President's Message

Wendy Duplex

So glad we all made it thru Tropical Storm Debby!! Looking forward to the snow birds returning. Poker Run will re-start on the third Thursday in September, the 19th, Rest in Peace Rob.

Also, looking forward to Welcome Wednesday on the last Wednesday of the month. I believe it won't start until October. Happy Fall to Everyone!!

Labor Day

Susan Grippin

Bayside Waters Social Club will be hosting a free Labor Day Luncheon and celebration at the clubhouse on Monday, September 2nd. Doors will open at 12:30 with the luncheon being served at 1:00 pm. There will be hamburgers and hot dogs, dessert, beer, bottled water and ice furnished. Please feel free to bring a dish to share or even a dessert. Looking forward to sharing this patriotic holiday with you all that honors American workers and the labor movement.

Community Announcement

Rachelle Roach

We have a serious feral cat (community) problem in our park. We have at least a dozen or more ferals and more coming into the park everyday. Also, many are/will be born in the park. This can lead to hundreds of feral cats in our park in just a few months. To effectively manage our problem, I am using the TNRV program (Trap-Neuter-Retrn-Vaccinate). Ferals will be ear tipped as well. Some ferals may be rehomed etc. too. I am asking EVERYONE to PLEASE not to feed them while I attempt to trap them. Hungry ferals will come into a trap with food.

Poker Run

Susan Grippin

Come join in for Rob's Poker Run on September 19th. We will meet at the pook at 4:45 pm. \$5.00 gets you in the game. You do not need to know how to play poker to join in this event. After we leave the pool area at 5:00, there will be several stops within the park. The winner takes all of the pot. Looking forward to seeing you there at this really FUN event.

Bayside Waters Monthly Luncheon

Carolyn Mosser

We will meet for lunch at 1:00 on Tuesday, September 10, at Village Inn, 2659 Roosevelt Blvd. RSVP by either signing up in the Clubhouse or texting me at 727-601-3473 by September 12th. Come out and see your friends and make new ones!

Karaoke with DJ Tony

Wendy Duplex

Turn up the fun with Karaoke night on September 21st from 7 – 10 pm. This free event is brought to you by your social club. Please bring your own snacks and drinks. Ice will be provided. There will be a 50/50 drawing. You don't have to sing to have fun!! Come support your friends and neighbors who do sing!!

Bowling

Carolee Kingsbury

It is September and bowling starts next month. I will be sending out a group text to find out who is bowling. If you send me a text, then I will not include you in the group one. I will be doing the teams by the end of the month. Keep practicing!! I hope you are all doing great and will be back for the fall. Keep in touch!!

Manufactured Home Tie Down and Anchoring

Tie-downs anchor the home to the ground providing stability and protection against severe weather events.

Lic# IH/1149363

Tie-downs are important for the safety of manufactured homes, also known as mobile homes, because they stabilize the home during high winds. Strong winds can lift them up or cause them to roll over in a tornado or hurricane.

Making it up as she goes along

As a child, Ve Neill loved to scare herself by watching an old movie about a severed, murderous hand. She also loved to use makeup to transform her friends into horrible, terrifying creatures. Neill’s next-door neighbor was a makeup artist for some local television shows and used to help Neill with her Halloween costumes. She would declare passionately, “Oh, Mr. Lotito, I want to do what you do when I grow up.” Mr. Lotito, though, had little hope for her. He knew that makeup was a “man’s field” that women rarely had the opportunity to break in to.

Neill’s first professional job was working for a strange band that dressed like aliens. She dyed and styled their hair, and created their makeup and costumes. Neill found that she was great at painting faces—and incredibly patient with detail. For inspiration she attended a sci-fi convention where she ran into the man responsible for the look of the original Star Trek series. He gave her the big break she’d been waiting for—a job on a major motion picture.

Neill went on to create some of the most memorable movie characters in recent film history: Michael Keaton as Beetlejuice, Johnny Depp as Edward Scissorhands, and Robin Williams as Mrs. Doubtfire. Over her 30+-year career, Neill has won numerous international awards for her work, three Academy awards, and was recently nominated again for the Pirates of the Caribbean series.

You might say she spent a lifetime preparing for her success. A “man’s field,” indeed.

No excuses: The power of using what’s on hand

When Spanish artist Bartolomé Esteban Murillo was asked to create a series of paintings for a church in Seville, he formed a friendship with the monk who served as the cook in the refectory. The cook waited on Murillo hand and foot while the artist worked on the commission. When the artist’s work was accomplished, the cook begged Murillo for a memento—a painting just for him.

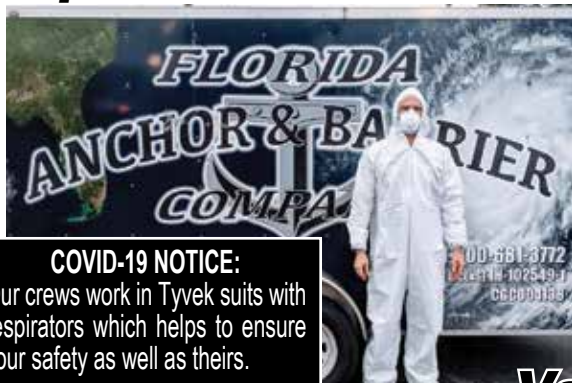

Murillo said he’d be happy to create something for his friend, but he’d exhausted every scrap of his canvas already. He had nothing to paint on.

The cook told the artist, “Never mind, sir, just take this napkin,” then offered him the linen the artist had just used at dinner. Without a second thought, Murillo took the napkin and converted it into a portrait of the Madonna and Child that glowed with life and color. The work—Virgin of the Napkin—is now thought to be one of the artist’s most beautiful and resides in the Museum of Seville in Spain.

A dream come true

A young woman once dreamed about becoming a renowned writer. She fantasized about writing things that the whole world would read and react to passionately, things that would evoke strong emotion — making people scream, cry, or howl with feeling. She now works for a software company — writing error messages.

The price of adding value

There was once a poor shoemaker whose shop was next to a fine restaurant. Every day the shoemaker would take his lunch of rice and beans out to the back of his shop, where he took great pleasure in the exquisite aromas emanating from the restaurant kitchen next door.

One day the shoemaker received an invoice from the restaurant for his lunches, and he went to speak to the manager about it.

The manager said, “You are enjoying my food while you eat, so you should pay for it!”

The shoemaker refused to pay and the restaurant sued him. The judge asked the restaurant manager for his side of the story at the hearing.

The manager said, “Every day, this shoemaker sits near our kitchen and smells our food while he eats his lunch. We are adding value to his simple meal, and we should be paid for it.”

The judge then asked the shoemaker for his side of the story.

The shoemaker said nothing, but stuck his hand in his pocket and rattled around the change he had inside.

“What is the meaning of that?” asked the judge.

The shoemaker answered, “I’m paying for the smell of his food with the sound of my money.”

Revisionist

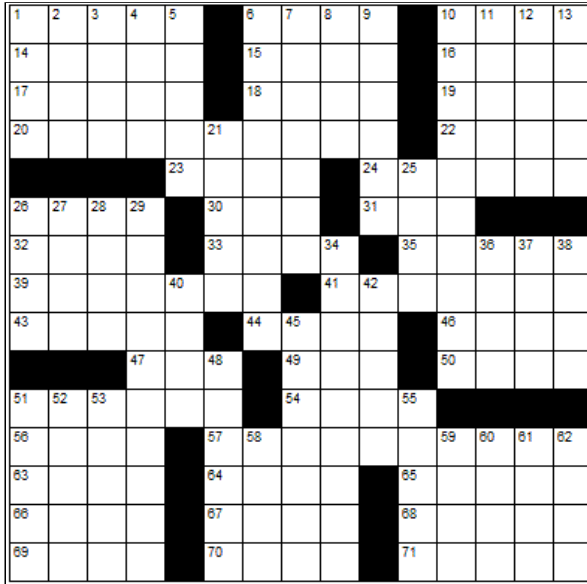

“A clear conscience is often the sign of a bad memory.”

How to minimize chemicals associated with plastics

Are you aware of the phthalates in your life? If not, you should be, according to the Environmental Working Group (www.enviroblog.org), an advocacy organization. Phthalates are common industrial chemicals used in plastics, solvents, and synthetic fragrances. You can find them almost anywhere once you're aware of them. But here's the problem: Phthalates are endocrine disruptors, and they have been linked to reproductive troubles as well as to asthma and allergies. The EWG says you can reduce your exposure to phthalates by avoiding the following:

- **Certain brands of nail polish.** Dibutyl phthalate (DBP) is often used to make nail polish chip-resistant. Look for it in the ingredients list.
- **Kitchenware.** Take a quick inventory and see how many plastic containers and utensils you use. Phthalates are more likely to leach out when an item is heated, so don't use plastics for microwaving.
- **Vinyl toys.** Phthalates are used to make vinyl (PVC) toys soft. Since kids often put toys in their mouths, it's better not to give them these vinyl toys. Instead, choose toys made of other materials.
- **Paints and hobby products.** These products often contain phthalates as solvents. So if you use them, make sure you're working in a well-ventilated area.
- **Fragrance.** Diethyl phthalate (DEP) is often present in fragrance products, but might only be listed in the ingredients list under the catch-all term "fragrance."
- **Vinyl shower curtains.** Switch to a nonvinyl curtain. The strong smell that comes with many new shower curtains indicates the presence of phthalates.
- **Air fresheners.** Most air fresheners contain phthalates.

Enrich your personal life with a pet

Did you know that pets can decrease your blood pressure, cholesterol levels, triglyceride levels, and feelings of loneliness? Other good news: Pets can increase your opportunities for exercise, outdoor activities, and socialization.
