FROM THE PRESIDENT

By Barry Porter

Hello Summer, as usual, is quiet here at Clearwater Cascade. The usual business is conducted daily but I'm happy to say we have had no major issues to deal with.

Sewer Project

As promised last month, here is a brief synopsis of the sewer project "completion review and recommendations" meeting. Present at the meeting were: Barry Porter, Art Swagler, Dave McManus, Joel Sauter.

The cleaning and camera inspection has been completed. There are two emergency repairs that required immediate attention and likely will be completed by the time this Chronicle is published. There are several other areas in the Park that will need attention. These repairs will be prioritized over the next five years.

Pool lighting

Both pools have passed inspection by the assigned Electrical inspector. The Health Department has been notified, but we have not yet received the Clearance Certificate.

Brightview

A meeting was held on June 6 and every issue that had been brought forth by the residents was addressed with the management team at Brightview.

We have been monitoring the service closely and find, while there are still complaints, they are fewer and Brightview seems to be improving. We will continue to monitor their work.

Canal Project

This summer has also brought us an abundance of rain! The flooding occurrences on the canal are worse than ever. It certainly brings to light the fact that we most definitely have to do something to handle this issue. When you are seeing the photos on Facebook, and I believe a few in this Chronicle, keep those images in mind when the Park has to vote on moving forward with the Canal project completion. That vote likely will be held at our annual meeting.

I hope you are all enjoying your summer activities and travels. I'll be back with more news next month.

MANAGER'S MESSAGE

By Bobbi Gumm, CMCA, AMS

MANAGER

I can't believe it is August already! This has been one of the hottest summers that I remember. Please remember while working in your yard,

take frequent breaks, cool down, and drink lots of water! It doesn't take much to get heat exhaustion or heat stroke. Some of the symptoms are headache, confusion, nausea, dizziness, body temperature over 103, rapid pulse, slurred speech, seizures.

Election Time – On Tuesday, August 20th, Clearwater Cascade will be hosting the 2024 Presidential Primary Elections in our clubhouse. We can expect heavier traffic than usual so watch out for those that don't know our community.

Landscapers – We have had some residents call the office and let us know of an issue that happened weeks ago. Please continue to let the office know if you have any issues with the current landscapers Brightview as soon as possible. Brightview has been very responsive to the issues and will rectify the issues we provide them with.

Homes for Sale – Please remember to let the office know if you plan to sell your home in Clearwater Cascade. We receive called from potential buyers every day and want to ensure your home is on our list of available homes.

Streetlights – If you notice a streetlight out, you can report it directly to Duke Energy on their website or let the office know and we will be happy to report it for you.

Vantaca – If you are having trouble navigating the new management software, please let the office know and we will help you find what you are looking for.

FROM THE EDITOR

By Donna Collins

IT'S TIME TO START THINKING ABOUT RUNNING FOR THE BOARD OF DIRECTORS OF CLEARWATER CASCADE

This article is not only for those who might be thinking of running for our Board of Directors but is also a helpful guide for all residents to understand the qualifications needed to be a director. All residents SHOULD vote and consider the qualifications and skills of each candidate. You may have a friend who is a great person but may not have the skills needed for being a director on our Board.

This article was taken from the following website.

First Service Residential

<https://www.fsresidential.com/>

Homeowners' associations (HOAs) play a crucial role in maintaining and enhancing the quality of life within a community. One of the pivotal positions within an HOA is that of a board member. Serving on an HOA board comes with responsibilities, challenges, and opportunities to make a positive impact in the community.

In this article, we'll guide you through the process of becoming an HOA board member, discuss the necessary qualifications and skills, and delve into the roles and responsibilities you can expect to take on.

Requirements for HOA board members

HOA board members are entrusted with making decisions that impact the community's well-being. As such, there are certain qualifications and requirements that are typically expected:

- **Homeownership:** Board members usually need to be homeowners within the community. This ensures that those making decisions have a vested interest in the neighborhood's welfare.
- **Compliance:** Board members are expected to adhere to the HOA's rules and regulations, serving as role models for other community members.
- **No conflict of interest:** Members must avoid conflicts of interest that could compromise their ability to make impartial decisions.
- **Time Commitment:** Serving on an HOA board requires a significant time commitment. Attending regular meetings, participating in discussions, and contributing to decision-making processes are all part of the role.
- **Ethical Conduct:** Board members are held to high ethical standards. Integrity, honesty, and transparency are essential qualities.

Necessary skills for HOA board members

While homeowners are encouraged to consider running for board positions, it is important to understand what might be expected of you. While the specific skills required can vary depending on the community's needs, certain qualities are universally valuable for effective board members:

1. **Communication Skills:** Board members need to effectively communicate with fellow board members, homeowners, and external parties. Clear and respectful communication fosters understanding and consensus.
2. **Problem-Solving:** Communities can face various challenges, from maintenance issues to disputes among residents. Board members should be adept at finding solutions that balance the needs and concerns of the community.
3. **Financial Literacy:** Understanding the HOA's budget, financial reports, and reserve funds is crucial. Board members make decisions that impact the community's financial health.
4. **Leadership:** Board members are community leaders, guiding the direction of the neighborhood. Strong leadership skills inspire confidence and encourage others to contribute positively.
5. **Conflict Resolution:** Disagreements are inevitable. Board members should possess the ability to mediate conflicts and reach resolutions that benefit the community as a whole.

VOLUNTEERS

By Jane Boucher

Summer is almost over and we are gearing up for Fall events. November 11 is our Veterans Day Cookout in our Clubhouse from 5:00 PM to 8:00 PM. Our Veterans Group will be providing hamburgers and hotdogs and potluck for sides and desserts. Hope to see you all ❤️

Saturday, November 16, 2024 from 9:00 AM to 1:00 PM is our annual Craft Fair & Bake Sale. Sites are filling up fast so contact me for a vendor application for either by text to 903-426-3636 or email to janeboucher29@gmail.com.

Enjoy the rest of summer and safe travels.

UPCOMING EVENTS

Ice Cream Social – Saturday, August 17; 2:00 in the Club House

PAST EVENTS

Karaoke

It certainly looks like a wonderful time at the Karaoke night on June 29. Thank you so much Bruce Rowlander and Debra Wadkins for organizing and all the residents who participated and enjoyed the evening.

Canal Flooding

As Barry Porter wrote in his President's Report, these photos certainly show the extent of the flooding. This issue is definitely a problem for the Park and not just those who live on the canal. We are a community who works and cares about the whole Park.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

SCAM

ALERT

Family Scams

Scammers are good at **pretending to be someone that they're not**. They try to trick you into thinking **a loved one is in trouble**.

Once the scammer makes you think they're your grandson and in trouble, they pressure you to quickly send them money. **But it's all a scam.**

Your family member was never in trouble.

- The scammer will say it's **urgent** and that you're the only one who can help.
- The scammer might tell you it's **important to keep it secret**. They don't want you talking to other family members and friends and realizing it's a scam.
- The scammers will **play with your emotions**. They're counting on you to act quickly to help your family or friend. And they're counting on you to pay without stopping to check out whether there's really an emergency. If you get a call like this, you can be sure this is a scam.

Slow down. Verify.

Example of a Family Emergency Scam Call

Interesting August Facts

From <https://www.thefactsite.com/>

Let's take a look at the origins of August, the traditions we celebrate during it, as well as some fun little facts to bring it all together!

1. August was once the sixth month of the year. In the original ten-month Roman calendar, the month went by the name of Sextilis, meaning “the sixth month” in Latin. It wasn’t until around 700BC that August was rudely shoved back in the order of months when January and February were added to the beginning of the year by King Numa Pompilius.
2. August has also changed its number of days multiple times. In the ten-month Roman calendar, the months all had either 30 or 31 days, totaling 304 days in the year. Not only did Pompilius add January and February to the calendar, but he also reduced the number of days in August down to 29. It wasn’t until Julius Caesar introduced the Julian calendar that it was left with 31 days, and it’s stayed the same ever since!
3. Another year, another change! After so many changes you’d think the month would have had enough, but no – in 8 BC the month was named Augustus, in honor of the Roman emperor Augustus.
4. August is also a little bit unique, most of the time at least. In a standard year, there is no other month that begins on the same day of the week as August. In a leap year, however, August begins on the same day of the week as February.
5. Many countries in Europe see August as a holiday period. So much so in fact, that you’ll find major European cities such as Paris almost completely empty of locals. Don’t get your hopes up too much though, these cities are still packed full of tourists at this time of year!
6. In the northern hemisphere, August is considered to be the last month of summer. In the southern hemisphere, it’s the opposite of course, so it’s the last of the winter months!
7. Back in the days of the Anglo-Saxons, the month was called Weod Monath. Its translation of “weed month” is quite literal – in this month weeds and other plants grow the fastest in the northern hemisphere.
8. On August 1st, Lammas day is celebrated as the first day of harvest in the UK. Traditionally it was the day in which harvested wheat would be baked into bread and given to the church. The bread was used as the Communion bread for a special mass to celebrate the beginning of the harvest. This tradition ended when Henry VIII broke away from the Catholic Church.
9. On August 6, 1762, the first-ever sandwich was created, at least with such a name. It was named after the Earl of Sandwich when he requested a dish involving meat between two pieces of bread. As the story goes, he requested it as he was in the middle of a gambling

Manufactured Home Tie Down and Anchoring

Tie-downs anchor the home to the ground providing stability and protection against severe weather events.

Lic# IH/1149363

Tie-downs are important for the safety of manufactured homes, also known as mobile homes, because they stabilize the home during high winds. Strong winds can lift them up or cause them to roll over in a tornado or hurricane.

At United vapor barrier & floors we follow all of the 15C Florida regulations to provide safety and security to your home!

game and didn't want to interrupt it.

10. Those born in August are brought into this world under one of two star signs. If you were born before August 22nd, you're considered to be a Leo. If you're born on the 23rd or later, you're a Virgo. Leos are said to be very proud people who display great leadership. Virgos, on the other hand, are analytical and hardworking people, while still being kind and loyal.
11. August was a big month for the U.S. Civil Rights Movement. It was on August 28, 1963, that Martin Luther King Jr. gave his famous "I have a dream" speech to 250,000 people on the steps of the Lincoln Memorial in Washington D.C. Considered to be one of the most iconic speeches in the history of the US, King's speech called for the end of racial discrimination and for equal rights to all.
12. August also has two birth flowers – the vibrant multicolored gladiolus and the deep crimson poppy. The gladiolus flower is said to represent generosity, strength of character, and deep sincerity. The poppy flower couldn't be more different though, as it is a sign of imagination, eternal sleep, and oblivion!
13. There are some pretty fascinating holidays spread throughout August which are celebrated in different parts of the world. On August 1st, we have World Scout Scarf Day, as well as the Official Birthday and Coronation of the King of Tonga (try saying that in one go!). August 5th is National Underwear Day (US), August 11th is Mountain Day (Japan), August 16th is National Rum Day (US) and August 20th is World Mosquito Day. What a month!
14. August has three birthstones: sardonyx, spinel, and peridot. One of the lesser-known gems, peridots come in shades from grass-green to a more earthy olive hue. They're quite a unique gem, really, and quite rare as they can only be found from two very different sources – they can be formed deep in the earth and expelled to the surface along with lava, and they can be found in meteorites! It is claimed that peridots have healing powers and can protect the bearer from evil.
15. August was a fateful month for the ancient Roman city of Pompeii. On August 24, 79AD, Mount Vesuvius erupted near the city. The mountain spewed out great clouds of ash, smoke, and pumice, which rained down on Pompeii's citizens. Unfortunately for Pompeii, that wasn't the end of it either – next came molten lava, which buried the remaining residents 7 feet (2.1 m) deep!
16. August has quite a number of varied month-long holidays around the world. To name just a few, August is American Adventures Month, Get Ready for Kindergarten Month, as well as being the Month of Philippine Language!
17. The US also has some pretty delicious-sounding observances for the month relating to food! In August the US celebrates National Goat Cheese Month, National Panini Month, Peach Month, and Sandwich Month.

18. As there are only 12 months in the year, there are of course many incredibly famous and important people who have been born in August. Some of the more influential include Barack Obama, Usain Bolt, Sean Connery, Jennifer Lawrence, and Whitney Houston.
19. August is apparently a relatively common name for boys in Sweden. In 2014 it was reported to be the 55th most common name for newborn baby boys. Ironically, only 22 percent of Swedish boys named August were actually born in August!
20. Rock music lost a living legend on August 16, 1977, when Elvis Presley left the world behind. The King of Rock's health had been going downhill for some time, but his death was a shock to the world.
- So, there you have it, that's August in a nutshell! No matter where you are in the world, August is a pretty wonderful time of the year.

Precision
Vapor Barriers

Have You Looked UNDER **PROTECT**
Your Home Lately? **YOUR HOME**

Fix Small Problems Today
Before They Cause Serious Damage!

We will inspect and photograph any issues, showing you pictures of the underside of your home. Damaged & worn vapor barriers can create high energy costs and allow mold & mildew to grow and weaken your sub floor creating "Soft Spots". Keep Mold, Moisture & Animals out of your Home.
