## FROM THE PRESIDENT

By Barry Porter

I have only a short report this month as I have personally had a busy month.

The Board met and voted to terminate the contract with Brightview in view of all the complaints from residents. Alexanders has agreed to complete the contract we held with Brightview at the same cost for the completion of the contracted year. They ask that we then sign a three -year contract with them. That contract will be negotiated in the interim.

We survived another very serious storm here in Clearwater Cascade. Kudos to everyone who participated in keeping our Park safe.

A special thanks to the residents who kept those of us who were not in the Park up to date on what was happening.

In the coming weeks, we will be doing a “walk through” with two contractors who have come forward to bid on our canal project. Next month I will report on what transpired at those meetings.

That’s it for this month...enjoy the last weeks of summer. Before you know it, the Park will be back in full swing.

Barry

## MANAGER’S MESSAGE

By Bobbi Gumm, CMCA, AMS

**L**abor Day – The office will be closed on Monday, September 2nd in observance of Labor Day. Our maintenance staff will be on call for any water leak emergencies. Just call our office and follow the prompts.

Hurricane Season – Just another reminder hurricane season is from June 1 to November 30th. NOAA is predicting an 90% chance of an above normal season, with at least 4 to 7 major hurricanes this year. In August we had a storm which created a lot of flooding in the community, especially for those who live on the canal. Most of the community lost power for at least 8 hours. Please be proactive and stock up on supplies, protect your belongings, have a plan in place if you need to vacate.

Landscaping – If the landscapers did not mow your home, weed whack, edge, blow out the driveway or missed an area, please let the office know as soon as possible. This is very

...continued on page 6

important as we are keeping a list of issues in the office.

Home Maintenance – A requirement of the governing documents is for owners to maintain their home according to community standards. This includes washing or painting your home, weeding the planter/flower beds, keeping the carport free of clutter. If you are a seasonal resident, arrangements should already be set up to have your home addressed while you are away.

Home Sales – If you are selling your home, please remember to notify the office and provide the office with a flyer on the home. We have potential buyers coming to the office or calling to get information on homes for sale. We can certainly help by providing them with what is for sale.

Insurance – With all this rain and storms, residents should have insurance on their home. Even if the home is older, you can at least get liability insurance. Please call around, there are companies that insure mobile homes. Unfortunately, it just takes one good storm to do some serious damage.

VOLO – Just a reminder that we use VOLO to communicate with our residents. If you need to update any phone numbers or email addresses, please let the office know.

That's all I have for this month. It has been such a hot summer I'm looking forward to fall!

## FROM THE EDITOR

*By Donna Collins*

**A**nother summer has come and gone as we think of those who passed away. I know that it is the “circle of life”, but it is hard to accept the death of so many of our friends.

Looking at the photos and reading the comments on FB, I realize what a wonderful community we have who helped each other through the hurricane. Those of us who were not there deeply appreciate the updates on what was happening. How hard a time for all in the Park. We were thinking of all of you in the middle of it and dealing with the consequences. Thank you.

On another note; I have a couple of requests:

- I am always looking for feedback on anything that goes into the Chronicle. More of this or less than that, your opinions, comments...
- If you have a topic or a question about the Park, send it to me. I will do my best to try and address it.
- If you think you might like to be the editor of this Chronicle, please talk to me. While I am enjoying doing it, I will not be here indefinitely and would like to know that it is in good hands when I am not here.

### CROSS BAYOU

**O**n 8/6/2024 I made a call to the Engineer on this severe flooding and its effect on the community.

Grant sent this email:

-----  
Good afternoon, everyone,

Quick update - The plans are currently under review by the city. So far, so good.

I've also found two interested contractors that may bid on the project. I will be planning a walk-through with them in the coming weeks so that they can see the site; I will keep y'all informed of when I will schedule those days. I will do my best to give you as much of a heads up as possible, but I will have to work with their availability.

Anyway, have a great week and I'll push up another update as I know more.

Grant Escobar, P.E., PMP, LEED GA

Engineering Consultant

-----  
A meeting with Grant, Bret Sapp, President of Bayside Dredging, and others from the Park was scheduled to meet and walk the site next Tuesday at 10:30 AM August 13th, for a look at the site. Watch for updates of the results.

## Visit to the Nursing Home

Bob drives up to the Happy Rest Nursing home, “Hi Aunt Matilda! I thought I would pop in to talk.” As they were chatting, he notices a bowl of peanuts on the nightstand. As Mathilda continues to share a story he’s heard a few times before, he reaches for the peanuts and takes one. As the conversation continues, he continues to eat more peanuts. Near the end of their time together he realizes he has eaten every single peanut in the bowl. “Aunt Matilda, I apologize. I’ve eaten every one of your peanuts.” Matilda smiles and replies, “That’s okay, Bob. They would have just sat there anyway. Without my teeth anymore, all I can do is lick the chocolate off them and put the peanuts back in the bowl.” Anonymous

## PAST EVENTS

It certainly seems that the Red, White, and Blue Potluck Dinner was attended by many and enjoyed by all.

## FLOODING

I have had this article for quite some time. To be honest, I didn't note where I got it or who wrote it. With the recent hurricane and the flooding in the park, I decided that it was an appropriate time to publish it. So, thank you to whomever wrote it. I do not have any claim to it other than finding it but think it is worthwhile to pass along.

# WHAT TO DO IF YOU ARE TRAPPED IN A CAR DURING A FLOOD

**F**looding in certain regions of the country has caused folks to reconsider the possibility of flooding in their area, and many of these people realize they know little about what they should do when caught in a flood.

Do you know what to do if you are trapped in your vehicle during a flood? If you don't, you're not alone. This article is designed to offer you the advice you need to navigate a dangerous situation successfully, and keep you and your family safe.

If you are trapped in your car during a flood, you should:

**Stay calm.** Don't surrender to fear or nervousness. It won't help you.

**Remove anything that may restrict you.** Unlock the car's doors and have everyone unbuckle their seatbelts. This is also the time when you should remove any jackets or unnecessary clothing you may be wearing. If it can get caught, leave it behind.

**Slowly roll down the window.** Unless the car is completely submerged, your windows should still work. Roll the windows down slowly, then climb out of the car and move quickly to get to higher ground. Once you are there, call 911.

If your windows will not go down, then you will have to escape your vehicle by opening the door. Unfortunately, your doors will not open until the water pressure is as great inside the car as it is outside. This means you'll have to allow your car to fill with water until it is almost to your neck. Then, once the water has reached this height, open the doors and swim to safety before calling 911.

**If you are trapped in a car during a flood, you should never:**

**Panic.** Doing so will never benefit you.

**Waste energy trying to open the door.** As we said above, unless the water pressure is equal on both sides, you will not be strong enough to battle the current and open the door.

**Look for possessions.** Don't worry about trying to save any items in the car.

**Break the car's windows.** If you do, there is a chance this broken glass will be pushed back inside, filling the vehicle and any water already inside with sharp, jagged material.

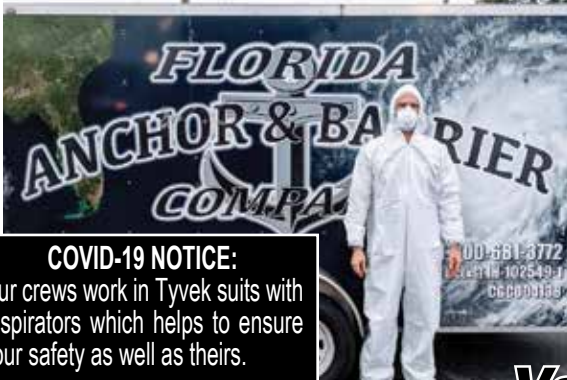

Once you have escaped your car, leave it behind. Do not stay by the car, climb on the roof or make the mistake of returning to your car because you think the flood waters are receding. Any of these mistakes could leave you stranded on your vehicle and in need of rescue. Instead, head for higher ground as quickly as possible and call 911.

SCAM ALERT

## Family Scams

Scammers are good at **pretending to be someone that they're not**. They try to trick you into thinking **a loved one is in trouble**.

Once the scammer makes you think they're your grandson and in trouble, they pressure you to quickly send them money. **But it's all a scam.**

Your family member was never in trouble.

- The scammer will say it's **urgent** and that you're the only one who can help.
- The scammer might tell you it's **important to keep it secret**. They don't want you talking to other family members and friends and realizing it's a scam.
- The scammers will **play with your emotions**. They're counting on you to act quickly to help your family or friend. And they're counting on you to pay without stopping to check out whether there's really an emergency. If you get a call like this, you can be sure this is a scam.

**Slow down. Verify.**

### Example of a Family Emergency Scam Call

Hi Grandpa, it's me.

Sebastian? Is that you?

Yes, it's me, Sebastian. Grandpa, I'm in trouble, and I need money for bail.

What happened?

Please don't tell Mom or Dad. I'll get in so much trouble.

Please help me!
