### Tips for Avoiding Facebook Scams

1. **Secure your Facebook account with a strong password and two-factor authentication**

Avoid including your name, phone number, email address or common words. Don't reuse your Facebook password on other services online, and never share your password with others.

2. **Don't accept friend requests from people you don't know**

Scammers may create fake accounts in an attempt to friend and manipulate people.

3. **Watch out for suspicious links and malicious software**

Be careful not to click on suspicious links, open suspicious files or install malicious apps or browser extensions—even if they appear to come from a friend or a company you know.

## CLUBHOUSE OFFICE

---

Please keep in mind that office hours for Glenwood are **10:00 a.m. to 4 pm**, Monday, Tuesday, Wednesday, and Thursday. The office is **closed** on Friday.

## BOARD OF DIRECTORS THANK YOU

The B.O.D. is overwhelmingly grateful for all the residents who stepped up to volunteer their time and energy to clean up our Park after the Hurricanes. Folks picked up and stacked brush, sawed up limbs, grabbed the fence slats, and saved them for later repairs. Special thanks to Alan and Karen Simms who saved most of the slats. Our Park is one of the best in Pinellas County because of the residents who willingly work together for the good of the neighborhood. Again, thank you!!

## BEAUTIFICATION UPDATE

---

**\*\* Per the Beautification list, *ALL* homes are to have a basket for Glenwood mail. (This is different from the USPS mailbox). The B.O.D. frequently needs to deliver letters and the basket provides a safe place to keep the mail from blowing away.**

**\*\*The Beautification home inspections have been postponed to April because of the damage from Hurricane Milton.**

## COMPLAINTS / RECOMMENDATIONS

---

Glenwood Estates has established a formal process for residents to have their concerns or suggestions addressed in writing. The process is outlined in the Glenwood Estates Rules and Regulations on page 2, under the heading **Complaints / Recommendations**.

**It reads:**

- Clearly identified Complaints / Recommendations shall be signed and submitted to the office.
- Unsigned messages will not be acted upon.

If you want to have your concerns and recommendations heard and addressed by the Board of Directors, please put them on paper, with your Unit number, dated, and signed, and drop it off at the office. The Board will respond back to you within 48 business hours.

## Social Committee Message from the Chair

*Pam Barger*

Hello Glenwood Residents, October has been a month of unexpected events. The two hurricane that came through and changed the landscape of our community. Helene and Milton, two destructive, merciless storms that totally upset our normal life as we know it. Fortunately, the damage was only property and not to persons and for that we are so very thankful.

The Social Committee Board decided to make a change to the Halloween party because we are all so worn out and mentally exhausted. This being one of our larger parties takes a lot of time, effort, planning, cooking, decorating, and shopping. In it's place we chose to do something nice for our community, serving a dinner with a lot less stress for all of us, at no charge because we have all been burdened enough with unexpected expenses.

Coming up soon will be November 9th Veterans Day appreciation at Saturday Coffee. Thanksgiving Dinner, Thursday, November 28. Our Christmas Party is scheduled for Saturday December 7, 2024, and also the Christmas dinner on December 25, 2024. Please mark your calendars and watch for updates and information on the Glenwood Facebook page and on the posters in the clubhouse.

November 7, is the Workshop at 10:30 and the Social Board meeting is on Saturday November 9th. I would love it if you would consider helping us plan and volunteer helping for the end of the yearcelebrations.

Last of all, our positions on the Social Board term will be ending in January so I need to have 3 members of our community volunteer to be on the Nominating Committee. This committee finds interested residents to serve on the upcoming year's Social Board. Positions open for Board consideration are Chair, Vice Chair, Secretary, Treasurer, and Parliamentarian.

My Kindness Quotes for this month: "Kindness is giving hope to those who think they are all alone in this world."

"Kindness is seeing the best in others when they cannot see it in themselves." "Kindness is something anyone can give without losing anything themselves." "Kindness is not what you do, but who you are."

#### Grandparent and Family Scams

**Here's how they work:**  
You get a call: "Grandma, **I need money** for bail." Or maybe an email from someone claiming to be your brother or a friend who says they're in trouble. They need money for a medical bill. Or some other kind of emergency. The caller says it's urgent — and tells you to **keep it a secret**.  
But is the caller who you think it is? Scammers are good at pretending to be someone they're not. They can be convincing: **sometimes using information from social networking sites**, or hacking into your loved one's email account, all to make it seem more real. And they'll pressure you to send money before you have time to think.

**Here's what to do:**

1. **Stop.** Check it out. Look up your family member's phone number yourself and **call another family member** to check out the story.
2. **Pass this information on to a friend.** You may not have gotten one of these calls, but chances are, you know someone who will get one — if they haven't already.

## Manufactured Home Tie Down and Anchoring

**Tie-downs anchor the home to the ground providing stability and protection against severe weather events.**

Lic# IH/1149363

Tie-downs are important for the safety of manufactured homes, also known as mobile homes, because they stabilize the home during high winds. Strong winds can lift them up or cause them to roll over in a tornado or hurricane.

## A new pet

A man wanted to get a pet because he was lonely and was perusing the classified ads in the newspaper when he read this: Purebred Police Dog For Sale: \$50. The man thought this price was a bargain and he figured the dog would be intelligent and good looking since it was a purebred. So he picked up the phone and told the seller he wanted to buy the dog. The seller offered to deliver the man's new pet to his home. The man was delighted.

When the police dog arrived however, the man was taken aback by the way it looked. It was definitely not the good-looking dog he had pictured in his mind. Instead, the dog looked like nothing more than a mangy mongrel.

"How in the world can you get away with calling that dog a purebred police dog?" the man asked.

The seller answered: "Don't let his looks deceive you. He's working undercover." As retold from The Giant Book of Jokes, edited by Dave Phillips

## The first eureka moment

Archimedes, the Greek mathematician (born in Syracuse in 287 B.C.) was a genius in the application of geometry to mechanical devices. Indeed, according to *Thereby Hangs a Tale*, by Charles E. Funk, he was the Thomas Edison of his day.

In fact, Funk says, that more than 2,000 years after his death we are still making great use out of his discoveries and inventions, and have merely been able to improve upon them.

Once, Archimedes had before him the task of determining the amount of silver a dishonest goldsmith had used in the making of a crown, which had been ordered in pure gold, for the king.

Archimedes worried over the problem to no avail until one day when he stepped into his bath. The bath had been filled to the brim and when he stepped into it, it overflowed. Archimedes noticed that the bath was full and that a certain amount of water had overflowed. This gave him his first inkling of the law of hydrostatics, which says that a body surrounded by a fluid is buoyed up by a force equal to the weight of the fluid it displaces.

Now Archimedes knew that by weighing out an equal amount of gold to the weight of the crown, and then by putting them separately into basins of water, that the difference in the amount of overflow would give him the answer to the problem of the crown, because the weight of the overflow would denote the amount of alloy.

Poor Archimedes was so excited by his discovery and the chance to test it that he jumped out of the bath, and without his clothes he ran home, astonishing passersby, while shouting “Eureka, eureka!” which means “I have found it, I have found it!”

## Bar waitress cards patron, is handed own ID

A 22-year-old waitress lost her wallet in an Ohio bar, and weeks later recovered her driver’s license when a woman tried to use it to enter a bar.

Weeks after her wallet had been lost, and when she was working at the Moosehead Saloon in Westlake, Ohio, a patron handed the waitress her own license in an attempt to prove that she was 21 in order to enter the bar. The woman fled when the waitress disappeared and did not return right away, but her companion gave police her name. Maria Bergan, 23, of Lakewood, was charged with identity theft and receiving stolen property, according to an ABCNews story. The waitress’s credit card had also been stolen and used to make \$1,000 in purchases.

## Americans and their snacking habit

According to The Gourmet Retailer Web site, Americans love snacks, and define the ideal snack as “healthy, tastes sinful, and is convenient in all aspects” (The International Dairy, Deli & Bakery Association). Here are some other facts gleaned from the article, “The New Snack is Healthy,” by Michelle Moran.

- An estimated 90 percent of Americans indulge in a snack on any given day.
- 74 percent of Americans snack in the evening.
- 75 percent of Americans eat breakfast.
- 88 percent of Americans eat lunch.
- It is estimated that sales of snack foods will rise from the 2003 \$47.1 billion to \$57.3 billion in 2008.
- 33.5 percent of Americans decreased their snacking in the past two years; 30.8 percent increased their snacking.
- Twenty-five percent of adults prefer foods that are easy to prepare; 10 percent don’t have time to prepare healthy snacks or meals; 5 percent often eat store-made, precooked meals.

## Want to reduce pain - try meditation

In a recent study, 12 healthy, long-term meditators, who had been practicing meditation for 30 years, showed 40 percent to 50 percent lower brain response to pain when compared to 12 healthy adults who did not meditate. The study was published in a recent article in the journal *NeuroReport*. Also of note, the study found that when the 12 controls in the study learned and practiced meditation for five months, their responses to pain also decreased by the same 40 percent to 50 percent.

Researchers believe that meditation can reduce pain by producing a physical state that modifies the pain level. That is why meditation has been found to reduce anxiety, improve reactions to stress and decrease acute pain.

It is estimated that 50 million people in the world suffer from chronic pain, and it appears that meditation can reduce that pain by half in many people.

David Orme-Johnson, lead author of the study, says “Prior research indicates that transcendental meditation creates a more balanced outlook on life and a greater equanimity in reacting to stress. This study suggests that this is not just an attitudinal change, but a fundamental change in how the brain functions.”

### *On thankfulness*

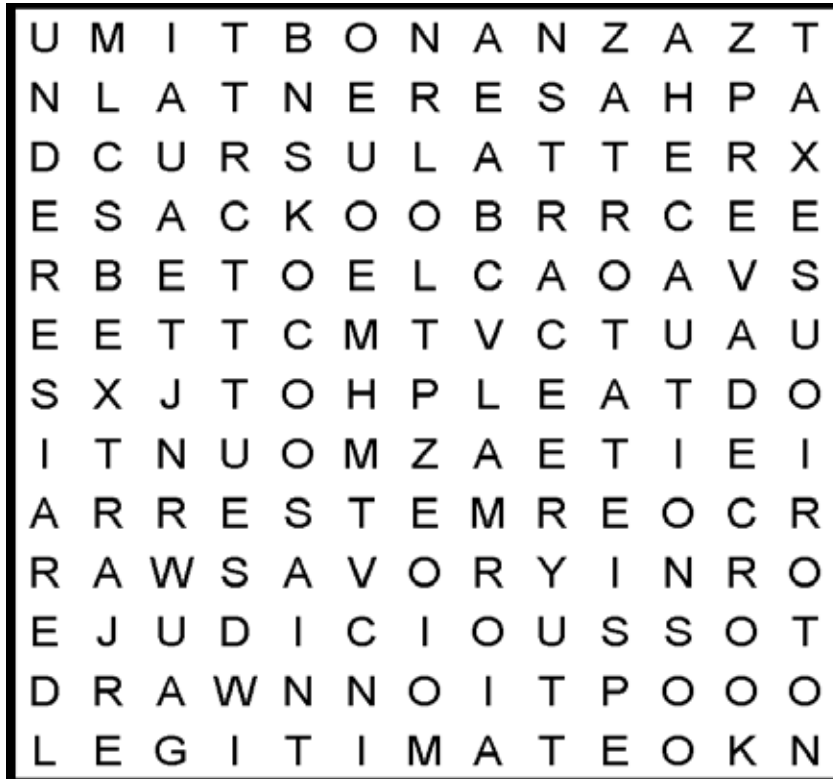

*In everyone’s life, at some time, our inner fire goes out. It is then burst into flame by an encounter with another human being. We should all be thankful for those people who rekindle the inner spirit.*
