PRESIDENT'S CORNER

Submitted by Jan McCoy

To say the last 30 days have been a challenge is an understatement. “Phew,” is all I can say. We hope October will signal the end of the mayhem. It is an understatement to say our staff has been pushed to their max. It is a lot to manage, in any given day, to maintain focus on the highest business priorities as we work on resident concerns, market studies, insurance comparisons, legal cases, annual budget, asset valuations, proxy voting, real estate transactions, committee work, new home installations, constant repair/replacement work quoting and meeting management to name only a few. “No, that is not enough,” said the universe. “Let’s see what else we can throw at them?” The last three to four weeks went something like this...

Water, water, water everywhere! After the heavy rains, and because rain continued for many days following Tropical Storm Debby, we have experienced some unique situations. Some of our roads experienced “splaying” a breakdown of asphalt. The Roadway Committee, led by Gary Thrasher, met with the vendor, ACPLM, who committed to repair at no charge because the cause was not only the flexing of the roads due to the high water-table but also the result of thinly laid pavement that did not meet contract minimums. An approach will be proposed to ferret out any additional areas of concern. It was discovered one of our catch basins requires repair. The collar has worn away disallowing the grate to settle in properly. The good news is the roads and catch basins handled directing the heavy flow of storm water into the drainage system as expected.

After replacing a lift station pump in June/July, our sewer system backed up in direct correlation to the city sewer system being overwhelmed by storm water. Our staff literally “jumped in” (if you know what I mean) and did a great job addressing the park’s concern. I am sad to report shoes were ruined in the process! The back-up did not harm any home interiors but could have if it had not been addressed as quickly as it was by the city (at no charge). Thank you to Marilyn Corazza and Ron Endicott for being on top of it! You’ve been awarded the coveted “*Johnny on the Spot*” award.

Florida heat and humidity are hanging in like you read about. To say it has been difficult to work outdoors is an understatement. Our cement wall remains unpainted due to the weather. Our vendor working to refurbish the shuffle court surface has had difficulty completing his work due to high humidity, preventing drying. Our roof replacement work was frequently delayed but is finally complete. Our pool-goers are happily back bobbing in the water. One of the older geothermal pool heaters failed and is being addressed. We repaired the wiring on one end of our pool gate access system this year and now the other pool gate is having electrical issues. The pavers surrounding the hot tub and outdoor shower area, as well as along the pool edge coping,

are caving and require replacement. Project quotes are being obtained to resolve these issues. A corner on the housing that surrounds our glassed-in poster/notice board next to the shuffle court has been damaged and the soffit and trim are rotting from constant moisture, requiring repair.

American Roofing did a fabulous job on our roof replacement project. Unfortunately our preexisting air conditioners were reinstalled by our A/C vendor 'as is' with an unfinished look. This situation presented an unsightly view from our pool area. To resolve, additional flashing was applied around the exposed pressure treated curbing, but painting of the units (where the original side-vent air ducts once were) will have to wait for better weather.

There's more! Ground swell... our lawn care vendor could not complete their work last week because the ground was so soggy. They returned once conditions improved. The high-water table resulted in seepage under the cement wall outside the Oleander gate. Once again, Marilyn called the city in. The situation was corrected by bringing in equipment and digging out the ditches along the outside of the wall designed to move the water to the canal.

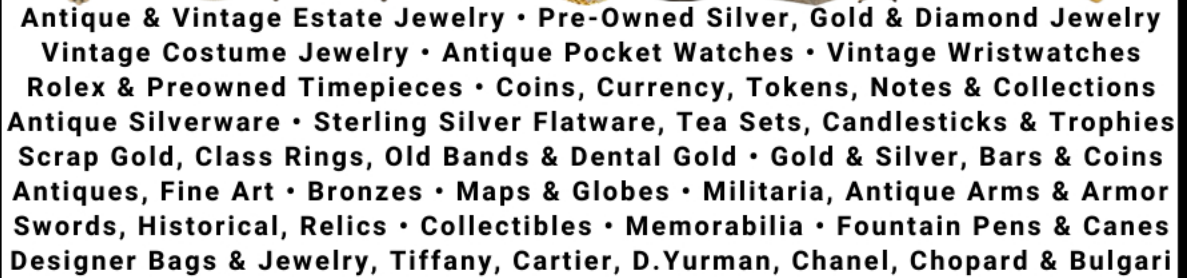

So much more has been addressed that is considered standard daily practice. Yes, rules violation letters have been sent and more are coming. Fining Committee meetings may be right around the corner if behaviors are not corrected VERY SOON. Every resident has the right to peaceful enjoyment of their home. We expect this to extend to the use of our common areas, as well as the work environment created for our staff. When addressing staff members or one another, please consider your tone of voice. How we connect and support one another is paramount to building a great community. It is NOT difficult to follow the rules. Doing so shows respect for oneself and others. It is a simple concept to treat others the way you would like to be treated. Please choose to be a good citizen. Honor your agreement to follow the association rules. Let's make this a great park! WE CAN DO IT!

Sincerely,

Janet McCoy

MANAGER

HOMESITE MAINTENANCE

I don't like being redundant, but I need to bring up "Homesite Maintenance" again. What exactly is Homesite Maintenance? It is keeping the outer portions of your home clean and orderly and complying with Article VII. HOMESITES of the Sunset Palms Rules & Regulations.

These rules apply to your home, carport, driveway, patio, storage, and the exterior around your home.

I am not going to list the individual rules again but want to ask a few questions:

Did you forget that you are storing a ladder behind your unit?

I am sure your neighbor that sits on their back patio has not.

Are you really going to use those 2 x 4's or paver stones that you have been storing along the side of your home?

If you have not used them, you aren't going to. Please get rid of them.

Have you purchased a new recliner and moved your old one out to your carport?

If it did not work in your living room anymore, it does not work in your carport either.

Do you have dead plants in flowerpots that you have been meaning to replace or empty or broken flowerpots that are in your carport, on your patio, alongside your home or in your yard?

Replace the plants or get rid of the flowerpots – no one wants to look at dead plants or empty flowerpots.

Are there boxes stacked in your carport?

It is time to open the boxes and sort through them or take them to a storage facility.

It is easy to forget that what does not bother you (out of sight out of mind) may be bothering your neighbors. So, take a walk around your property and make sure that you are not storing things that you have forgotten about!

It is important that you comply with the Sunset Palms Rules & Regulations. These rules are in place for your safety and to maintain harmony in our community.

HURRICANE SEASON is June 1st – November 30th. Please remove any loose items around the exterior of your home that can be blown away or knocked down during a storm. The storms have been coming up quickly this year and it is better to be prepared than try to prepare when the storm is on its way.

Thank you and be safe!

Marilyn Corazza, LCAM

EMAILS FROM SUNSET PALMS

Submitted by Maggie Stokes

Emails are sent from Sunset Palms from TWO different email addresses. The accounts were split to ensure that proper attention was given to events.

SunsetPalms3401@gmail.com

This account is used for official emails of the park:

- Notice of Board of Directors Meetings
- Notice of Committee Meetings
- Notice of park actions, including street closures, water issues
- Notice of Shareholder issues, including voting and the annual meeting
- Notice of official documents of the park, including Financial Reports and Rules and Regulations documents

SunsetPalmsActivities@gmail.com

This account is used for notification of the Park's social events, which include:

- Potluck dinners
- Card games
- Dances
- Karaoke
- Cruises

Please note that *emails from the Activities email account* are sent to **ONE** member of each household. *Emails from the 3401 account* are sent to **ALL** registered residents.

These two accounts are run independently, and you may opt out of receiving the emails separately. We plan on sending out emails to all registered recipients from both accounts on October 15th. If you feel that you did not receive the emails, please email Julie Durda at SVIAssist@SunsetPalms.org. Please list your name, lot number, email address and which type of email that you did not receive.

WEBSITE CHANGES

Submitted by Maggie Stokes

We are upgrading portions of the website. We anticipate that the changes will be in place by mid-October. Here are some of the areas that are “under construction.”

- **Logon Script**

The logon button will be much more prominent making it easier for you to sign in and access the members only portion of the website.

- **Board of Directors Minutes**

The Board of Directors Minutes will have its own tab to facilitate ease in locating various minutes and supporting documentation.

- **Committee Minutes**

Minutes will be accessible by committee. You will not need to scroll through the entire posting to pull up a certain committee’s reports.

- **Forms**

An entirely new tab will give you access to many of the forms that Sunset Palms uses. You will be able to click and download that form for printing. This is step one in the right direction. We anticipate some of these forms will be made interactive in the future.

- **Governing Documents**

This is another new portion of the website. There will be links to Florida statutes that govern our park. The Shareholder Prospectus including the By-Laws of the Park, and the Rules and Regulations of the Park will be available. The Committee Charters will also be available for you to read.

- **Homes for Sale**

The list of homes available for sale is now much easier to access.

This is **YOUR** website. Check it out!

Did You Know?

Halloween used to be called All Hallows' Eve. All Hallow's Day, also known as All Saints day, was a Christian festival. It was a day to remember the dead, especially saints. This is where Halloween came from - it was originally All Hallows' Eve (the day before All Hallow's Day). This then turned into Hallowe'en and is now just known as Halloween.

SCAM

ALERT

Family Scams

Scammers are good at **pretending to be someone that they're not**. They try to trick you into thinking **a loved one is in trouble**.

Once the scammer makes you think they're your grandson and in trouble, they pressure you to quickly send them money. **But it's all a scam.**

Your family member was never in trouble.

- The scammer will say it's **urgent** and that you're the only one who can help.
- The scammer might tell you it's **important to keep it secret**. They don't want you talking to other family members and friends and realizing it's a scam.
- The scammers will **play with your emotions**. They're counting on you to act quickly to help your family or friend. And they're counting on you to pay without stopping to check out whether there's really an emergency. If you get a call like this, you can be sure this is a scam.

Slow down. Verify.

ECLIPSE

Submitted by Ralph Payne

Up in the bright blue, bountiful eyes stare for a glimpse or a glance
This spectacle occurrence, today may be our only living chance
The Sun, Moon and Earth are perfectly aligned
As gazers stare into the sun and seeing the moon's outline

Total solar eclipse darkened the afternoon light
Some places could see it well, it was a magnificent site
This rare wonder, always fascinates the young and the old
To hang on in a memory that will always be hold

Some travelled far to catch its beautiful view in full
To places, unknown, concealed, now darken and cool
There's so many mysteries deep in the Milky Way
The Galaxy, the stars, constellations from a sky that's mostly darken-grey

Like some doleful moments, the aphotic only last for a spill
When sun's heat vanishes bringing the darkness chill
The sun and heat will reappear, and all will return to adore
Until the next solar eclipse we will view on August 8, 2044

Planning a Group Cruise: A Guide to a Fantastic Experience
Planning a group cruise can be incredibly fun, but it does require thoughtful organization. At Sunset Palms, we specialize in planning group cruises, whether for the entire community or smaller, more private family and friend groups. We're here to make the process easy and enjoyable. Here's our guide to planning a cruise that everyone will love:

1. Choose the Right Cruise Line

The first step is selecting a cruise line that suits our group's preferences. Since we tend to cater to a more mature crowd, we often steer clear of ships with water slides and activities designed for children.

- **Onboard Activities:** Does our group prefer lively entertainment, relaxing spa days, or fitness classes? Cruise lines offer different experiences, so it's important to choose one that aligns with your group's style.

Tips for Avoiding Facebook Scams

1. Secure your Facebook account with a strong password and two-factor authentication

Avoid including your name, phone number, email address or common words. Don't reuse your Facebook password on other services online, and never share your password with others.

2. Don't accept friend requests from people you don't know

Scammers may create fake accounts in an attempt to friend and manipulate people.

3. Watch out for suspicious links and malicious software

Be careful not to click on suspicious links, open suspicious files or install malicious apps or browser extensions—even if they appear to come from a friend or a company you know.

Manufactured Home Tie Down and Anchoring

Tie-downs anchor the home to the ground providing stability and protection against severe weather events.

Lic# IH/1149363

Tie-downs are important for the safety of manufactured homes, also known as mobile homes, because they stabilize the home during high winds. Strong winds can lift them up or cause them to roll over in a tornado or hurricane.

At United vapor barrier & floors we follow all of the 15C Florida regulations to provide safety and security to your home!

- **Dining Options:** At Sunset Palms, we typically enjoy early dining with a “round robin” format. This means we reserve a section of the ship with tables of different sizes, allowing guests to switch up dining companions each night. Of course, this is optional, and guests are free to dine wherever they like.
- **Destinations:** Think about destinations that will excite your group. The Caribbean (e.g., St. Thomas, the Bahamas, Barbados) offers stunning beaches, while European cruises (e.g., Greece, France, Spain) provide rich cultural experiences. Often, we coordinate with other communities to maximize perks and share costs, such as for bus transportation.

2. **Pick the Perfect Itinerary**

Once the cruise line is selected, the next step is choosing an itinerary that offers a good balance of activities. It’s important to find a mix of relaxation and adventure that will keep everyone happy! If you prefer a different package from the one we promote, such as a cruise with fewer inclusions, let us know, and we’ll provide updated terms, conditions, and pricing.

3. **Book Early**

Booking early ensures the best rates and preferred cabin locations. We’re currently booking cruises into 2026 with fully refundable deposits. We manage all reservations, payments, and special requests to keep everything organized. You can either pay the balance in monthly, refundable installments or in full 120 days before sailing. If you decide to cancel, please inform us early so we can accommodate others on our waitlist and maintain the original price.

4. **Plan Exciting Activities**

Sign up early to help choose excursions and onboard activities, which not only builds excitement but also makes everyone feel included.

- **Excursions:** Cruises offer a range of shore excursions, from adventurous outings to laid-back beach days, ensuring there’s something for everyone.

Onboard Activities: Take advantage of the ship’s offerings, like dance classes, cooking demos, karaoke, or simply lounging by the pool.

5. **Leave the Details to the Travel Committee**

We’re here to handle every detail, from initial bookings to final payments. Our goal is to ensure your group cruise is smooth, stress-free, and unforgettable!

ALERT

Grandparent and Family Scams

Here's how they work:

You get a call: "Grandma, I need money for bail." Or maybe an email from someone claiming to be your brother or a friend who says they're in trouble. They need money for a medical bill. Or some other kind of emergency. The caller says it's urgent — and tells you to **keep it a secret.**

But is the caller who you think it is? Scammers are good at pretending to be someone they're not. They can be convincing: **sometimes using information from social networking sites**, or hacking into your loved one's email account, all to make it seem more real. And they'll pressure you to send money before you have time to think.

Here's what to do:

1. **Stop.** Check it out. Look up your family member's phone number yourself and **call another family member** to check out the story.
2. **Pass this information on to a friend.** You may not have gotten one of these calls, but chances are, you know someone who will get one — if they haven't already.

F LUSH ONLY: Body waste and toilet paper.

*It is highly recommended that only **ONE-PLY** toilet paper be used to prevent clogging the toilet.*

DO NOT FLUSH:

- Tampons
- Sanitary pads
- Diapers
- Depends
- Swiffer Cloths
- Dust Cloths
- Wet Wipes
- Kleenex
- Food, etc.
- When in doubt, DON'T FLUSH IT!

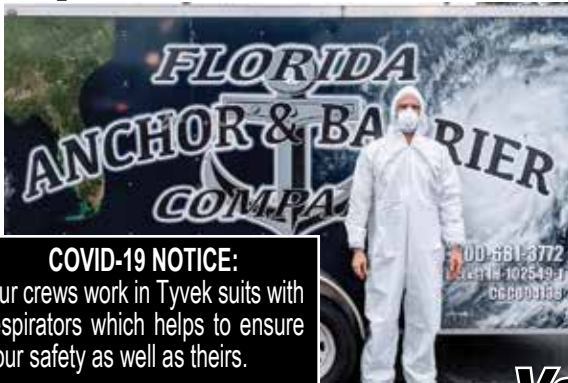

When we flush, the waste goes into a **holding tank** that has two pumps to expel the waste **UP and OUT** into the Pinellas Park sewage system. When any of the above gets flushed, it clogs the pump, overheats it and burns out the motor.

NOTE: If your birthday or anniversary doesn't show up, it may be because we don't have it. If you would like to have it shown in the Spotlight Newsletter in the "event" month, please let me know and I will add it to the master list. On the other hand, if you don't want your event to be published, I can remove it from the list - no questions asked.
