Manager's Corner

Thanks for the recommendation! Pet owners can now enjoy some shade under the new umbrella in the dog park. Thanks to our maintenance team member for installing it.

Please enjoy!

Amazing Amenities

As the weather starts to cool down a bit and our "snowbirds" begin to fly in from the north, I would like to invite everyone to take some time to enjoy all of the amenities here at Park Royale!

Of course we have the pool (everyone's favorite!), but there's so much more. For those looking to get in shape or stay in shape, we have the fitness center, putting green and pickleball. Bocce ball and billiards are great activities for meeting new people while enjoying some friendly competition. Fifi and Fido love our dog park. The library is a relaxing space to enjoy a good book. Lastly, the Clubhouse, our social hub, is here for parties, card games and good times. You can even rent out our Clubhouse for a special event. So, please take advantage of the amenities and the VALUE they bring to your residency here at PKR!

Please stop at all stop signs for everyone's safety
— THANKS!

Weeds and Other Concerns

a plant that is not valued where it is growing and is usually of vigorous growth

When you are on vacation or gone for the season, do you have a neighbor you trust to tend to your home and keep an eye on it?

Please be aware if your weeds are being pulled, your bushes are being trimmed. Let's make sure the lawn crew has plenty of room to operate their equipment and give your lot the cut it deserves. Additionally, occasionally check for leaks, loose siding, gutters, or other damage. Keeping your home in good repair will provide years of service and value.

Our community is beautiful—thanks to everyone for their efforts.

Manufactured Home Tie Down and Anchoring

Tie-downs anchor the home to the ground providing stability and protection against severe weather events.

Lic# IH/1149363

Tie-downs are important for the safety of manufactured homes, also known as mobile homes, because they stabilize the home during high winds. Strong winds can lift them up or cause them to roll over in a tornado or hurricane.

At United vapor barrier & floors we follow all of the 15C Florida regulations to provide safety and security to your home!

Update from Park Royale Traffic Safety Research Team

At the September 9th RHOA meeting, the following report was given. A recap was given which is worth noting especially for those who were not here from the beginning.

April 2023 the Traffic Safety Research Team was established by President Melody Norton and I volunteered to be a member. The first order of business was to identify the most serious traffic safety concerns for the residents and search for resolutions to eliminate the problem. First were vehicles exiting the Industrial Park illegally turning left onto 66th street when their signage clearly states "RIGHT TURN ONLY". When this occurs, our residents making a legal left turnout of the park have come nose to nose with these vehicles creating a serious traffic safety issue. For the past 19 months this has been a David & Goliath journey unlike any other.

Some major hurdles were: First, finding the right agency that could help which was DOT Next, convincing them of our traffic safety concerns using our photo documentation. DOT's resolution to eliminate the problem was a raised median. And finally, going through all the DOT Engineering studies which included: Traffic operations, Permit Coordinators, Access Management Review committees, Roadway Designs, and Legal Counsel

There's been many construction delays due to various rain events. But once the raised median construction began it was impressive to see how quickly progress was being made and to think this was happening because of the efforts of your Traffic Safety Research Team.

Even though this construction will result in a safer exit for us, there is still some residents who are not happy because it will reduce the gore-stripped area for them to sit in, waiting for traffic to clear. To those people I must remind them at the December HOA meeting we handed out a sheet that explained that a gore stripped area was not a traffic lane, rather a divider between highway lanes. Plus, sitting in the gore stripped area is an illegal maneuver. Still, people think sitting in this area makes it quicker to merge rather than waiting at our exit. I was at our exit waiting to turn left and noticed a vehicle waiting in the gore area for traffic to clear. Once it was, I made my left turn just seconds behind that vehicle, so no noticeable time was saved. With that being said, as of today we are pleased to announce that the raised median construction is finally complete and there will be no more vehicles illegally exiting from the industrial park. Now the only thing to say is: **HALLELUJAH THAT'S D O N E!**

OH! BUT WAIT, THERE'S MORE!

If you noticed at our exit there's tall plants on the O.E. Wilson property that obstructs our view of the pedestrian sidewalk and south bound traffic on 66th street which is a serious problem. Monday August 19th, I met with Officer Johnson who was filling in for our contact, Officer Leeks. He was presented a photograph taken October 2023 showing how low to the ground these plants were, plus a comparison photo taken July 18th 2024 that shows that the plants have grown over 3 feet which obstructs our view. Officer Leeks returned to duty and called to say he would contact code enforcement to see what they could do. Wednesday September 4th Officer Leeks called to say that code enforcement investigated and found that the view obstruction was a violation. The property management company has been issued a summons to remove these obstructions in a specific time period and if they don't, they'll be issued fines until these obstructions have been removed. With that being said, the only thing left to say is:

HALLELUJAH NOW WE'RE ALL D O N E!

TRAFFIC SAFETY RESEARCH TEAM

SCAM ! ALERT

Romance Scams

www.fbi.gov/how-we-can-help-you/scams-and-safety/common-scams-and-crimes

Romance scams occur when a criminal adopts a fake online identity to gain a victim's affection and trust. The scammer then uses the illusion of a romantic or close relationship to manipulate and/or steal from the victim.

The scammer's intention is to establish a relationship as quickly as possible, endear himself to the victim, and gain trust. Scammers may propose marriage and make plans to meet in person, but that will never happen. Eventually, they will ask for money.

If someone you meet online needs your bank account information to deposit money, they are most likely using your account to carry out other theft and fraud schemes.

Tips for Avoiding Romance Scams:

- **Be careful what you post** and make public online. Scammers can use details shared on social media and dating sites to better understand and target you.
- **Research the person's photo and profile** using online searches to see if the **image, name, or details have been used elsewhere.**
- Go slowly and ask lots of questions.
- Beware if the individual **seems too perfect** or quickly asks you to leave a dating service or social media site to communicate directly.
- Beware if the individual attempts to isolate you from friends and family or requests inappropriate photos or financial information that could later be used to extort you.
- Beware if the individual **promises to meet in person** but then **always comes up with an excuse why he or she can't.** If you haven't met the person after a few months, for whatever reason, you have good reason to be suspicious.
- **Never send money to anyone you have only communicated with online or by phone.**

Veteran's Corner

By A Vietnam is usually remembered as a war fought in the jungles and rice paddies. But there was another conflict as well. A sailor's war, much of it fought from the decks of the United States Coast Guard Cutters.

The Coast Guard played a significant role in securing Vietnam's 1,200-mile coast. Some 8,000 Coast Guardsmen and 56 different combatant vessels were assigned during the Vietnam War. Coast Guardsmen destroyed enemy supply ships, supported ground units of the U.S. Marines and United States Army. Rescued American and other friendly forces, and performed many more duties, including carrying out humanitarian roles which are common to the United States Coast Guard. Yet, The United States Coast Guard's involvement in the Vietnam War is still unknown.

Coast Guard Patrol Boats worked with Navy SEALs and military reconnaissance units. The Coast Guard gave emergency support to Special Forces Camps, transported personnel, evacuated wounded, and provided naval-gunfire support.

Coast Guardsmen kept the harbors of Vietnam safe. Before ships could reach the docks, they had to safely navigate into the harbors, marking channels to keep the traffic moving and the Coast Guard repacked batteries used in lighthouses along the coast.

Perhaps the most intangible, but no less important item a Coast Guardsmen brought with them from The United States was their humanity, and gave of themselves to Vietnamese civilians.

By the time the Coast Guard left Vietnam, Coast Guard Cutters cruised over 5.5 million miles, participated in nearly 6,000 naval gunfire missions, and boarded nearly 250,000 Vietnamese Junks and sampans.

Vietnam Combat Veteran

Did You Know?

Halloween used to be called All Hallows' Eve. All Hallow's Day, also known as All Saints day, was a Christian festival. It was a day to remember the dead, especially saints. This is where Halloween came from – it was originally All Hallows' Eve (the day before All Hallow's Day). This then turned into Hallowe'en and is now just known as Halloween.

Happy Birthday to all!!!

Sincere apologies if anyone was missed on the Birthday list. To be added, corrected, or removed from the birthday list please email Cheryl at: cherylmediaeditor@yahoo.com

Thank You, Cheryl

October Birthstone

Opal, the primary October birthstone

The best-known October birthstone is the opal. And tourmaline is another October birthstone. Let's talk about opals first. They are amazingly diverse rocks, taking on different appearances depending on how they formed. Precious opals, known for their flashy iridescent colors, are popular in some jewelry. But even the less dazzling common opals possess a quiet beauty that makes them popular in specimen collections.

Tourmaline, an alternate October birthstone

An alternate October birthstone is tourmaline, a gemstone that exhibits the broadest spectrum of gemstone colors. Gem-quality forms of this mineral have in the past been misidentified as rubies, emeralds and sapphires. In fact, a famous tourmaline – the size of a pigeon's egg – belonging to the Russian empress Catherine the Great, was long thought to be a ruby.

The name of this gemstone is believed to derive from the Singhalese (Sri Lankan) word *toramalli*, a term applied to colorful stones.

October Awareness

October is the month of many awareness events, including:

- **Breast Cancer Awareness Month**

This month is associated with the color pink and began in 1985 as a partnership between the American Cancer Society and Imperial Chemical Industries to promote mammograms.

- **Mental Health Awareness Week**

This week is observed in the first week of October and was started in 1990 by the United States Congress.

- **National Bullying Prevention Month**

This month was first declared in 2006 to raise awareness of the devastating effects of bullying on children and families.

- **Domestic Violence Awareness Month**

This month was first observed in 1981 as a national “Day of Unity” to unite advocates in the fight against domestic violence.

- **ADHD Awareness Month**

This month is a time to talk about ADHD, experiences, and challenges faced by the ADHD community.

- **National Antidepressant Death Awareness Month**

This month calls attention to people who have suffered injury or death as a result of antidepressant use.

- **Blindness Awareness Month**

This month focuses on understanding and supporting the problems faced by blind people.

Other awareness events in October include: World Cerebral Palsy Day, World Mental Health Day, National Depression Screening Day, International Phelan-McDermid Syndrome Awareness Day, and World Stroke Day.

October Recipes & Fun Facts

Pumpkin seeds have been found throughout Mexico, South America, and the Eastern United States, as early as 5,500 B.C., dating pumpkins well before the emergence of maize. Unlike the ones we are familiar with today, pre-Columbian pumpkins were smaller, harder, and more bitter, though native Americans eventually altered them to be sweeter. But pumpkins were easy to cultivate and, with the thick shell and solid flesh, could be dried and preserved, making them indispensable in helping Native Americans survive long, harsh winters.

And pumpkins were wonderfully versatile; they provided sustenance whether they were roasted, boiled, parched, or baked. Seeds were eaten, and used as medicine. Dried pumpkin was ground into flour, or flattened and woven into mats, and the gourds were used as bowls, and containers for grain.

The Original Pumpkin Pie - The Way the Pilgrims Made It

Ingredients

1 small pumpkin 4-5 inches in height and 20-23 inches in circumference (sugar pumpkin)

You can also use several smaller pumpkins. They are just a little harder to cut out. I have done with success.

$\frac{3}{4}$ cup sugar

3 large eggs plus 4 egg yolks

$\frac{1}{2}$ TBS vanilla bean paste or vanilla extract

2 cups heavy cream

1 teaspoon of cornstarch

Pinch of salt

Instructions

Prepare your pumpkin by scooping out the seeds and pulp, place it on a baking sheet, do not put the top of the pumpkin (stem) on the sheet just yet.

Preheat oven to 400 degrees.

In a mixing bowl combine the sugar, eggs, and vanilla and whisk until combined.

Add the heavy cream, cornstarch, and salt and whisk until fully combined.

Pour mixture into your prepared pumpkin (allowing about $\frac{3}{4}$ of an inch space between the filling and the top of the pumpkin and begin baking it.

Bake at 400 degrees uncovered.

After 15 minutes, cover the top of the pumpkin loosely with foil (don't let it touch the top of the custard or it will stick and "ruin" the appearance) and bake another 15 minutes.

Lower oven temp to 375, place the top of the pumpkin on the tray and continue baking for 15 minutes more. Remove the foil and bake an additional 30 minutes or until a knife inserted into the custard comes out mostly clean.

Turn off the oven, allow the pumpkin to cool for an hour, then place it in your cold garage (loosely covered with wrap or foil) or your refrigerator and allow the custard to set 6 hours or overnight. (You can also enjoy it warm) When ready to serve, scoop out custard into small dishes (you can scrape the sides a bit as you scoop it out if you choose to scrape off some of the cooked pumpkin for additional flavor, I am sure the Pilgrims wasted nothing)

SCAM

ALERT

Family Scams

Scammers are good at **pretending to be someone that they're not**. They try to trick you into thinking **a loved one is in trouble**.

Once the scammer makes you think they're your grandson and in trouble, they pressure you to quickly send them money. **But it's all a scam.**

Your family member was never in trouble.

- The scammer will say it's **urgent** and that you're the only one who can help.
- The scammer might tell you it's **important to keep it secret**. They don't want you talking to other family members and friends and realizing it's a scam.
- The scammers will **play with your emotions**. They're counting on you to act quickly to help your family or friend. And they're counting on you to pay without stopping to check out whether there's really an emergency. If you get a call like this, you can be sure this is a scam.

Slow down. Verify.

Example of a Family Emergency Scam Call

Hi Grandpa, it's me.

Sebastian? Is that you?

Yes, it's me, Sebastian. Grandpa, I'm in trouble, and I need money for bail.

What happened?

Please don't tell Mom or Dad. I'll get in so much trouble.

Please help me!
