HOA

The HOA Board would like to thank LeeAnne McHugh for her service to the board. She has officially resigned due to health concerns and we will miss her input and assistance. She did most of our printing which saved us tons of money, sorted and handed out Media Guides every month, Coordinated block captains, helped decorate and prepare for any and all events, updated the message board, donated food for Thanksgiving dinner and on and on and on. She never refused anything asked of her and we will be hard pressed to replace her.

Dues for the HOA are only \$15/year. Please make a check payable to Amber Glades HOA if you want or cash can be used to pay. The dues can either be given to Pat Peterman, Treasurer, or put in the dues box in the clubhouse by the sliding doors. It is only with your membership that we can afford to have activities and do our best to represent the residents with management. The next HOA meeting will be held on the first Tuesday in November at 6:00 pm. You must be an HOA member to attend.

WHAT DOES OUR HOA DO AND WHERE DOES THE \$15/YEAR GO??

The type of HOA we have basically is the liaison between Management and the Residents of our community. We do not have any power over the residents and enforcement of rules and regulations. If a resident has a problem of any kind, they are first obligated to bring the issue to the office for resolution. Then if you can't get results, the Board needs to know so we can intervene on your behalf. We do sometimes notify the office of issues effecting us personally or anything that is a health and safety concern, but outside of that our role is to discuss issues that have been brought to us by residents. If you get a violation letter from the office, we don't have anything to do with that – in fact, we seldom know anything about it unless it is to us personally for our own perceived violation of the rules and regulations. We request improvements for our community based on requests from residents we receive and bring items that are not operational to the attention of the office. We sit down with corporation management once every three years to discuss rate increases and try and mitigate the amount. It is important to understand that by law these are not negotiations, just discussions. The only reason we can challenge the increase in court is if we can prove that it is not market comparable. Our income of \$15/year from members pays for liability insurance, corporation registration with the State of Florida, Payment to an accountant to file our federal tax forms, Surety Bond and any misc. office supplies. Most HOA Board members don't even ask for reimbursement of supplies and food we buy for events such as turkeys for Thanksgiving. The HOA appoints a Social Committee Chair and supports that committee in events. In the absence of a Social Committee Chair, the HOA Board has stepped up to make sure that residents have events such as July 4 Cookout and Potlucks, etc. The goal of the HOA Board is to help make Amber Glades a better place to live in our senior years. Please join us in our endeavors by joining the HOA for \$15 a year.

SOCIAL COMMITTEE:

Terri Moore	Chairperson	Lot 33	240-552-4123
Bev Chism.....	Vice-Chairperson.....	Lot 231	513-379-5930
Tom Flood.....	Treasurer.....	Lot 33	773- 882-3423
Jodi Godsell	Publicity Officer & Kitchen Manager	Lot 75	930-265-5343

Secretary position is vacant, looking for one!!

The Amber Glades Social Committee is hosting a variety of events in November including a Halloween Parade & Party Nov. 1, a Veterans Day Service Nov 11, a Carport Sale November 15 a Thanksgiving Luncheon November 27 and the Annual Ohio State/ Michigan Football game with a Chili Cook-off on November 29th.

Note

- Review other events and volunteer
- Attend the Halloween Parade & Party with a DJ.
- Attend the Veterans Day Service
- Participate in the Free Food Giveaway.

MEETING WITH MANAGEMENT

HOA Board met with management on Thursday, October 10, 2025. Inquired why gates are left open the entire day of yard work day since others that don't belong here are entering. Karen stated that the gates are left open so the sweepers can go in and out. Raised issue of pot holes. Plans are already underway to repair them. Discussed possibility of putting stop sign at Crystal and Diamond so there wouldn't be such a long street with no slow downs. Karen said rat bait stations are being moved which interferes with normal pathways of rats. Karen reported that yard sale banner is being updated for upcoming sale. Craig asked for new light bulb in shed. Karen reiterated that speeding cars should be reported to office so they can try and contact them.

REMINDER: Garbage cans should not be put out until 7 pm the night before pickup. After pickup, they should be removed promptly.

Calls from the front gate from unknown visitors should not be honored. Only residents expecting visitors they know should open the gate. Any suspicious activity should be reported to office immediately.

New Residents: None for month

MONTHLY FOOD GIVE-AWAY

We are so lucky to have Good Neighbors bring in food to be given away on the First Thursday of each month. This event was started by the Social Committee and has been continued despite the Social Committee disbanding during the summer months. Distribution begins at noon and is open to all residents. We are also lucky to have volunteer residents to help with the event. If you would like a bag of food and cannot get up to the clubhouse or know a neighbor or friend that could use some free food, contact a board member so we can pass that information on to the volunteers. It is amazing how much food is brought in – everything from eggs to meat packages to fresh vegetables and fruit to bread and sweet treats. Even some flowers are given out. Any food left over after the distribution is given to a local homeless shelter or animal sanctuary. It is hoped that there can be a Charity Event after the first of the year to contribute back to this wonderful charity.

FOOD PICKUP

Jackie LaFountain will pick up items for the food bank at noon each Saturday. Just leave it at the end of your driveway. You can also deliver it to Lot 44.

AND NOW A LITTLE HUMOR –

Only in America... do drugstores make the sick walk all the way to the back of the store to get their prescriptions while healthy people can buy cigarettes at the front.
Only in America ... do people order double cheeseburgers, large fries, and a diet coke.
Only in America ... do banks leave vault doors open then chain the pens to the counters.
Only in America ... do we leave cars worth thousands of dollars in the driveway and put useless junk in the garage.
Only in America ... do we buy hot dogs in packages of ten and buns in packages of eight.
Only in America ... do they have drive-up ATM machines with Braille lettering.

EVER WONDER...

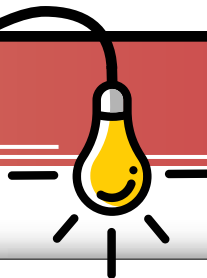

Why the sun lightens our hair, but darkens our skin?
Why can't women put on mascara with their mouth closed?
Why don't you ever see headline, "Psychic Wins Lottery"?
Why is 'abbreviated' such a long word?
Why is it that doctors call why they do 'practice'?
Why is lemon juice made with artificial flavor, and dishwashing liquid made with real lemons?
Why is the man who invests all your money called a broker?
Why is the time of day with the slowest traffic called rush hour?
Why isn't there mouse-flavored cat food?
Why didn't Noah swat those two mosquitoes?
Why do they sterilize the needle for lethal injections?
You know that indestructible black box that is used on airplanes? Why don't they make the whole plane out of that stuff?
Why don't sheep shrink when it rains?
Why are they called apartments when they are all struck together?
If con is the opposite of pro, is Congress the opposite of progress?
If flying is so safe, why do they call the airport, the terminal?

Hope this makes you smile a little bit.

Do you belong to ‘Team Coyote’?

In their book, *Beep! Beep! Competing in the Age of the Road Runner*, Chip R. Bell and Oren Harari discuss the messages we can learn from one of the most recognizable pair of antagonists around: Wile E. Coyote and the Road Runner. The authors describe two different cartoons:

In one, the coyote holds a medicine bottle labeled “Acme Hi-Speed Tonic—Contains vitamins R+P+M.” When he gives a spoonful to a small mouse, the rodent zooms around at jet speed. The coyote drinks the whole bottle and zips off after the Road Runner. But the Road Runner stops suddenly, sticks out his foot, and trips Mr. Coyote.

The second cartoon begins with a close shot on a box labeled: “One Acme Jet-Propelled Pogo Stick.” Wile E. removes the pogo stick from the box, switches it on, mounts it, and waits for the Road Runner. As the Road Runner races by, Wile E. begins bouncing up and down after him. But soon the coyote loses control of the stick and falls backward over a cliff.

“What these scenes show is that you cannot remain a coyote and expect to compete against road runners by simply copying their movements,” write the authors. “Sure, the coyote can buy high-speed tonic or jet-propelled pogo sticks, but his body and soul are still coyote. If you are a coyote team or organization, no matter what fads or quick fixes you jump into, you are just imitating a road runner—and the real thing will beat you every time.”

What is a moment really worth?

On the bulletin board of a California company, someone once posted this sign to remind everyone of how time is relative—but the value of time is priceless:

- To realize the value of **one year**: Ask the student who has failed his final exam.
- To realize the value of **one month**: Ask the mother who has given birth to a premature baby.
- To realize the value of **one week**: Ask the editor of a weekly newspaper.
- To realize the value of **one day**: Ask the daily wage laborer who has 10 kids to feed.
- To realize the value of **an hour**: Ask the lovers who are waiting to meet.
- To realize the value of **a minute**: Ask the person who has missed the train, the bus, or the plane.
- To realize the value of **a second**: Ask the person who has survived an accident.
- To realize the value of **a millisecond**: Ask the person who has won a silver medal in the Olympics.

AMBER GLADES ADVOCATE NOVEMBER, 2025 N

In dreams, you can control your reality

The movie *Inception* explored the idea of controlling one's dreams. Although that featured collapsing cities and struggles in zero gravity, the concept of guiding your own dreams isn't so outlandish. "Lucid dreaming" can allow you to fly, conquer nightmares, and solve real-life problems.

Here's how to take control of your nighttime visions:

- **Keep a dream journal.** The first step to controlling dreams is remembering them. Keep a journal close to your bed, and write down any dream you have as soon as you wake up (or keep a digital voice recorder handy). Look for recurring themes—people, situations, etc. This trains your brain to become more aware of dream activity.
- **Do a "dream check."** Throughout the day, pause and ask yourself, "Am I dreaming?" This trains your mind to start asking the same question while you're asleep.
- **Nap.** Some studies suggest the best time to attempt a lucid dream is during a nap taken a few hours after getting up in the morning. If you wake up during a dream, stay quiet and try to return to the dream as you drift off again.
- **Perform a reality check.** After some practice, you'll start being aware of the fact that you're in a dream. To confirm this, try some experiments: Look at a clock, turn away, then look again. In dreams, the time will change. Or look at yourself in a mirror; in a dream, the image you see will be distorted or blurry.
- **Take off!** Once you're aware that you're dreaming, try taking charge of the environment. Jump up and down to see if you can fly, for example. If you're having a nightmare, confront the danger instead of running away; this can reduce the fear you feel when you

'Double' your brain power with this exercise

Here's a simple exercise for your brain: Pick a small number and then double it in your mind—no paper, no calculator. How far can you get?

Take the number 7, for example:

7, 14, 28, 56, 112, 224, 448, 896 . . .

Most people can get close to 10 doublings. Try reaching 20 to really test your concentration. By the way, 7 doubled 20 times is 3,670,016 (but we cheated and used a calculator).

Quotes:

I've met a few people in my time who were enthusiastic about hard work. And it was just my luck that all of them happened to be men I was working for at the time.
—Bill Gold

Don't waste time learning the "tricks of the trade." Instead, learn the trade.

Heart attacks waiting to happen: Don't ignore risk factors

Are you a few years away from a heart attack? Or maybe just a few minutes? No one can tell you for sure, but you can evaluate your risk for suffering a coronary. Just be on the lookout for these health and lifestyle factors that can indicate the likelihood of having a heart attack at some point in your life:

- **Age.** The older you are, unfortunately, the higher your risk. Men who are 45 or older and women 55 or older are more likely to suffer heart attacks than younger people.
- **Gender.** Men are more at risk than women, although at older ages women are more likely to die within a few weeks of a heart attack than men are.
- **Family history.** Heart disease can have a genetic component. If your parents, grandparents, or siblings have suffered heart attacks, your own risk rises. Race may also play a role: Heart disease seems to be more common among African-Americans, Mexican-Americans, Native Americans, and some other ethnic groups.
- **Smoking.** Cigarettes, cigars, and second-hand smoke can increase your risk of heart attack. Cigarette smoking doubles the threat.
- **Cholesterol.** High levels of low-density lipoprotein (LDL) raise your risk, as does an excess amount of triglycerides.
- **High blood pressure.** The harder your heart has to work, the greater your chances of suffering a heart attack, as well as stroke and kidney failure.
- **Diabetes.** Your body's inability to produce enough insulin to process glucose in your blood can contribute to heart disease.
- **Weight issues.** Obesity, which is often linked to the three factors listed above, places stress on your heart.
- **Lack of physical activity.** Regular exercise can alleviate many of the risk factors associated with heart attack, controlling weight, blood pressure, and cholesterol.
- **Alcohol and drug use.** Yes, a moderate amount of alcohol can limit your risk, but the key word is "moderate." And drugs like cocaine and amphetamines can trigger muscle spasms in your heart that could cause an attack.
- **Stress.** Stress and anger can elevate your blood pressure and tempt you toward overeating and drinking too much.

Surprising sources of pain

It's an old joke: "Doctor, it hurts when I lift my left arm over my head!"

"Well then, don't do that!"

The causes of pain aren't always obvious. Consider these unexpected sources:

- **Back pain.** Taking your vitamins? Chronic back pain can be caused by low levels of vitamin D. Another possibility: constipation caused by block-age in the colon. Eat more fruits, vegetables, and fiber for better digestion. (Source: Prevention magazine)
- **Achy feet.** Wearing sandals or flip-flops can cause pain in your feet, ankles and knees due to poor arch support. (Source: the Web MD website)
- **Headache.** Cheese may be the culprit. A substance called tyramine in cheese can trigger headaches. Also, low blood sugar can create a headache even before you realize you're hungry. A snack like whole-grain crackers with peanut butter can bring quick relief. (Source: the Web MD website)
