Tree Root Killer

We have purchased some foaming tree root killer for use by anyone in phase 1 who has had tree roots removed from their sewer line. The crystals are free and can be picked up at the BC Mart at the top of Redwood Dr. on Wednesday and Saturday mornings, 10am to noon. During the summer the BC Mart may be closed on Saturdays. If you cannot make the pickup on Wednesday morning, please contact me to get a bottle.

To use this product, it can be placed in the sewer line cleanout, provided you have easy access to the cleanout, or in a toilet. If the chemicals were put into a toilet, it should be flushed 3 times. If the cleanout was used, then any toilet can be flushed three times to move the chemicals towards the tree roots. The instructions do state that no additional water, from sinks, showers, bathtubs, or toilets be used or sent down the drain for the next 10 to 12 hours. Prepare ahead of time by asking one or more of your neighbors if you can use their facilities during this time or take a mini, one day, vacation.

It is recommended that this treatment be done every 3 to 4 months. Each bottle has enough for one treatment and should be returned to the BC Mart so it can be refilled for the next time.

Garbage Cans

We have heard that the City of Safety Harbor will not pick up or dump rubbish from garbage cans that are larger than 32 gallons or if they weigh more than 40 pounds or if they are overfilled.

THANK YOU FROM MATTIE WILLIAMS NEIGHBORHOOD FAMILY CENTER

Al and Donna Hartin

Representatives of Mattie Williams Neighborhood Family Center were invited to our annual picnic in April. When we asked them if there was anything that they really needed, they said they could use laundry and dish detergent, paper towels and toilet paper.

They were absolutely amazed with the generosity and kindness of the people of Briar Creek.

They said that Briar Creek has always been one of their biggest supporters and they appreciate everything and everyone very much.

In the future, we will let you know if they do have any other special needs.

In the meantime, please keep donating. Everything is appreciated.

FOBS

Last year the Board replaced the keys to the Clubhouse and Pool Area with FOBS that increase the safety of all residents of Briar Creek. Remember to bring your FOB with you when you are going to the Clubhouse or Pool. Do not assume that someone will be there and open the door or gate – this defeats the purpose of issuing FOBS for security.

Continued on page 8

CLUBHOUSE/POOL AREA

After use of the Clubhouse or Pool Area remember to do the following:

- Relock any doors you dogged in the open position
- Turn off lights
- Turn off any fans you used – also fans on back deck by the pool
- Return any items you used from the kitchen and, if needed, empty the trash

BRIDGE BEHIND POOL

Walk your bike or scooter or any other item across the Bridge. There are signs on both ends reminding you of this!

NAME BADGES

Al Hartin

Want to get to know your neighbors and other residents of Briar Creek. Come to Coffee Hour on Wednesdays from 8:30am to 10:00am and wear your Name Badge. Don't have one: See me each Wednesday at Coffee Hour and I will order you one. Cost is \$9.00 prepaid. Hope to see you at Coffee Hour!

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Manufactured Home Tie Down and Anchoring

Tie-downs anchor the home to the ground providing stability and protection against severe weather events.

Lic# IH/1149363

Tie-downs are important for the safety of manufactured homes, also known as mobile homes, because they stabilize the home during high winds. Strong winds can lift them up or cause them to roll over in a tornado or hurricane.

Briar Creek Bugle Phase II – JUNE - 2024

(Pete Loranger - Editor Phone 421-2321)
(E-Mail: ploranger006@gmail.com)

Board of Directors:

Sam Oliverio President

We are well on the way to Summer, as the temperatures are climbing and we are desperately looking for rain. It's still a busy time for us here in the Park, as we continue with projects that are ongoing and proposed. The dumpster has been delivered for the upcoming remodel of our bathrooms, and we will begin the demolition soon. Please remember, the dumpster is only for materials that are being removed from the bathrooms. No other dumping is allowed.

The outside doors of the Clubhouse, exercise room, Shuffleboard sheds, garage door, and Bazaar shed have been painted, thanks to the help of Amber Oliverio. It took us 4 days to complete the project, and by the time this issue of the Bugle comes out the inside doors will be painted.

The tiles around the pool have been scrubbed with the help of Amber Oliverio, and Gisele Chabot. The dark ring around the pool was a result of suntan lotion and oils, and this is the reason we ask that you shower before entering the pool and hot tub. Even if you've had a shower before coming to the pool, it is important to get all oils and lotions off of your body before entering the water.

A new Pool/Hot Tub service company has been hired, and started work on the 10 th of May. This new company is more knowledgeable of our specific needs, and the equipment that we have.

Finally, as it looks to be another hot summer, please remember to keep hydrated by drinking plenty of water.

Bob Raynor – Vice President

It's important to remember we are chartered under Florida Statute Chapter 718 as a "Condominium Community". Many people think of a condominium as a traditional tower like building. Increasingly, more mobile home parks are adopting this chartered approach. What this means is that many of the rules we must follow were not developed by Briar Creek. They were developed by federal, state or local legislators and enacted into law. Being a Condominium Community means BC is not legally comprised of single family homes nor are we chartered as a Home Owner's Association (HOA)". That is a different animal with a different set of state statutes and regulations. Often Condo and HOA laws and restrictions do not overlap and can be quite different. It is also important for long-time and newer owners to remember that our

continued on page 26

Association, like other condo associations, must comply not just with our own legal documents, but that those documents must comply first with numerous legal requirements as well. As owners, we agree at the time of purchase to abide by and live within the boundaries of those documents. While some of the issues a Board must deal with may seem petty or unreasonable, they are often enforced to ensure compliance with outside regulatory requirements. When problems occur, such as non-compliance with an Alterations Forms request, failure to address Home Inspection deficiencies or over-night street parking violations, they are noted and owners are informed and expected to correct them. Actions to address issues are taken, often behind the scenes, to protect the privacy and confidentiality of our friends and neighbors. One should not assume that just because they don't know what is happening to address an issue that the Board is not taking action. It's quite the opposite but unfortunately, sometimes corrective action takes longer than anticipated or anyone wants due to legal requirements outside a board's control.

Even though we as residents (including board members) don't always like the rules, enforcing rules and restrictions can be very beneficial to our community. The many advantages of rule enforcement include protecting and enhancing home values, preserving the aesthetics of the area, community pride of ownership in BCII, maintaining common area property and that of its owners, and a reputation of compliance with federal, state, local requirements and the community's governing documents.

Living in a condominium community is not for everyone, and may not be for those that have come from areas where there were no zoning or property restrictions and now question, "what are all these rules?". Conversely, if one wants to own in a community like Briar Creek, seeking out and becoming familiar with its Documents, Bylaw and Restrictions prior to buying is critically important. That is one reason why prospective buyers are interviewed by Board Members in advance of the purchase to ensure they are aware of what is involved in living in BCII and what is expected once the closing occurs.

So, please, take time to become familiar with their contents, follow the rules and help us work together to continue making BCII a premier community in which to live.

Philip Chabot – Director Phase II - Garage, Lawns, Ponds and RV Lot

Just a reminder to those who have chosen not to have their property maintained by TLC, our lawn care company. It is your responsibility to prepare your property with "flags" indicating the area you would like to prevent any maintenance service. Flags must be installed the evening before or by 7:45 am the morning of servicing. All flags must be removed the same day that servicing has been completed. This same rule applies for those who choose not to have their carport area blown out after service.

This is your responsibility to properly contain the area you do not want the blowing done. Any device(s) used to cordon off the area, like flags, must be removed the same day servicing has been completed. If appropriate measures have been taken and there is an issue you may contact Philip Chabot, Director of Lawns.

Now for those of you who have chosen to remove your block squirting and install vinyl squirting, which I have done myself, you need to make sure you have some type of barrier between the squirting and the grass. TLC is not responsible for any damage to vinyl squirting. Again, make sure you have some type of barrier between your squirting and your lawn. You also want to remember that any alteration to your landscaping requires an alteration request which details your plans. This is mandatory so we can ensure that TLC, our lawn mowing company, doesn't get bogged down doing their job because of how someone landscaped their property. We want to keep the cost as low as possible for this service and by maintaining a property that is mower friendly it will help not only the lawn mowing company, but our bottom line and our pockets.

Lastly, due to the security breach we experienced a few weeks ago at the RV Parking Area, this is a reminder to residents who utilize the RV Parking Area and have been entrusted with the combination to enter said lot. This information is for RV Parking Area residents only. If someone needs to enter the RV Parking Area, on your behalf, it is your responsibility to unlock the gate and secure the gate once completed. At no time should you ever give out the lock information to anyone who is not authorized to enter the RV Parking Area. Unauthorized entry will result in removal from the RV Parking Area. We truly appreciate your cooperation.

Happy Flag Day everyone!

It is with saddest and at the same time anticipation of what lies ahead for me. After living here for 32 years I am leaving for Ohio June 13th . I sold my house and have purchased one in Ohio. I have so many friends here it will be hard to say goodbye. I have enjoyed being your president (8 times) of the social club. I was also president of Briarettes and Ladies Luncheon for many years. I will post my new address on the Bulletin board in the hallway.

If you happen to be driving through Ohio look me up.

Reconnecting With Our Unique Healing Wisdom

Dr. Marty Finkelstein

As we begin to become healthier mind and body it is important to connect or reconnect with our unique qualities. These qualities sometimes have been hidden waiting to be discovered or renewed. All of us have unique gifts though perhaps we have forgotten them and they have collected dust. When we align with our uniqueness to circumstances and situations amazing possibilities can occur that we could not see prior. When we awaken these gifts our super power is manifested that brings our true creative passion to the moments in time.

I met Joe while dining at a restaurant. He was the drummer of a jazz trio. Afterwards I acknowledged their playing and struck up a conversation. They found out what I do and Joe immediately said I need to see you. Well sure enough Joe came to the office that week. It turned out he had an accident where both his hands went through a glass door pane. Both hands lost nerve sensation and strength. Not good for a jazz drummer. It was at that time I learned that Joe was also a computer expert and a genius in the gaming industry. In a few weeks healing began to occur on many levels. Physically he began to feel sensations in his hands and wrist and more connected to his body. The metaphor of a finely tuned instrument resonated with Joe. He continued to improve as our friendly relationship also deepened sharing life experiences. One day Joe came in depressed, and out of balance and shared he lost his teaching job teaching computers at a University as everything was downsizing. He said he had one interview left in this computer company. But mentioned his wife even was just telling him to take any job just to keep some money flow. Fear, worry, anxiety were dominating his thoughts and feelings all weakening his body.

As Joe played on the table I had him begin to reconnect with his unique power and innate wisdom. I had him imagine his body mind like a fine tuned instrument as the rhythms of jazz pulsed through his spirit. While I worked on him I had him imagine he was being interviewed for the best possible job sharing his computer skills and expertise from his music jazz soul. A thousand people could talk computers but what separated him from the pack was his unique genius. Don't look or sound like everyone else let your right and left hemispheres of your brain shine. Joe looked and felt very different after this session. Not only did he get the job but in a short time became one of the main leaders in the gaming industry.

What are some of your creative unique qualities?

Dr. Marty Finkelstein lives in Briar Creek with his wife Julie Austin. He is the author of several books and was a holistic chiropractor for 40 years.

Ladies' Luncheon

Darlene Beyer

Ladies, I'm so glad to hear that you all enjoyed yourself at Beef O,Bradys, one of the newer place that we've been. And a big thank you to Marsha Bowlby for taking over when I couldn't attend. Another new place we supposedly haven't been is at Smokey Bones barbecue restaurant at 2693 Gulf of Bay Boulevard.. They are featuring at that time a half a rack of ribs for \$9.99 which I thought sounded like a pretty good price .That will be Wednesday, June 12 at 1 PM at that location. I sure hope it turns out to be one of the good spots to eat. Looking forward to seeing you there so sign up during this month on our list that's on the bulletin board in phase 2.

Remember that if you are unable to make it to the clubhouse to sign up or to remove your name from the list you can always call Darlene at 727-403-9957. Hope to see you all there.
