RECIPE OF THE MONTH

Kool Aid Pie

Ingredients:

- 1 14-ounce can sweetened condensed milk
- 1 (.13 ounce) package, unsweetened fruit flavored drink mix such as Kool-Aid
- 1 8-ounce container, frozen whipped topping, thawed
- 1 9-inch prepared graham cracker crust

Directions:

- Step 1: Whisk sweetened condensed milk and fruit flavored drink mix together in a bowl until thoroughly combined and thick.
- Step 2: Gently fold in whip topping until light and fluffy.
- Step 3: Pour filling into pie crust and refrigerate at least one hour before serving.

No Bake Cherry Cheese Pie

Ingredients:

- 1 9-inch prepared graham cracker crust
- 1 8-ounce package of cream cheese, softened
- 1/2 cup white sugar
- 2 cups frozen whipped topping, thawed
- 1 21-ounce can cherry pie filling.

Directions:

In a medium mixing bowl, beat together softened cream cheese, and sugar until light and fluffy. Fold in whipped topping and blend until mixture is smooth. Spread into graham cracker crust and spoon pie filling over the top. Cover with plastic wrap and chill for two hours before serving.

LIBRARY

Submitted by Vanessa Nead

“**T**he Clockmaker’s Wife” is written by Daisy Wood and takes place in London, England, during WWII and the London Blitz. But it also starts present day when Ellie discovers a beautiful watch that had once belonged to her grandmother whom she never knew. Ellie sets out on a journey to find out what happened to Nell, her grandmother.

Daisy worked as an editor in children’s publishing before she started writing her own books. This is her first adult novel published. Daisy divides her time between London and Dorset.

The library is located at Lot 231 and is open daily 10:00 a.m.-6:00 p.m. We have WiFi and air. We also have a lot more than books. Check out our DVDs, puzzles and games.

Please remember to shut the door and turn off the lights when you leave.

FROM THE OFFICE

Sorry to disappoint, but we have no words of wisdom from the office this month. Jessie is taking a much-needed, and well-deserved, break. However, Jessie does send her thanks to all those who sent food, flowers, cards, and get well wishes during her recovery.

Submitted by Yvette Novak
For Jessie Buchholtz, Property Manager

RECYCLING BEER, POP, AND SPARKLING WATER CANS

The Shuffle Club collects aluminum cans as part of their fundraising to maintain the courts. We ask all Park residents to help us by recycling beer, pop, and water cans.

You can bring your cans to the Clubhouse Shuffle Courts and deposit them in the marked containers, or, for your convenience, the Club has added **containers** at the 12th street **GARBAGE SITE** to dispose of “**BEER and POP CANS ONLY**”.

Thank you very much for your support.
Submitted by the Embassy Shuffle Club

SIMPLE SUMMER BINGO

Tired of spending long (hot) summer days trapped in your home with nothing to do? Well, not anymore. We're offering a Simple Summer Bingo on the 4th Saturday of each month. This can only work if we have enough players to make prize money worthwhile.

This is not a high-cost event, and ALL money collected on the sale of cards will be awarded as prizes each month. There will be a 50/50 drawing to defray the cost of refreshments (think cookies and lemonade) during intermission.

Flyers are posted with specific details. Better yet, come join us. We'd love to see everyone there.

Submitted by Yvette Novak, President of the Social Club

HURRICANE SEASON

It's here! Hurricane season runs June 1st through November 30th. Weather forecasters are projecting 17 named storms, with nine becoming hurricanes and four building to major hurricane strength this year. Last year, experts predicted an all-time high 11 hurricanes during the 2024 season. They were correct.

Florida's first Disaster Preparedness Tax Holiday is June 1-14, so it's time to make a checklist of items that you are going to need for your hurricane preparedness kit.

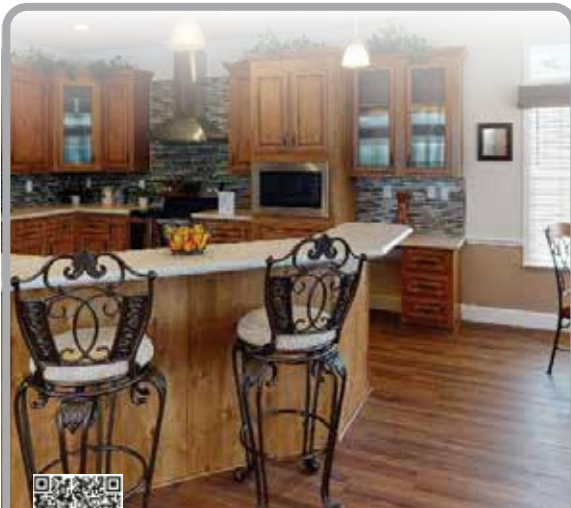

Examples of tax-free items include flashlights and lanterns costing \$40 or less; reusable ice costing \$20 or less; radios costing \$50 or less; tarps and ground anchors or tiedown kits costing \$100 or less; coolers and portable power banks costing \$60 or less; batteries and fuel tanks costing \$50 or less; smoke detectors, fire extinguishers and carbon monoxide detectors costing \$70 or less; and generators costing \$3000 or less. The holiday also includes a number of items related to clean up after a disaster. For example, laundry detergent, toilet paper and paper towels, soap, sunscreen, and household cleaning products with a sales price of \$30 or less.

If you have not already done so, stop by the office and pick up a copy of the Disaster Preparedness Guide. The 2025 issue has not yet come out; however, much of the guidance is the same from year to year. The Disaster Preparedness Guide contains helpful tips and checklists that you can tailor to fit your own family situation. Whether staying put or evacuating to a shelter, I highly recommend that you create your own checklist based on the examples found in the hurricane guide.

Be prepared. Better to be safe than sorry.

SUMMARY OF RENT COMMITTEE MEETING WITH PARK MANAGEMENT APRIL 11, 2025

Committee members are

Joyce Latuga
Paul Latuga
Dave Howard

Bob Steckley
Yvette Novak

BACKGROUND: The committee made themselves available to meet with residents on March 14, at noon, and again on March 18, at 6 p.m. Turnout was disappointing, but some residents did attend to discuss a possible rent increase and its impact on them personally, and the park as a whole. The rent committee then met in separate session on April 4 to consolidate our notes and determine what issues we wish to discuss with management. At the end of our meeting, the rent committee unanimously decided that the residents' interests were best served by meeting with the Park Manager before negotiations start on the upcoming rent increase. NOTE: Florida statute 723 requires the Mr. Larson makes himself available at least once a year to meet with a committee representing the representatives of the park. Past experience tells us that these meetings are largely unfruitful.

The most frequently discussed items/topics that were brought to management's attention are below.

1. The first street entrance. For many, this is the first impression they get of our park. The weeds and bushes next to the fence as you enter the park, and the abandoned parking lot on the other side of the fence, tend to leave a poor impression with newcomers. Is there any way, short of constructing a fence, that we can obscure the view of the abandoned parking lot? Understanding that there is no room to install a privacy fence, is there anything else that can be done.? And, is there a way to ensure the overgrowth along the fence becomes a regular maintenance task?

Management Response: There is no room for us to install our own fence and the existing chain-link fence belongs to a holding company over which we have no control. An effort is made on a regular basis to cut down the scrub pine that sprouts up. Maintenance has also tried applying a variety of weed killers in an effort to hinder growth.

2. Pool deck maintenance. The cleaning lady is responsible for maintaining the shower outside of the pool; can she also be required to hose down the deck twice a week?

Management Response: This should be a user responsibility. Management ensures there

11

is a working hose near the pool and anyone using the pool who feels like the deck is in need of hosing down is free to do just that. Considering the cleaning lady works for less than minimum wage, it is unfair to add to her responsibilities without a corresponding increase in pay; which ain't gonna happen.

3. The area around the maintenance garage and nearby mobile home used for storage by maintenance personnel. This area is visible from the shuffleboard courts adjacent to the clubhouse. Visitors to the shuffle courts see an abandoned manufactured home, overgrown with weeds to the point there is even a small bush growing out of the roof. The carport next to the mobile home and the area around the maintenance garage are cluttered with a disorganized jumble of discarded wood, bricks, etc.

Management Response: While some cleanup has occurred, there simply is not enough manpower to dedicate to a complete overhaul of the area. The maintenance “helpers” work only 15 hours a week. By the time garbage is collected Monday, Wednesday, and Friday, their 3 hours per day is up. Tuesdays and Thursdays are used to tackle the bigger projects/maintenance issues that arise regularly.

4. Roy has mentioned numerous times that he is looking at retirement. Is there a succession plan in place? Hiring a full-time maintenance person to work alongside Roy and learn the ropes now would not only provide an extra body to get the work done but also ensure someone who knows all the maintenance requirements for the park is in place when Roy does retire.

Management Response: Mr. Larson will no way approve this type of overlap. The best we can hope for is that Roy will still be in the park to lend his expertise/historical knowledge to future maintenance personnel when/if that time comes.

5. 12th St. parking lot. Since the committee last met with Mr. Larson, the portion of the parking lot containing serious potholes has been paved over. However, the rest of the parking lot could use some attention, as well. While we understand that cost and availability prevent a major project in this area, is it possible to simply seal the parking lot with a thin, fresh coat of tar or whatever paving material is available?

Management Response: This is simply not going to happen. Mr. Larson has spent as much money as he intends at this time in making patches/repairs to the 12th St. parking lot.

6. General cleaning/cleanliness of public buildings in the park. There appears to be disparity amongst the residents on what items are the responsibility of the cleaning lady and the specific tasks required by the people who use the facilities. Recommend a checklist clearly defining specific tasks to be completed at the end of an event, and that this checklist be distributed to Club presidents at the beginning of the season.

continued on page 26

Management Response: Cleaning lady's duties are assigned by the Park Manager. Cleanliness of the common facilities is the responsibility of the users. (Park rules clearly state users are responsible for ensuring the area is cleaned up at the end of their function.)

7. Another concern that was raised has to do with lawn service. While we know this is an ongoing, moot point, it should still be noted that few people are happy, not only with the poor quality of service, but also the lack of consistency on what date said service is provided. Added to that are concerns about maintenance of the palm trees. Dead hanging palm fronds are not only unsightly, but they are a dangerous liability to the park. Again, there is no consistency to when, or if, palm trees are trimmed. Is there a way to dedicate a specific week twice a year when all trees in the park will be trimmed at the same time therefore, presenting a more tidy look for visitors to our park?

Management Response: This is a moot point. It has been discussed endlessly at monthly Resident Update Meetings and in one-on-one meetings with the Park Manager. Mr. Larson has a preference for our current lawn service contractor. An attempt was made several years ago to find another lawn service that could meet our needs. Anyone who has been here more than a few years knows that that didn't work out. Bottom line is: the prospectus states lawn service will be provided, but sets no standards so we get what we get.

8. Another issue brought to the committee's attention was the water usage/garbage. Water usage and garbage collection, and the corresponding increases in cost to the park, are factors that can be used to raise the rent. One resident who felt it was unfair that her rent should be the same as everyone else's rent when some mobile homes have multiple tenants. The same resident complained about people from outside of the park coming to visit relatives and bringing laundry with them or washing their vehicles in the street. Regarding the garbage issue, the same resident felt it was unfair for cost increases for service to the park to be equally spread amongst all residents when again, some homes have single residents who have one bag of trash per week, while others make daily trips to the dumpsters.

Management Response: Individual meters for water usage have been installed at many parks in the area. Anyone who has ever lived in one of these other parks before moving to Embassy is aware that this is a bad idea. As far as the garbage goes, ample dumpsters are provided for our use. Each of the dumpster area is monitored by camera and when we can identify a non-resident user we address the issue immediately.

WELCOME SUMMER! HOT DOG LUNCH

Your Social Club is always looking for ideas for summer activities. Last year we had an “Indoor Picnic” on July 4th. (Basically it was a weenie roast without firing up the grill.) This year we decided to welcome the official start of summer (June 21st) with a hot dog lunch. Everyone is invited, though we ask that you sign up in advance so we can have enough food prepared. A sign up sheet is posted on the Shuffle Court side of the Clubhouse.

When: Saturday, June 21st

Time: 11:30-1:00

Where: Clubhouse

What we’re offering: Hot dogs, soda, chips, baked beans and a dessert — all for *only* \$3.00.

More important than the food, though, is the opportunity to get to know your neighbors.

Pay at the door on the day of the event. There will also be a 50/50 drawing to help defray expenses.

DID YOU KNOW?

- Indonesia is the world’s leading coconut grower with more than 6 million coconut farms. Coconuts are used for fuel, medicine, building supply, and, of course, drinking the tasty coconut milk.
- Bananas are berries, but strawberries aren’t! Botanically, a berry is a fruit that comes from a single ovary and has multiple seeds. Bananas fit this description, while strawberries do not.
- Citrus fruits were once a status symbol. During the Renaissance, oranges and lemons were rare and expensive; often seen as a sign of wealth and luxury.

H A P P Y
Father's Day

AMAZING FACTS ABOUT OUR BODY

FUN FACT

There are more bacteria in your intestines right now than all the people who have ever lived. Don't worry, most of them are good for you.

A typical square inch of skin sheds around 650,000 particles of dead skin per hour; that debris makes up for 80% of household dust.

The adult human heart beats about 100,000 times every day and about 36 million times a year.

Brown is the most common eye color in the world; more than half of us have brown eyes.

Although the brain is where you feel everything, you would not feel pain if your brain itself was cut and bruised. As is the case with most other internal organs, the brain itself contains no pain sensor.

Tightly packed information: every body cell, too small to see without a microscope, contains about 6 feet of DNA. Stretched out and lined up end to end, all the DNA molecules in a single human adult will stretch from earth to the sun and back nearly 70 times.

REFLECTIONS ON 2024/25 WINTER EVENTS

Did you hear about the amazing crafting that happened? On the second Tuesday of each month there is a crafting class in the Clubhouse. Advance sign-up is required so enough supplies will be on hand, and there is usually a nominal fee for the supplies. Here are pictures from some of those classes. If you're always looking for new ideas in crafting, you should check out some of the crafting classes offered during the upcoming winter season.

As park representative for FMO (Federation of Manufactured Homeowners) of Florida for our park, I would like to share some URGENT information about joining the FMO.

Firstly, thank you to those who have joined or renewed your membership. Membership has greatly reduced in the last couple years and in danger of dissolving. Florida Statute 723 will remain as a Florida law, but no one will be there watching what changes are implemented, most likely not in your favor; for instance, sales tax on your lot rent — which FMO has stopped three times in the last eight years. Without FMO there will be no one to see if this (or another unfavorable provision) gets squeezed into a piece of legislation. Here are some of the benefits to joining FMO:

- Full Service Website
- Bi-Monthly Magazine
- Monthly e-Mail Newsletter
- Facebook Page
- Dedicated lobbyist in Tallahassee
- “Legal Ease”, advice for residents and HOAs from FMO’s Legal Counsel
- The association of owners who are willing to come together to fight for your rights.

The cost for an annual membership is only \$30, or \$75 for a three-year membership, which is a fraction of what its worth. Please join the fight to protect our rights as a mobile home owner. Go to <http://www.fmo.org> to learn more and complete application. Thanks.

Precision Vapor Barriers

**Have You Looked UNDER
Your Home Lately? PROTECT
YOUR HOME**

**Fix Small Problems Today
Before They Cause Serious Damage!**

We will inspect and photograph any issues, showing you pictures of the underside of your home. Damaged & worn vapor barriers can create high energy costs and allow mold & mildew to grow and weaken your sub floor creating "Soft Spots". Keep Mold, Moisture & Animals out of your Home.
