# JULY HAPPENINGS

NationalCalendarDay.com

**F**UN FACT – Did you know July’s full moon is called the Buck Moon? During the month of July, a male deer’s antlers grow the fastest and reach its annual growth potential.

If you’re born in July your sign is either Cancer, the crab sign or Leo, the lion.

Your birth flowers are larkspur and waterlily. The larkspur represents the bonds of love. While larkspur doesn’t bloom until Fall, the waterlily blooms all summer long and represents purity. However, like the rose, the larkspur’s colors also have special meaning:

Pink = fickleness    White = happiness    Purple = first loved    Blue = grace

The primary birthstone of July is Ruby. These beautiful stones vary in shades from blood red to pinkish-red and signify wealth and prosperity.

## **Thursday, July 4<sup>th</sup>**, the United States celebrates **INDEPENDENCE DAY**.

This federal holiday commemorates the adoption of the Declaration of Independence on July 4, 1776, declaring independence from the Kingdom of Great Britain. Celebrations include cookouts and fireworks display locally.

## **Thursday, July 11<sup>th</sup>** – **ALL AMERICAN PET PHOTO DAY**

encourages pet owners to share their favorite pet photos. Be sure to take adorable pictures of your pets! And please feel free to send your fur baby’s photo in to our newsletter at [breezes.editor@gmail.com](mailto:breezes.editor@gmail.com)

**Saturday, July 20<sup>th</sup>** – **NATIONAL MOON DAY** on July 20<sup>th</sup> commemorates the day man first walked on the moon in 1969. NASA reported the moon landing as being “...the single greatest technological achievement of all time.”

On July 20, 1969, Apollo 11 (LEM called “Eagle”) carried the first humans to the moon. American Neil Armstrong first said “The Eagle has landed” to tell NASA Mission Control that they had made a safe trip to the Moon. Six hours after landing on the moon, he climbed down the ladder and stepped onto the lunar surface. “That’s one small step for man, one giant leap for mankind” Armstrong proclaimed. He spent two and a half hours outside the spacecraft.

Buzz Aldrin soon followed, stepping onto the lunar surface. After joining Armstrong, the two men collected 47.5 pounds of lunar material. Their specimens would make the journey back to Earth to be analyzed.

**Wednesday, July 24<sup>th</sup>** is NATIONAL DRIVE-THRU DAY that recognizes an innovation conveniently going strong today. The drive-thru reached its iconic zenith in the 1950s but stayed strong through the 60s, 70s and beyond. Did you know people have enjoyed this service since the 1930s?

The ease of dropping off or picking up an item without getting out of the car is something we take for granted. Whether it's the mail, a prescription or cleaning, pulling up to a window or a slot and passing the article through is eminently easier than even finding a parking spot. This convenience is thought to be faster, but may not always be that way. It will depend on the type of service, time of day, and where you are located. For example, a long line in the drive-thru at the bank may mean no waiting inside. The same may also be true at your favorite fast-food restaurant. However, if you only need to drop off a letter at the post office, use the drive-up option.

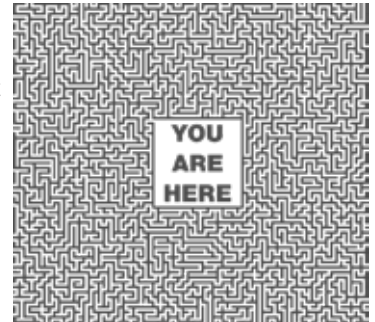

## ATTENTION ALL RESIDENTS

---

Here is a great tip, from a frequent service provider here in Southwind: Austin from Westlake Washing says he does a lot of pressure washing in Southwind and he recommends that anytime you schedule any home services to come here, his advice is to give your physical address (ex. 127 Kingston Way) instead of the mailing address of 795 County Road 1.

Your physical address is easy to find on Google maps or GPS and is extremely helpful for deliveries, and service providers. It also makes it easy for your friends and family to find you!

It's looks like this maze, at the 795 CR1 mailing address:

# SOUTHWIND WILDLIFE SPOTLIGHT

By Terri Campbell and Ellie Malloy

**T**HIS is a Muscovy Duck. Ellie took this photo in her back yard and shared some information about Southwind’s history with these ducks. When you see this photo, you may think it’s a nice looking bird. He or she looks like it’s wearing a tuxedo but the red face looks like a turkey, how unusual. It’s very distinctive looking, right?

According to the website: <https://myfwc.com/wildlifehabitats/profiles/birds/waterfowl/muscovy-ducks/>

Muscovy ducks are very social. They are large ducks, weighing an average of 9 pounds (like some dogs around here), with a typical wingspan of 54 – 61 inches! This species are non-migratory and active during the day.

Muscovy ducks are not native to Florida, but are protected under the Migratory Bird Treaty Act, but the US Fish and Wildlife Service has issued a Control Order (USFWS 50 CFR 21.54) allowing control of Muscovy ducks and their nests and eggs in areas outside their natural range, including here in Florida.

Muscovy ducks are omnivorous, feeding on roots, stems, leaves, and seeds of aquatic and terrestrial plants, as well as, small fish, reptiles, crustaceans, insects, millipedes, and termites. But they are attracted to bird seed, too. **PLEASE DO NOT FEED MUSCOVY DUCKS!** They can transmit diseases to or interbreed with Florida’s native waterfowl. Their populations can increase quickly, which can lead to excessive “nutrient” loading in small ponds, and messy sidewalks and driveways.

Long time resident Ellie Malloy recalls a major nuisance problem in years past, when these Muscovy ducks took over Southwind. They were not staying near the pond, but were walking the streets and yards, and were pooping all over sidewalks, and carpools. We want to avoid unsanitary and toxic droppings that our precious pets can pick up on their paws and bring in the house, or worse - lick their paws and get sick.

There is a lake near here, where the overpopulation of Muscovy ducks is overwhelming. We do not want this problem again here in Southwind, so if you see one of these ducks, please chase them or shoo them away – they run (not fly). They do not “quack”, they hiss. Again, they are attracted to birdseed and can become a nuisance very quickly if we invite them to feed here.

Our natural wildlife environment in Southwind is part of our Community’s beauty, charm and appeal. Ellie describes it as a bird sanctuary and said that on any given day we can see about eight different varieties of birds, and ducks.

Bluejay’s are another bird we see around our community. They like feeding on peanuts in the shell. Here is a photo (by Ellie) of a beautiful bluejay feeding near the pond. Take a walk around the park and enjoy watching our non-human wildlife residents! Nature at its finest...

## The Health Benefits of Lime Juice

**D**o you remember this Harry Nilsson song? “Doctor, ain’t there nothin’ I can take...I say Doctor to relieve this bellyache? **You put de lime in de coconut**, you drink ‘em both togedder, put de lime in de coconut and you feel better; You put de lime in de coconut, you drink ‘em both up; Put de lime in de coconut and call me in the morning.. Wooooo Wooooo!”

This perfect little green fruit and its sweet tart juices promote health benefits such as; weight loss, healthier eyes, and skin and digestion tract. It helps fight urinary disorders, and helps with the treatment of scurvy (a disease resulting in the deficiency of Vitamin-C, and the root cause of mouth gum problems). It fights off infections and inflammation and boosts immunity.

Not only is lime great for refreshing drinks, but it’s also an ingredient of sorbets, jellies, jams, and its oils are used in a large assortment of soft drinks for its flavor and its digestive benefits, as well as topical cosmetics products!

### Weight Loss Benefits

The very high citric acid content of limes (twice the content of grapefruit) makes for a very strong fat burner. Adding key lime juice to cold bottled water is very easy, boosts your weight loss, cools you down and tastes refreshing! The anti-oxidant properties flush out toxins, fights infections and body odor. A natural laxative can be conjured up with lots of lime juice and salt, this is an all natural and safe way to clean your system and fight constipation. Limes aid in digestion because your stomach doesn’t have to work as hard to break down the food!

### Skin Care

When applied topically, lime oil rejuvenates skin. Limes are also known to help eliminate bruises, cure dandruff, and also clean your skin due to its acidic contents, breaking down the old and dead skin cells. Limes are high in vitamin C, which is necessary to make collagen, a protein that keeps your skin firm and strong. For instance, a study in over 4,000 women found that those who ate more vitamin C had a lower risk of wrinkles and dry skin as they aged.

### Other Amazing Health Benefits

Studies show that limes have been known to help with; diabetes, fatigue, high fevers, various heart disease, colon cancer and prostate cancer as well as rheumatism and arthritis! They may help stop the expression of genes that promote cancer progression; reduce several heart disease risk factors; may help lower high blood pressure; and protect against atherosclerosis — a disease in which plaque builds up in your arteries, making them narrow which may prevent kidney stones by raising levels of citrate and binding stone-forming minerals in the urine.

People on a vegan or vegetarian diet are at a greater risk of iron deficiency anemia, as plant-based products contain a form of iron that isn't as well absorbed as the iron in meat and other animal products. Limes may help prevent iron deficiency anemia by improving the absorption of iron from plant-based foods.

So go ahead and make a habit of adding lime zest and juice to your salsa, salad dressing, dips and anything else you can think of, for that extra savory flavor.

Lime zest and juice are common ingredients in desserts and baked goods, such as Key lime pie, cookies, and ice cream. Don't forget the lime. It's not just for coconuts anymore!

\*\*\*Check out the Killer Key Lime Pie Recipe in this issue, from John McGraw

## **Killer Key Lime Pie Recipe**

*from John McGraw*

To make Killer Key Lime Pie is as easy as 1, 2, 6 (or if you can't get key limes, 1, 2, 3) .

### **For Regular Key Lime Pie:**

1 Can Sweetened Condensed Milk

2 Egg Yolks

1/2 Cup Lime Juice (usually 6 Key Limes or 3 regular Limes)

Blend ingredients together, pour into an 8" graham cracker crust and place in freezer.

To serve: Remove from freezer and let set for 20 minutes at room temperature to get right texture. If you like, garnish with a little whipped cream, a sprig of mint or a thin slice of lime.

### **For Killer Key Lime Pie:**

Double the recipe, make your own graham cracker crust (recipe on the back of box of graham crackers), and use a 9" pie pan (Pyrex is best) that's 1-1.5" deep.

Non purists note: Key Lime Pie is not green. It is a pale creamy color. **DO NOT ADD FOOD COLORING!** Otherwise, people will think you are a snowbird!

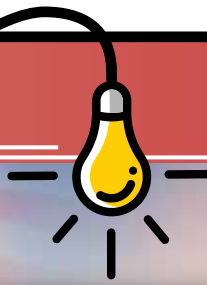

This pie was designed to be eaten on a warm sandy beach while looking at a spectacular sunset! Do not accept imitations.

SCAM ALERT

### Romance Scams

[www.fbi.gov/how-we-can-help-you/scams-and-safety/common-scams-and-crimes](http://www.fbi.gov/how-we-can-help-you/scams-and-safety/common-scams-and-crimes)

Romance scams occur when a criminal adopts a fake online identity to gain a victim's affection and trust. The scammer then uses the illusion of a romantic or close relationship to manipulate and/or steal from the victim.

The scammer's intention is to establish a relationship as quickly as possible, endear himself to the victim, and gain trust. Scammers may propose marriage and make plans to meet in person, but that will never happen. Eventually, they will ask for money.

If someone you meet online needs your bank account information to deposit money, they are most likely using your account to carry out other theft and fraud schemes.

#### Tips for Avoiding Romance Scams:

- **Be careful what you post** and make public online. Scammers can use details shared on social media and dating sites to better understand and target you.
- **Research the person's photo and profile** using online searches to see if the **image, name, or details have been used elsewhere.**
- Go slowly and ask lots of questions.
- Beware if the individual **seems too perfect** or quickly asks you to leave a dating service or social media site to communicate directly.
- Beware if the individual attempts to isolate you from friends and family or requests inappropriate photos or financial information that could later be used to extort you.
- Beware if the individual **promises to meet in person** but then **always comes up with an excuse why he or she can't.** If you haven't met the person after a few months, for whatever reason, you have good reason to be suspicious.
- **Never send money to anyone you have only communicated with online or by phone.**

# MEET OUR HOA BOARD OFFICERS... And Pets

By Terri Campbell

July 11th is All American Pet Photo Day. To kick off the celebration of this special day, here are some photos of our HOA Board with their pets. In our pet-friendly Southwind Community, all of our HOA Board Officers have a dog!

**HOA President, Dan Coy** presents his adorable 3 year old Corgi named “Minnie”. Dan is a retired Mason with HOA Management experience who is non-confrontational, low key, willing to listen and open to suggestions from residents. Minnie is a Florida native and she is smart, well-behaved, and friendly. She loves to go on rides in the golf cart, car rides and especially go camping.

**HOA Vice President, Tom O’Shea** presents his handsome 11 years old Pug-Bishon mix named “Jaws”. Tom is a retired attorney from Massachusetts, with great leadership and Board experience. Tom serves as the Chairman of our HOA By-Laws and Communications Committees. Jaws is very friendly and sociable. He approaches all dogs and people and loves to be patted. He will sit at your leg if you pet him and will stay there until your arm falls off, as long as you continue to pet him. At home, he sleeps in Tom’s lap for hours.

**HOA Secretary, Maggie Griscavage** presents her beautiful blue-eyed senior Siberian Husky, named “Kyrie”. Maggie retired as the Director of Grants and Contracts Administration at the University of Alaska, Fairbanks. She now serves our HOA Board as Secretary, recording the minutes of HOA meetings, prepares the meeting Agenda, sends HOA Board emails to all residents and maintains the email recipient list. Along with keeping our Southwind Community Directory updated annually, she is the point of contact for all HOA intercommunications. Kyrie is an Alaska native, who is very calm, happy and sweet and is a great companion for Maggie. They share a wonderful emotional bond and go everywhere together.

**HOA Treasurer, Karen Ragsdale** presents her 15 year old cutie pie puggle, “Trina”. Karen is a local business owner (Plato’s Closet clothing store) with knowledge of business finances. As a devoted dog lover for all of her life, Karen has fostered and adopted dogs, and also volunteers for the Suncoast Animal League in Palm Harbor, FL. Trina (pug-beagle mix) is a very out-spoken FL native, but she has come a very long way living here. When she first came to Southwind as a foster rescue, she had been traumatized. She didn’t want any one near her and was afraid of everything. But she was welcomed into this Community so well that she became very social. Even at her age, Trina loves her walks no matter rain or shine!

## Charming

“Let us be grateful to those who make us happy. They are charming gardeners who make our souls blossom”

– Marcel Proust

## "COMMUNITY RESIDENT COMPLAINT POLICY"

---

This policy is posted on the HOA Board in the entry hallway of the Club house and has been in effect since 12/1/2019.

The process listed there reflects a Step 1: to discuss concerns with the Resident Manager before, if needed, giving a Formal Complaint form to the Resident Manager in Step 2.

If a resident goes to Step 2 : (Complaint Form), please give the HOA Board of Directors a copy of the Complaint Form as filed.

The new Communication Committee, Chaired by Tom O’Shea, HOA Board Vice President, would like you to communicate with the HOA as you follow the steps in the procedure.

The HOA and Communications Committee suggests that residents communicate with the HOA when they informally discuss their concerns under Step 1 and tell the HOA Board the outcome. If your HOA Board is aware of any written complaint or issue involving Management, then the HOA Board can provide support and any guidance needed for the Resident.

Please cut out the attached complaint form in this issue of the Breezes. Keep it and use it in the event that you need help resolving a complaint.

Please send a copy of your written concerns to:

## Manufactured Home Tie Down and Anchoring

Tie-downs anchor the home to the ground providing stability and protection against severe weather events.

Lic# IH/1149363

Tie-downs are important for the safety of manufactured homes, also known as mobile homes, because they stabilize the home during high winds. Strong winds can lift them up or cause them to roll over in a tornado or hurricane.
