.

**Why Recycle Glasses?** An estimated 120 million people\* are visually impaired because of uncorrected refractive errors (far and near sightedness). Almost all cases can be corrected and normal vision can be restored with eyeglasses, contact lenses or refractive surgery. The lack of eyeglasses denies children and adults opportunities for education, employment and a better quality of life. The Journey of Recycled Glasses: 1. Lions and Leos collect used eyeglasses at various community locations. 2. The glasses are shipped to the nearest Lions Eyeglass Recycling Center where trained volunteers sort, clean and determine the prescription strengths of the glasses. 3. Volunteers at the recycling center carefully package the prepared glasses and store them until they are required for eyeglass dispensing missions. Glasses that are not suitable for reuse are recycled for scrap, with the earnings benefitting local Lions and Leos projects. 4. At the mission site, eye care professionals and trained Lion and Leo volunteers perform vision screenings and dispense the appropriate recycled glasses, free of charge, to children and adults in need.

## WALKING SAFETY

Ginnie Berge

- W**alking is a healthy activity, but it's important to know the rules of thumb of pedestrian safety. This is especially true if you are walking in an area where there aren't sidewalks or paths separated from the road. To stay safe walking:
- Walk facing oncoming traffic – walk on the left side of the road.
  - Always stay aware of your surroundings. Pavement may be uneven. Remember motorists might not notice you.
  - Possible distractions while walking might be using a mobile device, visiting with fellow walkers, or the pet you are walking.
  - Be visible. Don't wear dark clothing, especially at night. When walking at night, wear light-colored clothing or a reflective vest, to be visible. Be just as cautious at dawn or twilight, as drivers still have limited visibility or may even have the setting or rising sun directly in their eyes.
  - Know when to stop walking. Heat sickness, dehydration, heart attack, or stroke can strike walkers of any age. Learn the symptoms of these medical emergencies and carry a cell phone to call for help.

## REMINDERS

Al Hartin

### FOBS

Last year the Board replaced the keys to the Clubhouse and Pool Area with FOBS that increase the safety of all residents of Briar Creek. Remember to bring your FOB with you when you are going to the Clubhouse or Pool. Do not assume that someone will be there and open the door or gate – this defeats the purpose of issuing FOBS for security.

### CLUBHOUSE/POOL AREA

After use of the Clubhouse or Pool Area remember to do the following:

- Relock any doors you dogged in the open position
- Turn off lights
- Turn off any fans you used – also fans on back deck by the pool
- Return any items you used from the kitchen and, if needed, empty the trash

### BRIDGE BEHIND POOL

Walk your bike or scooter or any other item across the Bridge. There are signs on both ends reminding you of this!

## **BINGO**

*Your Phase One Bingo Team*

**P**hase One Bingo every Tuesday, doors open at 5:00pm, games start at 6:00pm. As our prep time to set up is significantly shorter than previous years, we do ask that you not enter the clubhouse until 5:00pm.

Hot dogs will be served every Tuesday from 5:00 to 5:45, and Jeff will do his best to provide a meal each Tuesday, as well. You need not play bingo to purchase food, but we do ask that you non-players wait until 5:30 so that players can get a meal and get seated. Keep an eye on the Briar Creek Facebook groups for more info, or contact Jeff Clark via phone or text at 585-613-6218.

Prize monies are growing each week and if you haven't played bingo in a few years, please give us a try.

## BRIAR CREEK BIRD WALK

Bill Kaempfer

Find out more about the natural setting of Briar Creek on our monthly bird walks. Over the years 114 species of birds have been observed in Briar Creek! On February 2, seven of us saw 33 species. Among our observations were a young Bald Eagle that flew right overhead, a group of four Brown Pelicans flying by, and great views of several of our neighborhood Eastern Bluebirds. We heard a Clapper Rail call back at us near the Phase II pool and even heard a calling Eastern Screech Owl. Check this URL on the internet for the complete list: [eBird Checklist - 2 Feb 2024 - Briar Creek - 33 species](#)

March's bird walk will be on the first Friday of the month—March 1st. Join us at 8:00 a.m. for a 60-to-90-minute walk up and down our streets and out to the canal. We meet at the Phase 1 Clubhouse, wear sturdy walking shoes, and bring binoculars, if you have them. If you have a golf cart and want to ride, call me in advance.

## BRIAR CREEK BRIDGE

Bill Kaempfer

Briar Creek Bridge meets every Tuesday from 12:45-4:00 in the Phase I Clubhouse. Everyone is welcome—Phase I, Phase II and non-BC bridge players—and you certainly don't have to be an expert to join in. Just give me, Bill Kaempfer, a text, call (303-717-5063), or email ([Kaempfer@Colorado.edu](mailto:Kaempfer@Colorado.edu)), if you are interested in joining us and playing.

## BRIAR CREEK BOOK CLUB (Phase I & II)

Jane McKenzie

Enjoy discussing books chosen by the members. Our book club meets in the Phase II Clubhouse at 3:00 p.m. on the second Tuesday of the month, however, we do not meet May-October. The March book is *West with Giraffes* by Lynda Rutledge and the April book will be *Demon Copperhead* by Barbara Kingsolver. Please contact me if you are interested in joining or have questions.

## Board of Directors:

### Sam Oliverio – President

Recently I was asked by someone, why I like living in Briar Creek. I replied, it's a great place to live! Then they said, "but you didn't say why you like living in Briar Creek", and I realized that they were correct, I didn't say what it was about Briar Creek that made it a great place to live. Sure, the people are fantastic that live here, and it is central to so many places near us like Tampa, St. Petersburg, Clearwater and Tarpon Springs, but what is it that makes it so special that I want to live here. It didn't take me long to reply that we have one of the most scenic Parks in the area. The roads are winding, and tree lined and there are few, if any other Parks that resemble ours. We all do our part to continue to keep our Park in the Pristine condition that makes us proud to live here. How do we do that? Of course we take pride in our home and property, but I believe it goes further than that. When we moved in to the Park we met with a Representative who went over the Documents and Restrictions that govern our Park, and we agreed to these docs and restrictions before we even closed on our houses. These Documents and Restrictions are what keeps our Community from falling into disrepair. Do we like all of the Documents and Restrictions that we are governed by? Probably not. Are they necessary? Absolutely! Rules are guidelines that when followed make everyone's lives easier.

We have committees of Volunteers that do Home Inspections, Water Utilities, Water Pressure Testing, and so much more all with your best interests in mind. These people are your neighbors, and most likely your friends who are doing what is asked of them with one thought in mind, to keep your investment safeguarded to the best of their abilities. All we ask of our residents is to do what they pledged to do when they moved into Briar Creek, to follow the docs and regs that they agreed to before they actually closed on their homes. This means that you keep your property in a clean and clutter free condition, that you submit an Alteration request prior to making any changes to the outside of your homes, that you walk your dog in the pet section that is clearly marked, that you refrain from having advertising signs on your cars or homes, and that you simply be a good neighbor.

If we have to ask you to correct a situation, it's not a personal thing. We are asking on behalf of the 261 residents of Phase II who live here, and who expect our Community to go on being the awesome place that it is.

Thanks for doing your part in helping us to do what is an unpleasant job at times.

## **Bob Raynor – Vice President**

As we welcome in March, progress continues on our renovation plans for the Phase II clubhouse and exercise room as discussed at our February board meeting. A contract has been signed to replace our main front doors, exit doors to the pool and entry to the exercise room. A quote has been received to replace the carpeted flooring in the exercise room and work began on refreshing that area after the bazaar. We continue to receive bids for renovation of the clubhouse bathrooms as we move forward with our plans to begin the renovation process no later than June 1. We know much more needs to be done to update the interior of our clubhouse but we also know we can't eat an elephant in one bite. Deliberate structural, cosmetic and financial planning takes time and we want to ensure there is resident involvement in that process.

Finally, the updating of our fob security software program should be complete by now, but if not, will be completed shortly. The hardware has arrived and programming the new software is underway. This needed update will help ensure our system is reliable and effective for many years going forward. We appreciate your support as we continue to work on your behalf to update your amenities and operational systems.

## **Philip Chabot – Director Phase - Garage, Lawns, Ponds and RV Lot**

This month I would like to share some thoughts about our lawn mowing company. I've been working with their management team to resolve some minor issues that we have faced over the last 18 months and so that they continue working with the professionalism we have come to expect. I realize that for some it will never be enough but for most they find that TLC is doing a good job. You also want to remember that any alteration to your landscaping requires an alteration request which details your plans. This is mandatory so we can ensure that our lawn mowing company (TLC) doesn't get bogged down doing their job because of how someone landscaped their property. We want to keep the cost as low as possible for this service and by maintaining a property that is "mower friendly" it will help not only the lawn mowing company (TLC), but our bottom line and our pockets. Now for those of you who have removed your block skirting and installed vinyl skirting, which I have done myself, please make sure you have some type of barrier between the skirting and your lawn. TLC is "not responsible" for any damage to vinyl skirting. Again, make sure you have some type of barrier between your skirting and your lawn. This also applies to your downspouts. TLC is "not responsible" for damage to the ends of your rain gutters / downspouts. Make sure there is room between the downspouts and your lawn. You might want to add a diverter just to make sure.

Happy Easter Everyone!

## **BOARD MEETINGS**

The 3rd Tuesday of every month from October till May at 7:00 pm is blocked for Board of Director's meeting.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

# Did You Know?

The first St Patrick's Day Parade Took Place in the US. St Patrick's day is a really big deal in Ireland, after all he is the patron saint of the Emerald Isle. But the first St Patrick's Day parade was not held in Dublin; it took place in New York City in 1762?

IT'S THE START OF FALL IN SOUTHERN HEMISPHERE. Spring may be springing here, but March 20 means it is time for those in the Southern Hemisphere to begin winter preparations?

## Volunteers Needed

Barbara Bergling

As of March 1, 2024, due to a myriad of health problems plaguing both myself and my husband, I am no longer able to volunteer. This means I will not be in charge of bereavement, collecting for the haven, or, humane society. None of these are difficult or terribly time consuming. I sincerely hope that there are people who will volunteer to replace me. If interested, but want further information you can call me at 727-204-6457.

## The Challenges We Face

Dr. Marty Finkelstein

It is hard for me to imagine a life without challenges. There are personal challenges and global challenges that never seem to truly disappear. Yet each challenge in its own mysterious way presents an opportunity for us to discover a pathway for deeper understanding, wisdom, and positive powerful changes in our lives.

All of us can remember our own challenges. At the time I am certain like me you felt the mountain in front of you was too difficult to climb. When I reflect in my own life, going through a divorce cut a hole in my heart and felt like a slow burning cancer. During that time life was turned upside down emotionally and financially. I was challenged to the core of my Being and wondered how I would live with myself if this divorce manifested into a toxic family affecting everyone I loved. Especially our children. The truth was I would not be able to live with myself if that challenge of life reduced me into a person I did not want to be. Thankfully I sought out help first praying and asking for guidance. And listening when the guidance came. Thankfully friends, family, were available, but most important was taking the action to do the healing work through seminars, workshops, therapy, and coaching. Ultimately the question we must face, is how do we change ourselves when faced with the challenges in our lives?

Each of us has our own stories that has been the roadmap of our lives. Each of us will continue to face detours and roadblocks along the way. But if we are writing our own story I hope it puts a smile on our face when we witness our own triumphs and discovered along the way how much we were willing to change to have a life worth lived. The good news is; if you are reading this there are more chapters to still discover deeper healing, compassion, wisdom, and love.

Dr. Marty lives in Briar Creek with his wife Julie Austin

## Sit & Stitch

Darlene Beyer & Sandy Fassett

**W**e are in need of knitters and people who crochet or knit, to help us with our community project of suppling shawls and lap robes to the chemo centers. Having sat with my mother when she was receiving treatments, I realized what these patients would greatly appreciate. These treatment areas are kept quite cool so this is one of the reasons we started this project.

If you would like to join us on Mondays from 1:00 pm to 3:00 pm, we would really appreciate your help with making these items. Some people like to knit or crochet at home which is OK. For anyone who wants to make these items, contact us and we will give you the size and any other info you need. We use mostly a very soft yarn, which is Caron knitting worsted which comes in solid colors in a 16 oz. Skein which makes one shawl. Another Caron yarn comes in a variegated 12 oz skein. We try to buy these skeins when they are on sale.

If you don't knit or crochet and would like to contribute to the project, we can always use monetary donations to buy this yarn.

We thank you in advance for any of your help or contributions.

Any questions you may have, please feel free to call either Darlene at 727-403-9957 or Sandy at 727-424-6045

## Ladies' Luncheon

Darlene Beyer

**M**arch is already here and Spring is just around the corner. The restaurant this month has never been on the list we have voted on and yet I hear so many people say they really like the food there. Well, I decided I would surprise you with the Lucky Dill Restaurant this month on March 13th, at 1:00 pm. It is located on the west side of 19N.

For those of you who have been there before, you already know that the servings are large and delicious, so come with an empty stomach and enjoy the food. Oh! Don't forget to also enjoy all our Briar Creek neighbors in between bites, too. I would greatly encourage all of you ride together due to the amount of parking area.

If anyone needs more info or cannot get to the clubhouse to sign up to attend, please call me Darlene at. 727-403-9957

# BC Health Care Recommendations Spreadsheet

Russell Lipari

---

Often times folks move into our community many miles away from their regular health care Professionals that they have trusted and relied on for many years. Members of our community talk with each other about their need for new physicians, dentists, urgent care facilities, hospitals and we give each other our recommendations. A few members of our community decided to formalize our suggestions by putting the recommendations into a spreadsheet for use by all members of our community.

If you have experience with a particular doctor or health care provider that you feel is "top notch" in their field, we ask you to please contribute their information to our database. You can do this by filling out the on-line form where your information will be added to the database. If you do not have internet access, handwritten forms will also be provided in the information hallway at the Phase II clubhouse - we will add your information to the same database by hand. This document is only as good as the recommendations we receive from our community members, and we ask that any community members making recommendations be willing to speak with others about their experience.

In order to receive the *online data entry* form please email [rlipari55@yahoo.com](mailto:rlipari55@yahoo.com) and indicate how many referrals you wish to make. Russ will email you the number of forms you have requested. All you need to do is reply to the email, type in your information in the appropriate places, and hit send. Forms for handwriting your recommendations will be available at the clubhouse and contain instructions where to turn in your completed form.

Please give this project your careful attention, we will proceed depending on community interest and participation.

Ron Steinacher, Carol Rodrigues, Russ Lipari

I'm sending this out with an example of what information to provide....and I'll put a similar note up on the board by the envelopes!! Russ

To enter information, hit reply, to this email.

Place your cursor after the colon and click for every item you wish to enter. (You have to click after the colon on each line without hitting enter or tab.).

Then send the email back to me and I will add it to the master spreadsheet.

**Thanks for your participation in this project!, Russ**
