Editor's Notes

I apologize in advance for this issue. Between Helene and Milton, the Review has slipped by me too quickly. I am working on this Tuesday, as we sit here waiting for Wednesday/Thursday visit from Milton, As I was saying prayers for Milton not to hit us, I realize there are others out there praying for the same thing. So, I'm changing my prayer to hope that the good Lord keeps us all safe and gives us the strength to survive whatever may come. After all the most valuable thing we have is each other. See you next month, with more updated info on our community. Stay safe and be kind to one another.

In Rebuttal for the Man's view last month: We offer this

Five Tips for A woman

1. It is important that a man helps you around the house and has a job.
2. It is important that a man makes you laugh,
3. It is important to find a man you can count on and doesn't lie to you.
4. It is important that a man loves you and spoils you.
5. It is important that these four men don't know each other.

Poetry

Isn't this about right?
My forgetter's getting better,
But my rememberer is broke
To you that may seem funny
But, to me, that is no joke
For when I'm 'here' I'm wondering
If I really should be 'there'
And, when I try to think it through,
I haven't got a prayer!
Oft times I walk into a room,
Say 'what am I here for?'
I wrack my brain, but all in vain!
A zero, is my score.
At times I put something away
Where it is safe, but, Gee!
The person it is safest from
Is, generally, me!
When shopping I may see someone,
Say 'Hi' and have a chat,
Then, when the person walks away
I ask myself, 'who the hell was that?'
Yes, my forgetter's getting better
While my rememberer is broke,
And it's driving me plumb crazy
And that isn't any joke.

Stein Studs

Adam Pirhofer 623-7808

Stein Studs (and Beer Babes) are a group of folks who enjoy the sampling of Craft Beers from local, as well as everywhere else, brewers.

But, we also enjoy craft and other distilled spirits and cocktails.

We are so blessed in the Tampa Bay region to have such a diverse and numerous amount of breweries and distilleries in our area. As well as fine drinking establishments to sample the abundance of libations.

We normally meet at Willard's Tap House,

12500 Starkey Rd, Largo, FL 33773, on Friday's at 2:00 pm. But if someone would prefer distilled libations, we are happy to make trips for those.

Let me know if you have suggestions,

SCAM ! ALERT

Romance Scams

www.fbi.gov/how-we-can-help-you/scams-and-safety/common-scams-and-crimes

Romance scams occur when a criminal adopts a fake online identity to gain a victim's affection and trust. The scammer then uses the illusion of a romantic or close relationship to manipulate and/or steal from the victim.

The scammer's intention is to establish a relationship as quickly as possible, endear himself to the victim, and gain trust. Scammers may propose marriage and make plans to meet in person, but that will never happen. Eventually, they will ask for money.

If someone you meet online needs your bank account information to deposit money, they are most likely using your account to carry out other theft and fraud schemes.

Tips for Avoiding Romance Scams:

- **Be careful what you post** and make public online. Scammers can use details shared on social media and dating sites to better understand and target you.
- **Research the person's photo and profile** using online searches to see if the **image, name, or details have been used elsewhere.**
- Go slowly and ask lots of questions.
- Beware if the individual **seems too perfect** or quickly asks you to leave a dating service or social media site to communicate directly.
- Beware if the individual attempts to isolate you from friends and family or requests inappropriate photos or financial information that could later be used to extort you.
- Beware if the individual **promises to meet in person** but then **always comes up with an excuse why he or she can't.** If you haven't met the person after a few months, for whatever reason, you have good reason to be suspicious.
- **Never send money to anyone you have only communicated with online or by phone.**

Julie Andrews Turning 79 - this is hysterical!

To commemorate her birthday, actress/vocalist, Julie Andrews made a special appearance at Manhattan's Radio City Music Hall for the benefit of the AARP. One of the musical numbers she performed was 'My Favorite Things' from the legendary movie 'Sound of Music'. Here are the lyrics she used:

(Sing It!) - If you sing it, its especially hysterical!!!
Botox and nose drops and needles for knitting,
Walkers and handrails and new dental fittings,
Bundles of magazines tied up in string,
These are a few of my favorite things.
Cadillacs and cataracts, hearing aids and glasses,
Polident and Fixodent and false teeth in glasses,
Pacemakers, golf carts and porches with swings,
These are a few of my favorite things.
When the pipes leak, When the bones creak,
When the knees go bad,
I simply remember my favorite things,
And then I don't feel so bad.
Hot tea and crumpets and corn pads for bunions,
No spicy hot food or food cooked with onions,
Bathrobes and heating pads and hot meals they bring,
These are a few of my favorite things.
Back pain, confused brains and no need for sinnin',
Thin bones and fractures and hair that is thinnin',
And we won't mention our short shrunken frames,
When we remember our favorite things.
When the joints ache, When the hips break,
When the eyes grow dim,
Then I remember the great life I've had,
And then I don't feel so bad.

GLASS COOKTOP CLEANER

Ingredients:

Hydrogen Peroxide

Baking Soda

Rag or Sponge

Instructions:

In a small bowl mix baking soda with enough hydrogen peroxide to make a paste.

Work paste around in a circle, concentrating on soiled areas.

Baking soda absorbs grease and hydrogen peroxide will help to lift the residue.

Gather up your baking soda in a pile and dispose.

Wet a cloth with water to remove any remaining baking soda.

Buff with a dry rag.

GENERAL EGG KNOWLEDGE

1. Storing eggs upside-down makes them last longer. Turning your eggs upside down before stashing them in the fridge will make them last longer. Placing the pointy end down in the carton will prevent air pockets inside the shell from coming in contact with the yolk, which helps slow down the aging process.
2. It is generally not recommended to eat eggs from reptiles like snakes and lizards, or other non-bird animals, because their eggs are not a good source of nutrition for humans. They are often high in fat and low in protein compared to bird eggs. Some reptile eggs can carry harmful bacteria or parasites that can make you sick.
3. Washed eggs need to be refrigerated. When a hen lays an egg, with that egg pops out with a nearly invisible coating called a bloom. This bloom helps prevent air and bacteria from permeating the shell and prematurely aging the egg. That is why fresh eggs straight from the chicken are often placed in bowls or baskets on the kitchen counter. Grocery store eggs, on the other hand, have been washed, thus removing the bloom and requiring refrigeration to keep them fresh.
4. The color of the egg yolk should be very bright yellow or deep orange. The difference in color is based on what the chicken is eating. Chickens who only eat the grain feed given to them will lay eggs that are yellow. Chickens that are free-range and eat mostly bugs and vegetation will produce these orange yolks.
5. Chickens can still lay eggs even if there is no rooster (Male chicken). Many people think that you need a rooster for a hen to lay eggs. Most of the hens producing eggs today have never seen a rooster in their life.
6. In the stores, you can usually find small, medium, large, and jumbo or extra-large eggs.

Some may speculate this has to do with breed, but in the commercial industry, it usually has more to do with a hen's age. The Older the Hen, the Bigger the Eggs. The older the hen, the more likely she is to produce these larger eggs.

7. Apart from using water to test the freshness of an egg, there are other ways to tell if an egg is fresh:
 - If the shell seems unusually thick, then it is fresh.
 - If the yolk stands really tall after you have cracked the egg, it is fresh.
 - If the yolk has wrinkles or dissolves into a puddle when you crack it open, then it is an old egg.
8. A chicken will lay bigger and stronger eggs if you change the lighting in a way to make her think a day is 28 hours long.
9. Eggs are good for your eyes. They contain lutein which prevents cataracts and muscle degeneration.
10. Breed determines eggshell color. Commercial eggs are brown or white, but some breeds can also lay blue, green, or pink eggs.
11. Duck eggs are higher in fat and better for baking.
12. Brown eggs are more expensive than white eggs, because the hens that lay them are larger and require more feed.

Unanswered Questions

I am old and I just realized I still have so many unanswered questions!!!! I never found out who let the Dogs Out...where's the beef...how to get to Sesame Street... why Dora doesn't just use Google Maps...why eggs are packaged in a flimsy paper carton, but batteries are secured in plastic that's tough as nails...why women can't put on mascara with their mouth closed... why "abbreviated" is such a long word... why lemon juice is made with artificial flavor yet dish-washing liquid is made with real lemons... why they sterilize the needle for lethal injections... and, why do you have to "put your two cents in" but it's only a "penny for your thoughts" where's that extra penny going to... why do "The Alphabet Song" and "Twinkle Twinkle Little Star" have the same tune... why did you just try to sing those two previous songs... and just what is Victoria's secret? ...and do you really think I am this witty?? ... I actually got this from a friend, who stole it from her brother's girlfriend's, uncle's cousin's, baby's momma's doctor who lived next door to my old class mate's mail man...Now it is your turn to take it from me...Peace!!

November Trivia

In the Roman calendar, November was the ninth month until January and February were added, causing it to move to the 11th month.

November got its name from “novem” which is Latin for the number nine.

On November 1, 1848 – The first Boston Female Medical School opened. The school was founded by Samuel Gregory and opened with only twelve students attending classes. However, in 1874, the all-female school united with the Boston University School of Medicine and became one of the first co-ed medical schools in American history.

On November 4, 1922, British archaeologist Howard Carter discovered King Tut’s tomb in Luxor, Egypt. The tomb of King Tutankhamen was discovered mostly intact and contained items that are now exhibited in Egypt’s National Museum located in the city of Cairo.

In November, our Original Works team is focused on fulfilling customer orders throughout the United States. Our team is creating cherished memories that will be delivered to recipients everywhere!

4 Ways to Help Make Cleaning Easier for Seniors

1. Clean Regularly

First and foremost, tidying up regularly can prevent clutter build-up, lessening the amount of cleaning needed. It's easier to maintain a clean home than to clean a very messy one. Simple tasks like putting things away after use, wiping down surfaces regularly, and quickly sweeping high-traffic areas can significantly reduce the need for thorough cleaning sessions and help seniors stay healthy.

2. Implement Manageable Cleaning Methods and Tools

When it comes to more intensive cleaning, it's crucial to find effective yet manageable methods for seniors or those with physical limitations. For instance, consider using a mop with an extendable handle instead of scrubbing floors on your hands and knees. This allows you to clean the floors standing up, reducing strain on your knees and back.

Cleaning can be a physically demanding task for seniors, but there are various tools available that can make the process easier.

Here's a list of some cleaning tools designed to help seniors:

Automatic Vacuum Robot: A robotic vacuum does the vacuuming without any physical effort needed from the user.

Long-Handled Dustpan and Broom: This allows seniors to sweep up messes without bending over.

Microfiber Dusters with Extendable Handles: These are great for dusting hard-to-reach areas without needing a step stool or ladder that could result in a slip-and-fall accident.

Electric Floor Mop: An electric floor mop helps reduce the effort needed to mop floors when mobility is a challenge.

Grabber Tool: A grabber tool is handy for picking up items off the floor or reaching items on high shelves without straining or stretching.

Swiffer Sweeper: Many already know that a sweeper is a lightweight tool that's easy to use for quick cleanups.

Scrub Brush with Long Handle: A scrub brush with an extendable handle is useful for cleaning bathtubs or showers without bending or kneeling.

Dishwasher: A properly maintained dishwasher helps reduce the physical effort of washing dishes and other items by hand.

Remember, it's important to choose tools that aid in cleaning and align with an individual's specific needs and physical capabilities.

3. Keep Safety In Mind

Safety should always be a priority, especially for seniors more prone to slips, falls, and other accidents.

Some precautions seniors can take while cleaning include the following:

Wear Non-Slip Shoes: Always wear shoes when cleaning with non-slip soles to prevent slipping, especially on wet surfaces and in wet areas like the bathroom or kitchen.

Avoid Climbing: Instead of using step stools or ladders to reach high places, use a grabber tool or a duster with an extendable handle.

Keep Paths Clear: Ensure the areas you're cleaning are free of clutter that could cause tripping.

Use Proper Lighting: Adequate lighting will help you see better and avoid potential hazards.

Take Breaks: Overexertion can lead to fatigue, which increases the risk of accidents. Take regular breaks to rest.

Store Heavy Items at Waist Level: Performing this task prevents the need to bend down or reach up, which can affect balance.

Use Safety Equipment: Handrails, shower chairs, and rubber mats can add extra security in areas like the bathroom where falls are common. If you must reach something high up, ask for help or use a reaching tool.

continued on page 40

Stay Hydrated: Dehydration can lead to dizziness and increase the risk of falls while seniors complete even simple cleaning tasks.

Keep Emergency Numbers Handy: In case of an accident, have emergency contact numbers easily accessible for faster response times.

By following these safety tips, seniors can reduce their risk of accidents while cleaning. It's always important to prioritize safety and personal well-being over completing a cleaning task.

4. Always Ask for Help

It's okay to ask for help. Whether it's family, friends, or a cleaning service, getting assistance can make the task much more manageable.

Easy Pumpkin Oatmeal

Prep Time: 3 minutes
Cook Time: 5 minutes

Total Time: 8 minutes
Yield: 1 serving 1x

This banana-sweetened Easy Pumpkin Oatmeal is made in less than 10 minutes with just 5 ingredients! It's the perfect filling, creamy fall breakfast. It's gluten-free, vegan, and spiced with pumpkin pie spice.

Ingredients

For the oatmeal

- 1 ripe banana, mashed
 - 1/4 cup pure pumpkin puree
 - 1/3 cup gluten-free rolled oats
 - 1/2 to 2/3 cup dairy-free milk, I used almond milk
 - 1/2 teaspoon pumpkin pie spice
 - Pinch of salt, optional but recommended
- For the toppings (choose your favorites!)
- Chocolate chips
 - Pumpkin spice granola butter
 - Almond butter or other favorite nut butter
 - Pecans or other favorite nut
 - Sliced bananas

Instructions

In a small saucepan, combine the banana, pumpkin puree, rolled oats, almond milk, pumpkin pie spice, and salt. Simmer until milk has absorbed into the oats, about 5-8 minutes, stirring occasionally.

Place the oatmeal into a bowl and top with your desired toppings, letting melt for a minute if you include chocolate chips. Enjoy immediately!

Notes

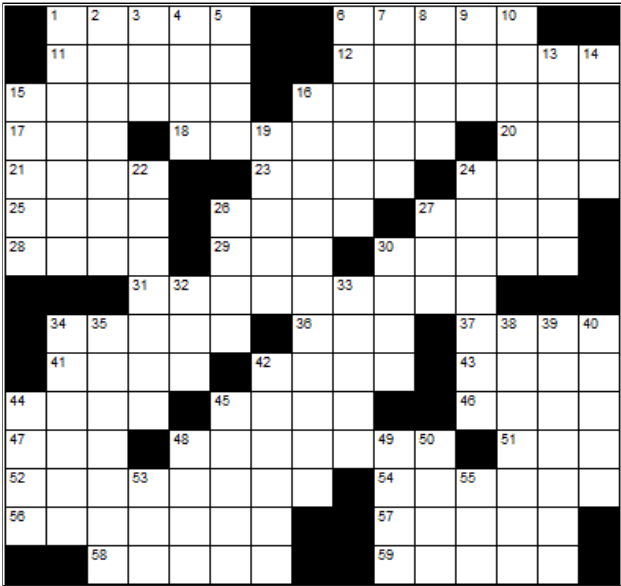

Want this use this recipe to make overnight oats? Simply stir all the ingredients together and place in a jar or other covered container. Place in the refrigerator to absorb for at least four hours, or overnight.

How to make it in the microwave: Combine all of the ingredients in a microwave-safe bowl and microwave for 2 minutes. Stir, and microwave for another 30 seconds. Let cool slightly before serving.
