FROM THE PRESIDENT

ello Neighbors

I thought I would take this month's article to explain what is happening with our sewer system and why it is important that we address the issue sooner than later.

We have in our Park approximately 20,000 linear feet of clay sewer pipe. In that 20,000 linear feet there is a pipe connection about every 36" - 48". That gives us about 5,000 connections. Over time the connections fail and the failure allows for ground water to seep into the pipes. Ground water brings sand. Sand creates a major problem.

Problem One The sand has to collect somewhere. In our park it collects at the lower end and creates plugged pipes. Ultimately this will result in each individual home being affected by the joys of plugged pipes.

Problem Two The more sand that has to be treated in our water by the City of Pinellas the more likely it is that the City will deem it necessary to take over the complete repair of our system. Two local Parks are currently undergoing city take overs costing those Parks in excess of a million dollars in repairs.

Look for a very large assessment if that should happen here.

Summary

Working with a trusted vendor, the Board of Directors in tandem with the Finance Committee need to look to a long-term solution that is planned for in a financially sound manner. Potentially, each year we should be addressing a designated section of sewer pipe slated for repair.

A plan in place will indicate to the City of Pinellas that we are aware and are handling the issue.

When planned for, this expense can be handled by reserves instead of a costly individual assessment.

We will be discussing this issue at our next Board meeting and will do our best to answer your questions at that time. Or, if you prefer, you can e-mail me personally.

Until next month - be safe

FROM THE EDITOR

By Donna Collins

It certainly sounds like things are gearing up for the 2024-2025 season. It is always an exciting time when the activities start up and more people are around to enjoy them. Thanks to the Summer Activities Committee for providing some fun things to do, with a couple more to come. Wish I could be there for them.

There are some big decisions to be made this year so read the Chronicle for notices, look at the boards in the post offices, attend the Board meetings, and think about whether you would like to run for the Board of Directors.

Stay safe no matter whether you live in the Park year-round or travel to spend the winter. Happy Thanksgiving to our Canadian friends on October 14th, 2024.

CASCADE SOCIAL CLUB, INC.

By Sheila Penn,

Hello Clearwater Cascade. The Social Club is excited. We are getting prepared to present you with a fun-filled season. We can't wait to see old friends and make new ones. We may have this season planned but we are always looking for suggestions for what you would like to see happen. Ticket sales start in November on Wednesdays.

Also, there are many things to do this season and not all are through the Social Club. Keep an eye on the Chronicle Calendar, the Facebook site, and the boards in the Library and both post offices. So much to do, so little time. Enjoy it to the fullest.

A Little Poem for Seniors

(so true it hurts!)

Another year has passed and we're all a little older.
Last summer sure felt hotter and winter seems much colder.
There was a time not long ago when life was quite a blast
Now I fully understand about "living in the past."
We used to go to weddings, football games and lunches.
Now we go to funeral homes and after-funeral brunches.
We used to go out dining and couldn't get our fill.
Now we ask for doggie bags, come home and take our pill.
We used to often travel to places near and far.
Now we get sore asses from riding in the car.
We used to go to nightclubs and drink a little booze.
Now we stay home at night and watch the evening news.
That, my friend, is how life is and now my tale is told.
So enjoy each day and live it up...
Before you're too damned old.

CROSS BAYOU

Canal Project

UPDATE: I am in contact with Grant of Level Engineering on a regular basis. Grant advised he will be bringing another contractor to the property for a walk through on September 12th. City Manager, Bart

Diebold spoke to our representative member, Tim Caddell, inquiring how the canal project is going, and he would like to talk with us.

August 29th at 2:00 PM, Tim Caddell, Richard Wolfe and I met with Bart Diebold. We told him that Grant had brought a contractor, Brett of Bayside Dredging to the property and he spent about one hour with us walking and evaluating the best and cost-effective way to repair and stop the erosion, reminding us we can't retrieve the property that been lost, but it needs to be FIXED to save the property from further loss.

Bart agreed to what Brett had told us and provided names of companies the city uses. Bart also requested the specs, materials, cost of materials and the type of stones along with who is going to provide the survey from Grant. This will help assist them in the permitting.

Stay tuned for further updates.

VOLUNTEERS

SCAM ! ALERT

Romance Scams

www.fbi.gov/how-we-can-help-you/scams-and-safety/common-scams-and-crimes

Romance scams occur when a criminal adopts a fake online identity to gain a victim's affection and trust. The scammer then uses the illusion of a romantic or close relationship to manipulate and/or steal from the victim.

The scammer's intention is to establish a relationship as quickly as possible, endear himself to the victim, and gain trust. Scammers may propose marriage and make plans to meet in person, but that will never happen. Eventually, they will ask for money.

If someone you meet online needs your bank account information to deposit money, they are most likely using your account to carry out other theft and fraud schemes.

Tips for Avoiding Romance Scams:

- **Be careful what you post** and make public online. Scammers can use details shared on social media and dating sites to better understand and target you.
- **Research the person's photo and profile** using online searches to see if the **image, name, or details have been used elsewhere.**
- Go slowly and ask lots of questions.
- Beware if the individual **seems too perfect** or quickly asks you to leave a dating service or social media site to communicate directly.
- Beware if the individual attempts to isolate you from friends and family or requests inappropriate photos or financial information that could later be used to extort you.
- Beware if the individual **promises to meet in person** but then **always comes up with an excuse why he or she can't.** If you haven't met the person after a few months, for whatever reason, you have good reason to be suspicious.
- **Never send money to anyone you have only communicated with online or by phone.**

Did You Know?

Halloween used to be called All Hallows' Eve. All Hallow's Day, also known as All Saints day, was a Christian festival. It was a day to remember the dead, especially saints. This is where Halloween came from – it was originally All Hallows' Eve (the day before All Hallow's Day). This then turned into Hallowe'en and is now just known as Halloween.

SIMPLE IDEAS THAT YOU PROBABLY NEVER KNEW

1. Take your bananas apart when you get home from the store. If you leave them connected at the stem, they ripen faster.
2. Store your opened chunks of cheese in aluminum foil. It will stay fresh much longer and not mold!
3. Peppers with 3 bumps on the bottom are sweeter and better for eating. Peppers with 4 bumps on the bottom are firmer and better for cooking.
4. Add a teaspoon of water when frying ground beef. It will help pull the grease away from the meat while cooking.

5. To really make scrambled eggs or omelets rich add a couple of spoonsful of sour cream, cream cheese, or heavy cream in and then beat them up.

6. For a cool brownie treat, make brownies as directed. Melt Andes mints in double broiler and pour over warm brownies. Let set for a wonderful minty frosting.

7. Add garlic immediately to a recipe if you want a light taste of garlic and at the end of the recipe if you want a stronger taste of garlic.

8. Leftover snickers bars from Halloween make a delicious dessert. Simply chop them up with the food chopper. Peel, core and slice a few apples. Place them in a baking dish and sprinkle the chopped candy bars over the apples. Bake at 350 for 15 minutes!!! Serve alone or with vanilla ice cream. Yummm!

9. **Reheat Pizza** Heat up leftover pizza in a nonstick skillet on top of the stove, set heat to med-low and heat till warm. This keeps the crust crispy. No soggy micro pizza. I saw this on the cooking channel and it really works.

10. **Easy Deviled Eggs** Put cooked egg yolks in a zip lock bag. Seal, mash till they are all broken up. Add remainder of ingredients, reseal, keep mashing it up mixing thoroughly, cut the tip of the baggy, squeeze mixture into egg. Just throw bag away when done easy clean up.

11. **Expanding Frosting** When you buy a container of cake frosting from the store, whip it with your mixer for a few minutes. You can double it in size. You get to frost more cake/cupcakes with the same amount. You also eat less sugar and calories per serving.

12. **Reheating refrigerated bread**

To warm biscuits, pancakes, or muffins that were refrigerated, place them in a microwave with a cup of water. The increased moisture will keep the food moist and help it reheat faster.

13. **Newspaper weeds away** Start putting in your plants, work the nutrients in your soil. Wet newspapers, put layers around the plants overlapping as you go. Cover with mulch and forget about weeds. Weeds will get through some gardening plastic they will not get through wet newspapers.

14. **Broken Glass** Use a wet cotton ball or Q-tip to pick up the small shards of glass you can't see easily.

15. **No More Mosquitoes** Place a dryer sheet in your pocket. It will keep the mosquitoes away.

16. **Squirrel Away!** To keep squirrels from eating your plants, sprinkle your plants with cayenne pepper. The cayenne pepper doesn't hurt the plant and the squirrels won't come near it.

17. **Flexible vacuum** To get something out of a heat register or under the fridge add an empty paper towel roll or empty gift wrap roll to your vacuum. It can be bent or flattened to get in narrow openings.

18. **Reducing Static Cling** Pin a small safety pin to the seam of your slip and you will not have a clingy skirt or dress. Same thing works with slacks that cling when wearing panty hose. Place pin in seam of slacks and ... guess what! ... static is gone.

19. **Measuring Cups** Before you pour sticky substances into a measuring cup, fill with hot water. Dump out the hot water, but don't dry cup. Next, add your ingredient, such as peanut butter, and watch how easily it comes right out. (Or spray the measuring cup or spoon with Pam before using)

20. **Foggy Windshield?** Hate foggy windshields? Buy a chalkboard eraser and keep it in the glove box of your car. When the windows fog, rub with the eraser! Works better than a cloth!

21. **Re-opening envelopes** If you seal an envelope and then realize you forgot to include something inside, just place your sealed envelope in the freezer for an hour or two. Viola! It unseals easily.

22. **Conditioner** Use your hair conditioner to shave your legs. It's cheaper than shaving cream and leaves your legs really smooth. It's also a great way to use up the conditioner you bought but didn't like when you tried it in your hair.

23. **Goodbye Fruit Flies** To get rid of pesky fruit flies, take a small glass, fill it 1/2' with Apple Cider Vinegar and 2 drops of dish washing liquid; mix well. You will find those flies drawn to the cup and gone forever!

24. **Get Rid of Ants** Put small piles of cornmeal where you see ants. They eat it, take it 'home,' can't digest it so it kills them. It may take a week or so, especially if it rains, but it works and you don't have the worry about pets or small children being harmed!

25. **Dryer Filter** Even if you are very diligent about cleaning the lint filter in your dryer it still may be causing you a problem. If you use dryer sheets a waxy build up could be accumulating on the filter causing your dryer to over-heat. The solution to this is to clean your filter with a toothbrush and hot soapy water every 6 months.

SCAM

ALERT

Family Scams

Scammers are good at **pretending to be someone that they're not**. They try to trick you into thinking **a loved one is in trouble**.

Once the scammer makes you think they're your grandson and in trouble, they pressure you to quickly send them money. **But it's all a scam.**

Your family member was never in trouble.

- The scammer will say it's **urgent** and that you're the only one who can help.
- The scammer might tell you it's **important to keep it secret**. They don't want you talking to other family members and friends and realizing it's a scam.
- The scammers will **play with your emotions**. They're counting on you to act quickly to help your family or friend. And they're counting on you to pay without stopping to check out whether there's really an emergency. If you get a call like this, you can be sure this is a scam.

Slow down. Verify.

Example of a Family Emergency Scam Call

Hi Grandpa, it's me.

Sebastian? Is that you?

Yes, it's me, Sebastian. Grandpa, I'm in trouble, and I need money for bail.

What happened?

Please don't tell Mom or Dad. I'll get in so much trouble.

Please help me!
